The MAE in Interdisciplinary Early Childhood Education provides a choice of two concentrations which are dependent upon an applicant's current certification and their desired additional certificate sought. Candidates choose one of the following concentrations: Advanced Behavior Management or Teaching English to Speakers of other Languages (TESOL).

Students are expected to become competent in theory, research, and application of best teaching practices related to young children both with and without disabilities from birth through 5 years of age and their families. Students exhibit appropriate teacher disposition behaviors as indicated by the College of Education and Behavioral Sciences Teacher Disposition Rating Form.

Candidates in the Advanced Behavior Management or TESOL concentrations will complete capstone experiences within their respective area.

Concentrations

- Advanced Behavior Management (ABM)
- Teaching English to Speakers of Other Languages (TESOL) (KE36)

Program Admission

The MAE in Interdisciplinary Early Childhood Education (IECE) offers courses and experiences for the advanced preparation of individuals holding certification.

- Applicants who are currently certified or hold a statement of eligibility must submit a copy of the teaching certificate or Statement of Eligibility with the application.

Kentucky applicants whose certificates have expired may be admitted, but they may enroll for only six hours before they must apply to the EPSB for reissued certificates. After completion of six hours, a student admitted with an expired certificate must submit a copy of the re-issued certificate before being allowed to register for any additional courses. Applicants from out-of-state with expired certificates must complete the requirements for their respective states to renew their certificates and submit a copy of the reissued certificate.
