The Graduate School at WKU provides advanced students the opportunity to study, conduct research, and contribute to their academic field.

The Graduate Catalog in its entirety represents University Policy (Policy 1.0004 (<http://www.wku.edu/policies/docs/?policy=385>)) which must be followed and met before a credential is awarded. The Associate Provost for Research and Graduate Education is charged with the administration of Graduate School policies and certifies that candidates have fulfilled their requirements for advanced degrees and certificates. The Associate Provost for Research and Graduate Education is advised by the Graduate Council (<http://www.wku.edu/graduatecouncil/>), a standing committee of the Faculty Senate (<http://www.wku.edu/senate/>). The University reserves the right to make changes as necessary in course offerings, curricula, academic policies, rules and regulations. The student is responsible for knowing and fulfilling all degree and certificate related requirements. Appeals of Graduate Policies are considered by the Associate Provost for Research and Graduate Education.

WKU is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC).

This catalog was prepared in the Graduate School at Western Kentucky University and paid for from state funds (KRS 57.375). All statements in this publication are announcements of present policy only and are subject to change at any time without prior notice. They are not to be regarded as offers to contract.

Upon request, this publication is available in alternate format for persons with disabilities. Western Kentucky University is an equal opportunity institution of higher education and upon request provides reasonable accommodation to individuals with disabilities. www.wku.edu/eoo (<http://www.wku.edu/eoo/>).

The University

Welcome to Western Kentucky University (<http://www.wku.edu/>) (WKU), home of the Hilltoppers! Our hilltop campus is located in Bowling Green, Kentucky, a city with a population of more than 70,000 approximately 110 miles south of Louisville and 65 miles north of Nashville, and is acclaimed as one of the most beautiful campuses in the nation. Schedule a campus tour at www.wku.edu/admissions/tours.php (<https://www.wku.edu/admissions/tours.php>) or take a virtual tour at www.wku.edu/tour (<http://www.wku.edu/tour/>). In addition to the main campus, WKU has locations at South Campus, the WKU Innovation Campus and the WKU Agriculture and Research Education Center. WKU has regional locations in Elizabethtown/Ft. Knox, Glasgow, Owensboro, and Somerset, which extend our academic programs, continuing education and professional development programs into the communities we serve.

The Graduate School (<http://www.wku.edu/graduate/>) at WKU offers graduate education in eighty-eight (88) degree and certificate programs. The University confers the Master of Accountancy, Master of Arts, Master of Arts in Education, Master of Arts in Teaching, Master of Business Administration, Master of Fine Arts, Master of Health Administration, Master of Music, Master of Public Administration, Master of Public Health, Master of Science, Master of Science in Nursing, Master of Social Work, Specialist in Education, Doctor of Education, Doctor of Nursing Practice, Doctor of Physical Therapy, and Doctor of Psychology. WKU also offers non-degree Rank I and II and certification-only teacher education programs. The Undergraduate Catalog (<https://catalog.wku.edu/undergraduate/>) provides information regarding baccalaureate degrees, associate degrees, and undergraduate certificates, as well as undergraduate policies, procedures, and student services.

History of WKU

On March 21, 1906, the Kentucky General Assembly approved legislation to establish two teacher training institutions, or "normal schools," in the state. A locating commission chose Bowling Green as the site of one, and the Western Kentucky State Normal School was established. The new state-supported school took over the building and student body of the privately owned Southern Normal School. The owner of the Southern Normal School, Henry Hardin Cherry, had been actively involved in the campaign to establish teacher training schools and became the institution's first president. Classes began on January 22, 1907.

On February 4, 1911, the school moved to its present site on "The Hill," approximately 125 feet above downtown Bowling Green and formerly the site of the Pleasant J. Potter College. Over the next decade, the curriculum focused on teacher training and certification. In 1922, the state renamed the institution Western Kentucky State Normal School and Teachers College and authorized it to grant four-year degrees. The first such degrees were awarded in 1924. The campus expanded in 1927, when it merged with Ogden College, a private young men's school located on the east side of The Hill. The name was shortened to Western Kentucky State Teachers College in 1930, and the following year the first graduate degree was offered.

In the 1950s and 1960s, both the curriculum and campus underwent major reorganization and expansion. In 1963 the institution merged with the Bowling Green College of Commerce. Along with the Graduate School, the Bowling Green College of Commerce became a separate college within the academic structure. In 1965, the Board of Regents approved the formation of three more colleges: the Potter College of Liberal Arts, the College of Education, and the Ogden College of Science

and Technology. On June 16, 1966, Western Kentucky State College became Western Kentucky University.

More colleges and reorganization followed throughout the years as WKU continued to grow. The College of Health and Human Services was established in 2002. In 2011, the university's first doctoral degrees, the Doctor of Education in Educational Leadership, were awarded through the College of Education and Behavioral Sciences. In 2011 and 2013 two new professional practice doctoral degrees, the Doctor of Nursing Practice and the Doctor of Physical Therapy, were established, and in 2015 the Doctor of Psychology was added.

WKU's academic colleges are:

- College of Education and Behavioral Sciences
- College of Health and Human Services
- Gordon Ford College of Business
- Ogden College of Science & Engineering
- Potter College of Arts and Letters

In addition, The Dixie and Peter Mahurin Honors College offers high-achieving undergraduate students the environment of a small, highly selective college within the framework of the larger university.

Mission

Western Kentucky University (WKU) prepares students of all backgrounds to be productive, engaged, and socially responsible citizen-leaders of a global society. The University provides research, service, and lifelong learning opportunities for its students, faculty, and other constituents. WKU enriches the quality of life for those within its reach.

Statement of Purpose

WKU is engaged in internationally acclaimed, student-and-learning-centered academic programs. The WKU experience occurs on several unique campus environments and through an overarching spirit which attracts an intellectually exciting and diverse family of the nation's best students. WKU provides students of all backgrounds with rigorous academic programs in education, the liberal arts and sciences, the health sciences, and business, with emphasis at the baccalaureate and master's levels, complemented by relevant associate and doctoral level programs. The University places a premium on student learning; WKU is committed to ensuring value in a holistic learning experience through high standards for student achievement and conduct, a strong faculty, technological innovation, personalized attention, broad access, and public accountability for actions and outcomes. Out-of-the-classroom and study abroad experiences enhance learning, promote diversity, and contribute to the success of students.

The University encourages engaged research and public service in support of economic development, quality of life, and improvement of education at all levels. WKU faculty contribute to the identification and solution of key social, economic, scientific, health, and environmental problems. An inspiring and talented faculty promotes a high level of creative activity and diverse scholarship and an entrepreneurial attitude designed to expand knowledge, improve instruction, increase learning, and provide applied solutions toward high-quality service to the state and nation. The University directly supports its constituents in its designated service areas of Kentucky with professional and technical expertise, cultural enrichment, and educational assistance.

Maintaining a campus of distinctive history and character, WKU sustains a student population of increasing quality. WKU fulfills its responsibility

for access through its main and regional campuses, and through extensive distance learning opportunities. WKU recognizes that its mission continues to evolve in response to regional, national, and global changes, and the need for lifelong learning.

Core Values

Shared purposes and beliefs drive the decisions and actions of any organization or institution. The core values that undergird the foundations of WKU are reflected in the University's vision, mission, and purpose statements, and in the goals of the strategic plan. (<https://www.wku.edu/strategicplan/>)

WKU's rich heritage has been built upon a foundation of shared values that have withstood the test of time and the challenges of many changes. These values are deeply embedded in the words of WKU's first President, Dr. Henry Hardin Cherry, as he set forth a vision for this University:

- to be a live school and to impart to its students a burning zeal to do and be something;
- to be progressive, to use modern methods and equipment, but reject all worthless educational fads;
- to let the reputation of the school be sustained by real merit;
- to "ring the rising bell in the human soul" by inspiring all students who come in touch with the work of the institution.

This vision is further reflected in Dr. Cherry's often-quoted reminder that "It's what's above the rim that counts" and in the two University ideals expressed in the University seal: "Life More Life" and the University motto: "The Spirit Makes the Master."

Building upon these long lasting values, the following core tenets represent a reaffirmation of the shared purposes and beliefs upon which this strategic plan is built:

- Emphasis on cooperation, teamwork, and mutual respect for individual differences in scholarship, diversity, and culture.
- Expectation for all conduct to be characterized by integrity, honesty, and commitment to high moral and ethical values and principles.
- Commitment to assuring quality of programs, competence of graduates, and opportunities for lifelong learning.
- A view of scholarly endeavors that includes teaching, research, and creative activities as mutually supportive.
- Encouragement of meaningful and active partnerships among students, faculty, staff, and constituents to strengthen the learning environment.
- Nurturing of innovative and creative activities of faculty, staff, and students that advance University mission and goals.
- Dedication to the importance of achieving excellence in all programs and for adding value to the degrees and credentials of our students.
- Commitment to providing a collegiate experience that prepares students to be informed, engaged, and dedicated citizens.
- Commitment to contributing to improved quality of life and economic well-being of Kentuckians, especially those in our primary service area, as well as other constituents and stakeholders.
- Commitment to developing empowered, informed, and responsible learners who recognize both the personal and shared responsibility to actively participate in university life by upholding the principles of the University Creed.

WKU 2018-2028 Strategic Plan: Climbing to Greater Heights

Climbing to Greater Heights: The 2018-2028 Strategic Plan (<https://www.wku.edu/strategicplan/>) for Western Kentucky University is a carefully defined roadmap that will guide the University through 2028. It focuses on student success and ensuring that our campus environment attracts the highest quality faculty and staff, and it renews our commitment to being fully engaged in our region and the commonwealth while providing a global context to the WKU Experience.

The landscape for public higher education is ever changing and may at times feel like an uphill climb. We will prepare ourselves to meet the challenges that lie ahead by pursuing innovation in teaching and delivery, connecting what we do to the region and the commonwealth, and ensuring that the WKU Experience transforms the lives of our students, employees, alumni, and friends and elevates the communities we serve - both in our region and beyond. These are the principles that will guide us in our climb to greater heights.

Graduate Faculty

WKU Graduate Faculty (p. 269) engage in creative activity and diverse scholarship including basic and applied research that expands knowledge, improves instruction, increases learning, and provides service to the state and the nation. Academic Affairs (<http://www.wku.edu/faculty/>) maintains a comprehensive list of WKU faculty, including distinguished professors.

All courses offered for graduate credit at WKU must be taught by graduate faculty. Membership in the graduate faculty may be acquired through two methods. First, membership may be granted through the hiring process. The department chair or program director/ coordinator should recommend graduate faculty status at the time of hire. The College Dean will review the recommendation, approve, and forward the recommendation to the Associate Provost for Research and Graduate Education for approval. Second, membership may be granted to current faculty members via a recommendation by the faculty member's department chair or program director/coordinator. The College Dean must review the recommendation, (dis)approve, and forward to the Associate Provost for Research and Graduate Education for approval.

Nominations and recommendations are based upon the general criteria of evidence of scholarly attainment, active participation in research, scholarly activities and/or professional accomplishments which are recognized or commended by professional organizations in the candidate's field and professional standing. Graduate faculty should also express a willingness to direct the study of graduate students. College deans, department chairs, or program director/coordinator should evaluate faculty for graduate faculty status as part of the annual review procedure in accordance with the general criteria listed above.

University Notices

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records, including:

- a. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
- b. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for an amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- c. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent, including disclosure without the student's consent is permissible to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Regents; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
- d. The right to file a complaint with the U. S. Department of Education concerning alleged failures by Western Kentucky University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:
Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, DC 20202-4605

Release of student record information is generally not done at WKU without the expressed, written consent of the student; however, FERPA allows several exceptions described below:

- a. FERPA allows the institution to routinely release information defined as "directory information." The following student information is included in the definition: the student's name, address, e-mail address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, enrollment status (including full-time, part-time, not enrolled, withdrawn and date of withdrawal), degree and awards received and the most recent previous education agency or institution attended by the student. When a student wants any part of the directory information to remain confidential, an official request form must be completed in the Office of the Registrar within the first five days of class of each school term.
- b. Upon request, WKU may disclose education records without the student's consent to officials of another school in which a student seeks to enroll, or where the student is already enrolled as long as the disclosure is for purposes related to the student's enrollment or transfer.
- c. Effective January 3, 2012, the U.S. Department of Education's FERPA regulations expanded the circumstances under which the student's education records and personally identifiable information (PII) contained in such records (including Social Security Number, grades, or other private information) may be accessed without the student's consent.
 - i. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities ("Federal and State Authorities") may allow access to the student's records and PII without the student's consent to any third party designated by a Federal or State Authority to evaluate a federal- or state-supported education program. The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as well as any program that is administered by an education agency or institution.
 - ii. Second, Federal and State Authorities may allow access to the student's education records and PII without the student's consent to researchers performing certain types of studies, in certain cases even when the university objects to or does not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive the student's PII, but the Authorities need not maintain direct control over such entities.
 - iii. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without the student's consent PII from the student's education records, and they may track the student's participation in education and other programs by linking such PII to other personal information about the student that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

Student Academic and Grade Change Procedure

The student complaint procedure for resolving an academic or grade complaint:

Step 1 (Faculty Member)

- The student must attempt to discuss the academic issue with the faculty member involved within 15 workdays after the issue has occurred or the grade within the first 15 workdays of the first regular semester (fall; spring) following the assignment of the grade.
- If the faculty member is no longer employed by the university, the student should go directly to that faculty member's department head, who will attempt to contact the former faculty member concerning the academic issue or grade assigned. If the department head is unable to facilitate communication between the former faculty member and the student, the student may proceed to step 2.
- If the faculty is employed by the university and declines to discuss the academic issue or grade with the student, the student may proceed to step 2.

Step 2 (Department Level)

- If the student and the faculty member are unable to resolve the complaint, the student may take the complaint to the faculty member's department head. Written notification of the complaint must be given to the department head within two weeks after the meeting with the faculty member. If the faculty member is also the department head, proceed to Step 3.
- The written notification to the department head should clearly state what the student believes are the faculty member's unreasonable and/or unfair practices or procedures, and include any available documentation.
- The department head may attempt to resolve the complaint by meeting with the student and faculty member separately to mediate the issue.

- If the department head is unable to resolve the complaint in this way, a meeting will be arranged where the student, faculty member, and the department head will be present for discussion.
 - Neither the faculty member nor the student will be allowed representation at the meeting.
 - The department head shall hear both sides of the complaint and attempt to resolve the matter.
 - If the department head is unable to bring about an agreed upon resolution between the student and the faculty member, the department head will issue a recommendation.
 - The department head shall create a written record of the meeting, including his/her recommendation. A copy of this record shall be provided to the student and the faculty member at the time the department head's recommendation is issued to them.
 - If the faculty member is no longer with WKU or refuses to participate, the decision of the department head shall be followed.

Step 3 (College Level)

- Should the student remain dissatisfied with the outcome of the academic issue or grade complaint at the departmental level, the student may continue the complaint to the college level.
- The student should notify the Dean of the College, or the Dean's designee, in writing, within two weeks following issuance of the department head's recommendation, that the complaint remains unresolved.
- The written notification to the Dean of the College should include a copy of the department head's record and recommendation, and clearly state what the student believes are the faculty member's unreasonable and/or unfair practices or procedures, and include any available documentation.
- The dean or dean's designee may attempt to resolve the complaint by meeting with the student, faculty member, and department head.
- If those meetings do not resolve the student's concern(s), the Dean or Designee shall notify the College Complaint Committee:
 - It is expected that a meeting will be scheduled to take place within two weeks after the submission of a written notification to the Dean of the College.
 - The committee shall be composed of at least three faculty members and two student representatives and shall not include representation from the department of the faculty member mentioned in the complaint.
 - If the notification is submitted at the end of a semester and convening the committee is not feasible within the stipulated two weeks period, the committee must be convened within the first two weeks of the first regular semester (fall; spring) following the Dean's receipt of the written complaint.
 - Neither the faculty member nor the student will be allowed representation at the conference.
 - All material presented at the meeting is considered subject to FERPA and confidential.
 - The College Complaint Committee shall hear both sides of the complaint and shall create a written record of the meeting. The student and faculty member may elect to remain in the meeting while the other presents his or her side of the complaint. The decision and its rationale shall be reduced to writing, with copies sent to the Dean of the College, the student, faculty member, and the faculty member's department head.

If neither party has appealed the Committee's decision after two weeks, the decision will be final. The Dean's office will be responsible for taking action required by the decision, if any.

Step 4 (University Level)

- Should the student or the faculty member be dissatisfied with the decision of the College Complaint Committee, either may appeal the decision to the University level.
- The appealing party should deliver a written appeal to the Office of the Provost within two weeks following issuance of the College Committee's decision.
- The written appeal should include a copy of the College Committee's decision, and clearly state the basis for the appeal, including but not limited to, any unreasonable and/or unfair practices or procedures, and include any available documentation. Copies of the appeal should be delivered by the appellant to the party not appealing the College Committee decision.
- The Office of the Provost will coordinate and convene the University Complaint Committee.
 - The student and faculty member will be provided with a copy of the University Complaint Committee's procedural guidelines.
 - The University Complaint Committee will secure copies of the recommendations rendered by the department head and the College Complaint Committee.
 - The University Complaint Committee will schedule a conference where the faculty member and the student are present and will discuss the issue.
 - Neither the faculty member nor the student will be allowed representation at the conference.
 - All material presented at the meeting is considered subject to FERPA and confidential, and no new materials may be presented at this meeting. If new material is presented, the appeal will be referred back to the College Complaint Committee.
 - The University Complaint Committee shall hear both sides of the complaint, and shall create a written record of the meeting. The decision and its rationale shall be reduced to writing, with copies sent to the Provost, the Dean of the College, the student, faculty member, and the faculty member's department head.

The Office of the Provost will see that decisions of the University Complaint Committee are carried out. **The University Complaint Committee's decision is final.**

Out of State Distance Learners

Students enrolled in distance learning courses at WKU will follow the university complaints procedure outlined in this policy and may access additional resources through WKU Online. (<https://www.wku.edu/online/srp/studentcomplaint.php>) Students may also review information in the WKU Student Handbook. If the issue is not resolved at the institution level, distance students may file a complaint with the Kentucky Council for Postsecondary Education (http://cpe.ky.gov/campuses/consumer_complaint/). (http://cpe.ky.gov/campuses/consumer_complaint.html) For out-of-state distance learning students, the next level in the complaint process is with the National Council for State Authorization Reciprocity Agreements (<https://nc-sara.org/>) (NC-SARA). Additionally, students may file a complaint with WKU's accrediting body, The Southern Association of Colleges and Schools Commission on Colleges (SACS) by downloading the SACS Complaint Procedures Form.

Student complaints related to grades or student conduct may not be appealed to Kentucky Council for Postsecondary Education.

Supplements

Supplements to this procedure may be issued during the school year to keep the University community advised of newly adopted programs and policies.

Important Complaint Exceptions:

- Student Disability regarding denial of accommodations, report to Student ADA Compliance Officer and follow WKU policy #6.1010
- Discrimination and Harassment concerns, see below reporting process and follow WKU policy #0.2040 and #0.2070
 - Discrimination is always reported to the Office of Equal Opportunity Employment (EEO)
 - Student-to-student harassment is reported to Office of Student Conduct or the WKU Title IX Coordinator
 - Student-to-faculty/employee harassment is reported to the Office of Equal Opportunity Employment (EEO)

Student Right-to-Know Act Annual Disclosure Statement

In compliance with the federal Student Right-to-Know and Campus Security Act of 1990, the University's graduation rate is to be made available, upon request, to potential and currently enrolled students. The Act requires public disclosure beginning July 1, 1993, of this information by institutions of higher education receiving federal financial assistance.

Western Kentucky University's graduation rate was calculated using definitions established by the U. S. Department of Education. This rate is based upon the number of beginning freshmen who entered Western Kentucky University as full-time degree-seeking students during the 2016 fall semester and who completed an associate degree or a baccalaureate degree within six years (through August, 2022). For this cohort of beginning students, the graduation rate is 51.7%.

Academic Calendar

The University provides a year round instructional program consisting of fall and spring semesters and a summer term. WKU also offers a winter term, three 5-week sessions in spring, summer and fall terms, and bi-term courses during the fall and spring semesters. Admission to Graduate School

www.wku.edu/graduate (<http://www.wku.edu/graduate/>)
graduate.school@wku.edu

1906 College Heights Blvd. #11010
Wetherby Administration Building 207
Bowling Green, KY 42101-1010
(270) 745-2446 Phone | (270) 745-6950 Fax

Students seeking a graduate degree, graduate certificate, or enrollment as a non-degree student must apply for admission by completing the online graduate application (<http://www.wku.edu/apply/>) and paying a non-refundable application fee. Graduate program application requirements and deadlines vary by program. Admission to or completion of a graduate certificate does not guarantee admission to a graduate degree program. Admission to the Graduate School is based on a recommendation from the graduate program to the Associate Provost for Research and Graduate Education. Final admission decisions are made by the Graduate School. Applicants who meet minimum Graduate School admissions standards are not guaranteed admission. Offers of admission are not official until approved by the Associate Provost for Research and Graduate Education. Official graduate admissions decisions are communicated to applicants by the Associate Provost for Research and Graduate Education.

Admission Requirements

- Baccalaureate degree or higher, or equivalent international degree, from a regionally accredited institution of higher education.
- Minimum cumulative grade point average (GPA) of 2.75 or greater on baccalaureate degree or equivalent international degree or minimum GPA of 3.0 on a degree higher than a baccalaureate or equivalent international degree.
- Evidence of English proficiency (international students only)

Individual graduate programs may have more stringent and/or additional requirements. Applicants should consult individual graduate program pages in this catalog for specific admission requirements. Contact the program coordinator for applicable deadline information.

(Approved by Graduate Council 12/7/17)

Standardized Examinations

The Graduate School does not require any standardized examination for admission to the University; however, standardized examinations (such as the GRE, GMAT, etc.) may be required for admission to specific degree or certificate programs. Applicants should review the requirements for each graduate program before submitting an application. If required, standardized test scores must be received by the Graduate School as part of the application.

(Approved by Graduate Council 11/13/14)

Admission Decision

The Graduate School will notify applicants of the admission decision which will include one of four types:

- Good standing - admitted
- Conditional - admitted with conditions
- Denied - not admitted
- Program full - not admitted due to program capacity

Conditional Admission

If a student does not meet all university and program admission requirements, and if the academic program's review of the student's record indicates the likelihood of success, the student may be granted conditional admission by the Associate Provost for Research and Graduate Education upon the recommendation of the program.

The conditions of admission will be specified in the admission notification. All conditions of admission must be fulfilled upon the completion of twelve hours of coursework. Programs are responsible for monitoring the progress of students admitted conditionally and will notify the Graduate School when conditions have been met. Students who do not meet conditions of admission upon earning twelve hours will be dismissed.

(Approved by Graduate Council 11/10/16)

Alternate Admission

Applicants who do not meet admission requirements may request alternate admission whereby background and experience are considered by the academic program and Graduate School. Academic departments may have more specific guidelines on alternate admission requirements.

(Approved by Graduate Council 11/13/14)

Application Process

- Complete the online graduate application (<http://www.wku.edu/apply/>).
- Submit transcripts reflecting all undergraduate and/or post-baccalaureate study. An *official* course-by-course transcript in English from educational institutions where any degree(s) were earned (both domestic or international) is required. Official transcripts will not be accepted from the student and must be sent directly from the issuing institution. *Unofficial* transcripts from institutions where credit (*but no degree*) was earned are acceptable and may be supplied by the student. WKU transcripts are on file and no submission is necessary.
- Submit required admission documents as defined by the individual academic program.

Additional criteria required for International Student admission:

- Submit an official degree certificate from each college or university from which a degree was received with English translation.
- Non-native English speakers must submit evidence of English proficiency by one of the following:
 - official Test of English as a Foreign Language (TOEFL) minimum score of 79 (internet-based) or 550 (paper-based) taken within the past two years; or
 - official International English Language Testing System (IELTS) minimum score of 6.5 taken within the past two years; or
 - successful completion of the English Language Services Program at Level 112
 - successful completion of English as a Second Language International (ESLI)
 - evidence of English proficiency is *not* required for graduates of an accredited United States undergraduate or graduate institution or other institutions approved by the Associate Provost for Research and Graduate Education.

NOTE: Graduate admission is independent of the immigration process. For further information regarding immigration please contact the International Student Office (<https://www.wku.edu/international/>).

Application Fee Waiver

Occasionally WKU academic programs will provide application fee waiver codes to applicants. These codes will serve as payment for the application fee at the conclusion of the online application process and can only be used once. Applicants should select "Use a Fee Waiver Code" when asked for payment and type the code into the space provided. Fee Waiver Codes are case sensitive.

The Graduate School provides application fee waiver codes to the United States military personnel: Active Duty, Veterans, Spouses, and Dependents. Please contact The Graduate School (graduate.school@wku.edu) to request a fee waiver code.

Admission Policies

Change of Program

Students who wish to change programs must complete a new graduate application (including any additional admission requirements). The advisor assigned at the time of admission to the new program will evaluate any prior coursework for applicability to the new program.

Concurrent Enrollment

Students who wish to enroll in two or more programs concurrently must apply for admission to each program individually. Doctoral students may not pursue more than one degree program at a time.

Readmission

A graduate application is active for one year. Students who do not enroll for three consecutive terms at any time after the initial admission term will be required to reapply.

Visiting Students

Students who wish to enroll at WKU as a visiting student must be enrolled in a degree program at another institution. They must complete the admission process at WKU. Applicants must submit an official final copy of their undergraduate transcript or a letter from the university registrar of the degree-granting institution verifying good standing status to the Graduate School at WKU prior to enrollment.

Graduate Admission Appeal Procedure

An applicant whose admission has been denied may request reconsideration through an appeal process. Such admission appeals shall only be considered for applicants who have met minimum university and/or program admission requirements for Full Admission. An appeal must be made within thirty (30) days in writing of the denial and submitted to the Associate Provost for Research and Graduate Education by citing reasons and providing appropriate justification.

Enrollment

Graduate Records

www.wku.edu/graduate (graduate.records@wku.edu)
graduate.records@wku.edu
Wetherby Administration Building 207
(270) 745-2446

Graduate Records provides student services including: matriculation document processing; academic standing audits; thesis and dissertation review and publication; administration of Joint Undergraduate Master's Programs (JUMP); graduate catalog publication; and final degree audits. Graduate Records works closely with individual academic advisors, program coordinators, the University Registrar, Graduate Council, and other university personnel to advocate for and support graduate students.

Minimum Credit

Master's Degree

The minimum semester credit requirement for master's degrees is thirty (30) credits. Individual programs may require more credits. Only those courses listed in Degree Works are applicable toward meeting graduate degree credit requirements. Six (6) to fifteen (15) thesis credits may be applied to meet the 30 credit minimum required for the degree. However, additional thesis hours may be taken to complete the thesis and will appear on the student's transcript.

Specialist in Education Degree

The minimum semester credit requirement for the Specialist in Education degree is thirty (30) credits beyond the master's degree or sixty (60) credits for programs that do not require a master's degree for admission. Individual programs may require more credits. Only those courses listed in Degree Works are applicable toward meeting the Specialist in Education degree credit requirement. Six (6) to fifteen (15) thesis credits may be applied to meet the 30 credit minimum required for the degree. However, additional thesis hours may be taken to complete the thesis and will appear on the student's transcript.

Doctoral Degree

The minimum semester credit requirement for the doctoral degree is sixty (60) credits post-baccalaureate or thirty (30) credits post-master's in a related field. Individual programs may require more credits. Only those courses listed in Degree Works are applicable toward meeting graduate degree credit requirements. Twelve (12) to thirty (30) dissertation credits may be applied to the 60 credit minimum required for the post-baccalaureate to doctoral degree. Six (6) to fifteen (15) dissertation credits may be applied to the 30 credit minimum required for the post-masters to doctoral degree. Additional dissertation hours may be taken to complete the dissertation and will appear on the student's transcript.

(Approved by Graduate Council 8/15/13)

Certificate Policy

Certificate Definition

A certificate program is a coherent course of study that is compatible with the stated mission and goals of WKU and appropriate to the field of higher education (SACSCOC). Certificates should lead to the acquisition of a defined set of skills or expertise that will enhance employability or meet a professional development need. A certificate may be earned as a stand-alone credential.

To create a certificate at WKU, the certificate must demonstrate demand (student or market) in a field and meet one or more of the following criteria:

- Includes collaboration with area businesses or industries.
- Provides training in a specific marketable skill, continuing education, or licensure/certification/accreditation.
- Complements multiple programs.
- Responds to a state mandate.

Creation of new certificate programs requires internal approval, as well as approval from the Council for Postsecondary Education. In addition, SACSCOC approval may be required. However, proposals for new certificates only go through the pre-approval process at CPE, unless they are considered substantive change through SACSCOC. Consultation with the WKU Provost's Office is necessary to determine if a new certificate program reflects a substantive change and must undergo SACSCOC review. Internal approvals are the same as those for new degree programs.

Admission Criteria

- Graduate school admission criteria shall apply to all graduate certificate programs. Individual programs may enact additional requirements.
- Graduate School policy shall apply to all certificate programs.

Requirements

A graduate certificate program must meet the following criteria:

- Consist of a minimum of 12 and a maximum of 18 graduate credit hours.

(Approved by Graduate Council 10/8/2020)

Academic Standing

Graduate students must maintain a 3.0 grade point average (GPA) for all courses taken at WKU and those graduate courses transferred to WKU to fulfill graduate program requirements. Students must maintain a minimum grade point average of 3.0 in the academic program and a cumulative (overall) GPA to earn a degree or certificate. If a student's overall GPA falls below 3.0, the student will be placed on academic probation. Students placed on academic probation are not eligible for graduate assistantship appointments.

The student will have one additional full-time semester or the equivalent (9 semester hours) to remove the academic probation by raising their cumulative GPA to a 3.0 or higher. If the GPA remains below a 3.0 after completing 9 hours of coursework on probation, the student will be academically dismissed from Graduate School. Individual academic programs may also apply more restrictive criteria regarding probation and dismissal. Students may be dismissed by the program for failing to make satisfactory progress toward a degree or certificate. Students will be dismissed from the program for having failed twice the comprehensive examination for the graduate degree. Dismissal from an academic program will result in dismissal from the Graduate School.

An academically dismissed student who wishes to be readmitted to his/her program must submit an Appeal of Graduate Policy, and, in consultation with their advisor, an Academic Plan detailing how the required 3.0 GPA will be obtained. The Appeal of Graduate Policy

must be submitted to the Graduate School the semester following dismissal and provide evidence of the support of the graduate faculty in the academic program. Each case will be reviewed by the Associate Provost for Research and Graduate Education for consideration of readmission. An academically dismissed student who wishes to be readmitted to Graduate School as a non-degree seeking student or apply to another program must complete a new admission application and an Academic Plan. Readmitted students will remain on probation and must successfully complete the requirements of his/her Academic Plan to attain a 3.0 cumulative GPA in the specified time frame. Readmitted students who do not attain the requisite 3.0 GPA will be dismissed with no possibility of readmission until a period of three years has elapsed.

Students may also be dismissed from programs for reasons other than failure to maintain a satisfactory grade point average. Expectations regarding student conduct are described in the Western Kentucky University Student Handbook and apply to students in all programs. Additional program-specific policies regarding student conduct and dismissal from a program for non-academic reasons may also apply. Students should contact their advisors for more information regarding expectations for appropriate student conduct.

Undergraduate Enrollment

Joint Undergraduate-Master's Degree Programs (JUMP)

JUMP (http://catalog.wku.edu/graduate/programs/offerred//filter=filter_47) provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated time period. Qualified students will apply directly to an individual Joint Undergraduate Master's Program, which will make a recommendation to the Graduate School for acceptance to JUMP. JUMP students may complete a maximum of twelve (12) graduate hours as undergraduate students. For undergraduate candidates pursuing a first baccalaureate degree in combination with a Master's degree, nine (9) graduate hours may be counted on both the undergraduate and graduate transcript as prescribed by the approved program curriculum.

JUMP students in graduate programs requiring thirty-three (33) or more hours may complete a maximum of fifteen (15) hours as undergraduate students. For undergraduate candidates pursuing a first baccalaureate degree in combination with a Master's degree in a graduate program requiring thirty-three (33) or more hours, twelve (12) graduate hours may be counted on both the undergraduate and graduate transcript.

JUMP students should apply for admission to the Graduate School for the corresponding Master's Program upon or before earning the maximum allowed graduate hours or upon earning the Bachelor's degree, whichever occurs first. Students who reach the maximum number of graduate hours may continue their Bachelor's degree by taking only undergraduate courses and delaying admission to the graduate school.

Program admission criteria for the Master's degree may be waived for JUMP students at the discretion of individual program Directors and/or Committees.

All new JUMP programs require approval through the established university curriculum approval process.

Each Joint Undergraduate-Master's Degree Program may have more stringent and/or additional eligibility for acceptance and continuance requirements, including for matriculation into the Master's program. These criteria will be published in the undergraduate and/or graduate

catalog. However, minimum requirements for admission and continuance in JUMP include:

For JUMP acceptance eligibility:

- A minimum of 60 credit hours earned and 15 or more credit hours remaining to complete the undergraduate degree
- A minimum of 24 undergraduate hours earned at WKU
- A minimum cumulative undergraduate GPA of 3.25 for individuals earning their first baccalaureate degree
- A minimum cumulative undergraduate GPA of 3.00 for individuals earning their second baccalaureate degree

For Continuance:

- Continuous enrollment (excluding winter and summer terms and extenuating circumstances, including, but not limited to, military service, parental leave, and medical leave)
- Undergraduate JUMP students must maintain a cumulative GPA of 3.0 or higher in graduate courses
- Once admitted to the Graduate School, JUMP students must adhere to the Graduate Academic Standing policy

Failure to meet continuance requirements will result in dismissal from JUMP. Upon dismissal, graduate coursework may not be double-counted. Graduate coursework will be recorded according to the undergraduate catalog.

Graduate credits earned through JUMP may only be applied toward one undergraduate and one graduate degree. These credits may not be applied to any additional WKU programs.

Once admitted to the Graduate School, students are classified as graduate students and no longer qualify for undergraduate classification for any purpose, including financial aid. Likewise, students who have been admitted to the Graduate School and have completed their Bachelor's degree requirements are eligible for all graduate student privileges, including graduate assistantships and graduate student research grants.

Once accepted into a particular JUMP program, students may not switch programs. JUMP students at both the undergraduate or graduate level may appeal aspects of this policy to the Graduate School. (Approved by

Graduate Council 4/13/23)

Undergraduate Student Enrollment in Graduate Courses

Undergraduate students at Western Kentucky University may request to enroll in graduate courses by submitting an "Undergraduate Taking Graduate Courses" form to the Graduate School. Conditions for approval include:

- having earned at least 75 undergraduate credit hours;
- and, having a minimum cumulative GPA of 3.0.

Undergraduate students may accumulate a maximum of 12 graduate credits. In addition, undergraduate students are restricted to a maximum of 15 hours enrollment per term, including graduate and undergraduate credits. All graduate coursework will be on the graduate transcript. To move the coursework to the undergraduate transcript students should contact the Office of the Registrar. (Approved by Graduate Council 12/10/15)

Curriculum Requirements (formerly Program of Study)

WKU uses Degree Works (<https://degreeworks.wku.edu/Dashboard/>) to matriculate and audit students for degree and certificate completion.

Graduate students follow the official program curriculum outlined in the Graduate Catalog published for the academic year corresponding to their most recent admission term for the specific program. Students may opt to follow a more recent catalog year. *Graduate students admitted prior to fall 2019 will continue to matriculate following their approved (paper) program of study.*

Curriculum exceptions approved by the advisor, department chair or graduate program coordinator, and college dean will be considered by the Associate Provost for Research and Graduate Education.

Academic Advising

Upon admission to a graduate program, each student is assigned a program advisor from the Graduate Faculty in the respective department. Students pursuing a thesis, specialist project, or dissertation will select a Graduate Faculty member to chair his or her research project at which time the student's primary advisor will be updated to reflect the committee chair. Although student advising at Western Kentucky University is specifically designed to assist students as they progress through degree programs, it is the responsibility of all students to know all policies and procedures pertaining to graduate study. Students may request an advisor change (http://www.wku.edu/graduate/students/advisor_change_request.php).

Admission to Candidacy

Admission to Candidacy is required for *Doctor of Education* and *Doctor of Psychology* students which includes passing a qualifying exam or equivalent assessment. Admission to Candidacy is administered by the respective programs and successful completion is reported to the Graduate School.

Duplication of Coursework

A maximum of 12 hours of graduate course work may be duplicated on one additional graduate degree or certificate at the same level. Duplicated coursework must be directly related to the graduate degree or certificate being earned. (Approved by Graduate Council 10/17/19)

Experiential Learning Credit

WKU does not provide graduate credit for experiential learning, credit by exam, or professional certificates unless programs (degree and non-degree) specifically seek approval through the Graduate Council and have ensured that such credit is consistent with the WKU mission, that the learning outcomes are at the graduate level, and that the credit is comparable to other WKU graduate courses.

(Approved by Graduate Council 2/14/13)

Repeating Courses

A graduate student is permitted to repeat any course in which a "C" or below was earned. An individual course may only be repeated one time. Courses that are repeatable for credit on different topics may be repeated one time per topic for equivalent credit. Only the second grade will be counted in computing the grade point average. The course and grade received for each attempt will continue to appear on the student's transcript.

(Approved by Graduate Council 3/20/14)

Research Requirement

All graduate programs must ensure student engagement in research and/or appropriate professional practice and training experience. This requirement is defined by the individual academic programs and may include such experiences as completion of a research tool course, successful completion of a foreign language examination, publication of a thesis, professional practice experience, etc.

(Approved by Graduate Council 11/13/14)

Time Limitation for Degree Completion

All requirements for master's and specialist degrees and graduate certificates must be completed within **six years** of initial enrollment in the program. All requirements for doctoral degrees must be completed within **ten years** of initial enrollment in the doctoral program.

Courses applied toward a master's or specialist degree or graduate certificate program must be completed within six years of degree completion. Courses applied toward a doctorate degree must be completed within ten years of degree completion.

Transfer Credit

WKU accepts transfer credit(s) earned at regionally accredited institutions of higher education. Students transferring credit from an international institution must submit an official transcript evaluation of credit from an international credential evaluation service recognized by the National Association of Credential Evaluation Services (NACES) before equivalencies are determined. All transfer coursework must be documented on an official transcript with a grade of "B" or better. Transfer credits must be applied toward a graduate program awarded by WKU, are subject to approval by the appropriate academic department, and must comply with all other university policies.

Plus and minus grades are recorded as the letter grade only. In cooperative or joint programs with other universities, credits earned in the program at these institutions are not considered transfer credits. At least one-half of credits applied toward degree or certificate requirements must be earned at Western Kentucky University.

(Approved by Graduate Council 3/17/16; 5/9/19)

Registration

Dr. Jennifer Hammonds, University Registrar
www.wku.edu/registrar (<http://www.wku.edu/registrar/>)
 registrar@wku.edu
 Potter Hall 216
 (270) 745-3351

The Office of the Registrar is the permanent repository for the official academic record of each student and provides a variety of academic services including: registration and grading; official transcripts; biographical information changes; withdrawals; degree certification; enrollment verification; undergraduate catalog publication; application for graduation; and commencement planning. Online access to academic records is secured through the use of a WKUid and password and in accordance with the Family Educational Rights and Privacy Act. Electronic academic records are backed up nightly, and all permanent academic records created prior to 1990 are backed up with both microfilm and digital imaging.

Registration services are available through TopNet, WKU's online student information system. Through TopNet, all students use a personal identification number to register, drop/add courses, access class schedules, and view course grades. Registration policies and procedures

are published in the Registration Guide (<https://www.wku.edu/registrar/>) each term.

Transcripts

Transcripts will be released at the written request of the student and in conformity with university policy and existing state and federal statutes pertaining to the release of student academic records. The official academic record is the property of the University. Consequently, the University reserves the right to withhold the release of a transcript of that record if the student has an obligation to the University. Transcript Request (https://www.wku.edu/registrar/transcript_request.php) is online through the Office of the Registrar.

Division of the School Year

The academic year of Western Kentucky University is divided into two semesters consisting of sixteen weeks, a 13-week summer term, and a three-week winter term. The opening and closing dates are given in the Academic Calendar, which is published yearly. Specific information about the summer and winter terms is available at <http://www.wku.edu/delo> (<http://www.wku.edu/delo/>).

Unit of University Credit

The unit of credit is a semester hour.

Course Load

The course load for a full-time graduate student is 9-15 hours with 9 being the minimum and 15 the maximum. Graduate Assistants may deviate from the defined course load as described in the Financial Assistance (p. 25) section of this catalog.

As per United States federal requirements pertaining to students with F1 or J1 visa status, international students are restricted to no more than the equivalent of one on-line/distance education class or 3 credits per semester may count towards the full-time course of study requirement, if an online or distance education course does not require the student’s physical attendance for classes, examination or other purposes integral to completion of the class. If the student’s course of study is in a language study program, no on-line or distance education classes may be counted toward the full course of study requirement.

Course Numbering

700 and above	Doctoral courses
400G-499G, 500-699	Graduate courses
000-499	Undergraduate courses

Grading and the Quality Point System

Graduate students must maintain a 3.0 cumulative GPA in all courses taken as a graduate student (including all transfer courses and undergraduate level courses). Students who fail to meet the 3.0 GPA requirements for the graduate program GPA and overall cumulative GPA will not be awarded a degree or certificate. Grades lower than a "C" may not be used in meeting degree or non-degree requirements.

The letters A, B, C, D, F, FN, P and X are used by the University to indicate the student’s academic proficiency. These letters have the following significance:

A	Excellent, valued at four quality points per semester hour.
B	Good, valued at three quality points per semester hour.

C	Average, valued at two quality points per semester hour.
D	Below average, unsatisfactory, valued at one quality point per semester hour. (A "D" gives credit toward a degree. The student’s overall grade point average, however, must be a 2.0 or better to meet the requirements for graduation.)
F	Failure, valued at no semester hours earned and no quality points.
FN	Failure due to nonattendance, or ceasing to attend, up to and including the 60% point of a term, valued at no semester hours earned and no quality points. Nonattendance shall be defined as failure to perform meaningful academically-related activity including, but not limited to, the following: submitting an academic assignment, taking an exam, participating in an online discussion about academic matters.
P	Pass, credit is awarded toward a degree, but no quality points are assigned. The "P" designation is restricted to specific courses approved for its use.
X	Incomplete, A grade of "X" is given only when a relatively small amount of work is not completed because of illness or other reason satisfactory to the instructor. A grade of "X" will automatically become an "F" unless removed within the first twelve (12) weeks of the next full term (summer term excluded.) An incomplete must be removed within this twelve-week period regardless of whether the student is registered for additional work in the next term. A student should work with the instructor who assigned the incomplete on an independent basis in order to complete the necessary assignments. A grade of incomplete is not used under any circumstances as a substitute for "F" or "W."

The designations AU, W, NR, ER and NG are not included in the determination of grade point average and are used in the following cases:

AU	Auditor of a course, (See "Auditing of Courses" for additional information.)
W	Officially Withdrew

NR	No report, grades for an entire class were not received by the Office of the Registrar in time for processing. The designation "NR" is not to be used as a grade for individual students.
ER	Error in reporting, this designation is used by the Office of the Registrar when a grade is not reported for an individual student.
NG	No grade, a grade is not appropriate to the course. The "NG" designation is restricted to specific courses approved for its use.
IP	In Progress, the IP designation is restricted to specific courses designed to span more than one term. Unless approved otherwise, an IP designation unresolved at the end of three years after its assignment will be converted to an "F".

(IP Grading Policy Approved by Graduate Council 11/10/16)

Equivalent Courses

Equivalent courses have different subject area prefixes but the same curriculum, learning outcomes, course number, title, abbreviated title, credit hours, prerequisites and/or corequisites, grade type (e.g., A – F, Pass / Fail) and catalog course listings.

Prerequisite(s)

A prerequisite represents prior specific or general academic knowledge, background, or student classification required in order to enroll in a specific course.

Corequisite(s)

A corequisite is a requirement which must be fulfilled concurrently with another course, unless successfully completed as a prerequisite.

Recording and Changing Grades

Grades are recorded by the faculty at the end of each term. No grade may be changed except on a written statement from the instructor certifying that an error has been made, or in the case of an incomplete, that the work was completed within the time limit. All conditions must be removed before the student will be recommended for any certificate or degree.

Schedule Changes

After classes begin, registration for a full-time course load and / or changes in schedules may be made only within the first six class days of a semester or the first three days of a bi-term. Courses that do not meet at least twice during the first six class days may be added through, but not past, the day of the second class meeting. During a semester, a student may withdraw from a course with a grade of "W" or "F" under the following conditions. It is recommended that faculty members inform students of this "W" period deadline.

- A student is permitted to withdraw from any course with a grade of "W" through the 70% point of the semester;

- After the 70% point of the semester, any student dropping a course receives an automatic "F". However, when there are extenuating circumstances, and at the discretion of the faculty member and the department chair, the student may be permitted to withdraw with a "W" instead of an "F".

During a bi-term a student may drop a course with a grade of "W" or "F" under the following conditions:

- A student is permitted to withdraw from any course with a grade of "W" through the 70% point of the bi-term;
- After the 70% point of the bi-term, any student dropping a course receives an automatic "F". However, when there are extenuating circumstances, and at the discretion of the faculty member and the department chair, the student may be permitted to withdraw with a "W" instead of an "F".

Students should refer to the Registration Guide each term for specific dates that affect schedule changes. The institution reserves the privilege at all times of canceling any course for which the enrollment is not sufficient to justify its continuation and to make any other adjustments in the schedule that seem necessary.

Auditing of Courses

An auditor is a student who enrolls and participates in a course without expecting to receive academic credit. The same registration procedure is followed and the same fees are charged as for courses taken for credit. An audited course is not applicable to any degree or certificate program. Regular class attendance is expected of an auditor. Other course requirements, which may be obtained in writing from the instructor, will vary depending on the nature of the course. Students interested in auditing a course should secure permission from the instructor and discuss course requirements prior to enrolling. Failure to meet course requirements may result in the auditor being withdrawn from the course at the request of the instructor. A successful audit will be recorded on the transcript with the designation of AU. Any change from audit to credit must be done by the last day to add a class. Changes from credit to audit must be done by the last day to drop a class with a grade of "W". Refunds for withdrawals from audited courses will be prorated on the same basis as refunds for withdrawals from courses taken for credit.

Degree Conferral

Degrees are conferred by the University Registrar in May, August, and December. Students with outstanding obligations to the University will not receive a diploma or official transcript until the University Registrar has been notified by the appropriate office that the obligation has been met.

Withdrawal from the University

For various reasons it is occasionally necessary for a student to withdraw from the University. Prior to the 70% point of the semester, students may use TopNet to withdraw. After the 70% point of the semester of the semester, the student should report to the Office of the Registrar to initiate withdrawal procedures. Students leaving the institution without an official withdrawal will receive failing grades in all courses in which they are enrolled and endanger their future status in the institution. Students withdrawing after the 70% point of the semester, a bi-term, 5-week session, or comparable period during a summer session must consult with their instructors as to the withdrawal grade. The official date of the withdrawal is the date the withdrawal is processed on TopNet

or the written notice is received in the Office of the Registrar. Students wishing to return to WKU at a later date must submit an application for readmission prior to the deadline for submitting applications. Refer to the Registration Guide on the Office of the Registrar's website for deadlines.

In special circumstances, as described below, a complete withdrawal from the University after the 70% point of a term will be considered. Request forms are available on the Office of the Registrar website at www.wku.edu/registrar/withdrawal.php (<http://www.wku.edu/registrar/withdrawal.php>).

Administrative Withdrawal

A request for an administrative withdrawal is initiated by the University because of a disciplinary situation or when, in the professional judgment of a health care provider, psychologist and/or university administrator, there is reason to believe a student is a substantial threat to him/herself or interferes with the welfare of other members of the University, the education process, or the orderly operation of the University. The Vice President for Enrollment and Student Experience or the Associate Vice President for Academic Affairs, or their respective designees, will notify the student of the involuntary withdrawal, and the University Registrar will be directed to withdraw the student from all classes in which the student is currently enrolled and cancel registration that has occurred for any future terms. The Office of the Registrar will notify the student's instructors of the withdrawal, and "W" grades will be recorded for the term in progress. A student who is administratively withdrawn will have a registration hold placed by the Vice President for Enrollment and Student Experience or the Associate Vice President for Academic Affairs to prevent the student from being readmitted or re-enrolled unless cleared by the appropriate administrator or the respective designee. A student may file a written appeal of an involuntary withdrawal through the office that administered the withdrawal. Tuition refund appeals for administrative withdrawals are handled in a separate procedure, and instructions may be obtained from the Bursar's Office.

Medical Withdrawal

A student may request and be considered for a medical withdrawal from all courses in a term when extraordinary circumstances, such as a serious physical or mental illness or injury, prevent the student from continuing his or her classes after the 70% point of a term, and incompletes or other arrangements with the instructors are not feasible or possible. A medical withdrawal must be substantiated with appropriate documentation from the attending health care provider. Once the rationale for a medical withdrawal has been validated by the Office of the Registrar, the student's instructors will be sent notification of the withdrawal, and "W" grades will be recorded for each course. A student who requests a medical withdrawal, or an individual requesting a withdrawal on behalf of the student who is physically or mentally unable to request the withdrawal, should contact the Office of the Registrar to obtain medical withdrawal procedures. Tuition refund appeals for medical withdrawals are handled in a separate procedure, and instructions may be obtained from the Bursar's Office.

Military Withdrawal

Students who are members of any branch of the United States Armed Services, including the National Guard, who are called to active duty while enrolled at WKU are entitled to the following options:

- a. Students may work with each individual instructor to determine if an incomplete grade is appropriate, or
- b. If an incomplete grade is not a viable option, the student will be permitted to withdraw either from individual courses or from the

entire schedule of classes. A full refund of tuition and fees will be issued for those courses from which the student has withdrawn.

Students who are called to active duty while enrolled should contact the Office of the Registrar to initiate the withdrawal process. An official copy of the military orders must be presented to invoke this special withdrawal and refund process.

Retroactive Withdrawal

A student who leaves the University for extenuating circumstances without an official withdrawal during the term of departure may apply for a retroactive withdrawal. The student must present supporting documentation that demonstrates serious and compelling reasons justifying the withdrawal and extenuating circumstances justifying its retroactive nature; poor academic performance that is not attributed to non-academic extenuating circumstances is not a consideration for retroactive withdrawal. A student may appeal for a retroactive withdrawal within two calendar years following the end of the term for which withdrawal is requested. A student need not be enrolled at WKU at the time the application for retroactive withdrawal is submitted.

An appellate board will review the request for a retroactive withdrawal. The board will consider the following factors, including, but not limited to:

- a. Documentation of extenuating circumstances.
- b. Written letter of support from an academic administrator, faculty member, advisor or other university professional who is familiar with the student's situation.

If a retroactive withdrawal is approved, the Office of the Registrar will notify the student's instructors and department chairs of the request for a retroactive withdrawal, and they will be given 14 calendar days to raise objections if the student's classroom performance was such that a withdrawal (W) would not be appropriate. If objections are raised by the instructor or department chair, the Office of the Registrar will be informed of the objection, and the student will not receive a "W" in the class. A tuition refund is not granted for a retroactive withdrawal.

Thesis, Specialist Project, or Dissertation

Students pursuing a thesis option in a master's or specialist degree program must complete at least 6 hours of credit in 599-Thesis Research Writing or 699-Specialist Project, respectively. Students pursuing a doctoral degree requiring a dissertation must earn a minimum of 9 hours of credit in 799-Dissertation Research. All thesis, specialist project, and dissertation hours will use a pass/fail grading system. Thesis & Dissertation Guidelines (<http://www.wku.edu/graduate/students/thesis/>) are published by the Graduate School.

All thesis, specialist project, and dissertation hours will be graded pass/fail. During the time that the thesis, specialist project, or dissertation is in progress but not yet completed, the director should submit a grade of IP (In Progress). Upon successful completion of all requirements the director should request that the grades of IP be changed to grades of P (Pass). If the thesis project is deemed to be of unacceptable quality by the thesis director, then the grades of IP should be changed to grades of F (Fail).

(Approved by Graduate Council 11/8/12)

Research Committee

Students pursuing graduate programs requiring a thesis, specialist project or dissertation are mentored by a research committee of three to four members including a chair. A member of WKU's graduate faculty must serve as the chair. An individual who is not a member of WKU's graduate faculty may serve on a committee. Students may assist in the formation of the committee, but final approval of the composition of the thesis, specialist project, or dissertation committee lies with the Associate Provost for Research and Graduate Education.

Maintaining Matriculation

If the thesis, specialist, or dissertation project is not completed during the initial period of registration for this credit, the student must maintain matriculation by enrolling in a minimum of (1) credit hour of a 600 (thesis), 700 (project), or 800 (dissertation) course until the thesis or project is submitted and approved by the Graduate School. Further, students must be enrolled in a minimum of one (1) credit hour of maintaining matriculation during the term in which the defense is held.

Enrollment in matriculation courses does not result in a grade or credit toward any degree or non-degree program.

Defense

A defense covering the thesis, specialist project, or dissertation must be completed if required by the degree program. The defense usually consists of a public presentation and an oral examination of the candidate's research and academic preparation. The defense is arranged by the committee chair and the student, and is given before the final draft is completed. Each member of the committee should be given a minimum of two (2) weeks notification before the defense to read and review the research. Following the approval of defense by the student's committee, the thesis, specialist project, or dissertation is submitted to the Graduate School for final approval and publication. Submission Deadlines (<https://www.wku.edu/graduate/students/thesis/>) are posted annually.

Outcome

Students will pass the defense if no more than one member casts a dissenting vote. If a student does not pass this culminating assessment, the committee may grant a student permission to attempt a second defense which will be administered under conditions stipulated by the committee. A student who has failed the defense may be re-examined once more by the committee. Failure to pass the second defense may result in dismissal from the program. Students who are dismissed from the program due to a failed defense are ineligible to reapply for the same graduate degree program at any time in the future.

Comprehensive Examination/Capstone

All graduate degree programs require satisfactory completion of either a written or oral examination or an approved capstone course. The comprehensive exam and thesis/specialist project/dissertation defense may be combined in those degree programs that require a defense. Examinations for professional licensure or certification cannot be used for, or in place of, the comprehensive examination/capstone. Students must meet the following guidelines before they are permitted to attempt the comprehensive examination:

- Complete at least one half of the course work hours in an approved program;
- Have no more than 9 hours remaining in the approved program;
- Complete additional requirements as specified in writing by faculty in the program department.

For thesis/specialist project/dissertation students, the oral examination committee will be the approved research committee. For non-thesis students, the major advisor, in consultation with the student, appoints the oral examination committee consisting of at least two graduate faculty members. If the student's program includes a concentration, or a significant amount of course work in an area outside the major program, one of the committee members must represent that area. It is the student's responsibility to ensure that all committee members are available when scheduling an examination.

The comprehensive exam is graded pass/fail determined by a majority committee vote. The research committee chair is responsible for submitting the results of the comprehensive examination/capstone to the Graduate School. For non-thesis students, the primary advisor is responsible for submission.

Minimum Registration

A student must be registered for a minimum of one (1) credit during the term in which the comprehensive exam/capstone is completed.

Outcome

A student who has failed the comprehensive examination may be re-examined once more by the committee. Failure to pass the second comprehensive examination may result in dismissal from the program. Students who are dismissed from the program due to a failed comprehensive examination are ineligible to reapply for the same graduate degree program at any time in the future.

Degree and Certificate Completion Checklist

All degree and certificate requirements must be completed by the student by the last day of the term. The Graduate School begins auditing degrees and certificates for completion the week following the final day of the term. The degree audit confirms that the student has:

- completed all coursework (earning a "C" or higher/no incomplete grades) in their program within the time limit;
- earned a minimum cumulative and program GPA of 3.0;
- published a thesis, specialist project, or dissertation approved by the Graduate School (if required);
- completed a comprehensive exam/capstone (degrees only); and,
- applied for graduation.

Degree audits are completed within four to six weeks after the term concludes. Upon recommendation of the audit, the University Registrar confers the degree and/or certificate in May, August, or December. Students may check their transcript for completion on TopNet (https://acsapps.wku.edu/pls/prod/twbkwbs.P_WKULogin/?ret_code=5) (Student Services/Student Records/Unofficial Academic Transcript). Degrees and certificates will be mailed within 3-6 weeks after the conclusion of the term. The Graduate School does not confirm degree or certificate completion prior to award; however, enrollment verification (http://www.wku.edu/registrar/enrollment_verification.php) may be requested.

¹ Graduate tuition and fees are assessed per credit hour based upon the course (i.e. on-campus or distance learning). There is no full-time graduate rate.

Included within the above rates are a \$218 Student Athletic Fee, \$62 Student Centers Fee, \$70 Dero Downing Student Union renovation fee, and \$30 Parking Structure Fee, Creason. The fees are prorated to part-time graduate students on a per hour basis. These fees do not apply to the Distance Learning rates or P-12 Educator.

The Distance Learning Course rate is for all part-time students, regardless of residency, enrolling in on-line, web-based courses. Students enrolled exclusively in distance learning courses will be assessed the distance learning per hour rate regardless of the number of hours enrolled. There is no full-time distance learning rate.

Residency

The determination of residency for admission and tuition assessment is governed by state regulation 13 KAR 2:045 (<http://cpe.ky.gov/legislation/residency.html>). As required by this regulation, WKU also has an approved Residency Policy (<http://www.wku.edu/policies/docs/254.pdf>).

Graduate students who are residents of Macon, Robertson, and Sumner counties in Tennessee are eligible to pay in-state tuition by virtue of a reciprocity agreement. Additionally, Kentucky, along with 14 other southern states, participates in the Academic Common Market (<http://home.sreb.org/acm/choosestate.aspx>) – an interstate agreement for sharing non-duplicate academic programs. A resident of an Academic Common Market state who has gained admission into a qualifying program can enroll and pay Kentucky resident tuition upon certification by their state's Academic Common Market coordinator.

Program Fees and Expenses

It is the responsibility of the student to consult with the appropriate department/school about potential expenses required for program completion. Examples of expenses for various programs include, but are not limited to criminal background checks and drug testing, liability insurance, certifications, training seminars, transportation, specialized equipment rental, licensure exam fees, and so forth.

Doctoral Program Fees

In addition to the program tuition rates, students must pay the following doctoral fees:

- Doctor of Nursing Practice (MSN-DNP Concentration), \$221 per credit hour
- Doctor of Physical Therapy, \$300 per semester
- Doctor of Psychology, \$207 per credit hour

Course Fees

Occasionally an additional fee is charged for a specific course. Refer to the Course Fees Chart (<https://www.wku.edu/bursar/coa.php>).

Schedule Change Fee

A \$50 schedule change fee will be assessed per course for student-initiated schedule changes. Effective dates for the fee are printed in each term's Registration Guide (<http://www.wku.edu/registrar/>).

Late Registration Fee

Students who delay their registration until the first day of class or thereafter will be assessed an additional \$50 late registration fee.

Application for Graduation Fee

Candidates for graduate degrees and certificates must complete the Application for Graduation available through TopNet and pay the appropriate fee the semester prior to program completion. The fee covers the cost of cap and gown, diploma, and other necessary expenses. Applications not received by the Registrar's Office by the due date will result in the omission of the student's name from the commencement booklet. Degrees are conferred in December, May, and August. Commencement ceremonies are held in May and December. August graduates may participate in either the preceding May or following December commencement ceremony.

Transcript Fee

A \$10.00 fee is charged for an official transcript. Official transcripts may be ordered through the Office of the Registrar (<http://www.wku.edu/registrar/>).

Payment

WKU Office of Billings & Receivables (<https://www.wku.edu/bursar/>)
 billing@wku.edu
 (270) 745-6381
 Potter Hall, Room 208
 Monday - Friday, 8:00 a.m. – 4:00 p.m. (Summer hours may vary)

All tuition, housing fees, course or laboratory fees, meal charges, and other assessments are due and payable in accordance with the statements rendered by the appropriate university office. Tuition, housing fees, meal plans and other student charges must be paid on the date a student registers or on other dates as specified by the Office of Billings and Receivables. Payment of fees will not be deferred, unless the student participates in one of the approved payment plans as described below.

The University expects the students to be financially responsible and not be delinquent in financial obligations to the University or to any department or division of the University. **If a student registers and decides not to attend, the student must withdraw from all classes prior to the first day of classes on TopNet or by notifying the Office of the Registrar in writing to ensure that the student will not owe tuition and late payment fees and receive "F" grades. The student is responsible for his or her own enrollment status.** A student who fails to meet a financial obligation by the due date of the notice from the appropriate university official will be subject to regulations promulgated by the University. If the student does not settle the obligation by the date designated on the notice, the appropriate business office shall notify the University Registrar. After the University Registrar has been notified that a student is delinquent, the University Registrar shall not allow the student to register or to obtain an official transcript or diploma until the University Registrar has been notified that the obligation has been settled.

The University expects all students to register for classes and pay tuition prior to the first day of class. A late payment charge of \$100 may be assessed for failure to pay by the designated due date. **Failure to receive a bill does not relieve the student of the obligation to pay tuition and fees by the due date.** The University does not mail printed billing statements. All billing is electronic with students receiving notifications through their university-assigned e-mail addresses. As an added service, students can also select a billing e-mail address via TopNet so they can have their account statements sent to an additional e-mail address.

In the event that any tuition, fees and/or expenses are not paid when due, and the University undertakes collection of any unpaid portion, the student shall also be assessed and be responsible for any collection costs and/or fees associated with the collection of the debt including but not limited to: collection agency fees, which may be based on a percentage at a maximum of 33.3% of the debt, reasonable attorney's fees, court costs and all other charges allowed by law. Delinquent accounts receivable are placed with a collection agency and/or the Kentucky Department of Revenue and collection fees will be added, increasing the amount owed. Accounts will also be reported to the National Credit Bureaus.

Payment Options

Careful financial planning is crucial to affording college today. Western Kentucky University knows the importance of providing options that will help conveniently manage education expenses. If you need additional assistance or wish to contact the University about payment options, please email or call the WKU Billings and Receivables Office (billings.receivables@wku.edu), (270) 745-6381. Additional information is located at [wku.edu/bursar](http://www.wku.edu/bursar/) (<http://www.wku.edu/bursar/>).

The below information provides the different payment options available at Western Kentucky University, including monthly payment plan options and credit card options (with a convenience fee) administered for us by Nelnet Campus Commerce.

Payment using cash, check or money order.

- Log in to TopNet (https://topnet.wku.edu/pls/prod/twbkwbis.P_WKULogin?ret_code=5) and select the student Services tab, select Pay Tuition and Fees, select Pay Now.
- In person, at the WKU Office of Billings and Receivables, Room 208 Potter Hall.
- Mail check payments to the university's bank-processing center at: Western Kentucky University, P.O. Box 890784, Charlotte, NC 28289-0784
- Payments being sent by overnight/express (such as Fed-Ex, etc.) should be sent directly to: Billings and Receivables Office, Western Kentucky University, 1906 College Heights Blvd #11022, Bowling Green, KY 42101-1022.
- Mail the bottom portion of your invoice with your check or money order. Please make sure your student identification number is written on the check or money order. Always allow at least seven to ten business days when paying by mail. Please do not mail cash.
- Payments must be made in US dollars drawn on a US bank. All checks should be made payable to: Western Kentucky University.

Payment using Credit Cards or Electronic Payments from Checking or Savings Account

- Log in to TopNet (https://topnet.wku.edu/pls/prod/twbkwbis.P_WKULogin?ret_code=5) and select the student Services tab, Pay Tuition and Fees, Pay Now.

- Pay online at [wku.edu/bursar](https://www.wku.edu/bursar/) (<https://www.wku.edu/bursar/>) and select 'Make a Payment Online'.
- Visa®, MasterCard®, Discover® and American Express® are accepted.
- If you choose to use a credit card, a fully disclosed processing fee of approximately 2.85% of the amount of payment will apply. (Fee covers administrative expenses and is not shared with WKU.)
- Free electronic debit from checking or savings is available.
- Because of high service and processing costs, the Billings and Receivables Office at WKU does not accept credit cards as a method to pay student account charges such as tuition, fees, room and board. We believe the savings realized by the University can be better utilized for academic endeavors. Credit cards will continue to be accepted at campus locations other than the Billings and Receivables Office.

Payment Plans

Western Kentucky University offers interest-free monthly payment plans through our partnership with Nelnet Campus Commerce. Students and their parents have the option of choosing a semester payment plan for the current semester in which the student is enrolled. Payment plans are not available for the winter or summer terms.

For the **Spring 2024 semester**, we will offer the following interest-free payment plans.

5-pay – Payments due November 1, December 1, January 1, February 1, and March 1.

4-pay – Payments due December 1, January 1, February 1, and March 1.

3-pay – Payments due January 1, February 1, and March 1.

2-day – Payments due February 1 and March 1.

- \$45 enrollment fee per semester. Additional charges may apply. Please refer to your payment plan's Terms and Conditions during enrollment.
- To enroll, log in to TopNet (https://acsapps.wku.edu/pls/prod/twbkwbis.P_WKULogin?ret_code=5) and select the Student Services tab, click on Pay Tuition and Fees and then select Pay Now.
- Automatic monthly payments from either a credit/debit card or checking/savings account are required.
 - **Students:** If someone is paying on your behalf, you **MUST** first set them up as an Authorized Payer.
 - Once your profile is set up, you can enroll in a payment plan, make a payment, or set up an authorized payer who can create a plan for your balance.
 - **Authorized Payers:** If you are paying on behalf of the student, the student **MUST** set up their account first and then add you as an Authorized Payer.
 - If you have used Nelnet before, simply Sign in to manage your account.

- If you are new to Nelnet, click on the "Create a username & password" button to create an online account.

Depository (Drop Box)

Your payment may be placed in one of our two depository boxes. During regular business hours, you may place your payment in the depository box located next to the Billings Office payment window on the second floor of Potter Hall. If you cannot make it during regular business hours, the other box is located outside of the second floor entrance of Potter Hall. The depositories are emptied daily. Always include the bottom portion of your e-bill invoice statement with your check or money order when using the depository. It is important that your student identification number is written on the check or money order. Please allow two to three business days for depository payments to post to your account. Please do not place cash in the depository.

International Payments (Flywire)

Western Kentucky University has partnered with Flywire to offer an innovative and streamlined way to make a payment from your home country. Founded by a former international student, Flywire's mission is to save money for international students and their families that would otherwise be lost on bank fees and unfavorable foreign exchange rates.

With Flywire, international students receive the following benefits:

- excellent foreign exchange rates, allowing payments to be made in a student's home currency (generally).
- payment tracking through the transfer process via a student dashboard.
- email confirmation when payment is received by the school.
- fast and secure payments.
- assurance that the exact payment amount sent is the same amount received by the University (no hidden bank fees).
- options may include bank transfer, debit/credit card in your home currency, electronic payment, or other local options.

To initiate a payment through Flywire, please visit <https://wku.flywire.com>.

Tuition and Fee Refund Policy

Tuition refunds or reductions in outstanding fee liabilities for students who officially withdraw through the Registrar's Office or TopNet, or who change their status from full-time to part-time or further reduce their part-time status through drop/add, will be made according to the posted Refund Policy (http://www.wku.edu/bursar/refund_policy.php) and schedules. The refund percentage is applied to the number of credit hours dropped, not the dollar amount of the tuition and fees assessed. The refund policy is subject to change based upon federal regulations or by Western Kentucky University without prior notice.

Refund Choices via BankMobile

Western Kentucky University has partnered with BankMobile to deliver refunds and student payroll funds to students. All refunds are

disbursed through BankMobile (<https://bankmobiledisbursements.com/refundchoicessso/>).

To choose your university refund preference, sign in at my.wku.edu (<http://my.wku.edu/>), select BankMobile under Campus Information.

The University will not issue refund checks, so students must choose an option for receiving any refunds due to them. The funds are sent from the university to BankMobile who then disburses the refunds according to the choice the student has made. For questions about the refund process, please email or call the Refund Office (refunds@wku.edu), (270) 745-5551.

Graduate Assistantships

graduate.school@wku.edu

The Graduate School

Wetherby Administration Building 207

(270) 745-2446

Programs of graduate study are designed to transform students into knowledgeable practitioners and/or professional scholars. Graduate assistantship appointments do not constitute a contract of employment. Assistantships are awards given to our most outstanding students. The assistantship provides necessary support for graduate students to complete their degree program. Research, teaching, and related activities conducted by graduate assistants are a required and essential part of their degree program. Assistantships are designed to enhance the educational experience of graduate students and increase their competitiveness for doctoral programs and/or careers.

The graduate assistant is first and foremost a graduate student. As a student, the graduate assistant must be a student in good academic standing and be making significant progress toward completion of their graduate degree. The student as a graduate assistant is directed and mentored by a faculty member.

Graduate Assistantship appointments available are:

- a. Graduate Assistant Instructor (GAI) – GAI Faculty are defined as graduate students of WKU who have completed 18 hours of graduate coursework in the discipline in which they will be assigned to teach and have completed the Graduate Assistant Teaching Institute (GATI) or similar college/department faculty training program as reviewed/approved by the Director of the Center for Innovative Teaching and Learning and the Associate Provost for Research and Graduate Education. GATI or similar training program coursework must be cataloged by the WKU Office of the Registrar and appear on the graduate student's official Western Kentucky University transcript. GAIs are contracted to develop and/or teach courses for academic credit (as determined by the hiring department) on an as needed basis in accordance with enrollment, academic programming needs and available resources. (See Academic Affairs Policy 1.1122 (<https://www.wku.edu/policies/docs/?policy=320>))
- b. Graduate General Assistantship (GGA) – A Graduate General Assistant engages in scholarly activity in a capacity related to their degree program, but not defined as research or teaching.
- c. Graduate Research Assistantship (GRA) – A Graduate Research Assistant conducts research/scholarly activities under the guidance and direction of a faculty member. The Graduate Research Assistant develops and applies conceptual and theoretical ideas, practices, or methods to their discipline-based scholarship.

- d. Graduate Teaching Assistantship (GTA) – A Graduate Teaching Assistant provides direct support for the teaching mission of the unit. Graduate Teaching Assistants may serve as discussion leaders, graders, leaders of laboratory sections, and may assist in capacities such as preparation of assignments, and other administrative duties necessary for course instruction.

Requirements for Appointment

Students wishing to apply for an assistantship should contact their academic department. The following general requirements must be met for consideration as a graduate assistant:

- a. Graduate assistants must be enrolled in a graduate degree program. Non-degree graduate students and graduate students in a certification or certificate program only are not eligible for assistantships or tuition remission.
- b. Graduate assistants are eligible for tuition remission.
- c. Graduate assistants must have a minimum cumulative grade point average (GPA) of 3.00 at the time of admission.
- d. Graduate assistants must carry a minimum of 6 credits during each semester they receive an assistantship unless they are in the final semester of their degree program. (Enrollment in 6 credit hours constitutes part-time status enrollment; full-time status requires 9-15 hours of enrollment.)
- e. Graduate assistants must dedicate a minimum of 10 hours per week and a maximum of 20 hours per week during Fall and Spring semesters.
- f. The combined load of teaching responsibilities and graduate course enrollment may not exceed 15 hours per semester. Teaching responsibilities may not exceed 6 hours.
- g. During the summer term, graduate assistants must be enrolled in at least 1 hour of graduate credit during any summer session.
- h. Graduate Assistant Instructors (GAI) must complete the Graduate Assistant Teaching Institute (GATI) offered through the Center for Innovative Teaching and Learning (CITL), or a similar departmentally-administered program approved by the CITL.
- i. Graduate Assistant Instructors (GAI) must receive regular in-service training, which may be completed by participation in seminars offered by the Center for Innovative Teaching and Learning (CITL) or with departmentally-based mentoring to assist the student in the teaching process.
- j. Students must complete a Graduate assistantship agreement form with approval from the faculty member directing the assistantship, the hiring department chair, and the academic department chair (if different than the hiring department) granting the assistantship.

To receive maximum consideration, and prevent delay of stipend payment and posting of tuition scholarship, the agreement form should be received in the Graduate School by deadline dates posted on the Graduate School website.

Continuation

Graduate assistants may be appointed for one academic year or for one semester with the possibility of renewal. Continuation of the assistantship is contingent upon the following:

- a. Satisfactory progress toward the degree
- b. Maintaining a 3.0 or better cumulative GPA
- c. Completing graduate courses at the rate expected for a full-time student

- d. Fulfillment of duties as determined in the assistantship appointment
- e. An approved new agreement from the department.

The progress of the graduate assistant will be evaluated at the end of each semester to determine his/her eligibility to continue in the position for the term of appointment. Academic department chairs and college deans reserve the right to recommend termination of a graduate assistantship appointment if the student is not fulfilling the terms of appointment. The Associate Provost for Research and Graduate Education will make the final decision on continuation and termination.

Remuneration

Graduate assistantship stipends are funded from the instructional budget of the University or from grants/contracts. Stipends are considered taxable income. The half-time (20 hours per week) assistantship generates a full stipend and the quarter-time assistantship generates a half stipend. Checks are issued monthly with students normally receiving four checks each semester. Receipt of the initial check is dependent upon when the student signs necessary tax forms in the appropriate college dean's office. A graduate assistant identification card (ID) card will be issued which entitles the graduate assistant to a 10% discount on most purchases at the University Bookstore, excluding food items, books, and electronics.

Tuition Remission

Graduate assistants are responsible for their in-state tuition for on campus courses and the Distance Learning Course tuition fees for any online course; however, the out-of-state and international portion of the tuition for non-resident and international students is paid by the University during the period of appointment. In many cases the resident portion of the graduate assistant's tuition is also paid.

Rights & Responsibilities of Graduate Assistants

Graduate assistants are expected to observe the guiding principles of the University as described in the Faculty Handbook section on 'Academic Information', in the WKU Student Handbook, and by the Graduate School.

In addition, the following statements of rights and responsibilities apply to graduate assistants:

- a. Graduate assistants are responsible for meeting academic requirements in their respective degree programs.
- b. Students are responsible for meeting the assistantship responsibilities as outlined in the Graduate assistantship Agreement.
- c. Graduate assistants must attend orientations conducted by the Graduate School, the academic college, or the department, and must participate in departmental training activities.
- d. If problems or conflicts arise in the performance of duties or pursuit of the degree, the graduate assistant should discuss the situation with his/her graduate advisor. If the problem is not resolved at that level, then the problem should be taken through the following levels until a resolution is reached: the department chair, the appropriate college dean, and finally to the Associate Provost for Research and Graduate Education.
- e. The graduate assistant assumes responsibility to notify the supervisor if the term of appointment cannot be completed. A letter of resignation must be submitted to the department chair, the departmental graduate advisor, the college dean, and the Associate Provost for Research and Graduate Education no later than two weeks before his/her leaving the position unless emergency conditions exist. Resignation will forfeit all remaining stipend payments.

- f. If an assistant is terminated before the final date of the assistantship, the graduate assistant will be notified by letter from the Associate Provost for Research and Graduate Education no later than two weeks prior to termination.
- g. The graduate assistant is invited to submit to the department chair suggestions concerning the assistantship experience during the evaluation procedure at the end of each semester.
- h. All graduate assistants are expected to demonstrate personal honesty and professional integrity.

Other Graduate Student Funding

Research and Travel Grants

Graduate students are invited to submit proposals to the Graduate School to support their research or travel to present their scholarship at professional/discipline-based meetings. Funds are made available on a competitive basis.

Alumni Grant Program

An alumni grant scholarship is available to any qualified nonresident student whose parent, stepparent, or grandparent holds an associate, baccalaureate, master's, doctoral, or specialist degree or has completed a certificate program from Western Kentucky University. Residents of Kentucky are not eligible for the Alumni Grant.

Distinguished Minority Fellows Award

WKU is committed to assisting individuals from underrepresented minority groups in obtaining their higher education goals. The Distinguished Minority Fellows Award is designed to help minority students attain graduate degrees by providing tuition support and a stipend through a graduate assistantship. Applications are accepted once annually in the spring for admission in the following fall semester.

Senior Citizen Scholarship

Kentucky residents who are 65 years of age or older, on or before the day the semester begins, are granted Senior Citizen Scholarships for any college class in which they enroll for credit or to audit in accordance with KRS 164.284. A senior citizen (65 years or older) who holds a bachelor's degree may be admitted to the Graduate School as a non-degree student or may pursue admission to a specific degree program.

Veterans Administration Benefits

Some of the programs offered by Western Kentucky University have been approved by the Kentucky Approving Agency for Veterans Education for persons eligible to receive VA educational benefits. Several categories of educational benefits are available including the Montgomery GI B ill, both Chapter 30 (active duty) and Chapter 1606 (reserve/national guard), Chapter 35 (Dependents Educational Assistance Program), Chapter 32 (Veterans' Educational Assistance Program) and Chapter 31 (Vocational Rehabilitation). Contact the Veteran's Coordinator at (270) 745-3732 for assistance.

Mission

The College of Education and Behavioral Sciences is composed of the School of Teacher Education; the School of Leadership and Professional Studies; and the Departments of Counseling and Student Affairs; Military Science and Leadership; and Psychology. Support to teacher candidates is provided through the Office of Professional Educator Services. In addition, the College provides services to the community through the Center for Gifted Studies; the World Council for Gifted and Talented Children; Training and Technical Assistance Services; Military Student Services; the Center for Environmental Education and Sustainability; the Center for Excellence in Teaching and Learning - Models in Innovation; the Center for Literacy; the Center for Innovation in Math, Science, Engineering, and Technology Educational Excellence; the Renshaw Early Childhood Center; the Kelly Autism Program, housed in the Suzanne Vitale Clinical Education Complex, and the Talley Family Counseling Center, located in Gary Ransdell Hall. The College also houses the Center for the Study of Lifespan Development.

Graduate programs are offered in educational leadership, school counseling, mental health counseling, marriage and family therapy, student affairs, educational administration, elementary education, gifted studies, middle grades education, organizational leadership, secondary education, science and mathematics education, environmental education, interdisciplinary early childhood education, special education, library media education, literacy education, adult education, general psychology, clinical psychology, and school psychology. The College's programs are designed to prepare graduates for roles as teachers and school leaders, as well as for roles in business, clinical agencies, government, and industry.

Master's, education specialist, and doctoral degree programs are described in this catalog, while information about baccalaureate programs are described in the undergraduate catalog. Those interested in any of these programs should contact the head of the appropriate department or the College of Education and Behavioral Sciences Dean's Office. In addition, information about each department and program may be found on the College's website (<http://www.wku.edu/cebs/>).

Admission to Professional Education

Admission to professional education requires that the student:

- File an application for admission to professional education.
- File a statement indicating no convictions or pending charges on a felony or a sexual misconduct misdemeanor.
- Submit documentation of a completed current physical exam, TB test or risk assessment, criminal background check, a Child Abuse and Neglect (CAN) check, and a signed copy of Professional Code of Ethics and Affidavit of Non-disclosure, all dated within one year prior to admission to teacher education.

- File a statement indicating a commitment to uphold the Professional Code of Ethics for Kentucky School Personnel.
- Complete teacher admission standardized testing requirement for demonstration of basic skills by satisfying the indicated cut-off score(s) for one of the following:
 - As of September 1, 2014 the required test is the PRAXIS Core Academic Skills for Educators (CASE) with minimums of 156 in Reading, 162 in Writing, 150 in Math.
 - Prior to Sept. 1, 2014 the Pre-Professional Skills Test (PPST) with minimums of 174 in Mathematics, 176 in Reading, and 174 in Writing.
 - The Graduate Record Exam (GRE) with a minimum 150 Verbal, 143 Quantitative, and an Analytical Writing score of at least 4.0.
- Submit three letters of recommendation
- Achieve at least an overall undergraduate GPA of 2.75

Required of graduate students seeking initial certification (in addition to the requirements for all students):

- Document a minimum overall GPA of at least 2.75 (counting all course work completed at the time of admission to professional education), or a minimum GPA of at least 3.0 in the last 30 hours including all undergraduate and graduate coursework.
- Submit a copy of an approved Program of Study for a program leading to initial certification.

Admission Requirements for Graduate Programs Leading to Initial Certification

In order to be admitted to professional education and be recommended for initial certification after program completion, graduate students must be admitted to a program and possess an overall undergraduate GPA of 2.75 or higher, or a cumulative GPA of at least 3.0 in the last 30 hours (graduate and undergraduate coursework). Specific programs may impose higher minimum GPA requirements as well as other requirements for program admission, and candidates for degrees must maintain a minimum 3.0 GPA overall and in the graduate major in order to receive a degree. Contact program advisor for program-specific requirements.

This policy applies to some or all students in the following programs: MAT Interdisciplinary Early Childhood Education, Birth to Primary, Initial Certification; MAT Special Education Initial Certification-Learning and Behavior Disorders; EdS School Psychology; and MAT Middle Grades/Secondary Education - Alternate Route to Teacher Certification.

Alternate Route to Teacher/Principal/ Superintendent Certification

The College of Education and Behavioral Sciences offers approved Alternate Route to Teacher Certification programs in the following areas:

- Art (Grades P-12)
- Biology Education (Grades 8-12)
- Business and Marketing Education (Grades 5-12)
- Chemistry Education (Grades 8-12)
- Chinese Education (Grades P-12)
- Earth and Space Science Education (Grades 8-12)
- Elementary Education (Grades P-5)
- English/Allied Language Arts Education (Grades 8-12)
- French Education (Grades P-12)

- j. German Education (Grades P-12)
- k. Interdisciplinary Early Childhood Education (Grades B-P)
- l. Mathematics Education (Grades 8-12)
- m. Middle Grades Education (with certification in two of the following content areas: Language Arts, Social Studies, Science, Mathematics; or with single subject certification in Science or Mathematics) (Grades 5-9)
- n. Physics (Grades 8-12)
- o. Social Studies Education (Grades 8-12)
- p. Spanish Education (Grades P-12)
- q. Special Education, Learning and Behavior Disorders (Grades P-12)

Further information about the Alternate Route to Teacher Certification (ARTC) programs may be found at www.wku.edu/educatorservices/artc/index.php (<http://www.wku.edu/educatorservices/artc/>) or by contacting the Office of Professional Educator Services at (270) 745-4897, or the School of Teacher Education at (270) 745-5414. Applicants to ARTC programs must meet all standard program admission requirements as well as additional requirements; further details are provided in the departmental sections for Middle Grades Education, Secondary Education, and Special Education. Those admitted to ARTC programs may be eligible for a recommendation for a one-year temporary provisional teaching certificate, renewable for two additional one-year terms.

At the time of admission to an ARTC program, students will be expected to sign a document to signify their understanding of and agreement to abide by the following expectations:

- a. The student must maintain a minimum GPA of 3.0. If the semester GPA drops below 3.0, the student may be dropped from the program or, with evidence of extenuating circumstances and at the discretion of the program faculty, the student may be allowed to remain on a probationary status. If the student's GPA falls below 3.0 for a second time, the student will be dropped from the program.
- b. The student must be continuously enrolled (Fall, Spring, and Summer terms), completing a minimum of 3 hours per term unless prior approval of the program advisor is obtained. Regardless of hours completed in any given semester, the student must complete all degree requirements within three years from the date of the notice of eligibility to be issued the initial temporary provisional certificate.
- c. In addition to satisfactory academic achievement, the student must demonstrate acceptable professional behavior in all school settings.

The college also offers approved Alternate Route to Director of Special Education Certification, Alternate Route to Principal Certification and Alternate Route to Superintendent Certification programs. Further information about these programs may be found in the departmental section for the School of Leadership and Professional Studies.

Field Experience Policy

WKU teacher preparation programs are designed to meet the University's standards for baccalaureate degrees, master's degrees, specialist degrees, and certification-only programs, as well as the Kentucky standards for the designated teaching certificate. All professional education programs require completion of a variety of diverse and focused field experiences in appropriate off-campus Primary-Grade 12 school settings as well as student teaching or equivalent experience. The number of required hours of field experiences varies by program; however, a minimum of 200 hours of approved off-campus field experience is required in professional education courses prior to the student teaching

experience or equivalent. The candidate is responsible for documenting completed hours, date, and setting. In addition, all programs require one 16-week or two 8-week full-time student teaching placements for a minimum of 70 days in an instructional setting, or approved equivalent. Every effort is made to provide teacher candidates with field experiences in diverse settings (based on socioeconomic status, race/ethnicity, language, and exceptionalities of students) in order to ensure that they are prepared to help all students learn. Prior to visiting any school, a student must have on file in the Office of Professional Educator Services a current TB test or risk assessment, a current physical exam, a recent criminal background check, and a Child Abuse and Neglect (CAN) check. Students are responsible for the expenses incurred in complying with this requirement.

Recommendation for Initial Teacher Certification

To be recommended for initial certification at the baccalaureate level (including post-baccalaureate certification-only programs), an applicant must document:

- a. Completion of approved program in each desired certification area(s);
- b. Passing score(s) on the PRAXIS II exam(s) or other assessments required for each desired teaching area(s) (see www.ets.org/praxis/ky) for the most current list of required assessments);
- c. Achievement of at least a 2.75 GPA overall, in each certifiable major(s) and minor(s), and in professional education courses (graduate students are required to maintain a 3.0 GPA or above in all graduate coursework);
- d. Attainment of at least a "C" in all professional education courses, including EDU 489 and student teaching.

Comprehensive Examination/Culminating Assessment/Capstone Experience

All CEBS master's programs require completion of a culminating assessment, such as a thesis and thesis defense; an action research project and presentation; a teacher work sample; or a comprehensive exam. General information regarding the policy for eligibility and administration of comprehensive exams may be found at www.wku.edu/cebs/programs/graduate (<http://www.wku.edu/cebs/programs/graduate/>). Eligibility requirements include successful completion of EDFN 500 or other research foundations course prior to the student's final semester.

Policy on Expiration of Graduate Courses and Programs Leading to Professional Education Certification

The following policy applies only to graduate certification-only programs, endorsement programs, Planned Fifth-Year (Rank II) programs, and Planned Sixth Year (Rank I) programs:

Course work for programs leading to certification in professional education must be aligned with current standards. Some older courses are not aligned with current standards, and thus it may not be appropriate to count them in a student's program. Generally speaking, courses used to satisfy program requirements in programs leading to professional education certification should be no more than 10 years old at the time that the certification program is written. Decisions about whether

older courses may be used will be made on a case-by-case basis by the department chair of the student's major. Students may be required to demonstrate proficiency related to current course content if they wish to satisfy program requirements using courses taken more than 10 years prior to when the student's program of studies is written. All requirements for graduate certification-only, endorsement, Planned Fifth-Year, and Planned Sixth-Year programs must be completed within 10 years from the date when the program was written. Students may request an extension, which must be approved by the Dean of the College of Education and Behavioral Sciences on recommendation of the department chair.

If the Commonwealth of Kentucky makes changes in certification requirements, students seeking certification may be required to modify their programs of study to meet the new requirements.

Non-Degree Programs

Students who wish to pursue a Planned Fifth-Year/Rank II or Planned Sixth-Year/Rank I program must submit an application to the Graduate School. Upon completion of the non-degree program, individuals must contact the certification officer in the College of Education and Behavioral Sciences. The certification officer will then certify to Kentucky's Education Professional Standards Board that rank requirements have been met. Enrollment in a Planned Sixth-Year/Rank I program may not provide eligibility for a federal student loan, and completion of a Planned Fifth/Sixth-Year non-degree program may not be accepted in states other than Kentucky in determining pay status. Additional information about teacher certification may be found at www.wku.edu/teacherservices/teacher_cert/index.php (http://www.wku.edu/teacherservices/teacher_cert/).

Candidates for the Planned Fifth-Year/Rank II, Planned Sixth-Year/Rank I, Advanced Certification, or Endorsement should furnish the WKU Office of Professional Educator Services the following documents:

- A completed Application for Kentucky Teacher Certification or Change in Salary Rank (CA-1),
- Verification by the superintendent or personnel director of full-time classroom teaching experience at the appropriate grade level(s), and
- Passing PRAXIS II Specialty Area test scores for each area of certification and the Principles of Learning and Teaching test score for appropriate grade range (if applicable).

Planned Fifth-Year/Rank II Programs

The School of Teacher Education provides Planned Fifth-Year/Rank II programs in Elementary Education for Teacher Leaders, Middle Grades Education for Teacher Leaders, and Secondary Education for Teacher Leaders for students who do not meet the admission requirements of a degree program or who want greater flexibility with regard to time allowed for completion, transfer limitations, and selection of courses than is permitted in degree programs.

Admission to a Planned Fifth-Year/Rank II program requires completion of a baccalaureate degree and documentation of certification or eligibility for certification consistent with the desired Planned Fifth-Year/Rank II program. According to state regulations, an applicant may be admitted to a program in a professional education specialty for which the applicant's certification was issued, in an academic subject for which the applicant's certification was issued, or in professional education with emphasis in an academic subject for which certification was issued.

Although the Planned Fifth-Year/Rank II program does not result in the master's degree, it does result in Rank II salary classification in Kentucky,

renews the teaching certificate, and permits entry into some Planned Sixth-Year /Rank I programs.

General Guidelines

(See specific program requirements described in the listings for the School of Teacher Education.)

- A minimum of 32 semester hours of graduate courses must be completed, with a minimum GPA of 3.0;
- In order to be recommended for certification and/or rank change after completing a non-degree certification-only program, students must complete at least one-half of the minimum program hours in residence at Western Kentucky University. Exceptions may be permitted in the case of programs for which contractual arrangements have been made with other institutions for the delivery of course work. With the approval of the advisor and the certification officer, the remaining hours may be taken at other institutions, provided that the grades earned are "B" or higher and other transfer regulations are met;
- A minimum of 12 hours must be in professional education courses, and a minimum of 9 hours must be in cognate areas;
- Course work taken by correspondence is not accepted; and
- With prior advisor approval, a maximum of 12 hours of professional development credit may be applied to the program requirement.

Planned Sixth-Year/Rank I Programs

The School of Teacher Education offers Planned Sixth-Year/Rank I programs in Elementary Education, Middle Grades Education, Secondary Education, and Interdisciplinary Early Childhood Education. The School of Leadership and Professional Studies offers Planned Sixth-Year/Rank I programs in Principalship, Pupil Personnel Administration, and Supervisor of Instruction. A Planned Sixth-Year/Rank I program in School Administration to prepare special education directors is available in the School of Teacher Education. Admission to a Planned Sixth-Year/Rank I program requires completion of an approved Rank II program, either a master's degree or a planned fifth-year program. Some programs have additional requirements; see specific program sections for further information.

Planned Sixth-Year/Rank I programs lead to the Rank I salary status for certified teachers in Kentucky.

General Guidelines

(See specific program requirements described in the listings for the School of Teacher Education, Department of Counseling and Student Affairs, and Department of Educational Administration, Leadership, and Research.)

- A minimum of either (a) 30 semester hours of approved graduate level credit in addition to the requirements for the Rank II salary classification, or (b) 60 unduplicated semester hours of approved graduate level credit, including a master's degree, must be completed;
- All course work must be planned in consultation with the advisor and must be related to the professional needs of the student;
- A minimum of 15 semester hours must be completed in courses numbered 500 or higher;
- A "B" average must be maintained, and no course grade lower than a "C" may be counted;
- In order to be recommended for certification and/or rank change after completing a non-degree certification-only program, students must complete at least one-half of the minimum program hours in residence at Western Kentucky University. Exceptions may be permitted in the case of programs for which contractual

arrangements have been made with other institutions for the delivery of course work. With the approval of the advisor and the certification officer, the remaining hours may be taken at other institutions, provided that the grades earned are "B" or higher and other transfer regulations are met; and

- f. A minimum of 24 hours of the total 60 (62 hours when based on Rank II salary classification) must be in academic work apart from professional education. These hours must be in the candidate's major or minor, area of preparation, or supporting courses from other disciplines as approved by the institution.

Endorsement & Certification-Only Programs Residency Requirement

In order to be recommended for certification and/or rank change after completing a non-degree program, students must complete at least one-half of the minimum program hours in residence at Western Kentucky University. Exceptions may be permitted in the case of programs for which contractual arrangements have been made with other institutions for the delivery of course work. With the approval of the advisor and the certification officer, the remaining hours may be taken at other institutions, provided that the grades earned are "B" or higher and other transfer regulations are met.

Career Services, Certificate (0468)

Program Coordinator

Aaron W. Hughey, aaron.hughey@wku.edu, (270) 745-4849

The Certificate in Career Services (CCS) is designed to helping professionals with the advanced knowledge and skills needed to better serve students and clients within the context of a volatile and ever changing employment landscape. Graduates of this certificate program will be better prepared to assist students to be more engaged in the educational experience through appropriate academic major and career choice, which may lead to higher retention of current students and successful transition to the workforce. Moreover, the CCS program complements the master's degree programs in a wide variety of helping professions. The 15 hour certificate program includes 9 hours of required core courses and 6 hours of electives. The program requires an internship in career counseling. The program may be completed as a stand-alone program, or students admitted to related master's degree programs may incorporate 12 hours of the certificate program into their program of study (if appropriate). Admission to the CCS program is based on completion of a baccalaureate degree and adequate preparation in this or a related area of study. This certificate program welcomes applicants from all graduate programs at Western Kentucky University and elsewhere. However, students seeking admission to a University graduate degree program must apply to and meet admissions requirements of the program. Please note that admission to, or completion of, the CCS program will not guarantee admission to any graduate degree program.

Program Admission

In addition to Graduate School admission requirements, applicants are required to submit a statement describing their interest in the CCS and their employment goals.

Certification Only, Counseling (159)

Program Coordinator

Cynthia P. Mason, cynthia.mason@wku.edu, (270) 745-4953

The Certification Only, Counseling program is specific to the concentration selected (concentration codes shown in parentheses below).

Extension from Elementary or Secondary Guidance to P-12, Certification-Only (KGCS)

Students may pursue this certification as a certification-only program or as part of the Planned Sixth-Year/Rank I in Guidance.

Standard Guidance, Provisional to P-12, Certification-Only (KGCP)

Students may pursue the certifications listed below as certification-only programs or as part of the Planned Sixth-Year/Rank I in Guidance. Those seeking the Planned Sixth-Year/Rank I in Guidance should note that it requires other course work in addition to the courses described.

The Provisional to P-12 Standard Guidance program is designed for individuals with a master's degree in school counseling who have provisional P-12 Guidance Certification. P-12 Guidance Certification is a prerequisite for Standard Guidance Certification. Individuals certified at the elementary (Grades K-8) or secondary (Grades 5-12) levels must first complete the 6 hours required to obtain P-12 Certification.

Standard Guidance Certification requires both completion of required course work and completion of one year of employment as a school counselor for those certified as teachers or two years of employment for those not previously certified as teachers. Many individuals complete the course work prior to completing the experience requirements.

Program Admission

Admission to the Certification Only, Counseling program is specific to the concentration selected (concentration codes shown in parentheses below).

Extension from Elementary or Secondary Guidance to P-12, Certification-Only (KGCS)

Continuing certification for Elementary or Secondary Guidance is no longer available. Counselors with K-8 or 5-12 certification must first complete requirements to extend their certification to P-12, and then they may seek Standard Guidance certification. To be admitted to pursue extension of the certification to P-12, applicants must document completion of a graduate degree in school counseling and certification as a School Counselor.

Standard Guidance, Provisional to P-12, Certification-Only (KGCP)

Documentation of a master's degree in school counseling and current guidance certification in Kentucky.

College and Career Readiness, Certificate (1737)

Program Coordinator

Jill Duba Sauerheber, jillduba.sauerheber@wku.edu, (270) 745-4953

This certificate program is for graduate students who are interested in the college and career readiness of P-12 students; with a specific focus on interacting and intervening with this target population, as well as developing professional relationships with school-related stakeholders. The College and Career Readiness (CCR) certificate is created to support the career and college readiness needs of local, regional, and national P-12 students. It will be offered on WKU's Bowling Green campus; courses will be taught by CNS faculty with the integration of experts from local businesses and schools. Students will have opportunities to participate in action research and service learning consultation activities. This certificate program will play a leading role in Kentucky's economic and social development by preparing CCR graduates to prepare P-12 students to join a high quality educated workforce in an area of local,

regional, and national need. Additionally, it will meet the needs of area schools by providing specific training to the personnel being hired or asked to work with students in the areas of college and career readiness. It will also serve to help build and maintain networks between districts and industry in Bowling Green.

Counseling, Master of Arts in Education (043)

Program Coordinator

Andrea K. Jenkins, andrea.jenkins@wku.edu, (270) 745-4786

The MAE in Counseling has two concentrations and meets the educational requirements for licensure as a Licensed Professional Clinical Counselor in the Commonwealth of Kentucky and in states with reciprocal licensure agreements. The Council for the Accreditation of Counseling and Related Educational Programs (CACREP) accredits both the Clinical Mental Health Counseling and the Marriage, Couple, and Family Counseling concentrations in the Counseling master's degree program.

Concentration(s)

- Clinical Mental Health Counseling (CMHC)
- Marriage, Couple and Family Counseling (CMCF)

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

Application Deadline is October 1 for spring admission; and March 1 for fall admission. Review of completed applications begins October 6th and March 6th for spring and fall, respectively. Reviews employ a holistic approach to evaluate applicants' potential to be successful as students and, upon graduation, counseling or student affairs professionals. This

approach involves the submission of materials that allows department faculty members to develop a more complete picture of applicants in terms of academic aptitude for graduate-level study, potential success in forming effective counseling relationships, respect for cultural differences, and relevance of career goals to their prospective programs of interest. Faculty rate applicants' application materials and rank the applications according to these categories. Highly ranked applicants are invited to interview with faculty and current students in an individual or group setting.

After completion of the interview, admissions decisions are made based on application ratings and interview evaluations collectively. The application process is competitive with a limited number of openings.

STEP ONE: COMPLETE THE ADMISSIONS APPLICATION PROCESS

Completed applications include various application materials that must be completed by the application deadlines. Application portfolios should reflect thought, attention to detail, and appropriate effort. You are applying to a competitive graduate program; it is important that your portfolio represents you in a positive yet realistic manner. Please allow yourself at least a few weeks to complete the entire process.

All of the following materials should be submitted directly through the Graduate School application:

- Graduate School Application Form - (<https://www.wku.edu/graduate/>) requirements include a non-refundable application fee and official transcripts
- Statement of Interest (<http://wku.edu/csa/>)
- A background check
- Resume

In addition to the Graduate School application process, students entering the Student Affairs program may be asked to submit a Case Study Writing Sample. Once the completed application is received, separate instructions will be sent for completing this process.

STEP TWO: SELECTED APPLICANTS INVITED TO PARTICIPATE IN INTERVIEW

Based on the review of the application portfolio, highly ranked applicants will receive notification of their eligibility for an individual or group interview. Applicants who completed Step 1 with moderate rankings may be placed on a waiting list depending on the number of students admitted each term. Eligible applicants will be scheduled for interviews on campus with faculty, current students, alumni and/or experienced professionals.

Participation in the interview process does not guarantee admission but is a prerequisite for admission. Interviewees who are unable to travel to campus interviews may arrange an online interview with the Program Coordinator. Based on the interview assessment, faculty will make offers for admission for the most highly rated candidates.

Applicants with moderate or lower rankings from the interviewers may receive letters indicating they will be placed on a waiting list or are not eligible for admission based upon the review. If you are on a waiting list, the average time to be notified of your eligibility may be up to 6 weeks. Program Coordinators will oversee the application process.

¹ To enroll in practicum the student must have completed the appropriate practice preparation sequence and obtain department approval.

² Internship must be taken over a period of two semesters.

All students must pass a final comprehensive examination. Comprehensive examinations are given in the fall, spring, and summer semesters. Students must meet the criteria established by the College of Education and Behavioral Sciences in order to be eligible to take the comprehensive examination. The comprehensive exam policy and application may be found at www.edu/csa/sc/comp_exam (http://www.wku.edu/csa/sc/comp_exam.php).

International Student Services, Certificate (0415)

Program Coordinator

Aaron W. Hughey, aaron.hughey@wku.edu, (270) 745-4849

The Certificate in International Student Services (CISS) program offers preparation to provide international student services as a component of campus internationalization. Students will gain theoretical and applied knowledge regarding student services (international and domestic), expanded cross-cultural awareness and global consciousness, as well as enhanced intercultural communication skills. Recognizing the unique contribution of international students to the learning environment, students who complete the certificate program will be prepared to provide services and programs to meet the needs of international students.

The 15-hour certificate program includes 9 hours of required courses and 6 hours of restricted electives. The program requires a study abroad course and/or an internship abroad depending on student's international experience (as determined by the advisor upon initial admission to the program). The CISS may be completed as a stand-alone program, or students admitted into the MAE in Student Affairs may incorporate up to 12 hours of the certificate program into their program of study.

Program Admission

Admission to the CISS program is based on completion of a bachelor's degree and adequate preparation in the area of study. This certificate program welcomes applicants from all graduate programs at Western Kentucky University and elsewhere.

Students seeking admission to a University graduate degree program must apply to and meet admissions requirements of the program.

Student Affairs in Higher Education, Master of Arts in Education (145)

Program Coordinator

Aaron W. Hughey, aaron.hughey@wku.edu, (270) 745-4849

The Master of Arts in Education program in Student Affairs in Higher Education is designed to prepare students to obtain entry and mid-level student affairs professional positions. Through a theory-based and applications-oriented program, students gain skills and competencies necessary to succeed in a variety of student affairs and post-secondary settings. Program content covers three broad areas: theoretical foundations, professional practice, and administrative effectiveness. Students are provided opportunities to focus on specific student affairs functions that are consistent with their interests.

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

Application Deadline is October 1 for spring admission; and March 1 for fall admission. Review of completed applications begins October 2nd and March 2nd for spring and fall, respectively. Reviews employ a holistic approach to evaluate applicants' potential to be successful as students and, upon graduation, counseling or student affairs professionals. This approach involves the submission of materials that allows department faculty members to develop a more complete picture of applicants in terms of academic aptitude for graduate-level study, potential success in forming effective counseling relationships, respect for cultural differences, and relevance of career goals to their prospective programs

of interest. Faculty rate applicants' application materials and rank the applications according to these categories. Highly ranked applicants are invited to interview with faculty and current students in an individual or group setting.

After completion of the interview, admissions decisions are made based on application ratings and interview evaluations collectively. The application process is competitive with a limited number of openings.

STEP ONE: COMPLETE THE ADMISSIONS APPLICATION PROCESS

Completed applications include various application materials that must be completed by the application deadlines. Application portfolios should reflect thought, attention to detail, and appropriate effort. You are applying to a competitive graduate program; it is important that your portfolio represents you in a positive yet realistic manner. Please allow yourself at least a few weeks to complete the entire process.

All of the following materials should be submitted directly through the Graduate School application:

- Graduate School Application Form - (<https://www.wku.edu/graduate/>) requirements include a non-refundable application fee and official transcripts
- Statement of Interest (<http://wku.edu/csa/>)
- A background check
- Resume

In addition to the Graduate School application process, students entering the Student Affairs program may be asked to submit a Case Study Writing Sample. Once the completed application is received, separate instructions will be sent for completing this process.

STEP TWO: SELECTED APPLICANTS INVITED TO PARTICIPATE IN INTERVIEW

Based on the review of the application portfolio, highly ranked applicants will receive notification of their eligibility for an individual or group interview. Applicants who completed Step 1 with moderate rankings may be placed on a waiting list depending on the number of students admitted each term. Eligible applicants will be scheduled for interviews on campus with faculty, current students, alumni and/or experienced professionals.

Participation in the interview process does not guarantee admission but is a prerequisite for admission. Interviewees who are unable to travel to campus interviews may arrange an online interview with the Program Coordinator. Based on the interview assessment, faculty will make offers for admission for the most highly rated candidates.

Applicants with moderate or lower rankings from the interviewers may receive letters indicating they will be placed on a waiting list or are not eligible for admission based upon the review. If you are on a waiting list, the average time to be notified of your eligibility may be up to 6 weeks. Program Coordinators will oversee the application process.

Robert K. Welsh, robert.welsh@wku.edu

The Doctor of Psychology in Applied Psychology provides knowledge and skills for its graduates to become effective change agents within community, therapeutic, educational, and education-related environments. The program is designed to prepare scholarly practitioners whose program content and experiences emphasize application to the real world.

The Psy.D. in Applied Psychology prepares students to:

- Function as competent practitioner/scholars, skilled in developing, implementing, and evaluating evidence-based practices, particularly for rural and other under-served populations, in their chosen area of concentration;
- Provide ethical, competent, and professional supervision of psychological practice in their communities of practice; and
- Contribute to the practice and scholarship of psychology, consistent with the practitioner/scholar model, with the capacity to review scholarly literature, effectively integrate it with practice considerations, and evaluate outcomes.

Concentration(s)

- Clinical Psychology (BA/BS to PsyD)
- Clinical Psychology (MA to PsyD)
- School Psychology

Program Admission

Clinical Psychology (BA/BS to PsyD) Concentration

Program admission is based on a comprehensive evaluation of a candidate's application file and an interview. Applicants must submit:

- Minimum GRE scores of 142 Verbal, 142 Quantitative, and 4.0 Analytic Writing¹
- Undergraduate transcript of an earned undergraduate degree with a minimum of 18 hours of psychology coursework including statistics or research methods (3 hrs), abnormal (preferred) or personality psychology (3 hrs) with a minimum cumulative grade point average (GPA) of 2.75 and 3.00 in psychology coursework
- Three letters of recommendation from professionals attesting to the applicant's potential for success in the program
- Personal statement describing professional interests, expectations for the degree, and career goals
- Resume or curriculum vita
- Psychology Department application
- Criminal background check

Clinical Psychology (MA to PsyD) Concentration

Program admission is based on a comprehensive evaluation of a candidate's application file and an interview. Applicants must submit:

- Minimum GRE scores of 142 Verbal, 142 Quantitative, and 4.0 Analytic Writing¹
- Graduate transcript of an earned master's degree or higher in clinical psychology or a related field with a minimum graduate grade point average (GPA) of 3.50
- Three letters of recommendation from professionals attesting to the applicant's potential for success in the program
- Personal statement describing professional interests, expectations for the degree, and career goals
- Resume or curriculum vita
- Psychology Department application form

School Psychology Concentration

Program admission is based on a comprehensive evaluation of a candidate's application file and an interview. Applicants must submit:

- Minimum GRE scores of 142 Verbal, 142 Quantitative, and 4.0 Analytic Writing.¹
- Graduate transcript of an earned specialist's degree in school psychology or a related field with a minimum graduate grade point average (GPA) of 3.50.
- Three letters of recommendation from professionals attesting to the applicant's potential for success in the program
- Personal statement describing professional interests, expectations for the degree, and career goals.
- Resume or curriculum vita.

- f. Psychology Department application
g. Criminal background check

¹ In lieu of the GRE scores, applicants may submit a portfolio that includes evidence of at least five years' successful practice in the field and evidence of managerial/supervision experience or superlative practice.

Based on review of the application file, interviews will be held with viable candidates to assess compatibility with program goals and objectives. Additionally, student transcripts will be evaluated and deficient coursework may be required. Deficiencies will be denoted on the program of study.

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Program Requirements (48 hours)

The clinical psychology program prepares students to be successful performing both research and therapy. The degree offers a broad foundation for the professional who will render a wide variety of psychological services at the MA level and/or prepare students to pursue further education at the doctoral level. Clinical psychology graduates have the credentials necessary to pursue licensure in the state of Kentucky. Practicum and internship (9 hours) are required. There is a thesis and a non-thesis option. A criminal background check

will be required of successful applicants during the first semester of graduate study at the applicant's expense. Grades lower than B may not be used to satisfy requirements for courses in the clinical training sequence (PSY 560, PSY 640, PSY 641, and PSY 660), or practicum and internship (PSY 562, PSY 592, and PSY 662). Practicum/internship sites may have additional requirements before allowing students to complete placements; these might include, but are not limited to, vaccinations, additional background checks, and health screenings.

School Psychology, Specialist in Education (147)

Program Coordinator

Sarah E. Bonis, sarah.bonis@wku.edu, (270) 745-4414

School psychologists are members of teams that strive to enhance students' ability to learn in public school systems. The program uses knowledge and skills from the fields of psychology and education to provide specialized preparation to engage in a variety of roles related to special education services, data collection and analysis, consultation, crisis preparedness and response, mental health services, and academic and behavioral interventions. The program emphasizes the application

of knowledge through supervised experiences in the psychology department's clinic and through practicum and internship placements in the public schools. After the required coursework, a 1200-hour (minimum) internship must be completed.

Program Admission

Applicants should have at least 12 semester hours of coursework in Psychology and a minimum undergraduate GPA of 3.0. Applicants should send three letters of recommendation, the psychology department application form and the graduate application form to the Graduate School.

Beyond these stated minimum requirements, selection is competitive. A criminal background check, TB test, and physical exam will be required of successful applicants during the first semester of graduate study at the applicant's expense.

School of Leadership and Professional Studies

Marguerita DeSander, Department Chair
Gary A. Ransdell Hall 3086
(270) 745-4890

The School of Leadership and Professional Studies offers programs designed to prepare school personnel for effective leadership in P-12 schools. The curricula meets professional certification standards in school administration. The department also provides educational foundations courses that give graduate students a greater understanding of their roles and the function of educational institutions in society.

Course work associated with degree programs at Western Kentucky University may be used to meet certification requirements established by the Commonwealth of Kentucky; however, the Commonwealth may institute changes in certification requirements at any time. When the Commonwealth initiates such changes, students seeking certification may be required to modify their courses/experiences to meet the new certification requirements.

Students wishing to pursue one of the non-degree programs must make application to the Graduate School. Upon completion of the program, individuals must contact the Office of Professional Educator Services in the College of Education and Behavioral Sciences. That official then certifies to the Kentucky Education Professional Standards Board that rank requirements have been met.

Certification Only, Education Leadership (131)

Program Coordinator

Stacy R. Leggett, stacy.leggett@wku.edu, (270) 745-2942

The Certification Only, Education Leadership program is specific to the concentration selected (concentration codes shown in parentheses below).

Director of Pupil Personnel Services, Endorsement (KDP1 and KDP2)

The Director of Pupil Personnel (DPP) is one of the two legally mandated positions for a school district. The DPP usually deals with such issues

as student attendance, student conduct codes, school calendars, and student services.

Completion of a planned Fifth/Sixth-Year program may not be counted by states other than Kentucky in determining pay status. The Director of Pupil Personnel Services position is unique to Kentucky, and Kentucky's manifestation is not found in other places. Other states seek a counseling or social work type background for student services, not a Director of Pupil Personnel Services with attendance duties as in Kentucky.

Director of Special Education, Endorsement (KDS1 and KDS2)

This 30 hour Level I program leads to eligibility for administrative certification as a Level I Director of Special Education (KDS1), renewable with completion of the 9-hour Level II Director of Special Education program (KDS2).

School Principal, Endorsement (KP1 and KP2)

The Principal Preparation Program is a certification program involving a minimum of 30 hours of studies beyond the master's degree.

WKU also offers an EPSB-approved alternative route to principal certification, with eligibility and application procedures as follows:

1. Candidates must first apply to the WKU Graduate School for admission to the university - <https://www.wku.edu/graduate/>.
2. Following university admission, candidates should contact the Department of Educational Administration, Leadership, and Research for program-specific admissions guidelines and application by calling 270-745-4890.
3. After program admission the candidate will work with an advisor to submit a program of study to the Office of Professional Educators Services for approval.
4. A letter is then issued by WKU stating that the student is currently enrolled in the principal program; at this time the candidate may be offered a principal or assistant principal position by a district and is then eligible to participate in the Option 6 alternative route program.
5. If the candidate is offered the position, the district superintendent must provide verification of employment to WKU and the candidate.
6. The candidate will submit the verification of employment to EALR and a CA-TP to the Office of Professional Educator Services. EALR will issue the student a mentor agreement that must be completed by the student, the student's university mentor and the student's district mentor. This can be emailed along with the completed CA-TP application to teacher.certification@wku.edu.
7. The Office of Professional Educator Services will sign and verify the enrollment of the candidate in the Alternate Route to Principal Certification program. The completed application will be uploaded to EPSB and the student will be notified when it has been processed and their certificate is ready to download/print.
8. The student must request that an electronic transcript be sent directly to EPSB. The transcript request can be completed through TOPNET. All transcript request questions need to be directed to the registrar's office.

Superintendent, Endorsement (KST)

The professional certificate for school administration and supervision may be endorsed for the position of school superintendent when the candidate has met the following conditions:

- a. Completed two years full-time experience in a school administrative position, and
- b. Completed a minimum of sixty (60) semester hours of graduate credit above the bachelor's degree in (an) approved certification program(s), including EDAD 639 (<http://catalog.wku.edu/search/?P=EDAD 639>), EDAD 649 (<http://catalog.wku.edu/search/?P=EDAD 649>), EDAD 659 (<http://catalog.wku.edu/search/?P=EDAD 659>), and 6 hours of EDAD 598 (<http://catalog.wku.edu/search/?P=EDAD 598>).

Alternate Route to Superintendent Certification Program. The alternate route program enables the district to consider the best candidates for positions of superintendent or assistant superintendent, including candidates who have not previously completed requirements for the superintendent's certification endorsement or are otherwise not eligible for certification under traditional program guidelines. Alternate route admission requirements include:

- a. A letter from the employing district signed by the superintendent and/or board chairman must be sent to WKU indicating the desire to employ the named candidate as an assistant superintendent or superintendent and requesting the named candidate to be admitted to the Alternative Route to Superintendent Certification program.
- b. The candidate must submit an application for admission that includes all requested information pertaining to education and experience.
- c. The department admissions committee will review the request and application and determine if the candidate is eligible for admission, and what, if any, additional requirements must be met.
- d. If admitted, the candidate is eligible to be interviewed for a position as superintendent or assistant superintendent.

Educational Leadership, Doctor of Education (0010)

Program Coordinator

Gary W. Houchens, gary.houchens@wku.edu, (270) 745-4999

The Ed.D. in Educational Leadership (edd@wku.edu) provides knowledge and skills for its graduates to become effective change agents within educational and education-related environments. The program is designed to prepare scholarly practitioners whose program content and experiences emphasize application to the real world.

The primary purpose of the program is to develop the ability of education and education-related organizational practitioners to obtain and synthesize knowledge for the solution of institutional problems and practices. The program provides value-added opportunities for candidates to develop breadth and depth in understanding leadership, policy, and applied research methodologies. In addition, program experiences contribute to the development of future leaders who will creatively generate new knowledge, critically conserve valuable and useful ideas, and responsibly transform those understandings through writing, teaching and application. The dissertation for all areas of emphasis is expected to contribute knowledge and understanding of a critical issue drawn from the candidate's field of practice and be applicable for improving educational organizations.

The Ed.D. in Educational Leadership:

- encourages participants to become practitioner scholars by promoting skills and knowledge in practice-based settings and to gain scholarship and experience in applied behaviors;
- provides opportunities to explore a range of career specialties in various settings so that participants can make sound career choices;
- models interdisciplinary and inter-institutional collaboration through the program's management and accountability structures;
- provides participants with leadership capacity to bring about changes that enhance organizational success; and
- provides interdisciplinary research preparation focused on contextually based problems central to future global competitiveness.

This program is part of the Educational Administration, Leadership and Research department and is an interdisciplinary program involving faculty and courses from other departments throughout the university. More information may be found at <https://www.wku.edu/edd/>.

Program Design

The EdD program was designed for working professionals and follows an executive format which allows students to enroll in courses year round. Students who register for six credit hours each semester for three semesters per year should be able to complete all coursework excluding dissertation hours within three calendar years.

Program Admission

Intended candidates for the degree are individuals who have completed at least a master's degree (or other appropriate graduate degree), have demonstrated leadership capacity within their organizational settings, and/or are committed to enhancing their abilities to learn and to enhance the educational missions of their organizations and communities. Each student's academic background and professional experiences will be assessed at the time of admission.

Program admission is based on a holistic evaluation of the candidate's application file, which must include:

- Submission of GRE scores. Those students who cannot provide scores or have never taken the GRE may be considered for admission through an alternative process. Contact the program director for more information.
- Transcripts of all undergraduate and graduate course work;
- Documentation of a master's degree (or other graduate degree) from an institution accredited by a nationally recognized accreditation organization;
- Completed application;
- Current (within 1 year of application deadline) resume or vita;
- An in-depth personal statement including qualifications, rationale, and goals related to pursuing the WKU Ed.D. program;
- Three current (within 1 year of application deadline) letters of recommendation from persons in a position to evaluate the applicant's potential for success in a doctoral program; and
- Submission of a writing sample (requested during the admission review process) if applicants cannot provide GRE scores, took the GRE without the Analytical Writing portion, or if Analytic Writing score falls below preferred minimum.

International students who apply must submit the following additional documents for admission consideration:

- Evidence of ability to communicate in English (as evidenced by a minimum of 570 on the paper based TOEFL; a minimum of 88 on the iBT TOEFL; a minimum of 7.0 on the IELTS; or a degree from an institution with English as the language of instruction.)

Program Requirements (60 hours)

The program consists of 60 hours of graduate coursework. The program includes the following core coursework:

Program Completion

To complete the program, students must propose, complete, and successfully defend a dissertation.

Experiential Credit Recommendation

Students admitted to the Ed.D. in Educational Leadership program may apply to receive graduate credit for successful completion of the National Board Certified Teacher process. Those approved will receive up to six (6) hours of credit for EDU 695 (<http://catalog.wku.edu/search/?P=EDU%20695>). To be eligible to receive credit, students must document that they:

- have been admitted to the Ed.D. program; and
- hold current National Board Certification status.

In both cases, the student must submit an application form to the Ed.D. Director, who will consider whether to approve the application and then determine the number of EDU 695 (<http://catalog.wku.edu/search/?P=EDU%20695>) hours to credit to the student's program. The hours may not be substituted for required courses in the program, and no more than 12 credit hours of EDU 695 (<http://catalog.wku.edu/search/?P=EDU%20695>) may be listed on the student's program.

For NBCT-related applicants, once a recommendation for the awarding of hours for NBCT completion is approved by the EdD Program Director, the student must arrange for the American Council on Education (ACE) to send an official transcript documenting the student's NBCT status to the

WKU Graduate School so that the credit may be entered on the student's transcript. No charge will be assessed by WKU for posting these credits

Instructional Leadership, School Principal, MAE (0499)

Program Coordinator

Stacy R. Leggett, stacy.leggett@wku.edu, (270) 745-2942

The Master of Arts in Education, Instructional Leadership, School Principal program requires 30 hours of coursework and leads to eligibility for initial principal certification (Level I, KP1).

Principal Certification, Option 6 (Alternate Route)

Kentucky Senate Bill #77 made it possible for higher education institutions with approved school administration certification programs to provide alternate route to certification programs upon application and approval by the Education Professional Standards Board (EPSB). Western Kentucky University (WKU) has an EPSB approved Alternate Route to Principal Certification program, with eligibility and application procedures as follows:

Under the provisions of Senate Bill #77 and state regulations, Western Kentucky University established procedures for the alternate route program as follows:

- Candidates must first apply to the WKU Graduate School for admission to the university - <https://www.wku.edu/graduate/>
- Following university admission, candidates should contact the Department of Educational Administration, Leadership, and Research for program-specific admissions guidelines and application by calling 270-745-2942.
- After program admission the candidate will work with an advisor to submit a program of study to the Office of Professional Educators Services for approval.
- A letter is then issued by WKU stating that the student is currently enrolled in the principal program; at this time the candidate may be offered a principal or assistant principal position by a district and is then eligible to participate in the Option 6 alternative route program.
- If the candidate is offered the position, the district superintendent must provide verification of employment to WKU and the candidate.
- The candidate will submit the verification of employment to EALR and a CA-TP to the Office of Professional Educator Services. EALR will issue the student a mentor agreement that must be completed by the student, the student's university mentor and the student's district mentor. This can be emailed along with the completed CA-TP application to teacher.certification@wku.edu.
- The Office of Professional Educator Services will sign and verify the enrollment of the candidate in the Alternate Route to Principal Certification program. The completed application will be uploaded to EPSB and the student will be notified when it has been processed and their certificate is ready to download/print.
- The student must request that an electronic transcript be sent directly to EPSB. The transcript request can be completed through

TOPNET. All transcript request questions need to be directed to the Registrar's Office.

Program Admission

Admission to the Master of Arts in Education, Instructional Leadership, School Principal program is described below.

- A bachelor's degree with a GPA of 3.0 or higher
- Teaching certificate

Upon initial review, applicants will be requested to submit the following items to the department:

- Three years of documented teaching experience in a public school or a nonpublic school that meets the state performance standards as established in KRS 156.160
- Complete a program admission packet requiring:
 - Letters of reference
 - Department-specified essays or other written materials
 - School district agreement of support
- Be recommended based on an interview with district practitioners and department faculty

Filing a TC-1 requesting Rank II requires completion of a minimum of 30 semester hours of graduate credit. Within these total hours the student must complete the required professional courses as outlined in a planned program designed to provide the student with appropriate administrative competencies and courses required for certification.

Organizational Leadership, Certificate (1723)

Program Coordinator

Tanja N. Bibbs, bibbstn@wku.edu, (270) 745-5305

The Organizational Leadership Certificate program allows students to enhance their understanding of leadership theory and practice. The academic requirements offer students a common basic curriculum of leadership theory, approaches, and constructs at the graduate level. Additionally, the program allows the student to choose an elective to

focus in a specific area of organizational leadership. Substitutions for these courses may be made with consent of the advisor.

Program Admission

Students who earned or will earn a master's degree in Organizational Leadership will not be considered for admission into the Organizational Leadership Certificate.

Organizational Leadership, MA (0467)

Program Coordinator

Tanja N. Bibbs, bibbstn@wku.edu, (270) 745-5305

The Masters of Arts in Organizational Leadership is designed to meet needs of diverse students by providing professional education that is broadly based upon knowledge and research from business, communication, organizational functions, psychology, political science, and aspects of leadership to include theories, approaches, models, and constructs. The program emphasizes application: students have the opportunity to develop and refine leadership skills applicable to a variety of modern organizations within both the public and private sector. Additionally, the program allows the student to choose a defined program focus area using electives that will count towards a second credential - a graduate certificate. (Electives outside pre-approved curriculum may be utilized within the degree program with prior approval of the faculty).

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

Please refer to the admission section (<https://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Students who have a baccalaureate degree from a regionally accredited university or college with an overall GPA of 2.5 to 2.74 may apply for conditional admission.

School Administration, Rank 1 (121)

Program Coordinator

Stacy R. Leggett, stacy.leggett@wku.edu, (270) 745-2942

The School Administration, Rank I program is specific to the concentration selected (concentration codes shown in parentheses below). The 30-hour programs align with Kentucky EPSB requirements and may not be recognized by other states.

Director of Pupil Personnel Services (KDP1)

This program leads to eligibility for administrative certification as a Level 1 Director of Pupil Personnel (DPP) and a Rank I.

Director of Special Education (KDS1)

This program leads to eligibility for administrative certification as a Level I Director of Special Education (DOSE) and a Rank I.

Supervisor of Instruction (ILV1)

This program leads to eligibility for administrative certification as a Level I Supervisor of Instruction (SOI) and a Rank I.

School Principal (KP1)

This program leads to eligibility for administrative certification as a Level I Principal and a Rank I.

Option 6 Alternative Route

WKU also offers an EPSB-approved alternative route to principal certification, with eligibility and application procedures as follows:

1. Candidates must apply to the WKU Graduate School for admission to the university - <https://www.wku.edu/graduate/>.
2. Candidates should contact the School of Leadership and Professional Studies for program-specific admissions guidelines and applications by calling 270-745-4890.
3. After admission to the graduate school and program, the candidate will work with an advisor to submit a program of study to the Office of Professional Educators Services for approval.
4. A letter is then issued by WKU stating that the student is currently enrolled in the principal program; at this time, the candidate may be

offered a principal or assistant principal position by a district and is then eligible to participate in the Option 6 alternative route program.

5. If the candidate is offered the position, the district superintendent must provide verification of employment to WKU and the candidate.

6. The candidate will submit the verification of employment to the School of Leadership and Professional Studies and a CA-TP to the Office of Professional Educator Services.

7. The School of Leadership and Professional Studies will issue the student a mentor agreement that must be completed by the student, the student's university mentor, and the student's district mentor. This can be emailed to teacher.certification@wku.edu.

7. The Office of Professional Educator Services will sign and verify the enrollment of the candidate in the Alternate Route to Principal Certification program. The completed application will be uploaded to EPSB and the student will be notified when it has been processed and their certificate is ready to download/print.

8. The student must request that an electronic transcript be sent directly to EPSB. The transcript request can be completed through TOPNET. All transcript request questions need to be directed to the registrar's office.

Admission Requirements

Admission to the School Administration, Rank I program is specific to the concentration selected (concentration codes shown in parentheses below).

Program Requirements (30 hours)

Program requirements for the School Administration, Rank I program are specific to the concentration selected (concentration codes shown in parentheses below).

Completing a planned Fifth/Sixth-Year program may not be counted by states other than Kentucky in determining pay status. The Director of Pupil Personnel Services position is unique to Kentucky, and Kentucky's manifestation is not found in other places. Other states seek a counseling or social work background for student services, not a Director of Pupil Personnel Services with attendance duties as in Kentucky.

Filing a TC-1 requesting Rank I requires completion of a minimum of 60 semester hours of graduate credit including the master's degree. Within these total hours, the student must complete the required professional courses as outlined in a planned program designed to provide the student with appropriate administrative competencies and courses required for certification.

This certificate program offers five courses that specialize in behavior management techniques for school-aged children. Through the progression of the courses, candidates will learn how to define and assess problem behaviors, and develop evidence-based interventions to decrease problem behaviors and increase pro-social behaviors and improve academic outcomes. This certificate is appropriate for

anyone working in a P-12 setting and may include classroom teachers, school counselors, speech pathologists, occupational therapists, paraprofessionals, and other school related personnel. It may also be beneficial to parents, camp counselors, and after-school personnel. The courses are written with content appropriate for varied supervision roles that school personnel working with P-12 students may encounter. There are a number of courses that have similar content in the Psychology Master's program; however, the proposed certificate is created for professionals who are not interested in pursuing a graduate degree in psychology, but are interested in learning about targeted behavior management techniques. This certificate is targeted for these diverse roles.

This program is designed to develop advanced educators who can positively impact student learning in their classrooms and schools. Courses and experiences include professional learning communities in which candidates interact with other graduate candidates from various content areas and grade levels to discuss and work on real world challenges and promising practices they encounter in schools.

The program is divided into two instructional components. The first component, professional education, provides 15 hours of study collaboratively developed between WKU and the administration of the specific school district in which the candidate is employed. This includes a study of education in positive behavioral supports, teaching strategies and curriculum development. The second component, the concentration, directs the candidate into an individual program in content, pedagogy, and/or areas of professional growth concurrent with the goals of each candidate.

This program is exempt from the maximum of 12 hours denoted in the Duplication of Coursework policy. All concentration hours may be

duplicated on one additional graduate degree or certificate at the same level.

Program Admission

Applicants must be accepted to the WKU graduate school and hold a valid teaching certificate. A copy of the certificate or statement of eligibility must be submitted with the application.¹

- ¹ Applicants whose certificates have expired may be admitted, but they may enroll for only six hours before they must apply to the EPSB for re-issued certificates. After completion of six hours, a student admitted with an expired certificate must submit a copy of the re-issued certificate before being allowed to register for any additional courses.

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Program Requirements (30-37 hours)

During the program, students will complete 15 hours of coursework that are school-district driven and a minimum of 15 hours of specialization coursework chosen by the student. Students should consult with their advisors regarding course work to meet their professional goals.

Certification Only, Teacher Education is a non-degree seeking program for students seeking additional teacher certification in the following concentrations (concentration codes shown in parentheses below):

Elementary Mathematics Specialist P-5, Endorsement (KEM)

The Elementary Mathematics Specialist P-5 Endorsement is designed to give professionals both a deep and practical knowledge of the content and pedagogy of elementary mathematics and skills for working with other professionals to develop their mathematical knowledge for teaching in P-5 settings.

Environmental Education P-12, Endorsement (KEV)

Based on the National Standards of the North American Association for Environmental Education, this graduate endorsement program provides students with a knowledge of the fundamental characteristics and goals of the field of environmental education, knowledge of environmental processes and systems, and knowledge and skills of appropriate instructional strategies and assessment techniques associated with the delivery of high quality environmental education programs. This graduate endorsement program will enhance the abilities of teachers in integrating environmental education into their teaching, as well as into the curriculum of their school and school district. It is comprised of 12 graduate hours that can be incorporated into Rank I and Rank II programs. It involves two required courses and a variety of electives.

Gifted and Talented Education P-12, Endorsement (KE37)

The endorsement for Gifted and Talented Education requires four courses: GTE 536, GTE 537, PSY 432G, and GTE 538. All of these except GTE 538 are offered online. Students may pursue the GTE endorsement as a stand-alone endorsement program or as part of a master's, Planned Fifth-Year/Rank II, or Planned Sixth Year/Rank I program.

Instructional Computer Technology P-12, Endorsement (KCT)

The Instructional Computer Technology Endorsement P-12 for teachers will be included in the Master of Science in Libraries, Informatics, and Technology in Education program. This endorsement may also be completed as an emphasis in another master's degree in Education; as an emphasis in a planned fifth-year (Rank II) or planned sixth-year (Rank I) program; or as a certification-only program.

Learning and Behavioral Disorders, Certification-Only (KLBD)

This certification program is designed to give special education professionals both a deep and practical knowledge of the content and pedagogy to teach students with Learning and Behavior Disorders (LBD) in P-12 settings. Candidates are expected to become competent in theory, research, and application of best teaching practices related to exceptional students with mild to moderate disabilities and exhibit appropriate teacher dispositions and behaviors as indicated by the College of Education and Behavioral Sciences Teacher Disposition Rating Form.

Library Media Education, Certification-Only (KLM)

The Library Media Education, Certification-Only program is designed to give professionals both a deep and practical knowledge of school libraries in P-12 settings. Candidates are expected to become competent in theory, research, and application of best practices related to school libraries.

Moderate and Severe Disabilities, Certification-Only (KMS)

This certification program is designed to give special education professionals both a deep and practical knowledge of the content and pedagogy to teach students with Moderate and Severe Disabilities (MSD) in P-12 settings. Within the MSD certification program in Special Education, candidates are expected to become competent in theory, research, and application of best teaching practices related to exceptional students with Moderate and Severe Disabilities and exhibit appropriate teacher dispositions and behaviors as indicated by the College of Education and Behavioral Sciences Teacher Disposition Rating Form.

Teaching English as a Second Language (TESL), Endorsement (KE36)

Persons who have certification to teach in the elementary, middle, or secondary grades can add on to that certification an endorsement in teaching English as a Second Language by completing the coursework and the ESL Praxis test with a minimum score of 157. An overall GPA of 3.0 and grade of "B" or better must be earned in the required core classes.

Teacher Leader, Endorsement (KTLE)

The Teacher Leader Endorsement is designed to develop Teacher Leaders who can positively impact student learning in their classrooms and schools. This endorsement is comprised of 16 hours of coursework that can count toward a master's degree, Rank II or Rank I certification, or other graduate program.

Elementary Mathematics Specialist P-5, Endorsement (KEM)

Applicants for the endorsement for Elementary Mathematics Specialist must have or be eligible for a teaching certificate for Elementary Education, Grades P-5. Applicants who wish to count the endorsement

hours toward a master's degree or other graduate program must meet the eligibility requirements of that program.

Environmental Education P-12, Endorsement (KEV)

Applicants for the Environmental Education endorsement must have or be eligible for a teaching certificate at the elementary level (IECE Birth to Primary or Elementary P-5), middle grades level (Grades 5-9), or secondary level (Grades 8-12, Grades 5-12, or Grades P-12). Students certified or eligible for certification in Special Education P-12 are also eligible for admission to the Environmental Education endorsement.

Gifted and Talented Education P-12, Endorsement (KE37)

Applicants for the Gifted and Talented Education endorsement must have or be eligible for a teaching certificate at the elementary level (IECE Birth to Primary or Elementary P-5), middle grades level (Grades 5-9), or secondary level (Grades 8-12, Grades 5-12, or Grades P-12). Students certified or eligible for certification in Special Education P-12 are also eligible for admission to the Gifted and Talented Education endorsement.

Instructional Computer Technology P-12, Endorsement (KCT)

Applicants for the Instructional Computer Technology endorsement must hold a teaching certificate in any area of teaching.

Learning and Behavioral Disorders, Certification-Only (KLBD)

Applicants for the LBD Certification Program must hold a current Master's degree with three years teaching and a current teaching certificate. Applicants who wish to count the certification hours toward an additional master's degree or other graduate program must meet the eligibility requirements of that program. Note that students who do not meet the prerequisites of the core required courses will be required to complete the prerequisites of the core required courses as deficiencies.

Kentucky applicants whose certificates have expired may be admitted, but they may enroll in no more than six hours before they apply to the Education Professional Standards Board (EPSB) for reissue of a Kentucky certificate. After the completion of six hours, a student admitted with an expired certificate must submit a copy of the re-issued certificate before being allowed to register for any additional courses. Applicants from out-of-state with expired certificates must complete the requirements for their respective states to renew their certificates and submit a copy of a current certificate.

Library Media Education, Certification-Only (KLM)

- ALA accredited Master's degree in Library Science; OR
- Master's degree and current teaching certificate in any area

Moderate and Severe Disabilities, Certification-Only (KMS)

Applicants for the MSD Certification Program must hold a current Exceptional Education: Learning and Behavior Disabilities (LBD) teaching certificate with three years teaching in the field OR a Masters in LBD or related field and a current teaching certificate. Applicants who wish to count the certification hours toward a master's degree or other graduate program must meet the eligibility requirements of that program.

Kentucky applicants whose certificates have expired may be admitted, but they may enroll in no more than six hours before they apply to the EPSB for reissue of a Kentucky certificate. After the completion of six

hours, a student admitted with an expired certificate must submit a copy of the reissued certificate before being allowed to register for any additional courses. Applicants from out-of-state with expired certificates must complete the requirements for their respective states to renew their certificates and submit a copy of a current certificate.

Teaching English as a Second Language (TESL), Endorsement (KE36)

Applicants for the Teaching English as a Second Language endorsement must have or be eligible for a teaching certificate at the elementary level (IECE Birth to Primary or Elementary P-5), middle grades level (Grades 5-9), or secondary level (Grades 8-12, Grades 5-12, or Grades P-12). Students certified or eligible for certification in Special Education P-12 are also eligible for admission to the Teaching English as a Second Language endorsement.

Teacher Leader, Endorsement (KTLE)

If counting the endorsement hours toward a master's degree or other graduate program, the applicant must meet the eligibility requirements of that program.

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Program Requirements (12-22 hours)

Requirements for the Certification Only, Teacher Education program are specific to the concentration selected (concentration codes shown in parentheses below).

Elementary Mathematics Specialist P-5, Endorsement (KEM)

Students may include the endorsement course work within the Specialization component of the MAE and Planned 5th year programs in Elementary Education-Teacher Leader. In addition, students in the Planned 6th-year/Rank I program in Elementary Education may also elect to incorporate this endorsement within their programs. The endorsement can be incorporated in the Ed.S. in Elementary Education as well. This graduate endorsement program requires 15 hours that may be incorporated into the Elementary Education MAE program or other graduate programs for elementary teachers.

Elementary Math Specialization P-5, Certificate (0485)

Elementary Mathematics Specialists are teachers, teacher leaders, or mathematics coaches who are responsible for supporting effective mathematics instruction and student learning at the classroom, school, district, and/or state levels. The Elementary Math Specialization (EMS) P-5 Certificate is designed to give education professionals a deep and practical knowledge of the content and pedagogy of elementary mathematics. It will further develop skills for working with other professionals to develop mathematical knowledge for teaching, team teaching or co-teaching in P-5 settings.

Highlights of the certificate include:

- A unique model with roots beginning the Toyota Math and Technology Leadership Academy
- A state and national reputation for producing highly qualified teacher education graduates
- Highly qualified and dedicated faculty and staff
- Integration of educational technology throughout program
- An Educational Resources Center that contains library resources dedicated specifically to education programs

The EMS P-5 Certificate requires 15 hours that may be earned for the certificate only (stand-alone) or may be incorporated into another degree program. Thus, in addition to developing in-depth knowledge and expertise with regard to teaching elementary mathematics, graduate students may also include this course work within the Specialization component of the Masters of Arts in Education (MAE), Planned 5th year, Planned 6th year/Rank I and EdS programs in Elementary Education/Teacher Leader. *NOTE: This program is exempt from the maximum of 12 hours denoted in the Duplication of Coursework policy. All 15 hours may be duplicated on one additional graduate degree at the same level.*

This certificate is appropriate for:

- Teachers in Kentucky (and states with a reciprocal licensure agreement) holding a teaching certificate for Elementary Education, Grades P-5, who seek an Endorsement licensure as an Elementary Mathematics Specialist. **(NOTE: The EMS Certificate does NOT automatically lead to certification for an addition to a teaching license. Elementary Education certified/licensed teachers in Kentucky and reciprocal licensure states who successfully complete this certificate and wish to add the endorsement credential to their license must contact**

the WKU Office of Professional Educator Services (or appropriate office in their home state) to submit the necessary paperwork for the endorsement to be added to their license.)

- Elementary teachers in states without a reciprocal licensure agreement with Kentucky who desire pedagogical knowledge and enhanced skills in teaching elementary mathematics content. Although some states do not recognize the EMS Endorsement as a licensing addition, completion of this EMS Certificate provides evidence of competency in teaching this critical content area.
- Middle/secondary mathematics teachers, and special education teachers who are responsible for supporting effective mathematics instruction and student learning at the classroom, school, district, or state levels. The certificate will add to the depth and breadth of knowledge the middle/secondary mathematics teachers currently have as they will expand into a K-6 knowledge base of content and pedagogy.

This program provides a graduate level credential in this critical content area and will be listed as a "certificate" on the WKU transcript upon completion.

Program Admission

To be admitted to the Elementary Mathematics Specialist Certificate, applicants must hold at least one of the following undergraduate or graduate degrees:

- Elementary Education degree
- Math Middle/Secondary degree
- Special Education degree
- Dual Certification -- Elementary/Special Education

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

The Certificate in Gifted Education and Talent Development is designed to develop advanced certification for teachers who can positively impact student learning in their classrooms and schools with all children and adolescents, including those who are gifted and talented. Courses and experiences include professional learning communities in which students interact with other graduate students from various content areas and grade levels to discuss and work on real-world challenges and promising practices they encounter in schools. Candidates who complete the Teacher Certification including a three-hour practicum and receive a passing score on Praxis II in Gifted Education will be eligible for a recommendation for the State of Kentucky Gifted and Talented Education (KE37) endorsement.

In addition to advanced certification, the Certificate may also be completed by individuals in a variety of careers such as counselors, psychologists, international students, and others who are not certified teachers.

Program Admission

- Applicants must meet the minimum Graduate School Admission requirements.
- A copy of the applicant's teaching certificate or statement of eligibility must be submitted with the application for admission for the student to be recommended for Advanced Certification. Applicants who are not pursuing Advanced Certification must contact the Program Coordinator to waive this admission requirement.

The MAE in Gifted Education and Talent Development offers two concentrations, Advanced Certification for Teacher Leaders and Advanced Research Focus.

The Advanced Certification for Teacher Leaders concentration of the MAE in Gifted Education and Talent Development is designed to develop advanced certification for teachers who can positively impact student learning in their classrooms and schools with all children and young people, including those who are gifted and talented. Courses and experiences include professional learning communities in which students interact with other graduate students from various content areas and grade levels to discuss and work on real-world challenges and promising practices they encounter in schools. Candidates who complete the MAE will be eligible for a recommendation for Rank II and both the Gifted and Talented Education (KE37) and Teacher Leader (KTLE) endorsements.

Individuals holding a Rank II will be eligible for a Rank I with both the Gifted and Talented Education (KE37) and Teacher Leader (KTLE) endorsements.

Educators pursuing the advanced certification for teacher leader concentration may be completing the graduate program to continue in a teaching position or to become a curriculum coordinator. Counselors, principals, librarians, and other specialized teachers will enhance their knowledge and skills in a concentration that leads to Rank II or a Rank I if candidates already hold a Rank II certification and the gifted education endorsement.

The MAE in Gifted Education and Talent Development with the Advanced Research Focus concentration may be used to achieve Rank I. An additional three-hour practicum and a passing score on Praxis II in Gifted Education are required for those seeking the endorsement in gifted education. The Advanced Research focus will prepare students for a variety of careers in higher education, government, policy work, or other organizations and could lead to a Rank I or specialist degree. The research concentration is planned for those pursuing different pathways:

- educators pursuing a rank change
- educators pursuing a rank change and the endorsement in gifted education (additional three-hour practicum and passing score on the Praxis II in gifted education required)
- individuals who are pursuing an advanced degree in gifted education - not certified personnel and that would include, but not be limited to, international students, psychologists, and those planning to earn a Ph.D. or Ed.D.

The MAE in Gifted Education and Talent Development is offered primarily online. Exceptions include the practicum and requests for face-to-face instruction for cohort groups.

Concentration(s)

- Advanced Certification for Teacher Leaders (PCTL)
- Advanced Research Focus (PCRF)

Program Admission

Criteria vary, depending on the student's undergraduate institution and GPA as well as the concentration the student is pursuing.

Advanced Certification for Teacher Leaders Concentration

A copy of the applicant's teaching certificate or statement of eligibility must be submitted with the application for admission to the Advanced Certification for Teacher Leaders concentration.

WKU Graduate Admission

Applicants who are alumni of WKU teacher preparation programs must submit a current, valid teaching certificate or Statement of Eligibility for IECE Birth to Primary; Elementary Education, P-5; Middle Grades Education, 5-9; Secondary Education, 8-12, 5-12, or P-12; or Special Education, P-12.

Graduate of a Kentucky Higher Education Institute other than WKU

Applicants with undergraduate degrees from Kentucky higher education accredited universities must have a 2.75 GPA for all previous undergraduate coursework and a 3.0 GPA for previous graduate coursework or qualifying GAP scores (as defined below by year taken), and must have or be eligible for a teaching certificate for IECE Birth to Primary; Elementary Education, P-5; Middle Grades Education, 5-9; Secondary Education, 8-12, 5-12, or P-12; or Special Education, P-12.

Graduate of an Out-of-State Institution of Higher Education

Applicants with undergraduate degrees from all other higher education accredited universities must have a 2.75 GPA for all previous undergraduate coursework and a 3.0 GPA for previous graduate coursework or qualifying GAP scores (as defined below by year taken), and must have or be eligible for a teaching certificate for IECE Birth to Primary; Elementary Education, P-5; Middle Grades Education, 5-9; Secondary Education, 8-12, 5-12, or P-12; or Special Education, P-12.

Kentucky applicants whose certificates have expired may be admitted, but they may enroll for only six hours before which they must apply to the Kentucky Education Professional Standards Board for a re-issued certificate. After completion of six hours, a student admitted with an expired certificate must submit a copy of the reissued certificate before being allowed to register for any additional courses. Applicants from out-of-state with expired certificates must complete the requirements for

their respective states to renew their certificates and submit a copy of the reissued certificate.

Advanced Research Focus Concentration

Applicants must meet the following:

- Submit application to the Graduate School and meet all Graduate School requirements
- Have earned a Master's degree from an accredited institution if pursuing a Rank I with this degree concentration
- Have a 3.0 on all graduate coursework
- Submit copies of all transcripts

Graduate School Admission

Program Requirements (30-37 hours)

Advanced Certification for Teacher Leaders Concentration

The program for the MAE in Gifted Education and Talent Development, Advanced Certification for Teacher Leaders concentration has four instructional components. The first component, professional education, provides advanced level pedagogy, leadership, and content related to Kentucky Teacher Standards and applicable to all P-12 teachers working in the wide gamut of developmental and content areas. The second component, specialization, directs the candidates into gifted education as the selected area of specialization. The third component is the practicum, and electives make up the fourth component. Students may be required to complete additional elective hours to achieve the program minimum of 30 hours.

Each student's program of study will include some of the TCHL courses, plus courses in gifted and talented education.

² TCHL 545 and TCHL 555 are required for all students or the student must pass proficiency evaluations for these courses.

³ Students who test out of TCHL 545 or TCHL 555 must replace those courses with elective courses on their program of study. With advisor approval, students may select appropriate elective courses from:

- the discipline in which the student is certified;
- academic disciplines related to the P-12 common core standards;
- CEBS content courses in exceptional education, interdisciplinary early childhood education, library media education, literacy, or psychology; or
- courses identified as prerequisites for instructional leader programs.

Candidates who choose not to take the proficiency evaluations or those who take the evaluations and do not demonstrate proficiency have the option of taking an additional 6 hours of elective coursework to add to their content or professional education knowledge.

Advanced Certification for Teacher Leaders Concentration Program Completion Requirements

- Successfully complete TCHL 560 (course grade of "B" or higher)
- Give acceptable presentation of action research in an approved venue
- Complete the gifted education practicum demonstrating the knowledge and skills to teach children with gifts and talents.

Informational Note: P-12 Gifted Endorsement requires passing score on the Praxis II in gifted education.

Advanced Research Focus Concentration

The program for the Advanced Research Focus concentration requires the core gifted education courses (15 hours) and the specialization (15 hours) in advanced gifted education, research methods, and thesis. Students may complete additional elective hours in a discipline in which student is certified or related courses relevant to the student's professional needs and goals.

The Certificate in Instructional Design provides preparation in the principles and strategies of instructional design to enhance the competence of practitioners in designing effective and efficient instruction and training for students and employees in schools, government agencies, and private businesses.

The curriculum for the Certificate in Instructional Design includes 6 hours of required courses and 6 hours of restricted electives, for a total of 12 hours.

The curriculum for all Instructional Design courses is modularized (except ID 560 and ID 570). A student must demonstrate proficiency in each module. All courses will be offered for 3 hours credit (except for Special Topics and Practicum).

Program Contact

Rachael Lee, rachael.lee@wku.edu (%20rachael.lee@wku.edu), (270) 745-2819

Instructional design is the systematic analysis of learning and performance needs, and the development of effective strategies, processes, systems, and products to address those needs. The purpose of instructional design is to improve learning and performance for people of all ages in a variety of settings, including educational environments, work places, community settings, schools, and homes. Professionals in the field of instructional design apply systematic instructional design methodologies and a variety of instructional strategies to accomplish established goals.

The Master of Science in Instructional Design prepares practitioners to assume leadership roles in public or private organizations. Program graduates are equipped to design and develop instructional elements such as instructional videos, online instructional activities, user manuals for instructors, instruction manuals for commercial products, professional development curricula for teachers, multimedia instructional

units, training packs for trainers, instructional materials for vocational/technical courses, lesson and unit plans for classroom use, and educational curricula.

Program graduates will possess the following competencies:

- Ability to analyze a variety of instructional performance issues in business, government, education, and home settings
- Ability to design and develop instructional solutions, including appropriate combinations of traditional/- instructor-led strategies, constructivist techniques, technology systems, and performance support systems
- Ability to ethically and effectively manage instructional design projects, including project management/tracking and scheduling, budgeting, and client consultation skills
- Ability to design appropriate assessment plans for instructional solutions
- Ability to evaluate the efficiency and effectiveness of instructional solutions

Students who graduate with a master's degree in instructional design are equipped for employment as instructional designers and trainers in businesses, corporations, school and university settings, government agencies, and military services. Instructional design graduates may also be employed as managers of technology-based systems and designers of technology products in settings that include corporations, universities, community colleges, medical centers, libraries, and school districts.

The curriculum for all Instructional Design courses is modularized (except for ID 560 and ID 570). A student must demonstrate proficiency in each module. All courses will be offered for 3 hours credit (except for Special Topics and Practicum).

Program Admission

Admission with a baccalaureate degree or master's degree requires the following:

- Applicants who hold a bachelor's degree from a regionally accredited college or university may apply for admission with an overall undergraduate GPA of 2.75.
- Or completed master's degree from a regionally accredited college or university with GPA of 3.0 or higher.

Graduate School Admission

If the course is over six years old, students may take a Research Competency Exam to satisfy this requirement and replace the 3 hours with an elective.

² The student and ID faculty advisor will collaborate to select courses in the best interest of the student's career goals. Students must take 6-12 hours of Instructional Design courses from the professional emphasis list above. If the 12 hours are completed in Instructional Design courses, no more than 6 hours between ID 575 and ID 590 courses may be taken. However, if a student elects to take 6 hours of advisor-approved adult education courses, educational technology courses, or transfer courses, then neither ID 575 nor ID 590 may be completed as part of the professional emphasis and the student must complete two other ID professional emphasis courses listed above.

Interdisciplinary Early Childhood Education, Birth to Primary, for Initial Certification, Master of Arts in Teaching (0460)

Program Coordinator

Janet L. Tassell, janet.tassell@wku.edu, (270) 745-5306

Program Contact

Rachael Lee, rachael.lee@wku.edu (%20rachael.lee@wku.edu), (270) 745-2819

The program is designed to prepare early childhood educators to work with children with and without disabilities, ages birth through kindergarten and their families. IECE program graduates are qualified to work with children from birth to entry into the primary program. This includes teaching children in kindergarten or other programs for five-year-olds if those programs are operated separately from the primary program. Graduates are prepared for positions in public schools, First Steps, Head

Start programs, child care centers, and other public and private agencies serving young children and families.

The MAT program in IECE, Birth to Primary, Initial Certification is for individuals who are not certified in any area of education. The performance-based program of study requires 30 semester hours of course work and various field experiences. The culminating capstone experience of the program is an internship. Upon completion of the program and achieving a passing score on the required PRAXIS II exam, students are eligible to be recommended for the Statement of Eligibility to teach children age's birth through kindergarten.

Program Admission

To be considered for admission, applicants must be:

- Present a letter of application including a professional goals statement.
- Submit documentation to the School of Teacher Education in order to satisfy partial criteria for admission to professional education including: references; physical; signed code of ethics; criminal background check; Child Abuse & Neglect (CAN) check.
- For students who are not teaching under Option 6 or other temporary certification, you will be required to complete IECE 524 on site to fulfill your student teaching requirement. This course occurs during the summer on WKU campus over the course of several weeks.

The MAE in Interdisciplinary Early Childhood Education provides a choice of two concentrations which are dependent upon an applicant's current certification and their desired additional certificate sought. Candidates choose one of the following concentrations: Advanced Behavior Management or Teaching English to Speakers of other Languages (TESOL).

Students are expected to become competent in theory, research, and application of best teaching practices related to young children both with and without disabilities from birth through 5 years of age and their families. Students exhibit appropriate teacher disposition behaviors as indicated by the College of Education and Behavioral Sciences Teacher Disposition Rating Form.

Candidates in the Advanced Behavior Management or TESOL concentrations will complete capstone experiences within their respective area.

Concentrations

- Advanced Behavior Management (ABM)
- Teaching English to Speakers of Other Languages (TESOL) (KE36)

Program Admission

The MAE in Interdisciplinary Early Childhood Education (IECE) offers courses and experiences for the advanced preparation of individuals holding certification.

- Applicants who are currently certified or hold a statement of eligibility must submit a copy of the teaching certificate or Statement of Eligibility with the application.

Kentucky applicants whose certificates have expired may be admitted, but they may enroll for only six hours before they must apply to the EPSB for reissued certificates. After completion of six hours, a student admitted with an expired certificate must submit a copy of the re-issued certificate before being allowed to register for any additional courses. Applicants from out-of-state with expired certificates must complete the requirements for their respective states to renew their certificates and submit a copy of the reissued certificate.

This non-degree program is designed to prepare educators to work with children both with and without special needs, age's birth through kindergarten and their families. Graduates are eligible to apply for certification in interdisciplinary early childhood education (IECE), birth to primary (B to P). This certification qualifies individuals to work with children from birth to entry into the primary program. This includes teaching children in kindergarten or other programs for five-year-olds if those programs are operated separately from the primary program. Graduates are prepared for positions in public schools, First Steps, Head Start programs, child care centers, and other public and private agencies serving young children and families.

Concentration(s)

- Interdisciplinary Early Childhood Education (KIE)

Program Admission

In addition to meeting Graduate School and College of Education and Behavioral Sciences admissions requirements, applicants must complete the IECE application process through the School of Teacher Education. This application process includes documentation of early childhood related professional experiences and training, a professional written goals statement, and three letters of reference. Applicants must be officially admitted to the IECE program before beginning the program sequence. Students must also have had SPED 330 or SPED 516 or equivalent prior to entering the Rank I program or complete one of them as a program deficiency.

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Program Requirements (33 hours)

The performance-based program of study requires 33 hours of course work and 240 clock hours of field experiences. Approximately one-half of the field experience hours are completed as a part of ongoing course work. The culminating experience of the program is a summer internship.

Program Contact

Rachael Lee, rachael.lee@wku.edu (%20rachael.lee@wku.edu), (270) 745-2819

The Master of Science with an emphasis in libraries, informatics, and technology in education. Students seeking additional teacher certification will earn the School Librarian certification and the Instructional Computer Technology Endorsement.

The Master of Science degree is a 30-hour program. A 27-hour core of courses and one restricted elective are required. This degree may be used for the Kentucky Rank II or Rank I salary levels.

Program Admission

Students who seek advanced teacher certification must hold teaching certification.

Students may complete this program without seeking teacher certification if they intend to seek employment in a setting other than public education (where teacher certification is required). This program does not provide initial teacher certification.

Admission requirements:

- Submission of graduate application to the Graduate School
- Submission of official transcripts of all college work
- Submission of copy of teaching certificate if you are seeking advanced certification in School Librarian and Instructional Computer Technology Endorsement
- GPA of 2.75 in previous program or 3.0 in last 30 hours of previous program.

The admission decision by program faculty is based on a review of the full set of admission documents. Applicants should strive to provide evidence

of potential for completion of the degree and success in the field of libraries, informatics, and technology in education.

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

⁴ LITE 508 is the research methods course for this program.

Certification Examination

While a certification examination is not a requirement to earn the Master of Science in LME, Kentucky does require a passing score on the PRAXIS II Subject Assessments-Library Media Specialist for certification as a school media librarian. Students outside of Kentucky are responsible for determining the requirements for certification in their states.

The Master of Arts in Education - The Literacy Education MAE is created to help teachers improve their literacy instruction at all grade levels and to gain leadership skills and knowledge to build and sustain successful literacy programs in schools and other settings.

Program Admission

Students who seek advanced teacher certification must hold teaching certification.

Students may complete this program without teacher certification if they intend to pursue employment in a setting (where teacher certification is not required). This program does not provide initial teacher certification. Students who do not enter the program with a teaching certification are not eligible for the Reading P-12 endorsement, nor are they eligible for the Literacy Specialist endorsement.

¹ Required courses for the Reading P-12 Endorsement. A certification examination is not a requirement to earn the Literacy Education MAE. However, the Kentucky State Department of Education does require a passing score on the PRAXIS II Assessment to earn the Literacy Specialist and/or the Reading P-12 Endorsement. Please contact the Office of Professional Educator Services for more information. For current PRAXIS II information and exam codes, please consult the Kentucky page of the Educational Testing Service (ETS) website, <https://www.ets.org/praxis/ky/requirements>.

² Capstone Experience occurs in LTCY 695 as creation and implementation of Professional Development and/or Coaching for school partners; observed by program faculty; evaluated by attendees and program faculty. The Capstone Experience will be created based upon knowledge acquired and gained during the program.

If the graduate student has already completed hours required for the program and the courses have already been counted on a prior degree, he/she must substitute other hours with advisor approval.

Hours above 30 may count toward Rank I.

Rachael Lee, rachael.lee@wku.edu (%20rachael.lee@wku.edu), (270) 745-2819

The Literacy in Post-Secondary Settings Certificate provides graduate students with essential skills and instructional strategies to provide support for literacy learners and aligns with the Senate Bill 1 (2009) mandate for P-20 alignment of the Kentucky Core Academic Standards for English/Language Arts. This 18 credit-hour certificate is appropriate

for, but not limited to, instructors at community colleges, technical schools, and adult education institutions. Courses within the Literacy in Post-Secondary Settings Certificate are not appropriate for certified teachers and do not count toward the MAE-Literacy Education degree program.

Program Admission

Persons applying to the Literacy in Post-Secondary Settings Certificate must be admitted to the Graduate School, and submit an application, two letters of recommendation, and statement of professional goals. For applicants from non-English speaking countries a minimum TOEFL paper score of 550, or a score of 79 on the internet based test, is required.

Middle Grades Education for Initial Certification, Master of Arts in Teaching (0458)

Program Coordinator

Janet L. Tassell, janet.tassell@wku.edu, (270) 745-5306

Program Contact

Rachael Lee, rachael.lee@wku.edu (%20rachael.lee@wku.edu), (270) 745-2819

The MAT in Middle Grades Education for Initial Certification leads to initial certification in Middle Grades Education (grades 5-9) for qualified individuals with bachelor's degrees and content majors (or equivalent for those who qualify for temporary provisional certification in approved areas). Course work and experiences in the program provide students who have a deep knowledge of their respective disciplines, but no background in professional education, with the pedagogical knowledge and skills to become highly qualified educators in their fields. Upon completion of the program, graduates will be professional educators who possess the dispositions and skills to apply state-of-the-art, evidence-based, best teaching practices to increase student achievement.

There are three concentrations in this program:

- Alternate Route to Certification Concentration for English/Language Arts, Social Studies, Mathematics, and Science (EARC)
- Standard Concentration for English/Language Arts, Social Studies, Mathematics, and Science (ESTN)
- Residency Concentration for Science and Mathematics (ERSM) (e.g. GSKyTeach)

Note that Concentrations 1 and 2 appear identical; however, the differences between these concentrations are characterized by students with and without a temporary provisional teaching certificate and those who must meet the equivalent of the state required student teaching requirements along with the specific content area in which students are seeking certification.

Students in all three concentrations are expected to become competent in theory, research, and application of best teaching practices in

their respective fields and to exhibit appropriate teacher disposition behaviors as indicated by the College of Education and Behavioral Sciences Disposition Rating Form. All professional education courses in the program require satisfactory completion of critical performance indicators (CPIs); these must be submitted as directed before the final course grade is recorded. Each course's CPIs become a part of the student's portfolio that is reviewed periodically throughout the program.

Students who seek admission to the Alternate Route to Teacher Certification must meet additional requirements in order to qualify for temporary provisional certification, and they must complete all requirements for certification within three years of the time of employment by a school district. A recommendation for professional certification will be contingent upon successful completion of the Kentucky Teacher Internship Program (KTIP) and submission of qualifying scores on all required examinations for the desired area of certification. Additional information about the Alternate Route to Teacher Certification concentrations may be found on the website for the Office of Professional Educator Services.

Upon successful completion of the MAT in Middle Grades Education for Initial Certification and satisfaction of all other certification requirements, student who do not participate in the Alternate Route to Certification concentrations but participate in the Standard Concentration will qualify for a Statement of Eligibility for Certification. The Internship course for these students must be a full semester or equivalent in length. Students in the residency (e.g. GSKyTeach) concentration must meet all expectations associated with that residency program.

Concentration(s)

- Alternate Route to Certification (EARC)
- Standard (ESTN)
- Residency for Science and Math (ERSM)

Program Admission

Applicants must meet one of the following, depending upon the chosen concentration.

Standard Concentration and the Alternate Route to Certification Concentration

- Document completion of a baccalaureate degree with a major, or equivalent, in an approved certification area and from an accredited institution.
- Be recommended for admission following a transcript review by an MAT advisor associated with the certification area sought. (If deficiencies are cited the applicant may be required to take additional undergraduate courses.)
- Submit a letter of application including professional goals
- Document a cumulative overall grade point average (GPA) of 2.75 or above (counting all course work, undergraduate and graduate) OR a GPA of 3.0 in the last 30 hours of course work (counting all course work, undergraduate and graduate).
- Submit a passing score on the appropriate PRAXIS II test in major area.
- Submit state minimum passing scores for GRE or CASE for admission to the professional education unit.
- Submit a successful criminal background check.

- Submit the following documentation prior to acceptance to Graduate School: 3 references, physical (including TB test), and a signed code of ethics.

Residency Concentration for Science and Mathematics Educators

- A baccalaureate degree with a major in physics, chemistry, or mathematics with a 2.5 GPA in the major area of concentration.
- A minimum undergraduate GPA of 2.75.
- Satisfaction of state minimum requirements for GRE or PPST qualifying scores for admission to the professional education unit.
- A successful criminal background check.
- A passing score on the PRAXIS II test in the major area. (This score must be submitted within the first semester of enrollment in the teacher residency program.)
- Documentation to demonstrate that applicant meets all expectations for employment with the partnership school districts.

This non-degree program is designed to develop Teacher Leaders who can positively impact student learning in their classrooms and schools. Courses and experiences include Professional Learning Communities in which students interact with other graduate students from various content areas and grade levels to discuss and work on real world challenges and promising practices they encounter in schools. The program is divided into two instructional components.

The first component, Professional Education, provides advanced level pedagogy, leadership, and content related to Kentucky Teacher Standards and applicable to all P-12 teachers working in the wide gamut of developmental levels and content areas.

The second component, Specialization, directs the candidate into an individual program in content, pedagogy, and/or areas of professional growth concurrent with the goals of each candidate.

Program Admission

Applicants must have or be eligible for a teaching certificate¹ for Secondary Education (Grades 8-12, 5-12, or P-12).

¹ Applicants whose certificates have expired may be admitted, but they may enroll for only six hours before they must apply to the EPSB for re-issued certificates. After completion of six hours, a student admitted with an expired certificate must submit a copy of the re-issued certificate before being allowed to register for any additional courses.

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Program Requirements (33-39 hours)

During the first course in the program, TCHL 500, students will complete an assessment process that will be used in determining which TCHL core courses they must take. Students are expected to enroll in TCHL 500 at the beginning of their program and in TCHL 560 toward the end, and in general, students should complete the professional education core (the TCHL courses except TCHL 560) as early as possible. Students should consult with their advisors regarding the optimal sequence of course work to meet their professional goals. An Action Research Project for Teacher Leaders focusing on a classroom, school, or district issue is the capstone for the completion of the program.

Code	Title	Hours
Required Courses		
Professional Education Core		
TCHL 500	Foundations of Teacher Leadership ¹	3
TCHL 530	Curriculum Development	3
TCHL 545	Classroom Instruction Strategies ²	3
TCHL 555	School and Classroom Assessment ²	3

TCHL 560	Capstone Project for Teacher Leadership	3

Mid-Point Assessment Requirements

To ensure master's candidates are proficient on Advanced Level Teacher Standards, it is recommended that a majority of the Critical Performances associated with the above TCHL courses be completed prior to the Specialization Component. Students must achieve an average of 3.0 on all Critical Performances and an average score of 3 on dispositions even though a candidate's program of studies does not include the courses. Additional course work may be required based on the assessment results.

Electives

Specialization Component	17-23
Advisor-approved content-specific courses (6 hrs)	
Advisor-approved education course (3 hrs)	
Additional Electives (8-14 hrs) ³	

Total Hours **33-39**

¹ While enrolled in TCHL 500, students will use several documents, including their KTIP assessments or in-kind examples, dispositions self-surveys, referrals from school personnel, and their respective School Improvement Plans, to develop with their respective program advisors individualized programs of study of 30-37 hours related to Kentucky Teacher Standards and professional goals. Each student's program of study will include some or all of the TCHL courses, plus additional education-related or content courses.

² All students must complete these courses or pass proficiency evaluations for these courses.

³ With advisor approval, students may select appropriate elective courses from: discipline in which the student is certified; academic disciplines related to P-12 common core standards; CEBS content courses in exceptional education, interdisciplinary early childhood education, library media education, literacy, or psychology; and approved endorsements (e.g., English as a Second Language, Gifted and Talented Education, Environmental Education, Instructional Computer Technology).

Program Completion Requirements

- Successfully complete TCHL 560 (Course grade of C or higher).
- Give acceptable presentation of action research in an approved venue.
- Achieve a minimum 2.5 GPA in course work.

Special Education for Initial Certification, Master of Arts in Teaching (0456)

Program Coordinator

Janet L. Tassell, janet.tassell@wku.edu, (270) 745-5306

Program Contact

Rachael Lee, rachael.lee@wku.edu (%20rachael.lee@wku.edu), (270) 745-2819

The Special Education Initial Certification program, which will lead to a Master of Arts in Teaching, is for individuals seeking initial certification in learning and behavioral disorders (LBD) or moderate and severe disabilities (MSD) and may or may not be currently employed as a teacher of students with LBD or MSD. This option is for those individuals with no prior teacher certification in any area. This 33-hour program consists of coursework in induction to the profession of special education, the diagnosis and assessment of disabilities, instructional strategies, data-based individualization, managing behavior and positive behavior supports, transition planning, and special education law. If a student is currently employed or has verification of employment from a school district, the student may be eligible for a Temporary Provisional Teaching Certificate (CA-TP). If the student does not secure employment as the teacher of record in an LBD or MSD setting during the program, the student will be required to complete the equivalent of the state required student teaching experience in an unpaid position in an accredited Public School within WKU's service area. Graduates completing the equivalent of a student teaching experience will be eligible for a Statement of Eligibility for certification as a teacher of students with LBD or MSD.

Students must submit passing scores on the Praxis and be fully admitted to the professional education unit (teacher admissions) PRIOR to enrolling in SPED 590. Students must meet all state requirements for student teaching and initial certification. SPED 590 should be taken as the final course of the program. Courses in the program carry key assessments that must be completed before the final course grade will be recorded. Performance on coursework and key assessments is reviewed at the end of each semester to measure progress through the program.

Note: To be eligible to be recommended for teacher certification, students must document that they have received passing score(s) on the required Praxis examination(s).

Program Admission

To be considered for admission, applicants must:

- Document completion of a bachelor's degree with a major, or equivalent, in an approved subject area and from an accredited institution.
- Present a letter of application (including professional goals). Document a cumulative overall grade point average (GPA) of 2.75 or above (counting all course work, undergraduate or graduate) OR a GPA of 3.0 in the last 30 hours of course work (counting all course work, undergraduate and graduate).
- Submit documentation to satisfy partial criteria for admission to professional education, including references, physical including TB test, signed commitment to uphold the code of ethics, and criminal background check.

Program Contact

Rachael Lee, rachael.lee@wku.edu (%20rachael.lee@wku.edu), (270) 745-2819

The MAT in Teacher Education for Initial Certification provides students with the pedagogical knowledge and skills to become highly qualified educators who will apply state-of-the-art, evidence-based, best teaching practices to increase student achievement. Graduates will gain competencies in theory, research, and application of best teaching practices in their respective fields.

The degree offers three concentrations: Elementary Education (grades K-5); Middle or Secondary Education (grades P-12 or 5-9 or 8-12 depending on certification area); and, Secondary Science and Mathematics Residency (grades P-12).

Students in this program may or may not hold a temporary provisional teaching certificate. Program faculty advisors will assist students in selecting appropriate coursework and culminating experiences to meet their career goals. Contact the Office of Professional Educator Services for more information about teacher certification.

College of Health and Human Services

 Academic Complex 208
 (270) 745-2425
 chhs@wku.edu
 www.wku.edu/chhs (<http://www.wku.edu/chhs/>)

Vision

To be an innovative leader in the student-centered, interprofessional preparation of health and human services professionals by providing students with an inclusive, community-engaged, and interdisciplinary academic experience.

Mission

We prepare health and human services professionals who will work to improve the quality of life in their communities and beyond.

The College of Health and Human Services (CHHS) consists of seven academic units that represent an array of disciplines, and offers degrees at the associate, baccalaureate, masters, and doctoral degree levels.

Academic units include: Applied Human Sciences; Communication Sciences and Disorders; Nursing and Allied Health; Kinesiology, Recreation, and Sport; Physical Therapy; Public Health; and Social Work.

CHHS oversees the South Central Kentucky Area Health Education Center, the Center for Environmental and Workplace Health, the Center for Applied Science in Health and Aging, the LifeSkills Center for Child Welfare Education and Research, and the WKU Cardiopulmonary Resuscitation Center. CHHS is also one of the participating institutions for the doctoral program in Rehabilitation Sciences offered through the University of Kentucky. The focus of CHHS is to provide the highest possible quality of education to prepare our students to become leaders in careers related to health and human services. Faculty are highly qualified in their respective disciplines and utilize innovative teaching strategies along with state of the art instructional technology, including IVS, web-enhanced and web-based instruction.

The disciplines in the college have their roots in outreach to the community. Disciplines in CHHS prepare students for their professions by engaging them in activities within the community that apply the theories and concepts discussed in the classroom for a more comprehensive understanding of the issues, while providing a valuable service to the communities in which we reside. To fulfill degree requirements for most programs, students are required to complete clinical experiences, field work, or internships through one of the many affiliation agreements at a myriad of health and human services facilities, agencies and organizations.

Due to the nature of these experiences, students are required to meet various departmental or school academic requirements and federal and/or state mandates. Departments and schools may require the successful completion of specific courses or maintaining a certain GPA in order to be placed in clinical or internship experiences. Some students may be required to undergo criminal background checks and drug testing and to provide proof of health insurance, liability insurance, and/or immunization records prior to participating in any required experiences at selected on or off-campus facilities/agencies. Additionally, there may be certifications, training seminars, or other requirements specified by the facility/agency

or program that a student must meet in order to be eligible for field or practical experiences at a facility. It is the responsibility of the student to ensure that all institutional and/or facility requirements are met as a condition of participating in the on or off-campus experiences; students may be responsible in part or in full for any costs incurred to meet such requirements. Students are also responsible for transportation to and from off-campus experiences. In some CHHS programs, the students are responsible for rental fees for clinical instruments and supplies, purchasing uniforms, equipment, and possible course and program fees above the regular tuition. At the completion of the program, students may also be responsible for fees related to national, regional, and/or state licensing exams.

Connecting Students to Careers - Professionals to Communities - Communities to Better Health

The mission of the Kentucky AHEC is to promote healthy communities through innovative educational partnerships. This is accomplished by providing the following:

- educational support services to health professions, students, and health care providers;
- community health education; and
- programs that encourage health professions as a career choice.

The South Central AHEC is affiliated with the University of Louisville, School of Medicine in cooperation with WKU's College of Health and Human Services. AHEC programs of particular interest to WKU students include the following:

- MCAT Prep Advantage - A program for pre-med students that combines online MCAT prep, shadowing, mock interviews, and personal statement review.
- Mock interviews and personal statement reviews for all health and pre-health profession students.
- Student internships – Undergraduate and graduate.
- Bridging the Gap Medical Interpreter Training Program – A 40-hour course offered several times a year that prepares students to provide medical interpreting services.
- AHEC Scholars - A two year, advanced-learning program which prepares health profession students to be leaders in their field. Throughout the program, students collaborate across health disciplines and geographic regions as they prepare to practice in the ever-evolving healthcare field. This is a national program conducted by all AHECs and funded by the Health Resources Services Administration.
- Greenview Shadowing Program – A semester- long program for students interested in shadowing healthcare professionals at the hospital.
- State Registered Nurse Aide (SRNA) – This class prepares students to take the written and skills test to become an SRNA which can lead to employment in long term care facilities and acute care hospitals.

- Opportunities to enhance cultural competency by working with Old Order Mennonite communities and New Americans.

CHHS Center for Environmental and Workplace Health (CEWH)

www.wku.edu/cewh (<https://www.wku.edu/cewh/>)

Dr. Gretchen Macy (gretchen.macy@wku.edu), Co-Director
(270) 745-5870

Dr. Edrisa Sanyang (edrisa.sanyang@wku.edu), Co-Director
(270) 745-3500

The mission of CEWH is to address environmental, occupational, and workplace health and safety issues through innovative education, research, partnerships, and service.

Objectives of the Center:

- Promote research, creativity and scholarly activity by faculty and students.
- Prepare students for lifelong learning and success.
- Enhance the diversity and international profile of faculty, staff and student populations.
- Expand WKU's economic impact on the region through student, faculty, and staff engagement.

CEWH serves to address environmental, occupational, and workplace safety and health research in the region. CEWH engages faculty, staff, and students through innovative research that enhances education, partnerships, and service offered by CHHS. CEWH brings together disciplines throughout CHHS and WKU to improve the health of the community and workers by understanding the risks and conditions associated with environmental and occupational diseases and injuries, to explore methods for reducing risks and for preventing or minimizing exposure to hazardous conditions in the environment and workplace, and to translate significant scientific findings into prevention practices, products, and innovations that will effectively reduce environmental and work-related hazards, illnesses, and injuries.

CHHS Center for Applied Science in Health and Aging (CASHA)

Dr. Jason Crandall (jason.crandall@wku.edu), Co-Director
(270) 745-2077

Dr. Matthew Shake (matthew.shake@wku.edu), Co-Director
(270) 745-3918

The CASHA was created in CHHS to engage in rigorous research to promote health, vitality, and human potential in the aging community through innovative education, research, partnerships, and service. CASHA will collaborate with community organizations and university partners to identify and address needs in the aging community. Findings will inform research, policy, practice, and program development. CASHA will integrate disciplinary perspectives in physical activity, health, human development, and cognitive psychology to optimize human potential. In addition, the Center seeks to develop the knowledge, skills, and dispositions of emerging scholars and practitioners by providing experiential and developmental learning opportunities for undergraduate and graduate students.

LifeSkills Center for Child Welfare Education and Research (LCCWEAR)

www.wku.edu/childwelfare (<https://www.wku.edu/childwelfare/>)

Dr. Austin Griffiths (austin.griffiths@wku.edu), Director
(270) 745-2676

The LifeSkills Center for Child Welfare Education and Research was established in CHHS as an applied research center designed to utilize multidisciplinary partnerships and collaborations to positively impact Kentucky's children and families through research, grants, and education. The Center will build on partnerships with statewide constituents to provide best practices in child welfare education. The Center will engage in child welfare research and grant activities that promote and support effective practice interventions with Kentucky's children and families.

Gerita Cook (gerita.cook@wku.edu), Coordinator
(270) 745-3762

The WKU CPR Training Center is dedicated to upholding the standards of the American Heart Association in accountability for instructors as well as excellent classroom training for the campus and the community. Classes are available to all faculty, staff, and students; as well as the general community. Available classes include: Healthcare Provider; Heartsaver CPR (adult, pediatric, infant), first aid, and bloodborne pathogens; and instructor courses for all disciplines.

This program is designed to provide advanced study in the growth and development of the individual and family. The program builds competence in human development, integration of theory into practice, program development, and research—preparing graduates to critically evaluate and synthesize issues related to children, youth, and families. Fieldwork is incorporated in the curriculum.

Program Admission

- An overall GPA of at least 2.75 (on a 4.0 scale) for all hours earned past the first 60-semester or 90-quarter hours of the baccalaureate degree.
- A 2-3 page letter of professional intent describing professional interests and career goals.
The letter of professional intent should be a measure of an applicant's writing style and writing ability and is expected to be well organized, free of typing and grammatical errors, and clearly written. It should have an introduction, clearly stated purpose, and contents that demonstrate the best impression of the applicant's writing. The letter of professional intent should articulate and demonstrate your specific qualifications for the program of study. We are interested in an applicant's reasoning for their intended course of study; therefore, each of the following points must be addressed:

- Why do you want to pursue this degree?
 - What are your career goals once you complete the program?
 - Describe an impactful situation or experience you have had working with children, youth, and/or families.
 - Describe the most important characteristics and qualities needed by professionals in working with children, youth, and/or families and where you stand relative to developing them.
- Three letters of reference from previous instructors, colleagues, or supervisors indicating the applicant's ability to succeed in graduate classes.

Dietetic Practice, Certificate (0451)

Program Coordinator

Ann E. Embry, ann.embry@wku.edu, (270) 745-4031

This graduate certificate program provides the knowledge and practice requirements established by the Accreditation Council for Education in Nutrition and Dietetics to be eligible to take the Registered Dietitian (R.D.) examination. Only students accepted into the WKU Dietetic Internship will be eligible for admittance to the Graduate Certificate in Dietetic Practice.

Program Admission

Acceptance into the Dietetic Internship is competitive and is managed through a national matching process. The Dietetic Internship Program/ Graduate Certificate requires the completion of 12 graduate credit hours and a minimum of 1200 hours of supervised practice in a variety of practice settings, including hospitals, long-term care/skilled nursing facilities, community nutrition programs, and other health/community organizations.

Applicants must meet the following requirements for entrance into the Dietetic Internship/Graduate Certificate:

- Completed a Baccalaureate degree.
- Earned an overall GPA of 3.0 on a 4.0 scale.
- Scored a minimum on the Graduate Record Examination of 142 on Quantitative and 144 on Verbal. All scores must be within 5 years of the time of application.
- Completed a Didactic Program in Dietetics (DPD) prior to the start date of the internship.
- Submitted a signed Declaration of Intent to Complete Degree or Verification Statement. Once accepted into the program, all interns must submit signed Verification Statements prior to the start date.
- Submitted online application through the national centralized application system. More information regarding the application process is available at www.wku.edu/ahs/dieteticinternship/index.php (<http://www.wku.edu/ahs/dieteticinternship/>).
- Submitted an application for admission to WKU Graduate School with appropriate fee (after being accepted into the Dietetic Internship).

Program Coordinator

Lauren E. Bland, lauren.bland@wku.edu, (270) 745-8860

This program is designed to prepare speech-language pathologists to meet the needs of those presenting with communication delays, differences, and/or disorders in a range of settings including hospitals, clinics, skilled nursing facilities, or schools. Graduates will meet the academic and clinical requirements of the American Speech Language and Hearing Association, leading to national certification and state licensure. The speech-language pathology program is accredited by the Council of Academic Accreditation in Audiology and Speech Language Pathology.

Program Admission

Applicants to the master's degree program in speech-language pathology must meet the following minimum requirements:

- Baccalaureate degree from a regionally accredited institution in the profession, OR outside of the profession and the following courses:
 - i. Normal Speech & Language Development
 - ii. Science of Speech & Hearing
 - iii. Phonetics
 - iv. Language Disorders
 - v. Articulation Disorders
 - vi. Speech Anatomy & Physiology
 - vii. Audiology
 - viii. Diagnostic or Assessment Procedures

The degree and/or prerequisite course(s) in communication sciences and disorders must be completed, in progress, or on the applicant's undergraduate plan of study when applying to the program.

- **Cumulative GPA of 3.0 for the last degree earned or the degree in progress**
- Clinical observation through a university program (25 hours of clinical observation supervised by a certified speech-language pathologist or audiologist) is preferred but not required
- The following prerequisite courses in basic sciences must be completed, in progress, or on the applicant's undergraduate plan of study when applying to the program:
 - i. Biological Science (science of living things such as biology, human anatomy)
 - ii. Physics or Chemistry
 - iii. Social Science (psychology, sociology, anthropology)
 - iv. Statistics

All prerequisite or basic science courses must be completed before beginning the graduate program.

- **Essential Functions:** Students must enter the program with a minimum level of ability in specific areas termed essential functions. Students must be able to meet minimum essential skills with or without reasonable accommodation during their internship or externship experience.

Applicants must also submit along with an application to the Graduate School:

- a. **Written Statement of Purpose/Goals** - This must be no more than 1 page typed, using a 12-point Times New Roman font, and double-spaced. The applicant's name and the date on which the statement was written should be noted at the top.

Visit www.wku.edu/communicationdisorders (<http://www.wku.edu/communicationdisorders/>) for designated topic when applying.

- b. Three (3) references listed with the reference's name, relationship to the applicant, address, phone number, and email address. Letters of recommendation should NOT be sent.
- c. Official transcripts from all colleges attended.
- d. Departmental Application must be completed and submitted to the Department of Communication Sciences and Disorders
- e. Finalists may be contacted to provide a short video presentation and/or interview to assess interpersonal communication.

Applications to the Speech-Language Pathology graduate program will be ranked based on scores in the following areas:

- Cumulative GPA
- Statement of purpose/goals essay
- Interpersonal communication

Accreditation standards require that the clinical education component of the curriculum provide students with access to a client/patient base that is sufficient to achieve stated mission and goals and includes a variety of clinical settings, client/patient populations, and age groups. Therefore, this department reserves the right to limit enrollment in geographical areas where there are known issues in obtaining sufficient and appropriate clinical sites for students. Check www.wku.edu/communicationdisorders (<http://www.wku.edu/communicationdisorders/>) for further information before applying to the program.

Any academic deficiencies required to meet certification requirements of the American Speech-Language-Hearing Association must be completed.

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Program Requirements (60 hours)

Sixty semester hours are required for both the thesis and non-thesis option. The research tool requirement (3 hours) may be met by successful completion of SLP 500 Research Methodology in Communication Disorders (or equivalent). Additionally, the student must complete at least 400 clock hours of clinical experience by graduation.

Summative evaluations are required by WKU Graduate School and our accrediting agency. Graduate Students in Speech-Language Pathology can fulfill the summative evaluation requirement by successful completion of one of the following: 1) passing a comprehensive examination; or, 2) passing a master's thesis defense. Students must pass the comprehensive examination or pass their thesis defense in the final semester of enrollment prior to graduation according to the deadline set by the graduate school.

In order to protect client populations, students will be required to undergo criminal background checks and provide proof of a recent physical examination, professional liability insurance, and negative TB test prior to beginning any clinical experiences, and these must be updated annually. Some clinical externship placements may require students to undergo drug testing and submit proof of health insurance, CPR training, and other immunizations prior to beginning off campus experiences. Additionally, there may be certifications, training seminars, or other requirements specified by an institution that a student must meet in order to be eligible for training at an educational or health care institution.

It is the responsibility of the student to ensure that all University and/or institutional requirements are met as a condition of participating in clinical experiences. It is the responsibility of the student to ensure that all institutional and/or facility requirements are met as a condition of participating in the on and off-campus experiences; students may be responsible in part or in full for any costs incurred to meet such requirements. Students are also responsible for transportation to and from off-campus experiences.

The DPT Program is designed to prepare students to plan and administer treatment to help patients regain diminished physical function lost secondary to injury or disease, to promote soft tissue healing, and to relieve pain. Determining the degree of impairment allows physical therapists to help patients return to full function by using various physical agents to decrease pain and by using therapeutic exercises to increase strength, endurance, and coordination.

The purpose of the DPT Program is to provide students pursuing a career in physical therapy the opportunity to acquire the knowledge and skills required for the safe practice of physical therapy. Students are prepared as generalists, but also have some opportunity to investigate specialized aspects of physical therapy through numerous clinical exposures. The program of study consists of 118 credit hours of graduate course work and consists of intense academic and clinical work spread over 3 years. These hours are divided between classroom, clinical, and research activities.

The DPT Program is an entry-level professional degree program designed to provide individuals with baccalaureate degrees and the appropriate prerequisite courses the knowledge and skills to develop clinical and research expertise in the field of physical therapy. Upon receiving the DPT degree, students will be eligible to sit for the licensure examination in physical therapy.

The Mission of the WKU Doctor of Physical Therapy program is to prepare physical therapists who improve the quality of life of their patients and clients, especially in rural and underserved communities.

In addition to formal lecture and laboratory courses, students are required to successfully complete clinical experiences usually conducted at external agencies/facilities. Due to the nature of these experiences and to stipulations established by agencies/facilities, specific requirements for students may exist to be eligible to participate in the clinical experiences. These requirements may include, but are not limited to, undergoing criminal background checks, drug testing, and TB skin tests; providing proof of health insurance, professional liability insurance, and/or immunization records or blood titers verifying proof of immunizations. These items may need to be updated annually. Additionally, there may be certifications, training seminars, or other requirements specified by the facility/agency that a student must meet in order to be eligible for clinical experiences at a facility. It is the responsibility of the student to ensure that all institutional and/or facility requirements are met as a condition of participating in any on or off-campus experiences; students may be responsible in part or in full for any costs incurred to meet such requirements. Student questions regarding the agreements with external agencies may be directed to the Director of Clinical Education of the DPT Program. Students are also responsible for transportation to and from off-campus experiences.

Program Admission

Admission to the program is competitive and limited to 30 students per class. Complete applications received by the application due dates will be reviewed by the Admissions Committee to determine which applicants will be invited to our Admissions Event. Following the completion of this event, the Admissions Committee will determine which applicants will be offered entry into the program. Due to the competitiveness for entry into the program and the limited spaces available, applicants that meet the minimum requirements are not ensured admission into the program.

The following are requirements for admission into the Doctor of Physical Therapy (DPT) Program:

- a. Baccalaureate Degree: Prospective candidates are required to earn a baccalaureate degree from an accredited college or university prior to matriculation.
- b. Prerequisite Courses: Prospective candidates must complete the following prerequisite courses:
 - Anatomy (1 semester with lab) AND Physiology (1 semester with lab); OR Anatomy & Physiology I and II (2 course sequence with labs)
 - Biology (2 semesters with labs)
 - General Chemistry (2 semesters with labs)
 - General Physics (2 semesters with labs)
 - All Biology, Chemistry and Physics courses MUST be appropriate for science majors; (Anatomy & Physiology courses are the exception)
 - Psychology (1 semester)
 - Statistics (1 semester)
 - No grade lower than a C (i.e. C-, D, F) is acceptable in the above prerequisite courses.
- c. Grade Point Average (GPA): A minimum cumulative GPA of 3.0 on a 4.0 scale, for both overall and prerequisite science courses.
- d. Graduate Record Exam (GRE):

- There is no minimum GRE score
- A composite score of 300 or higher on the verbal and quantitative sections of the GRE will be more competitive.
- A score of 3.5 out of 6 on the analytical writing section of the GRE will be more competitive.

e. Physical Therapy Observation Hours:

- PT hours are required - a licensed PT must verify hours w/ signed form uploaded or online via PTCAS.
- Total Number of PT Hours Required is 35 hours.

f. Application materials:

- Applicants are required to apply to **BOTH** Physical Therapist Centralized Application Service (PTCAS) and the WKU Graduate School
 - **NOTE: materials must be sent to both locations, there is no communication between PTCAS and the WKU Graduate School.**
- PTCAS Application Requirements:
 - Application & fee per PTCAS
 - Send official transcripts from all college, university, and professional coursework to PTCAS
 - Send official GRE scores to PTCAS (code 0557)
 - Send two (2) letters of recommendation to PTCAS
- WKU Graduate School Application Requirements:
 - Application & fee per the WKU Graduate School
 - Send official transcripts from all college, university, and professional coursework to WKU Graduate School, even if you do not have a grade for the course (i.e. course in progress)
 - Send official GRE scores to WKU Graduate School (code 0557)

Early and Standard Applications: (Applicants are required to apply to **BOTH** PTCAS and WKU Graduate School)

• **WKU Early Acceptance Process**

- WKU will offer its own internal acceptance process. A limited number of early acceptance class spaces will be available. To be considered for WKU early acceptance, applicants are required to complete the following:
 - ALL standard PTCAS requirements (application, transcripts, and GRE scores) must be received by PTCAS by the dates indicated in the WKU DPT program page in PTCAS.
 - ALL standard WKU Graduate School Application requirements (application, fee, transcripts, and GRE scores) must be received electronically by the WKU Graduate School by dates indicated in the WKU DPT program page in PTCAS.
- In order to be considered for the WKU Early Acceptance process (and begin the WKU DPT program in the next admissions cycle), **ALL application materials must be received by both PTCAS and WKU as indicated above.**
- Applicants must indicate their desire to be considered for the WKU Early Acceptance process on the appropriate PTCAS Custom Question, as well as notify the WKU DPT Program of your desire to be considered for WKU Early Acceptance.
- Minimum Requirements to be considered for early decision:

- Overall GPA 3.6
- Science Prerequisite GPA 3.6
- GRE-V 150
- GRE-Q 150
- For those who desire to be considered for Early Acceptance, six (6) of the eight (8) science courses **MUST** be completed prior to submission of the PTCAS application.

• **Standard Decision**

- WKU DPT participates in PTCAS Standard Application process to fill the remaining cohort.
- For those who desire to be considered for the Standard Decision process, five (5) of the eight (8) science courses **MUST** be completed prior to submission of the PTCAS application.
- ALL PTCAS requirements (application, transcripts, and GRE scores) must be received by PTCAS by the dates indicated in the WKU DPT program page in PTCAS.
- ALL WKU Graduate School Application requirements (application, fee, transcripts, and GRE scores) must be received electronically by the WKU Graduate School by dates indicated in the WKU DPT program page in PTCAS.
- Academic Update through PTCAS may be required after Fall course grades have been posted, provided you were enrolled in courses during the Fall semester.

g. Admissions Event (Interviews may be required)

- Completed applications will be reviewed by the Admissions Committee, resulting in the top applicants being invited to the WKU DPT Admissions Event. Refer to the WKU DPT Program page in PTCAS for details. Attendance at the Admissions Event is **REQUIRED** for final consideration for admission.
- The admission committee will consider attendance hardships on a case-by-case basis.

h. Technical Standards: Students are required to enter the program with a minimum level of ability in specific areas termed “technical standards.” For successful admission into the program, students are required to meet the minimum technical standards with or without reasonable accommodation as part of the Core Performance Standards as stated in the DPT Program Student Manual and Program Policies and Procedures. Upon admission to the Program, you will be provided a copy of the WKU DPT Technical Standards. For successful admission into the program, you will be required to sign documentation that you understand the implications and content in each section, as well as signify whether you will or will not require reasonable accommodations.

- *Students will be notified at orientation day that if they need reasonable accommodations at any time, they can request them by contacting the WKU SARC.

Environmental and Occupational Health Science, Master of Science (0473)

Program Coordinator

Edrisa Sanyang, edrisa.sanyang@wku.edu, (270) 745-3500

The graduate program in Environmental and Occupational Health Science is designed to provide graduate education for careers focused on the protection of human health and prevention of health hazards in occupational and natural environments. A key component of the program is to understand how exposure to environmental and occupational hazards occurs, and discovering ways to reduce and control the risk of exposure. This interdisciplinary field focuses on environmental hazards to human health, assessment of exposures, mechanisms of environmental response, control of risks associated with environmental hazards, and improving occupational health. Program requirements will provide students a foundation of advanced studies that will increase their skills and knowledge for protecting human health and the environment. This program is designed for working professionals and students desiring opportunities with industry, consulting firms, government agencies, and other environmental and occupational health science professions.

The Master of Science in Environmental and Occupational Health Science is accredited by the National Environmental Health Science and Protection Accreditation Council (EHAC). The program is also designated as Qualified Academic Program by the Board of Certified Safety Professionals (BCSP). This provides graduates the opportunity to apply with BCSP for Graduate Safety Professional (GSP) designation.

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

In addition to Graduate School admission requirements, admission requires the equivalent of an undergraduate major in environmental health science and occupational health and safety including supporting courses in science and mathematics. Exceptions may be made for students with undergraduate degrees in other disciplines; however, additional courses may be required.

Admission *may be* granted to applicants who fulfill one of the following conditions: 1) Completion of the Occupational Safety and Health graduate certificate with a cumulative GPA of at least 3.0 on a 4.0 scale; OR 2) Minimum cumulative GPA of 2.75 or greater on a baccalaureate degree or equivalent international degree; OR 3) Minimum GPA of 3.0 on a degree higher than baccalaureate or equivalent international degree.

Epidemiology, Certificate (1751)

Program Coordinator

Xiuhua Ding, xiuhua.ding@wku.edu, (270) 745-3618

Epidemiology, as defined by the World Health Organization, is the study of the distribution and determinants of health-related states or events in specified populations, and the application of this study to the control of health problems. This graduate certificate develops competencies in epidemiology, including those related to disease measurement and distribution, outbreak investigations, prevention and control, and applied analytical methods in public health.

Health Administration, Master of Health Administration (153)

Program Coordinator

Gregory E. Ellis-Griffith, gregory.ellis-griffith@wku.edu, (270) 745-3076

The Master of Health Administration (MHA) degree program prepares graduates for administrative and managerial positions in different types of health care facilities and agencies including: acute care, long-term care, group medical practices, managed care organizations, public health agencies, clinics, and health related organizations such as pharmaceutical firms, medical equipment firms, and consulting firms. There are two options MHA options for candidates who meet the admission requirements: the traditional or residential MHA program and the online Executive MHA program. Both programs consist of 42 semester hours but with different admission requirements as shown below.

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

Students from various undergraduate backgrounds, who meet the university graduate admissions requirements, including a 2200 GAP score (the product of GRE and overall undergraduate GPA) or the equivalent required for general admission to Graduate School, may be admitted to the program. Applicants must score at least 450 on each of the two GRE sections (verbal + quantitative) in order to be considered for admission unless conditional admission is given, and must score a 3.5 or better on the Analytical Writing section. International students must also submit a letter of intent regarding the MHA Program degree and attain the minimum acceptable TOEFL or IELTS Academic Version test scores as stipulated by the Graduate School. For the Executive Master of Health Care Administration Program option, health care executives, physicians and other health care professionals with at least five years of work experience who otherwise meet university admission criteria in the application for the MHA program are not required to take the GRE. Evidence of outstanding performance in health services would be required and interviews shall be conducted on a case-by-case basis in the admission decision for health care professionals with less than five years of work experience.

Public Health, Master of Public Health (152)**Program Coordinator**

Xiuhua Ding, xiuhua.ding@wku.edu, (270) 745-3618

The Master of Public Health (MPH) is a professional practice degree that prepares students for a wide range of health professions. The 42 credit-hour program, accredited by the Council on Education for Public Health (CEPH), is offered on WKU's campus and in a fully online format. Beyond the required core courses, MPH students work in partnership with their advisor to select electives and tailor a program that meets their professional and academic goals related to public health. The MPH program is competency-based and focuses on applied and integrative learning. Students are required to successfully complete and defend a capstone project, which could include a thesis, prior to graduation.

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

In addition to the criteria set forth by the graduate school, applicants must meet one the following criteria to be fully admitted into the MPH program:

- GRE minimums of 145 verbal, 148 quantitative, and 3.0 analytical writing score; OR
- cumulative undergraduate GPA of at least 3.2 on 4.0 scale from a regionally-accredited US institution of higher education; OR
- current enrollment in a regionally-accredited US medical school or doctoral program; OR
- graduation from a regionally-accredited US medical school, master's, or doctoral program; OR
- cumulative undergraduate GPA of at least 3.0 on 4.0 scale from a regionally-accredited US institution of higher education and a minimum of three years of professional public health experience.

Applicants who do not meet any of these criteria may be admitted conditionally into the MPH program.

All Applicants must submit the following:

- Written personal statement.
- Resume or Curriculum Vitae
- Contact information for at least two professional references

Workplace Health Promotion, Certificate (1746)

Program Coordinator

Gretchen M. Macy, gretchen.macy@wku.edu, (270) 745-5870

The graduate certificate program in Workplace Health Promotion will provide training for students and professionals who have an interest in developing health promotion programs in the workplace. This certificate program will provide a comprehensive skill base for assessment, planning, implementation and evaluation of health promotion programs in a workplace environment, effective communication techniques and a basic understanding of workplace hazards. This certificate will also introduce students to the Total Worker Health concept, which is a Centers for Disease Control and Prevention (CDC) initiative to integrate health promotion and health protection.

The Master of Social Work (MSW) program at Western Kentucky University (WKU) prepares students for professional social work practice at the graduate level to meet the needs of increasingly diverse rural populations. It is particularly dedicated to addressing the work-force needs of agencies that serve families and communities. Moreover, the MSW curriculum emphasizes social work practice at the advanced level in rural communities.

There are two program concentrations for students meeting the admission requirements outlined below. The Traditional Program concentration requires 60 semester hours for students with a baccalaureate degree in any field and may be taken full or part-time. The Advanced Standing Program concentration requires 30 semester hours for students who have earned a bachelor of social work (BSW)

degree from an accredited social work program and who have fulfilled the additional admission requirements outlined below. The Advanced Standing concentration may be taken full or part-time as well. Both concentrations require students to complete SWRK 661 as a capstone course prior to graduation. This course integrates the entire curriculum in a comprehensive practice experience. Students are required to pass a comprehensive examination, the Practice Readiness Exam, prior to graduation.

Concentration(s)

- Traditional Program (TSP)
- Advanced Standing Program (ASP)

Program Admission

Admission Requirements for the 60 hour Traditional Program Concentration

- 2.75 or greater undergraduate degree GPA. Students with a lower GPA may apply for Alternate Admissions (See Alternate Admissions and Admissions Appeal Process).
- A Western Kentucky University Master of Social Work program application, personal statement, and writing sample.
- Three completed WKU Master of Social Work program reference forms.
- Liberal arts background - at least 30 hours in liberal arts coursework (social sciences, humanities, natural sciences, communications, mathematics, etc.), including at least one course in sociology, psychology, OR anthropology AND at least one course in American government, political science, OR economics. All courses counted towards the liberal arts requirement must have been completed with a final grade of "C" or higher. Applicants may be enrolled in liberal arts prerequisite courses while their MSW applications are being evaluated, but all of these courses must have been successfully completed before admission to the program. Offers of admission will be contingent upon the successful completion of all required courses.
- An interview may be required.

Alternate Admissions for the 60 hour Traditional Program

An applicant who believes that her/his individual circumstances warrant consideration for a waiver of the minimum admissions requirement of an undergraduate GPA of 2.75 must petition the MSW Program Director. Students must meet all other traditional program admission requirements. The request should be attached to the MSW application in the form of a statement entitled "Petition for Exceptional Consideration." The petition should include a statement indicating how failing to meet the minimum admission requirement of a 2.75 GPA does not adequately represent the applicant's capabilities. The applicant should briefly discuss her/his demonstrated capacity for successful achievement of an arduous MSW program. For example, an applicant might provide evidence of:

- Superior grades during the final semester(s) of work prior to graduation indicating a trend toward improved performance;
- Competence through achievement in another graduate program;
- Outstanding work experience in human services (volunteer or paid); and/or
- Subsequent successful undergraduate or graduate level coursework.

The applicant should also discuss how she/he plans to address potential obstacles to successful completion of the program. Finally, the applicant should attest to the accuracy of all information provided in the petition,

date and sign the document. The petition must be submitted with the application.

Admission Requirements for the Advanced Standing Program Concentration

- Completion of a Bachelor of Social Work (BSW) degree at a Council on Social Work Education (CSWE) accredited institution within the previous seven years with at least a 3.0 undergraduate degree GPA, OR with a 2.75 to 2.99 undergraduate degree GPA and an interview may be considered for admission, as part of the application process.
- Satisfactory completion of a minimum of 400 hours of educationally based field instruction in direct practice with individuals, families, groups, and communities under appropriate social work supervision. A copy of the student's final field evaluation must be submitted.
- Completion of courses from the following subject areas within an accredited social work program at the upper-division (junior and senior) level with a grade of "C" or better in each course: Human Behavior and the Social Environment - one course; Social Welfare Policy and Services - one course; Social Work Practice - two courses to include study of intervention methods with individuals, families, small groups and communities; Social Work Research - one course in research methodology.
- A Western Kentucky University Master of Social Work program application, personal statement, and writing sample.
- Three completed WKU Master of Social Work program reference forms.
- Liberal arts background - at least 30 hours in liberal arts coursework (social sciences, humanities, natural sciences, communications, mathematics, etc.), including at least one course in sociology, psychology, OR anthropology AND at least one course in American government, political science, OR economics. All courses counted towards the liberal arts requirement must have been completed with a final grade of "C" or higher. Applicants may be enrolled in liberal arts prerequisite courses while their MSW applications are being evaluated, but all of these courses must have been successfully completed before admission to the program. Offers of admission will be contingent upon the successful completion of all required courses.
- An interview may be required for purposes in addition to undergraduate GPA.

Danilo V. Tulusso, danilo.tulusso@wku.edu, (270) 745-2004

The M.S. in Kinesiology, Exercise Physiology concentration prepares students to pursue various health/wellness, fitness, rehabilitation, performance-based and research careers. Students looking to further develop their knowledge and skills in the field of kinesiology/exercise physiology in preparation for a professional career will do so through

relevant coursework, laboratory experiences, practical experiences, and a field experience and/or research project tailored to their personal interests and goals. Students interested in pursuing a doctoral program will also have the opportunity to engage in faculty-led and self-directed research, in addition to relevant coursework, which will foster the development of advanced methodological and laboratory skills necessary for doctoral level study. The Exercise Physiology concentration does not lead to rank change for Kentucky teachers.

The M.S. in Kinesiology, Physical Education Teacher Leader concentration focuses on teaching and meeting the Kentucky teacher requirements for advanced teaching standards. The concentration requires 10-16 credit hours of Professional Education Core, including 3 credit hours of Action Research; and 15 credit hours of Physical Education Specialization courses. The Teacher Leader concentration is designed to develop Teacher Leaders who can positively impact student learning in their classrooms and schools. Courses and experiences include Professional Learning Communities in which students interact with other graduate students from various content areas to discuss and work on real world challenges and promising practices they encounter in schools.

Physical Education Teacher Leader Concentration (31 hours)

The program is divided into two instructional components. The first component, Professional Education, provides advanced level pedagogy, leadership, and content related to Kentucky Teacher Standards and applicable to all P-12 teachers working in various grade levels, content, and community areas. The second component is the specialization that allows the candidate to expand content, pedagogy, and/or leadership skills. The Physical Education Teacher Leader concentration consists of KIN 503, KIN 505, KIN 508, KIN 520, and RSA 534. This specialization allows for professional growth concurrent with the goals of the candidate. An Action Research Project for Teacher Leaders focusing on a classroom, school, or district issue is the capstone for the completion of the degree.

During the first course in the program, TCHL 500, students will complete an assessment process that will be used in determining which TCHL core courses they must take in the professional education core. All students must complete TCHL 500, TCHL 530, TCHL 545, TCHL 555, TCHL 559, and TCHL 560 or pass proficiency evaluations for TCHL 545 and TCHL 555.

Mid-Point Assessment Requirements

To ensure that all master's candidates are proficient on Advanced Level Kentucky Teacher Standards, all Critical Performances associated with the above TCHL courses must be completed, even if a candidate's program of study does not include the courses. Candidates may only complete 6 hours in Level 2 before they have uploaded all Critical Performances and have achieved an average score of 3.0 on all performances and an average score of 3 on dispositions. Additional course work during Level 2 may be required based on the assessment results.

Recreation and Sport Administration, Master of Science (095)

Program Coordinator

Thomas B. Stinnett, brad.stinnett@wku.edu, (270) 745-4329

This program is designed to prepare professional Recreation and Sport Administration practitioners for a wide range of occupations. The program offers five concentrations: General; Athletic Administration and Coaching; Facility and Event Management; Sport Media and Branding; and, Intercollegiate Athletic Administration.

The General concentration provides opportunity for study in a specialized area of recreation and sport as students select three elective courses in their area of interest. The Athletic Administration and Coaching concentration provides an opportunity for persons interested in interscholastic Athletic Administration and Coaching to gain knowledge, research and experience in this dynamic area. The Facility and Event Management concentration allows for professional development in the rapidly growing discipline of facility and event management. The Sport Media and Branding concentration is designed for students interested in sport media relations, sport branding, digital media production and distribution, and sport sponsorships. The Intercollegiate Athletic Administration concentration is designed for individuals looking to enter the field or professionalize their experience in intercollegiate athletics.

Concentration(s)

- General (RECG)
- Athletic Administration and Coaching (REIA)
- Facility and Event Management (REFM)
- Intercollegiate Athletic Administration (REAA)
- Sport Media and Branding (RESN)

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

Applicants to the Recreation and Sport Administration graduate program must submit the following:

- A bachelor's degree from an accredited college or university
- An official transcript from the college or university granting the baccalaureate degree
- A cumulative baccalaureate grade point average (GPA) of at least 2.75 on a 4.0 scale. Applicants with a cumulative GPA between 2.5 and 2.75 may be considered for conditional admission if they have:
 - A GPA of at least a 2.75 on a 4.0 scale in the last 60 hours completed OR
 - A GPA of at least a 3.0 in the major content area on a 4.0 scale
- A Statement of Professional Intent which adheres to the following guidelines. Statement should provide a sample of the applicant's writing style and ability. It should be 2-3 double-spaced pages in length and is expected to be well organized, clearly written, and error free. It should include an introduction, responses to the three questions listed below, and a conclusion:
 - Why do you want to pursue this degree?
 - What related qualifications and/or experiences do you bring to the program?
 - What are your career goals after completing the program?

Conditional Admission Requirements

The KRS Graduate Committee may conditionally admit individuals not meeting the above criteria with the additional submission of the following for review:

- A resume including career objective, professional experience, and relevant coursework completed

If accepted conditionally, students must complete the following to be moved from conditional admission to full admission status:

- Must maintain at least a 3.0 overall GPA in the first 12 credit hours
- Must not receive a grade below B in the first 12 credit hours

Students meeting these requirements in the first 12 hours will be fully admitted. Students who do not meet these requirements in the first 12 hours will be dismissed from the program.

The purpose of the WKU College of Health and Human Services' Institute for Rural Health is to identify rural health and human service needs and facilitate collaborative arrangements engaging WKU students and faculty with community agencies in addressing these needs. The Institute works closely with the departments and schools within the College of Health and Human Services. Resources include the WKU College of Health and Human Services' Mobile Health and Wellness Unit and the Mobile Dental Health Unit. The Institute plays a major role in assisting CHHS in maintaining the focus of student engagement and community service, while promoting collaborative research.

The mission of the IRH is to steward a high quality of life for rural populations and underserved areas: by engaging students and faculty in service learning and research; by providing clinical services; and by serving as a global resource for improving health in rural communities. Staff and students within the College of Health and Human Services provide the services which include oral exams, dental cleanings, dental sealants, fluoride varnishes, preventive health screenings, immunizations, and health education/promotion. The target area to provide these services is the ten-county Barren River District Development area.

This certificate is for students who have completed a master's degree or higher in nursing and desire to pursue a non-degree course of study that leads to eligibility to take a national Family Nurse Practitioner certification examination.

Program Admission

Admission to the Post MSN Certificate is competitive and limited to available space, clinical sites, and clinical preceptors. Following initial review, if applicant meets minimum admission standards, consideration is given to the applicant's professional work experience, statement of professional and personal goals, and professional references. An interview may be requested following a review of admission materials but does not assure acceptance into the program.

Minimum Admission Standards

- Earned MSN, DNP or higher degree in nursing from nationally accredited nursing program
- Hold unencumbered or have applied for RN licensure in Kentucky or compact state
- Submission of official transcripts that document a cumulative MSN GPA of at least 3.0 on 4.0 scale
- One year of full-time clinical experience as a registered nurse in a setting supporting primary care practice such as acute care, long term care, home health, etc.

Additional Required Application Materials

- A written goal statement (500-700 words in length, 12 pt. font, in Microsoft Word or RTF) describing your personal and professional career goals; your academic strengths and weaknesses; planned location of clinical practicum experiences and potential clinical preceptors; and role change anticipated following completion of certification
- Three professional references (on form provided) to include current nurse manager or nurse administrator and nurse faculty if a recent (<3 yrs.) MSN graduate.
- Professional resume

All program admission materials must be received prior to the due date noted on the program web page. An interview may be offered following a review of admission materials. Completion of an interview and acceptance by the Graduate School does not assure acceptance into the certificate program. Incomplete applications will not be considered for admission. Applicants must reapply to be considered for the next admission cycle by updating the Graduate School application, and submitting all required program materials.

Nursing Practice, Doctor of Nursing Practice (0011)

Program Coordinator

Tonya M. Bragg-Underwood, tonya.bragg-underwood@wku.edu, (270) 745-4377

The WKU Doctorate of Nursing Practice (DNP) program is a practice focused degree preparing advanced practice nurses to assume leadership roles in healthcare. The curriculum, based on a scientific foundation for advanced practice, is designed to emphasize evidence-based practice, leadership, health policy development, and organizational analysis and change. The Post-MSN and the BSN to DNP options are available. The BSN to DNP option offers two concentrations: Family Nurse Practitioner (FNP) and Nurse Executive. Both options complete a practice immersion experience and culminating DNP Project. BSN to DNP FNP concentration students are eligible to sit for national certification as a FNP.

Concentration(s)

- BSN to DNP, Family Nurse Practitioner (DNPF)
- BSN to DNP, Nurse Executive (DNPE)
- MSN to DNP (DNPN)

Program Admission

- BSN or MSN from a CCNE (Commission on Collegiate Nursing Education) or Accreditation Commission for Education in Nursing (ACEN, formerly NLNAC/National League for Nursing Accrediting Commission) accredited nursing program
- GPA - 3.25 cumulative in BSN or MSN
- Undergraduate degree from an international university outside the U.S. or English is second language submit appropriate TOFEL scores (policy established by the Graduate School)
- Three professional references
- Written goal statement
- Resume highlighting past education, relevant clinical experience, scholarly endeavors and professional service (BSN to DNP students must document one year of full time experience as a registered nurse prior to enrolling in a clinical course)
- Professional license
 - MSN - current and unencumbered RN and APN license (if applicable) in the state residence in which clinical experiences will be completed.
 - BSN - current and unencumbered RN license in Kentucky or compact state

The following requirements only apply to the MSN to DNP option:

- Completed verification of post-baccalaureate practice hours form. (Applicants who cannot demonstrate a minimum of 500 clinical

clock hours in graduate program will be expected to complete clinical course work beyond the proposed curriculum.)

- Graduate level statistics course within past 5 years

Following review of the admission materials by the Graduate Committee, applicants may be invited to interview with graduate faculty. Admissions are competitive. Documentation that an applicant meets the minimum admission requirements does not ensure admission to the program. It is expected that applicants have moderate technology skills and access to a personal computer and high speed DSL or broadband internet service.

The WKU DNP program is a practice focused degree preparing advanced practice nurses to assume leadership roles in healthcare. The curriculum is based upon a strong scientific foundation for practice and is designed to emphasize evidence-based practice, leadership, health policy development, organizational analysis, and change.

Two options are available in the DNP program: MSN to DNP and BSN to DNP. The BSN to DNP has two concentrations: Family Nurse Practitioner (FNP) and Nurse Executive (NE). BSN to DNP FNP concentration students are eligible to sit for national certification as a FNP.

All students complete a practice immersion experience and culminating DNP Project with a patient population or in a healthcare system that demonstrates application of advanced clinical and evidence-based practice. It will serve as a foundation for future scholarly practice.

The purpose of the MSN program is to develop expertise in advanced nursing skills that demands increased accountability, proficiency, and leadership.

The MSN-Master's Entry Professional Nursing (MEPN) is a combined undergraduate master's program that allows the student with a previous baccalaureate degree in a field other than nursing to concurrently obtain the BSN and MSN to become eligible for licensure as an RN. The combined undergraduate master's degree – MEPN concentration will allow for concurrent undergraduate and graduate curriculum study that permits the student to complete up to 12 hours of graduate coursework

as an undergraduate student. Nine credit hours earned from NURS 535, NURS 621, and NURS 624 courses will count toward both the BSN (50 hours) and MSN (31 hours) degrees for a total of 72 credit hours in the combined program. BSN and MSN learning objectives are met in this combined program as stated in the BSN and MSN Program Outcomes Course Map: <https://www.wku.edu/nursing/mepn.php>.

The MSN-Psychiatric Mental Health Nurse Practitioner (MSNS) builds on the baccalaureate of science in nursing for those who wish to be certified as Psychiatric Mental Health Nurse Practitioners.

The MSN-Family Nurse Practitioner (MFNP) builds on the baccalaureate of science in nursing for those who wish to be certified as Family Nurse Practitioners.

Additional Required Application Materials:

- a. A written goal statement (500-700 words in length, 12 pt. font, in Microsoft Word or RTF) describing your personal and professional career goals; your academic strengths and weaknesses; life modifications you will make to help you be successful in the program; and, your understanding of online or independent learning.
- b. Three professional references (on form provided) to include nurse manager or nurse administrator and nursing faculty if a recent (<3 yrs.) BSN graduate.
- c. Professional resume
- d. All program admission materials must be received prior to the due date noted on the program web page. An interview may be offered following a review of admission materials. Completion of an interview and acceptance by the Graduate School does not assure acceptance into the MSN program. Incomplete applications will not be considered for admission. Applicants must reapply to be considered for the next admission cycle by updating the Graduate School application and submitting all required program materials.

**The Graduate Faculty may schedule a personal interview after all required forms have been received.*

History

The long, rich history of the Gordon Ford College of Business is traced back to 1874. Its forerunner, Bowling Green Business University (BU), was a prestigious private four-year business college. In June 1963, the Western Kentucky State Normal School (later Western Kentucky University) assumed the business programs of the BU and named it the Bowling Green College of Commerce in 1964. To honor the generosity of Gordon B. Ford, the college was renamed the Gordon Ford College of Business in December of 1998, becoming the second named business school in Kentucky. The Association to Advance Collegiate Schools of Business, AACSB, accredits all business programs offered by the College. WKU is one of only three universities in the Commonwealth of Kentucky to have “dual accreditation” meaning that both its business and accounting programs are AACSB accredited.

Mission

The mission of the Gordon Ford College of Business is to actively support and engage students, faculty, staff, and community in academic and lifelong professional development, providing the foundation needed to lead in today's diverse business environments.

Center for Applied Data Analytics

Ray Blankenship, Interim Director

Grise Hall 231

(270) 745-5952

The mission of the Gordon Ford College of Business Center for Applied Analytics is to advance the science and practice of business analytics by bringing together professional and community-based constituents, faculty, and students; to promote economic development, collaborative research, outreach, and education in the areas of applied analytics. We achieve our mission using our primary goals.

Outreach

- Enhance the economic impact to the geographic area served by Western Kentucky University by analyzing customer, production, operational, and market data to improve decision making and enhance the quality of their company's products and services.
- Assist clients in synthesizing, aggregating, and analyzing data.

Education

- Train students and business professionals to leverage appropriate technologies and best practices used in data analytics.
- Provide our students with real-world experience and internships which promote potential job opportunities.

Collaborative Research

- Serves as a central facility to bring together expertise from a wide variety of disciplines.
- Perform applied interdisciplinary research that aids all aspects of our overall goals.

Lukas Forbes (lukas.forbes@wku.edu), Director

(270) 745-2993

Welcome to the WKU Center for Professional Selling. Our Sales Program is one of 20 Fully Certified Sales Programs in the United States as a

member of the University Sales Center Alliance, and we are one of eight programs in the country offering an academic major and minor in sales.

The WKU Center for Professional Selling is the only certified program in the Commonwealth of Kentucky and the surrounding geographic area.

This Center was formed in July 2007 with two specific goals:

- a. Education Focus: Enhance the perception of the sales profession while preparing students for a career in sales. Development of appropriate curriculum to include both a major and minor in Sales.
- b. Business Focus: Strengthen the relationship between WKU and Corporations. Develop partnerships with corporations to provide real-world classroom activities in addition to internship or full-time employment opportunities.

Since 2007, our growth has been outstanding! We have grown more than 300% in the last decade and are among the fastest growing programs on campus. Currently, we have nearly 300 students who are either majoring or minoring in sales. Within that minor, more than 20 different majors are represented, ranging from finance to public relations and agriculture to psychology.

Program Coordinator

Stacy R. Bibelhauser, stacy.bibelhauser@wku.edu, (270) 745-3194

The Master of Accountancy & Data Analysis (MADA) is an advanced program of study designed to provide students with an expanded understanding of accounting, data analytics and business by building on the foundation gained in an undergraduate accounting program. The program provides a graduate-level curriculum to accommodate the growing body of knowledge in accounting and equips accounting students with additional skills and competencies. Graduates are prepared to research various databases related to accounting topics, perform data analysis and/or cybersecurity procedures, exercise judgment in making accounting-related decisions, and effectively communicate the results of the research and analysis. Teaching methods vary with a mix of lectures, case studies, special projects, and research activities. In addition to completing the 30 hours of coursework, each student is encouraged to participate in a professional certification review program.

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate

degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

In order to be considered eligible for admission to the Master of Accountancy & Data Analysis (MADA), an applicant should satisfy the following requirements:

- An application to Graduate School.
- Official transcript(s) of all college work attempted indicating the applicant has received an undergraduate degree in accounting from an accredited college or university with a minimum undergraduate GPA of 3.25 (4.0 scale) for the terms in which the student completed the last sixty (60) hours of undergraduate coursework.
- Official Graduate Management Admissions Test (GMAT) score report with a minimum score of 500.
- A grade of a "C" or better in all undergraduate accounting courses.
- International students must provide evidence of their ability to communicate in English in both oral and written form. (For written skills, a minimum of 550 on the paper based TOEFL or a minimum of 79 on the iBT TOEFL).
- International students must submit transcript evaluations on a course level basis prepared by WES or similar organization. (The Kentucky State Board of Accountancy requires course credits to be certified by the Foreign Academics Credentialing Service or another credentialing agency that is a member of the National Association of Credential Evaluation Services, Inc.).
- An applicant with an undergraduate degree in an area other than accounting who meets the other criteria may be considered for the program upon the completion of additional undergraduate and/or graduate accounting coursework.

**These minimum requirements establish eligibility for admission, but do not guarantee acceptance into the program.*

Interim Program Coordinator

Dr. Christopher Biolsi, christopher.biolsi@wku.edu

The Master of Arts in Applied Economics offers three concentrations: General concentration, Mathematical Methods concentration, and Business Economics concentration. The General concentration emphasizes the training of students with backgrounds in economics and other arts and sciences for careers that require strong quantitative skills, technical tools, and communication abilities that can be applied to a broad range of subjects. The Mathematical Methods concentration is designed for students with a strong background in mathematics to gain

applied knowledge in economics. The Business Economics concentration couples the economic theory and research methods with coursework from the MBA program to prepare students for careers in the private sector. Students in the Business Economics concentration can earn graduate certificates in Economic Data Analytics, and either Supply Chain Management or Data Analytics certificates while completing the program.

Students in any of the three concentrations may also enroll in approved courses from related master programs including but not limited to the Master in Business Administration, the Master in Public Administration, and the Master in Health Administration to enhance their range of knowledge and experience. In addition to course work, the program utilizes practicum, an end-of-program applied project, and non-credit workshops to build specific technical skills and to enhance employability of graduates.

Through a partnership with SAS Institute, students enrolled in the program may be able to earn a Tier 1 SAS Academic Specialization in Economic Data Analytics: <https://www.credly.com/org/sas/badge/sas-western-kentucky-university-academic-specialization-in-economic-data-analytics> (<https://www.credly.com/org/sas/badge/sas-western-kentucky-university-academic-specialization-in-economic-data-analytics/>)

- Official GRE score taken within the last five years. Minimum GRE quantitative score of 147 on a 170 point scale. Alternate graduate admission test scores such as the GMAT or LSAT will be considered on a case by case basis.

¹ All applicants must have completed an introductory microeconomics course (ECON 202 or equivalent), an introductory macroeconomics course (ECON 203 or equivalent), and an introductory statistics course (ECON 206 or equivalent). Students who have not completed an intermediate level course (300 level or higher) in microeconomics, macroeconomics, or statistics are advised to complete online preparatory work in the area of deficiency prior to admission.

Mathematical Methods Concentration

- Graduate School admission application which includes submission of official undergraduate degree transcripts with a major in Economics, Mathematics, Math-Econ or other related majors.²
- Three letters of recommendation from individuals familiar with the student's academic performance.
- Minimum undergraduate GPA of 2.75 (4.0 scale).

- Official GRE score taken within the last five years. Minimum GRE quantitative score of 147 on a 170 point scale. Alternate graduate admission test scores such as the GMAT or LSAT will be considered on a case by case basis. GRE requirement is waived for students who have earned an undergraduate degree from WKU and have a minimum GPA of 3.3 in their major.

² All applicants must have completed a calculus sequence through multivariable calculus, discrete mathematics, principles of micro- and macroeconomics, and one semester of junior or senior level probability theory.

Business Economics Concentration

- Graduate School admission application which includes submission of official undergraduate degree transcripts.¹
- Three letters of recommendation from individuals familiar with the student's academic performance.
- Minimum undergraduate GPA of 2.75 (4.0 scale).
- Official GRE score taken within the last five years. Minimum GRE quantitative score of 147 on a 170 point scale. Alternate graduate admission test scores such as the GMAT or LSAT will be considered on a case by case basis.

Economic Data Analytics, Certificate (0491)

Interim Program Coordinator

Dr. Christopher Biolsi, christopher.biolsi@wku.edu
(%20christopher.biolsi@wku.edu)

This graduate certificate will help prepare professionals for jobs in both public and private sector. Students will demonstrate advanced knowledge in quantitative economics disciplines including applied economic statistics, econometrics and time series forecasting, as well as data management skills.

Program Admission

Admission to the certificate does not require or include admission to the MA in Applied Economics program. Applicants are required to have completed an introductory statistics course prior to enrolling in the certificate program.

Dana M. Cosby, dana.cosby@wku.edu, (270) 745-6581

The Master of Business Administration (MBA) prepares graduates for successful business and organizational leadership careers. To deepen their expertise, students will select two of the following concentrations: Supply Chain Management, Business Data Analytics, Cybersecurity Management, Enterprise Management, or Executive Decision Making.

Concentrations

- Supply Chain Management (SCMA)
- Business Data Analytics (BUDA)
- Cybersecurity Analytics (CYSA)
- Enterprise Management (ENTM)
- Executive Decision Making (EXDM)

Program Admission

Applicant materials are reviewed on a rolling basis. Students accepted into the MBA program will receive written notification and additional orientation materials. Students not admitted will be notified in writing and may be encouraged to reapply during the next regular admissions cycle.

The admission process for the MBA program at Western Kentucky University involves the following steps and requirements¹:

- Completion of Graduate School admission application and a current resume with two references listed.
- Applicants seeking admission must meet the following criteria: minimum undergraduate overall grade point average of 2.75 on a 4.0 scale and 3 to 5 years of professional experience.
- Applicants who have limited prior academic background in basic business may be required to demonstrate proficiency in major areas by successfully completing one of the following:
 - one or more preparatory courses as specified by the MBA Director;
 - one or more core area proficiency exams (fees required).

¹ These minimum requirements establish eligibility for admission, but do not guarantee acceptance.

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

The WKU Stackable MBA offers students the flexibility of choosing a combination of two of the GFCB Certificate programs plus two courses.

Mission

The mission of Ogden College of Science and Engineering is to empower individuals to become leaders through academic achievement, global connections, and engagement in research, education and service.

Vision

Ogden College of Science and Engineering is a community of creative and critical thinkers achieving local to global impact.

Ogden College of Science and Engineering encompasses both applied and basic sciences. Students have an opportunity to choose advanced study and research in a broad range of subjects, including agriculture, biology, biochemistry, chemistry, computer science, construction management, engineering, geosciences, architectural science, advanced manufacturing, materials, mathematics, meteorology, physics, homeland security sciences, and psychology. We are recognized by the high quality and success of our students and graduates. Students receive personal attention to professional development through engagement with faculty in projects that expand on classroom instruction. Ogden College is home to the Applied Research and Technology Program (ARTP), a multidisciplinary program consisting of 10 scientific and service-oriented Centers and Institutes designed to prepare students for the knowledge-based 21st Century global economy. These Centers meet the research and technical needs of the community, state and nation while providing unique opportunities for students to transition from academia to the workplace or graduate programs through participation in supervised, hands-on applied research and technological projects. Students grow intellectually and professionally through participation in these activities. Each center operates within a cooperative and interdisciplinary framework to apply state-of-the-art science toward finding cost effective solutions to environmental and health issues and to the technological problems of government and industry. The ARTP serves as a catalyst for economic development in the region and beyond.

The Master's Degree is a general degree in agriculture and can be thesis or non-thesis depending on student goals. The degree is general by design which allows for maximum flexibility for each student.

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

In addition to Graduate School admissions requirements, the Department of Agriculture requires:

- Bachelor's degree in agriculture or related field ¹
- GPA of 2.75 or greater (on 4.0 scale)
- Three letters of reference
- Resume or curriculum vitae

- Cover letter (i.e. statement of purpose) in which the applicant specifies the program to which they are applying (thesis or non-thesis), academic interests, relevant experiences, and a graduate faculty member in the WKU Department of Agriculture that has agreed to serve as the graduate advisor ^{2,3}

¹ Exceptions to an agriculture degree may be made for non-agriculture undergraduate degree holders. However, additional coursework may be required, which will be determined by the department graduate committee and/or the student's thesis committee.

² Program and faculty information may be found at www.wku.edu/agriculture/ (<http://www.wku.edu/agriculture/>). Students should contact the agriculture graduate program coordinator for guidance in the research advisor selection process. The graduate program coordinator will review the student research interests and suggest possible research advisors.

³ Applications should be received by March 15th for priority consideration.

Biology, Master of Science (056)

Program Coordinator

Carl W. Dick, carl.dick@wku.edu, (270) 745-2043

The Master of Science in Biology provides many opportunities in teaching, research, and public service and provides excellent preparation for many other areas of basic and applied sciences. The program offers students a traditional thesis concentration and a non-thesis concentration that incorporates distance-learning. The non-thesis concentration is designed primarily for career-oriented students who are located off campus.

Concentrations

- Thesis (BTHE)
- Non-thesis (BNTH)

Program Admission

In addition to Graduate School requirements, the Department of Biology requires the following:

- An undergraduate degree in Biology or a related discipline, or evidence of adequate preparation in the field of Biology;
- A thoughtful and reflective Statement of Purpose (ca. 1-2 pages) that describes the applicant's background, experience and preparation in the field, interest in the WKU program, and future or career interests. The statement must specify whether applicant is choosing the thesis or non-thesis (online) concentration, and thesis concentration applicants must identify a WKU biology graduate faculty member who has agreed to serve as advisor;
- A current Curriculum Vitae or Resume;
- Three letters of recommendation from professional references.

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Program Requirements (30 hours)

The M.S. in Biology program offers thesis and non-thesis concentrations. Thesis students enroll in six hours of BIOL 599 and non-thesis students enroll in four hours of BIOL 516 as part of their degree program.

The graduate program in chemistry provides a unique learning and research environment and many opportunities for students to develop as independent researchers. Graduate faculty members provide personal and professional mentoring in an intrinsically collegial, yet challenging graduate experience. Available resources efficiently support the learning needs and academic ambitions of students with varied backgrounds and interests. The program is designed to offer students comprehensive training in analytical chemistry, biochemistry, inorganic chemistry, materials chemistry, organic chemistry, and physical chemistry.

Concentration(s)

- General Thesis (CTGN)
- Biochemistry Thesis (CTBC)
- Research Intensive Thesis (CRIT)

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

In addition to Graduate School admission requirements, the Department of Chemistry requires:

- Bachelor's degree in chemistry or equivalent including supporting courses in mathematics¹
- GPA in chemistry courses of 3.0 or greater (on 4.0 scale)
- GRE general scores (Q+V) and Analytical Writing.^{2,3}

¹ Exceptions to possessing a chemistry degree may be made for students with undergraduate degrees in chemistry-related areas (e.g. chemical engineering, pharmacy, pharmaceutical science, forensic chemistry). However, additional courses may be required and will be determined by the graduate program coordinator and/or the student's thesis committee.

² Scores from MCAT, PCAT, or DAT may be substituted for equivalent GRE scores.

³ Although there are no formal minimum GRE scores, admission is competitive.

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Program Requirements (30-32 hours)

The program requirements include 12 hours of common courses and an additional 18 - 20 hours of coursework, depending on the concentration. The additional 18-20 hours of coursework must include a minimum of two lecture courses at the 500 level, and no more than 12 hours may be taken at the 400G level.

All master's degree-seeking students must complete the following common courses:

Code	Title	Hours
Required Courses		
CHEM 516	Chemical Literature Review	2
CHEM 588	Research Proposal	2
CHEM 598	Graduate Seminar ¹	2
CHEM 599	Thesis Research/Writing ²	6
Total Hours		12

¹ Requirements are to be satisfied according to the current departmental policy.

² Requirements are to be satisfied by preparing a thesis on the project chosen by the student and approved by the members of the student's graduate committee. Theses are to be prepared in accordance with the specifications established by the Graduate School. A thesis grade will be given after the final thesis has been approved by the student's graduate committee and the department chair.

Master's degree-seeking students must select one of the following concentrations:

- General thesis concentration
- Biochemistry thesis concentration
- Research intensive concentration (only recommended in special circumstances and with approval of a research advisor)

Research Intensive Thesis Concentration

Candidates for the research intensive concentration are required to complete 30 semester hours of graduate work, including 12 hours of coursework and 18 hours of research-related graduate work. Candidates must apply to the Department Graduate Committee in order to be considered for this concentration. As part of the concentration application, they must select a research advisor and meet with the committee to demonstrate they understand the requirements for this concentration. The Committee must consider factors such as previous research experience of the student, publication record of the student, and the research advisor's publication record when determining if the student can pursue this concentration. The student and advisor must submit a progress report to the Committee by the end of the second semester. If the committee determines there is insufficient progress towards research and publication, the student will be moved to the normal thesis concentration. A student in the Research Intensive Thesis concentration may also opt to pursue the Thesis option at the end of the first or second semester after consulting with their research advisor.

A student moving to another concentration within the first or second semester should be able to complete the requirements within the average two year period. A student who wishes to move to another concentration in the second year of graduate study must get permission from the Graduate Committee and will probably require an additional semester of coursework to complete the degree.

¹ Requirements are to be satisfied by conducting a research project under the direction of the student's research advisor. This course provides faculty-mentored research experiences and emphasizes skill based training for students. Bridging the gap between academic study and professional development, this course will help students to develop and enhance problem solving and communication skills. This course emphasizes mastery of advanced technical skills, independent of thesis research.

² Requirements include preparing and submitting two manuscripts based on their research to peer-reviewed journals under the guidance of the thesis committee. At least one paper must be accepted to receive credit and graduate.

Department of Mathematics

Kanita Ducloux, Chair
College High Hall 4124
(270) 745-3651
math@wku.edu

The Department of Mathematics offers the M.S. degree and the M.A. degree. Both degrees have the thesis and non-thesis options, and both require 30 hours of graduate-level courses.

The M.S. has three concentrations available. The M.S. (general mathematics) provides knowledge in such traditional areas as analysis, algebra, topology, and applied mathematics, and is recommended for students who wish to obtain a Ph. D. degree, to teach in a community college, or to seek employment in industry with an emphasis on conceptual foundations. The M.S. (computational mathematics) is designed for students seeking employment in industry with an emphasis on computational mathematics and/or computer science in addition to knowledge in traditional areas. The M.S. (mathematical economics) is for students that have completed WKU's mathematical economics major or want to work as an mathematical economist in industry, and want to complete their thesis under the direction of a math faculty member.

The M.A. degree is designed for students interested in careers in secondary education and will help students become more knowledgeable about the mathematics they will teach in high school and make connections and extensions of that knowledge to college and higher mathematics.

This online program is intended for students who are secondary teachers who already hold teacher certification and are seeking rank change through earning a Master's degree. In addition, completion of this degree program would qualify the classroom teacher to teach WKU-offered dual credit mathematics courses at the high school level, teach at a community college or technical school, or pursue a PhD/EdD in mathematics education. This degree does not provide initial teacher certification or prepare a student for a PhD in mathematics.

Program Admission

To be admitted to the M.A. program, students must meet the following criteria:

- Satisfy one of the following conditions:
 - have a GPA of at least 3.0 in their undergraduate major, or
 - have a GRE general score of at least 300.
- A bachelor's degree in mathematics, OR the completion of the following undergraduate courses, with at most one deficiency:
 - calculus sequence through multivariable calculus
 - linear algebra
 - discrete mathematics
 - probability or calculus-based statistics
 - abstract algebra
 - geometry

Applicants must also have or be eligible for a teaching certificate for Secondary Mathematics (grades 8-12). A copy of the certificate or statement of eligibility must be submitted with the application.

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Program Requirements (30 hours)

This program is designed to develop mathematics teachers who can positively impact student learning in their classrooms and schools. Courses and experiences include a study of advanced mathematics. The capstone for the MA in Mathematics is a research project that focuses on the teaching and learning of mathematics, from an advanced perspective.

Comprehensive exams in mathematics are required. A student who chooses to do a thesis is required to complete 6 hours of MATH 599 and to give an oral defense of the thesis.

The M.S. in Mathematics offers three concentrations: general mathematics, computational mathematics, and mathematical economics, but has a core set of courses in applied mathematics, discrete mathematics, and statistics required for all students. The general mathematics concentration is recommended for students who wish to obtain a Ph.D. degree, to teach in a community college, or to seek employment in industry with an emphasis on conceptual foundations. The computational mathematics concentration is designed for students seeking employment in industry with an emphasis on computational mathematics and/or computer science in addition to knowledge in traditional areas. The mathematical economics concentration is designed for students seeking employment in industry with an emphasis on economics in addition to knowledge in traditional areas. It is also designed for students who completed an undergraduate degree program in mathematical economics at WKU.

Program Admission

General Mathematics Concentration

- a. One of the following:
 - i. A minimum GAP score of 600 [$\text{GAP} = (\text{GRE-V} + \text{GRE-Q}) + (\text{Undergraduate GPA} \times 100)$];
 - ii. A GRE score of at least 300;
 - iii. For students that graduate from WKU with a mathematics major, a GPA of at least 3.3 in their mathematics major.
- b. Completion of the following undergraduate courses:
 - i. a calculus sequence through multivariable calculus;
 - ii. linear algebra;
 - iii. discrete mathematics;
 - iv. an applied mathematics course (e.g. differential equations, probability, calculus-based statistics, numerical analysis);
 - v. abstract algebra, analysis, advanced calculus, or topology.
- c. A cumulative grade point average of 3.0 (on a 4.0 scale) in at least one of the following:
 - i. all mathematics courses that are applicable to the undergraduate mathematics major;
 - ii. courses specified in (b) through (e) of Item 2 above.

Computational Mathematics Concentration

- a. One of the following:
 - i. A minimum GAP score of 600 [$\text{GAP} = (\text{GRE-V} + \text{GRE-Q}) + (\text{Undergraduate GPA} \times 100)$];
 - ii. A GRE score of at least 300;
 - iii. For students that graduate from WKU with a mathematics major, a GPA of at least 3.3 in their mathematics major.
- b. Completion of the following undergraduate courses:
 - i. one-year calculus sequence;
 - ii. linear algebra;
 - iii. discrete mathematics;
 - iv. one-year sequence of programming courses;
 - v. B.A. degree with a major in either Computer Science, Engineering, Mathematics or Physics.
- c. A cumulative grade point average of at least 3.0 (on a 4.0 scale) in at least one of the following:
 - i. all mathematics and computer science courses that are listed in (a) through (d) of Item 2 above; or
 - ii. all courses in the major listed in (e) of Item 2 above. Students cannot enter the program if they have a deficiency in the courses listed in Item 2 above.

Mathematical Economics Concentration

- a. One of the following:
 - i. GRE score of at least 300 with a minimum quantitative score of 147
 - ii. WKU graduates majoring in mathematics, minimum GPA of 3.3 in the major
 - iii. WKU graduates majoring in mathematical economics, minimum GPA of 3.3 in the major
 - iv. WKU graduates majoring in economics or business economics, minimum GPA of 3.3 in the major and 3.3 in courses listed below (2.a, b, d, and e).

- b. An undergraduate degree majoring in economics, mathematics, mathematical economics, or other related majors with completion of the following undergraduate courses:
 - i. a calculus sequence through multivariable calculus
 - ii. discrete mathematics
 - iii. principles of microeconomics and macroeconomics
 - iv. one semester of junior- or senior-level probability theory
 - v. differential equations

This multidisciplinary program prepares science and technology professionals for careers in the Homeland Security area. The program features hands-on research components to enable students to apply their training to real-world problems.

CBRNE Concentration involves study of physical threats and applications of physics and chemistry to detect, quantify, prevent and decontaminate radiological, nuclear, biological, explosive and chemical threats.

The Cybersecurity Concentration provides real-world focused, hands-on cybersecurity training that covers in-demand skills such as cybersecurity fundamentals, Linux essentials, ethical hacking and penetration testing, network defense and countermeasures, computer forensics, and cybersecurity policy.

The EMDS concentration involves awareness and management of emergency preparation and response to natural and technological hazards, and terrorism.

- CBRNE Defense (CBRN)
- Cybersecurity (CYBE)
- Emergency Management Disaster Science (EMDS)

Program Admission

For the CBRNE and EMDS Concentrations, in addition to the Graduate School requirements, admission to the program requires a Bachelor's degree in related STEM-H field or approval of the program administrator.

For the Cybersecurity Concentration, in addition to the Graduate School requirements, admission to the program requires a Bachelor's degree in an information-technology related area or the student must score at the satisfactory level on an information technology general aptitude assessment or complete CIT 310 and CIT 312 with a C-grade or better or equivalent.

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

In addition to Graduate School admission requirements, the Department of Psychological Sciences requires

- The Psychological Sciences Departmental Application ¹
- A 500-word personal statement describing professional interests and career goals
- Three letters of recommendation
- For the Psychological Sciences concentration only, applicants must identify two to three research mentors with whom they wish to work.

The following are recommended but not required for admission:

- Completion of a statistics and research methodology course
- A background in psychology
- A minimum GPA of 3.0 in psychology courses
- An additional writing sample (e.g., a paper, manuscript, thesis, etc.)
- Scores from the Graduate Record Examination (GRE)²

All application materials should be received by March 1st for priority consideration. An interview may be required.

¹ Departmental application can be found at <https://www.wku.edu/psychological-sciences/grad/admission.php>

² Admitted students who have provided GRE scores in prior years have had a median total score of 303 on the verbal and quantitative subtests, and a 4.0 on the analytical writing subtest. However, each applicant will be evaluated individually and on a holistic basis. Strong GRE scores may be beneficial for students looking to offset weaknesses in their application (e.g., low GPA).

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Program Requirements (37-42 hours)

The program comprises 27 - 28 hours of core courses plus specific program content that varies by concentration. A thesis based on original research conducted under the direction of a department graduate faculty member is required. A comprehensive examination is required at the time of thesis defense. A research tool is required in both concentrations.

Industrial-Organizational Psychology Concentration (42 hours)

This concentration focuses on behavior in business, industry, consulting, and government organizations. Students develop proficiencies in the construction and validation of personnel selection systems, job analysis, employee compensation, criterion development, leadership, motivation theory, equal employment opportunity law, and training in business and industry. A thesis is required. Grades lower than B may not be used to satisfy requirements for courses in the industrial/organizational training sequence (PSYS 570, PSYS 571, PSYS 572, PSYS 670, and PSYS 673).

¹ A three month internship in personnel psychology is encouraged (3 hours); 3 hours may be substituted for the internship if not internship placement can be obtained.

Psychological Science Concentration (37 Hours)

This concentration uses a research mentorship approach to prepare students to be competitive applicants for admission into a Ph.D. program and/or for positions where strong research and methodological skills are needed. In addition to 28 hours of required coursework, students must choose 9 hours of elective credits that best fit their focus area interests (under the guidance and mentorship of their advisor). A thesis is required. Applicants should refer to faculty research interests identified on the program web site and must apply specifically to work with one or more faculty members in whose research they have a particular interest. Grades lower than B may not be used to satisfy course requirements in the Research Methods and Statistics Core PSYS 510, PSYS 512, PSYS 513, PSYS 518, PSYS 581, and PSYS 595. Only one "G" course may be counted toward the degree.

Scientific Data Analytics, Certificate (0496)

Program Coordinator

Zhonghang Xia, zhonghang.xia@wku.edu, (270) 745-6459

Technological advances have produced increasingly large datasets across a diverse range of scientific domains including biology, psychological science, and geography. As a result, students in scientific disciplines need focused coursework in data analytics. This certificate will serve that need and document that students have acquired this expertise.

seas@wku.edu

The focus of the new WKU School of Engineering and Applied Sciences (SEAS) is to educate students to be leaders in a changing technical landscape, to provide solutions to the problems facing the modern high tech society, and to provide a workforce to support the technological complexity of industry.

In order to provide students with the necessary skills, the programs in the School of Engineering and Applied Sciences are project-based which means that students have opportunities to engage in project activities throughout the curricula to support design, development, implementation, and troubleshooting.

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

Admission requirements include a minimum 3.0/4.0 undergraduate grade point average. Applicants must have a Bachelor's degree in computer science, mathematics, engineering, and other related fields. Minimum requirements include knowledge of programming in a high-level language and data structures. Prior course work or experiences in database

applications, software engineering, and operating systems are preferred. Applicants who do not meet these criteria will be evaluated on a case-by-case basis.

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Program Requirements (33 hours)

A minimum of 30 semester hours of course work is required, plus the research tool. Both thesis and non-thesis options are available. A minimum of six 500-level computer science courses is required. If any of the required courses have been completed for undergraduate credit, approved electives will be substituted. The research tool, under both options, must be met by successful completion of CS 500.

Engineering Management, Master of Science (0447)

Program Coordinator

Anthony M. Doggett, mark.doggett@wku.edu, (270) 745-6951

The Master of Science in Engineering Management (MSEM) offers students Thesis and Non-thesis concentrations.

The Thesis concentration is for students who plan to pursue additional degrees, such as Ph.D. or who have specific work-related projects that need further exploration. Students who choose the thesis concentration

will conduct a research project, which will likely involve several semesters of work.

The Non-thesis concentration is designed to be more flexible and is tailored for students who do not want to conduct a research project. The non-thesis concentration is recommended for working professionals who do not have the time and resources to conduct a research project. Students who choose the non-thesis concentration must take three credits of additional electives and required to take a capstone course.

The MSEM develops leaders to support the needs of the modern world-wide industry. The curriculum enhances both career and personal objectives. Graduates of the program are equipped to manage organization resources, lead technological change, and strategically integrate higher level knowledge within their companies.

The MSEM provides a broad-based core of management competency in business functions, along with a solid understanding of engineering technologies and capabilities. Courses build upon existing technical competency while allowing the student to customize their depth of study in specific management technologies that enhance long-term professional career goals.

All courses can be taken online.

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

In addition to the graduate school requirements, the MSEM program requires:

- Bachelor's degree in engineering, engineering technology, business, or related STEM fields¹.
- Submission of GRE, GMAT or equivalent scores. A minimum GRE score of 140 for the verbal reasoning and 140 for the quantitative reasoning are required with a score of 2.5 or higher for analytical writing².

Applicants who don't meet the admission criteria may be considered for conditional admission.

¹ Students, who do not have the required background in fundamental concepts in statistics, will be required to take the following course: MFGE 271 Industrial Statistics (course credit does not count towards degree requirement)

² Applicants who have earned a B.S. degree in engineering or related STEM fields with a cumulative GPA of 3.0 or higher are exempt from taking the GRE. Current students at WKU who seek the JUMP program in one of the undergraduate baccalaureate programs in the School of Engineering and Applied Sciences (SEAS) with a cumulative GPA of 3.0 or higher are exempt from taking the GRE.

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Program Requirements (30-33 hours)

Thesis Concentration (30 hours)

The thesis concentration in the MSEM program requires 30 credits (15 credits in required core courses and 9 credits in elective courses). Students who choose the thesis option are also required to enroll in six credit hours of EGMT 599. Students are required to complete an oral defense of their thesis and complete a comprehensive written exam of their coursework.

Potter College of Arts & Letters takes as its primary area of scholarly concern the study of humanity—its past, present, and future, as well as its aesthetic expression, metaphysical concerns, and social interaction. Potter College is proud to prepare students to enter a wide range of careers as well as programs of advanced study. More than 200 faculty members provide instruction in eleven schools and departments. Potter College, in cooperation with the Graduate School, offers MA, MFA, MM, and MPA degrees as well as graduate certificates.

Creative Writing, Master of Fine Arts (0478)

Program Coordinator

Nancy W. Dinan, nancy.dinan@wku.edu

The MFA program provides students pursuing vocations in creative writing the opportunity to acquire the background and knowledge required to be leading citizens of what Vachel Lindsay calls the "Republic of Letters." The program prepares students for lives as writers of novels, short fiction, creative nonfiction, scripts, and poetry and related pursuits such as teaching, literary editing and publishing. In addition to intensive creative writing, students will complete four classes in a secondary concentration as part of the MFA. Students can select a concentration in literature, composition/rhetoric, or teaching English as a second language in order to give them additional options for employment after graduation. In total, the three year residential program consists of 48 credit hours of graduate course work, culminating in the completion of a publishable creative thesis in fiction, poetry, scriptwriting, or creative nonfiction. All applicants who meet the application deadline are automatically considered for available graduate assistantships teaching introductory writing classes for the English Department.

Concentration(s)

- Composition and Rhetoric (ENCR)
- Literature (ENLI)
- Teaching English as a Second Language (ENTL)

Program Admission

- A bachelor's degree from an accredited university with a minimum GPA of 3.0
- A twenty-page creative writing sample consisting of work in at least one of the following genres: fiction, creative nonfiction, poetry, or screenwriting. The spacing and formatting of the writing sample should fit conventions of the selected genre.
- A statement of purpose consisting of one or two single-spaced pages describing the applicant's background and interest in creative writing and how the WKU MFA program could help with the applicant's literary pursuits. Students may also briefly address interests, skills, or experiences that make them highly qualified for a graduate assistantship position teaching introductory college writing classes,

although teaching skills should only be a small part of the statement of purpose (no more than 25%). Your interest in creative writing and your literary pursuits should be the main focus.

- A one or two-page curriculum vita or resumé
- Although not required, undergraduate creative writing courses are highly recommended

English, Master of Arts (067)

Program Coordinator

Trini G. Stickle, trini.stickle@wku.edu, (270) 745-5726

The master's program provides an intensive study of literature and composition through a highly adaptable curriculum that develops advanced skills in literary criticism, rhetorical analysis, communication, and analytical thinking. The program supports career advancement in industry and education pathways or continuing graduate work in an English-focused doctoral program. For licensed K-12 educators, the program can lead to a rank change.

Program Admission

In addition to meeting Graduate School requirements, applicants should have earned at least 27 credit hours of undergraduate English with a GPA of 3.0 or better. Those not meeting this requirement may be admitted conditionally on a case-by-case basis. Applicants should also submit a 2-page statement of purpose describing the reason(s) for pursuing an M.A. in English at Western Kentucky University. The statement may include academic interests, career goals, relevant paid or volunteer experiences, and any other information applicants wish to share with the admissions officer.

Applicants seeking Rank II or Rank I certification must have or be eligible for a secondary school teaching certificate and must include a copy with the application for admission. Applicants whose certificates have expired may be admitted, but they may enroll for only 6 hours before submitting a re-issued teaching certificate. Kentucky applicants will need to contact the Kentucky Education Professional Standards Board for reissued certificates. Applicants from out-of-state with expired certificates must

complete the requirements for their respective states to renew their certificates.

Teaching English to Speakers of Other Languages (TESOL), Certificate (0416)

Program Coordinator

Mark M. McAndrews, mark.mcandrews@wku.edu

The TESOL Graduate Certificate is intended for individuals who are not P-12 teachers and want to teach in language institutes, either domestically or abroad. The Certificate requires a minimum of 16 hours consisting of ENG 407G, ENG 408G, ENG 565, ENG 566, and ENG 471G, which involves field experience in Bowling Green conducted during the final semester. Other requirements include a portfolio of student work and completion of 6 hours of one foreign language or the language requirements of the WKU Colonnade Program. Students must have taken one linguistics class in appropriate area – for example, ENG 104, ENG 302, ENG 204, or an approved equivalent – before taking ENG 407G. Students must maintain a 3.0 GPA in order to receive the Certificate.

Program Admission

- B.A. plus completion of at least one undergraduate linguistics course in appropriate area
- 3.0 undergraduate or graduate GPA, or
- A GAP score of 2200, with minimum of 3.5 on analytical writing portion of GRE

$$*GAP = (GRE-V + GRE-Q) + (GPA \times 100);$$
- Students who are accepted into the TESL Graduate Endorsement program may apply for the Graduate Certificate upon completion of 12 hrs of required TESL coursework with a 3.75 GPA

This program is designed to prepare students for the teaching of history in secondary schools, community colleges, or universities. It also provides the initial graduate work for those who intend to pursue a doctoral degree.

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

Applicants must meet the following admission standards set forth by the History Department:

- Completion of at least 15 undergraduate credit-hours in history with a grade point average of at least 3.0 in history courses (on a 4.0 scale)
- An overall undergraduate grade point average of at least 3.0 (on a 4.0 scale)
- Applicants must submit application and all supporting materials by June 1 (fall semester start) or November 15 (spring semester start)

Applicants must also submit:

- A brief (approximately 750 words) statement of purpose that discusses why they wish to pursue the Master of Arts degree in History;
- A sample research paper (at least five pages long) that is relevant to the field of History;
- One letter of recommendation from an instructor or supervisor who can assess the applicant's ability to succeed in a professional environment. This letter must be sent directly by the writer to the Graduate School (graduate.school@wku.edu) and should not be uploaded by the applicant.

The History Department will admit students on a rolling basis. The History Department may limit the number of students admitted to maintain the quality and size of the MA program's student body.

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Program Requirements (30-34 hours)

Students may be permitted to take up to six hours of graduate work in a related field in courses approved by the History Graduate Advisor.

The Department of Music promotes the study and experience of music in its broadest sense: preparing artist teachers and performers, enhancing creativity and the human spirit, and enriching the quality of life on campus, in the region, and in our global community. Western Kentucky University has been a fully accredited member of the National Association of Schools of Music since 1948.

A large part of the department's mission is the preparation of music teachers and professional musicians. Students with broad musical interests may select a music major or minor within a diversified liberal arts program. Music degree programs provide for the development of basic musicianship through conceptual understanding of musical properties and their interrelationships, relevant opportunities for listening, performing, composing, and scholarship, and the acquisition of a repertory representative of various cultures and historical periods.

Competencies in various areas and at varying levels appropriate to each program of music concentration are developed through a sequence of studies and assessments.

Music, Master of Music (0453)

Program Coordinator

Catherine M. Wilson, catherine.wilson@wku.edu, (270) 745-5925

The Master of Music graduate program has four areas of concentration: Music Education/Teacher Leader, Conducting/Teacher Leader, Conducting, and Pedagogy. These provide continued development of:

- individual students which will result in enrichment of their personal lives and will enable them to preserve and extend cultural and diverse heritages; and
- professional and scholarly competence in organization, interpretation, evaluation, communication, and dissemination of knowledge in the discipline.

The Music Education/Teacher Leader and Conducting/Teacher Leader concentrations would further enable the teacher/practitioner to meet certification renewal requirements and rank changes mandated by the Commonwealth of Kentucky. Graduates in the Pedagogy concentration would meet requirements for national certification through the Music Teachers National Association (MTNA).

All degree seeking students must submit a planned program of study (curriculum contract) to the Graduate School prior to enrollment in coursework beyond 12 hours (inclusive of transfer credit). In compliance

with Graduate School policy, the degree program is to be developed in consultation with the approved advisor assigned at the time of admission to the program.

Concentration(s)

- Conducting (MUCN)
- Conducting/Teacher Leader (MUCT)
- Music Education/Teacher Leader (MUTL)
- Pedagogy (MUPD)

Program Admission

Students seeking admission to the graduate program apply through the Graduate School.

Admission Requirements

- Baccalaureate degree in music from a NASM accredited institution.
- Successful audition and interview specific to the discipline.
- Writing sample that demonstrates style and ability.
- Applicants who are alumni of WKU teacher preparation programs seeking the Music Education/Teacher Leader and Conducting/Teacher Leader concentrations must submit a current, valid teaching certificate or Statement of Eligibility for P-12 Music Certification (Integrated, Vocal, or Instrumental).

Graduate School Admission

Please refer to the admission section (<http://catalog.wku.edu/graduate/admission/>) of this catalog for Graduate School admission requirements.

Program Requirements (30-36 hours)

Prior to completion of 9-12 graduate hours, students are required to take placement exams in music theory and music history.

The graduate certificate in Local Government Administration prepares students for careers in local government administration. Two (2) required courses provide a foundation of public management theory and practice needed to develop the knowledge, skills, and abilities of effective and responsible local government administration. In addition to the two (2) required courses, students choose two (2) elective courses that specifically incorporate content relevant for local government management, for a total of 12 graduate credit hours to complete the certificate. Students applying to the Graduate School at WKU can elect to pursue the graduate certificate in Local Government Administration either by itself or in conjunction with another graduate program.

Public Administration, Master of Public Administration (051)

Program Coordinator

Joel F. Turner, joel.turner@wku.edu

The MPA program prepares graduate students from diverse backgrounds to be productive leaders and managers in public service by sharing knowledge, encouraging excellence in research and practice, and fostering an environment of professionalism within the communities we serve. We have a long history of providing quality education and practical experience to our students through community partnerships with organizations such as Kentucky's area development districts, the Legislative Research Commission, and the Center for Local Governments. Graduates go on to serve in a variety of local, state, federal, and nonprofit organizations, and many have successfully pursued doctoral degrees upon graduation from the MPA program.

Joint Undergraduate Master's Program (JUMP)

This degree offers a Joint Undergraduate Master's Program (JUMP) which provides academically outstanding students the opportunity to complete both an undergraduate and graduate degree in an accelerated timeframe. Contact the graduate program coordinator for additional information.

Program Admission

In addition to meeting all admission requirements to the Graduate School, admission to the Master of Public Administration program requires the following:

- Take the Graduate Record Exam (GRE) and have scores sent directly to the WKU Graduate School. **(Note: Applicants with a cumulative undergraduate GPA of 3.0 or higher from an accredited undergraduate institution and/or 3 years of relevant work experience in the public sector are exempt from the GRE requirement.)**
- Send two (2) letters of recommendation from persons familiar with the applicant's academic or employment experience to the Graduate School.
- Send Statement of Purpose outlining how the MPA degree will help accomplish career goals and objectives to the Graduate School.
- Send current resume to the Graduate School.

The School of Media & Communication houses a master's degree in Organizational Communication and graduate certificates in Communicating in Organizations and Communicating in Healthcare (see The Graduate School's Catalog for details on the School's graduate programs).

The School also offers undergraduate majors in Advertising, Broadcasting, Communication Studies, Corporate and Organizational Communication, Film, Journalism, Photojournalism, and Public Relations, as well as three minors (Broadcasting, Journalism, and Photojournalism) and three undergraduate certificates (Digital Advertising, Strategic Communications, and Workplace Communication).

The School fervently believes that a broad-based liberal arts and science curriculum is essential for a well-rounded understanding of society and that students and faculty should embrace a spirit of social awareness and service to diverse communities. As such, the School's faculty encourage students to think critically, act ethically, and cultivate the ability to adapt intellectually and creatively to the opportunities and challenges of an increasingly complex information society.

The School also participates in regional and national competitions as well as hosts field trips, lectures, professional workshops, and internship fairs

to provide fellowship for students with common interests and to enhance student learning and post-graduation success.

Communicating in Healthcare, Certificate (0475)

Program Coordinator

Jie-Young Kong, jieyoung.kong@wku.edu, (270) 745-6578

The Communicating in Healthcare Certificate is designed to provide students with a deep understanding of the role of communication in healthcare contexts. This certificate will explore interpersonal as well as organizational factors affecting healthcare and will assist students in developing communication strategies and skills. Students completing the program not only will understand how to communicate more effectively within their health profession but also will know how better to communicate with patients to maximize compliance and enhance advocacy.

This certificate provides 12 hours of advanced coursework in communication within the healthcare context. Students will take 6 credit hours of required courses related to health communication and health campaigns, and 6 credit hours of restricted electives from intercultural, group, interpersonal, or organization communication, and from healthcare administration, public health, or gerontology. All of the coursework can be completed online and in one year.

Communicating in Organizations, Certificate (0471)

Program Coordinator

Jie-Young Kong, jieyoung.kong@wku.edu, (270) 745-6578

The Communicating in Organizations certificate provides students the opportunity to develop an in-depth understanding of how communication functions in organizations. Using foundational and current research in the field, students are exposed to organizational communication theory and processes. Students will take graduate courses that focus on general organizational communication theory, applied organizational communication, communication within specific organizational contexts, and one other course chosen by participants as especially relevant to their own work and interests.

Organizational Communication, Master of Arts (0012)

Program Coordinator

Jie-Young Kong, jieyoung.kong@wku.edu, (270) 745-6578

The Master of Arts in Organizational Communication prepares students for a variety of careers and pursuits in which advanced communication study is helpful, including management, public relations, personnel relations, education, training, sales, and marketing. Our mission is to provide graduate students with an engaging, challenging, and rewarding program that integrates communication theory, practice, and problem-based research. With a focus on applied organizational communication, our vibrant and active program includes coursework in interpersonal, health, and intercultural communication to provide a well-rounded academic program for students wanting to advance in professional and academic endeavors. Many of our graduates find success in diverse organizational settings and join quality doctoral programs around the country.

Student Conduct

Conduct Authority

Ultimate authority to govern student conduct rests with the University's Board of Regents. The Board of Regents has delegated authority to the President. Subsequently, the University President grants authority to the Vice President for Enrollment and Student Experience to assume responsibility to oversee execution of the Code of Student Conduct. When appropriate, the Vice President for Enrollment and Student Experience may delegate conduct authority to additional University officials and committees in keeping with University policies, rules, and regulations.

University's Scope Governing Conduct

The University's scope to address student conduct extends to on-campus and off-campus settings. Additionally, jurisdiction to address student conduct extends to organizations, covers person-to-person interface, and interactions that occur electronically.

Purpose of the Code of Student Conduct

WKU developed the Code of Student Conduct to fulfill its mission, to ensure an environment conducive to learning, to establish high standards of integrity and conduct, and to safeguard students' personal freedoms. These personal freedoms imply particular student rights and responsibilities (<https://www.wku.edu/studentconduct/>).

Violations (<https://www.wku.edu/studentconduct/>) of Law and the Code of Student Conduct

Students who violate federal, state, or local laws may incur penalties prescribed by civil and criminal authorities. Nevertheless, the University reserves the right to review student incidents independent of action by civil and criminal authorities and to apply the University student conduct process as it serves the educational mission of WKU, a function separate and distinct from civil and criminal proceedings.

Academic freedom, constructive criticism, and due process of law depend upon civility of behavior by all members of the University community towards all other persons in all circumstances. The University will not tolerate the use or threat of force, violence, coercion, intimidation, obstruction, duress or disruption by any individual or group. Members of the University community found to be participants in such activities will be subject to immediate disciplinary action. Likewise, appropriate measures will be taken to stop and correct such activities by any non-member of the University community, whatever may be the claimed basis for his/her presence on the campus.

Following procedures of due process, if the WKU Code of Student Conduct is violated, the responsible parties will go through the University's disciplinary process, which is intended to be a fair and educational experience. Students are presumed not responsible until the institution has established every element of an alleged violation; however, this shall not be construed to mean that a complainant or any witnesses has presented false testimony or evidence. Although a student accused of academic or nonacademic misconduct will be granted every consideration, if actions and behavior of the student are duly found to be detrimental to the University mission, function, property, or wellbeing, the University will apply an appropriate disciplinary outcome. Any WKU student may be expelled, suspended, placed on probation, or given a lesser outcome for one or more violations of the Code of Student Conduct.

Student Rights and Responsibilities

Code of Student Rights and Responsibilities

The Code of Student Rights and Responsibilities is set forth in writing to provide students general notice of their rights and responsibilities at Western Kentucky University. Further rights and responsibilities are set forth in other University rules and policies, including the Code of Student Conduct, Student Handbook, Residence Hall contracts, graduate and undergraduate catalogs, and academic unit websites. It is the students' responsibility to be aware of all University rules and policies; students should check with the Dean of Students Office or Office of Student Conduct if they have any questions about the purposes or intent of these policies.

Academic Integrity

Students are expected to pursue their studies with commitment to intellectual honesty and personal integrity. The maintenance of academic integrity is of fundamental importance to the University. Examples of academic offenses include (but are not limited to): any act of plagiarism, cheating, or falsification or misuse of academic records. Thus, it should be clearly understood that acts of plagiarism or any other form of cheating will not be tolerated and that anyone committing such acts risks punishment of a serious nature. A student who believes a faculty member has dealt unfairly with them in a course involving academic offenses such as plagiarism, cheating, or academic dishonesty, may seek relief through the Student Complaint Procedure. Questions about the complaint procedure should be directed to the Student Ombuds Officer at student.ombudsman@wku.edu.

Academic Dishonesty

Academic dishonesty is defined as engaging or attempting to engage in any activity that compromises the academic integrity of the institution or subverts the educational process. This definition applies to work submitted face-to-face or through on-line or electronic means and work submitted for face-to-face, hybrid, and on-line courses. Students who commit any act of academic dishonesty may receive from the instructor a failing grade in that portion of the coursework in which the act is detected, or a failing grade in the course without the possibility of withdrawal. The faculty member may also present the case to the Office of Student Conduct for disciplinary sanctions and the Office of the University Registrar if action by these offices are required. Students may be held responsible for committing academic dishonesty while enrolled even if the student withdraws from the course.

Cheating

No student shall receive or give assistance not authorized by the instructor in taking an examination or in the preparation of an essay, laboratory report, problem assignment, or other project that is submitted for purposes of grade determination.

Plagiarism

To represent written work taken from another source as one's own is plagiarism. Plagiarism is a serious offense. The academic work of a student must be their own. One must give any author credit for source material borrowed from them. To lift content directly from a source without giving credit is a flagrant act. To present a borrowed passage without reference to the source after having changed a few words is also plagiarism.

Multiple Submissions

Submitting the identical or substantially the same assignment or portions thereof to fulfill the requirements for two or more courses without approval of the instructors involved, including when repeating a

course; or submitting the identical or substantially the same assignment or portions thereof from a previously completed course to fulfill the requirements for another course without the approval of the instructor of the latter course; or submitting the identical or substantially the same assignment or portions thereof to fulfill the requirements for two or more academic assignments within a course without the approval of the instructor.

Other Types of Academic Dishonesty

Other types of academic offenses, such as the theft or sale of tests, should be reported to the Office of Student Conduct at (270) 745-5429 for further action. <http://www.wku.edu/studentconduct/process-for-academic-dishonesty.php>.

Conduct Actions/Outcomes (<https://www.wku.edu/studentconduct/>) for Violations of the Code of Student Conduct

Following procedures of due process, when a student is accused of academic or nonacademic misconduct, the alleged policy violator will be required to go through the University's Student Conduct process. Students are presumed Not Responsible until the institution has established every element of the alleged violation; however, this shall not be construed to mean that the complainant or any witness(es) has presented false testimony or evidence. The following list describes University outcomes that may be administered as a result of violating the WKU Code of Student Conduct. A student accused of an alleged violation of the Code of Student Conduct will have the opportunity to review accusations, review any information, and will be able to provide a response. Outcomes may be used independently or in combination depending on the particular circumstance of the violation. Chronic and/or multiple violations during the course of an individual student's college career may increase the severity of outcomes applied. The Office of the Vice President for Enrollment and Student Experience, or designee, will make the determination whether allegations are sufficiently egregious to warrant consideration of suspension, dismissal, or expulsion. The following shall be factored into the decision-making process:

- The degree of willfulness or inadvertence;
- The degree of injury or risk of injury to the accused or to another person, if any;
- The extent of damage to property, if any;
- The danger or risk of danger to the University community, if any; and
- Any other factor or circumstance bearing reasonably upon mitigation or aggravation or the seriousness of the alleged offense should it be established as a violation

Policy on Parental/Guardian Notification

Western Kentucky University is committed to student health and well-being. As a result, the University is concerned about the effect of alcohol and other drugs on the educational process. The Policy on Parental Notification is designed to assist parents in developing a partnership with their student and the University to address behaviors that detract from the educational purpose. The University will notify parents or guardians of dependent students for behaviors associated with The Code of Student Conduct under the following conditions:

- Any violation of the University Alcohol Policy
- Any violation of the University Drug Policy
- The student (under 21) was arrested by University Police in connection with a violation of the Alcohol or Drug Policy, or for DUI,

public intoxication, Minor in Possession or any other drug or alcohol-related incident resulting in citation or arrest

- The student received medical assistance due to incapacitation, suspected incapacitation, or self-injury

The Family Education Rights and Privacy Act ("FERPA") allows the disclosure of specific information concerning the use or possession of alcohol or a controlled substance by students under the age of 21. The goal of parental/guardian notification is to enlist parental/guardian support for fostering more appropriate student behavior to create a safer community environment and reduce the many negative impacts of substance abuse.

Tailgating Policy and Procedures

Western Kentucky University wants you to have an enjoyable experience during your visit to campus. During WKU events and activities, safety is our primary concern. This Tailgating Policy is designed to enhance your safety and comfort and should result in an environment free of the abuse or illegal use of alcohol. The university condemns any act related to the consumption of alcohol that impairs, interferes, or endangers the safety or enjoyment of others, including the individual who chooses to consume the alcohol. This policy looks to preserve the academic environment without necessarily restricting other freedoms. More information regarding tailgating at WKU, please visit: www.wku.edu/sao (<https://www.wku.edu/sao/>). (<http://www.wku.edu/studentconduct/>)

Policy for Supporting Students in Distress

The intent of the following policies, procedures, and definitions is to support an appropriate living and learning environment at Western Kentucky University for faculty, staff, and students. Incidents of disruptive behavior, brought on by student distress, will be assessed and a standard of care exercised to both assist the student in distress and to mitigate the ramifications of the distressing behavior on the University community.

Campus Partners Team

The Campus Partners Team (CPT) is a collaborative multidisciplinary team operating under the auspices of the Office of the Vice President for Enrollment and Student Enhancement. The team is charged with providing a layer of support for students exhibiting behaviors that instigate concern or imminently reckless behavior. Additionally, the team works jointly to educate the University community on prevention strategies to disrupt the risk of threatening situations. Using a case management theoretical framework, the CPT assesses student behavior, links students to campus and community resources, determines reasonable interventions, determines reasonable modifications to the learning environment when appropriate, and develops and implements a coordinated standard of care plan for students. The Team meets weekly to review referrals from faculty, staff, and students' demonstrative behavioral concerns. The CPT consists of the following offices:

- Office of the Dean of Students
- Office of Student Conduct
- Academic & Career Development Center
- Student Accessibility Resource Center
- University Police Department
- International Student Office
- Counseling Center
- Housing and Residence Life

Confidentiality and the Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords privacy protections for educational records without students' express written consent. However, specific exceptions can be made between faculty and staff when necessary to protect the health or safety of the student and others. Therefore, faculty, staff, and students may report concerns about students' behaviors to the CPT without violating FERPA provisions.

Raymond B. Preston Health and Activities Center, Office 20a

Phone: 270-745-6060; Fax: 270-745-2006

<http://www.wku.edu/crw/> (<https://www.wku.edu/crw/>)

The Department of Campus Recreation & Wellness is located in the Raymond B. Preston Health and Activities Center. "We connect, transform, and empower Hilltoppers to be lifelong learners through inclusive, holistic, experiential learning opportunities that enrich their overall well-being" expresses the mission of this office and one that is implemented by providing recreational and healthy lifestyle opportunities for the university community.

The Raymond B. Preston Health and Activities Center is a 126,000 square foot facility that opened in 1992. It houses six basketball/volleyball/badminton courts, six racquetball courts, two indoor tennis courts, a swimming pool, a fitness center containing cardiovascular, selectorized strength and free weight equipment, a suspended indoor running track, a dance studio, separate faculty/staff and student locker rooms, a multipurpose room, a smart classroom, a Health and Fitness Lab, an Outdoor Recreation and Adventure Center, a bike repair shop, and the Campus Recreation & Wellness Office.

Preston Center membership fees for all full-time students are included in their tuition during the fall and spring semesters. Part-time students carrying three or more hours may choose to pay for membership (\$35.00) on a semester basis. Memberships are available for students' spouses and their children. Summer memberships are also available.

The Department of Campus Recreation & Wellness provides students, faculty and staff an opportunity for participation in constructive recreational activities. These programs consist of recreational sports leagues, recreational free-play, outdoor recreation, sport club activities, instructional programs, fitness services, nutritional education and fitness classes.

The intramural sport programs is designed to give each student the opportunity to compete in sports and games of their choice. Typical activities (subject to change year to year) included in these programs are badminton, basketball, battleship, corn hole tournament, dodgeball, flag football, futsal, pickle ball, soccer, softball, table tennis, tennis, 3-point challenge, 3 on 3 hoops tournament, ultimate Frisbee, and volleyball. The faculty and staff at WKU may participate in the intramural sport program.

The sport club programs help students develop a higher skill level in a particular sport or activity. Each club must be organized and motivated through students' interests and has a faculty advisor. Active sport clubs include disc golf, fencing, rugby, soccer, volleyball, and wrestling. Other sports can be represented if there is sufficient student interest.

The Hattie L. Preston Intramural Sports Complex, located two miles from campus on the corner of Campbell Lane and Industrial Drive, presents a significant addition to the Campus Recreation & Wellness facilities. Twenty-four acres were developed and include eight flag football fields, four softball fields and a combination soccer, rugby, field hockey, and lacrosse field. In the Fall of 2000, state of the art lighting, scoreboards and irrigation systems were added. The centerpiece of the Sports

Complex is the two-story field house, which has administrative offices, a lounge, scorekeeping areas, a concessions area, restrooms and a storage area.

The Health & Fitness Lab, located in the Preston Center, provides clinical and educational services to students, faculty and staff of WKU. The Health & Fitness Lab is staffed by degreed and certified fitness professionals, and trained students who are eager to help you address your personal health & fitness needs. The Lab provides all the fitness programming in the Preston Center including group fitness classes and various fitness assessments, exercise prescriptions, weight training orientations, and nutritional counseling and education services. Other programs offered are personal training, massage therapy, and instructional programs such as yoga, dance lessons, self-defense courses, boot camp programs, and much more! Stop by room 20a in the Preston Center to learn more or sign up for any of their services or check out their website at <https://www.wku.edu/crw/healthfitnesslab/>. (A separate fee is required for these services).

WellU® is the student wellness program at WKU that collaborates with other student services and programs on campus. It is designed to help students engage in services that promote healthy habits and success in the classroom and life in general. The Mission of the WellU® program is to unify student health promotion efforts at WKU. The WellU® program gives away scholarships and prizes every year to students for active participation. Check out this great opportunity at www.wku.edu/awellu (<https://www.wku.edu/awellu/>). The Student Wellness Program is located in the Health Services Building on campus adjacent to the Preston Center.

Hilltopper Nutrition is to educate and motivate WKU students, while collaborating with the community, concerning the importance of maintaining wholesome nutrition for their health. Hilltopper Nutrition provides the WKU campus with educational information covering a wide variety of nutrition-related topics and events. Students have access to healthy options all over campus to complement their demanding schedule. The Hilltopper Nutrition program works to provide healthier alternatives to everyday food choices and provide students with the necessary information to make smarter, healthier choices while on campus. Look for the Healthier Eating Guide all over campus to help identify healthier options with a meal swipe. Don't forget to check out our blog, Hilltopper Nutrition, for information on our favorite nutrition topics. Hilltopper Nutrition is located in the Health Services Building on campus.

The WKU Health Education & Promotion Program (HEP), located in the Health Services Building, provides health education and promotional programming to the student population by assisting in making behavioral changes that enhance all dimensions of health and wellness. Health Education and awareness is offered through a variety of services and programs allowing students to be successful at WKU and beyond. For more information about programs and services, please visit our website at: <http://www.wku.edu/hep/>, or email us at healthed@wku.edu (%20healthed@wku.edu).

The program targets other campus stakeholders/departments, peer health educators, interns, and community organizations to partner in providing educational forums/presentations, workshops, referrals, individual appointments, training programs, and resource materials to educate students. Topics include but are not limited to: alcohol, stress and time management, sleep management, healthy relationships, sexual health, men's and women's health, cold and flu prevention, cancer, nutrition, exercise, mental health issues, tobacco and other drugs, and healthy body image/eating disorders. The program incorporates

theory and an evidence-based approach including multi-level prevention strategies such as research and data management, advocating for health environmental changes, providing free HIV testing and prevention counseling services, online alcohol and marijuana self-assessments, quit tobacco services, health communication campaigns/publications and more.

The Outdoor Recreation Adventure Center (ORAC) at Western Kentucky University offers a variety of outdoor programs for the university community at minimal cost to participants. Our goal is to enrich the campus experience through outdoor and cultural immersion experiences for a lifetime of fun and healthy living. Our main offering is our outdoor trips. We offer both local and regional trips taking participants to places such as the Great Smoky Mountains and the Buffalo National River. The activities we participate in are unique on campus and include rock climbing, canoeing, back packing, and mountain biking. Aside from our trips, we provide the campus community with a wide selection of outdoor rental equipment for those who wish to plan their own adventures. Last, but certainly not least, we provide the campus with a full-service bike repair shop fully showcasing our commitment to enriching the campus experience. For more information, please contact our office at 270-745-6545. Our friendly staff is there Monday, Tuesday, Thursday, and Friday 12-6pm.

The ORAC manages the WKU Challenge Course which features low ropes elements. The WKU Challenge Course is located at the WKU Agricultural Farm. The WKU Challenge Course provides team-building experiences to foster group cohesiveness and self-empowerment. With 10 low course elements, the sky is the limit for what you can accomplish at the course. You can experience the Challenge Course either by scheduling a group or by taking an academic course. Visit <https://www.wku.edu/challengecourse/> for more information!

Career Development (<https://www.wku.edu/career/>)

Advising and Career Development Center (ACDC)

Wayne E. Simpson, Associate Director of Career Development

Downing Student Union, 2nd floor - Room 2001
(270) 745-3095
careerhelp@wku.edu
Handshake: www.joinhandshake.com (<https://www.joinhandshake.com/>)

Career development services for graduate students are provided by the Advising and Career Development Center (ACDC) to help students identify and reach their career and employment goals. The career team assists in preparing students for an ever-changing job market through resume and cover letter reviews, interview tips and skills, job and internship search tips, and career development presentations. Students are able to seek employment opportunities through Handshake, an online employment management software, as well as network with potential employers at career fairs and events offered throughout the academic year.

All other services provided by the ACDC are specifically for undergraduate students. Contact the Graduate School (<https://www.wku.edu/graduate/contact.php>) for additional graduate student service information.

Center for Innovative Teaching & Learning (<https://www.wku.edu/citl/>) (CITL)

citl@wku.edu
Honors College & International Center
(270) 745-2106

The Center for Innovative Teaching and Learning (CITL) supports the teaching and learning mission of the university. CITL collaborates with faculty to design content and courses that promote an active learning environment for students enrolled in traditional face-to-face instruction, flipped classrooms, blended/hybrid courses, and online courses and degree programs.

CITL identifies current and emerging instructional technologies and works with faculty and staff to incorporate these tools and innovations into curricular and co-curricular activities to promote student learning and engagement. CITL also offers an extensive array of professional development opportunities for the university community centered on teaching effectiveness, student learning and engagement, and the use and assessment of high impact practices. These training opportunities are delivered via professional learning communities, seminars, webinars, workshops, and more personalized training events for departments and units.

Counseling Center (<https://www.wku.edu/heretohelp/>)

counseling.center@wku.edu
Potter Hall 409
(270) 745-3159

The Counseling Center at WKU provides the following services without assessing a fee or billing insurance: individual counseling services for currently enrolled students; educational programs for classes, organizations, and departments; consultation to faculty and staff regarding student mental health related behavior(s); referrals to psychiatrists, psychologists, and counselors outside of the university; and, crisis/emergency assistance for mental health related situations that arise on campus or in our community.

WKU Online (<https://www.wku.edu/online/>)

WKU offers flexible pathways to degree attainment, allowing students to earn a complete degree online or choose to take a combination of face-to-face and online courses. Courses are delivered on the web in semester-

based online classes and non-semester-based classes in the on demand format.

There are more than 1,700 courses available each year, and over 80 degree programs and certificates at the graduate and undergraduate levels. In addition, there are several degree programs that allow students to complete a significant portion of required courses online, offering additional options for flexibility within their program of study.

WKU Online also offers an on demand option that provides flex-paced, asynchronous online courses for students to pursue educational experiences outside the traditional college classroom. On demand courses are offered to help undergraduate and graduate students who, because of distance or time constraints, cannot participate in traditional on-campus or semester-based online courses. Over 100 web courses are available and WKU faculty teach all courses.

Online Student Services

(270) 745-3028

online.success@wku.edu

As a **WKU student**, you will have access to support services designed specifically for distance learners! Online Student Services provides students with access to support designed to help them succeed in reaching their educational goals. As an online learner, juggling college with work and other responsibilities can be challenging. WKU Online Student Services are here to connect you to your available WKU resources such as **Online Orientation** (<https://www.wku.edu/online/orientation/>), WKU Library services, an Online Writing Lab, Online Tutoring, Career Services, Academic Advising, and a **Student Success Coach** (<https://www.wku.edu/online/coaching/>) who will always be there lending support and guidance throughout your entire program – all easily accessible and free of charge through our **Student Resource Portal**. (<https://www.wku.edu/online/srp/>)

Online Program Development

(270) 745-5305

Online Program Development extends support to academic departments to facilitate the development and offering of online learning courses and programs. OPD offers marketing and promotion and guidance on state authorization and federal regulation compliance. Using data-driven solutions, OPD serves faculty and supports online courses that have a measurable, positive impact on WKU students.

Distance Learning Testing Center (<https://www.wku.edu/testing/>)

(270) 745-5122

dltc@wku.edu

The DLTC provides testing services to students taking online courses through WKU and other higher education institutions. The centers are certified through the National College Testing Association (NCTA) and adhere to the professional standards and guidelines provided by the organization. Additionally, DLTC administers academic placement and workforce certification exams.

On Demand (<https://www.wku.edu/ondemand/>)

(270) 745-4158

ondemand@wku.edu (%20ondemand@wku.edu)

WKU Online also offers an on demand option that provides flex-paced, asynchronous online courses for students to pursue educational experiences outside the traditional college classroom. On demand courses are offered to help undergraduate and graduate students who,

because of distance or time constraints, cannot participate in traditional on-campus or semester-based online courses. Over 100 web courses are available and WKU faculty teach all courses.

Students may register for on demand courses any day of the year and may complete on demand courses in as little as 7 weeks or take up to 9 months. Admission to the University is not required to enroll in on demand options; however, if students intend to pursue a degree, they must be formally admitted. All registrations are considered in-state for tuition purposes. A list of available on demand courses can be found on our website or by viewing WKU's schedule of classes and searching by campus "On Demand."

Online Recruiting

Global Learning & International Affairs (<https://www.wku.edu/international/>) (WKU Global)

Mr. John Sunnnygard, Associate Provost for Global Learning and International Affairs
Honors College and International Center (HCIC)
(270) 745-4857

Western Kentucky University has a long and rich tradition of international engagement which is represented throughout the university's strategic plan. Global Learning and International Affairs (WKU Global) works on campus and around the world to offer WKU students transformative global learning experiences. WKU Global consists of two units: Global Learning Admissions and Recruitment (GLAR) and Global Learning Advising and Student Services (GLASS). All WKU Global units are housed in the Honors College and International Center building.

Global Learning Admissions and Recruitment (<https://www.wku.edu/international/>) (GLAR)

applyinternational@wku.edu
(270) 745-4857

Global Learning Admissions and Recruitment (GLAR): GLAR is committed to right-fit recruiting whether it is bringing a diverse and qualified of international students to the WKU campus or connecting WKU students to global learning opportunities. This includes setting and ensuring adherence to admission standards, liaising with academic departments and colleges to establish fruitful international partnerships in support of student recruitment, and awarding scholarships.

- **Global Marketing and Communications:** Driven by the goals of WKU's strategic plan, the marketing and communications unit develops and oversees a comprehensive communications plan. Through market research and data-driven strategy, WKU Global provides timely information to a wide range of constituents including key support for global learning student recruitment and retention.
- **International Pathway to Academic Success (IPAS)** (<http://catalog.wku.edu/graduate/student-services/file:///C:/Users/amy83452/AppData/Local/Microsoft/Windows/INetCache/Content.Outlook/X0PRO63E/wku.edu/ipas/>): The IPAS is committed to international student success by delivering a specialized first-year program that offers customized courses, academic support, and co-curricular engagement to facilitate a successful transition to college life at WKU.

Global Learning Advising and Student Services (<https://www.wku.edu/international/>)

study.abroad@wku.edu, isss@wku.edu
(270) 745-4857

- **Study Abroad Advising** (<http://catalog.wku.edu/graduate/student-services/file:///C:/Users/amy83452/AppData/Local/Microsoft/Windows/INetCache/Content.Outlook/X0PRO63E/wku.edu/studyabroad/>): WKU encourages and supports all students seeking the opportunity to incorporate international academic, professional, and cross-cultural experiences into their education. WKU offers a wide variety of international education opportunities for a range of academic disciplines and budgets. Students can choose to study, intern, volunteer, student teach, conduct research abroad or participate virtually during any academic term.
- **International Student and Scholar Services:** International Student and Scholar Services (ISSS) supports WKU's international students, visiting scholars, and their families through immigration advising, advocacy, cross-cultural programming, and training.
- **Global Learning Programming:** WKU Global is committed to providing global learning opportunities to the WKU campus community through cross-cultural training, global learning forums, student events, workshops, and topical discussions.

Housing and Residence Life (<https://www.wku.edu/housing/>)

hrl@wku.edu
Southwest Hall, Room 18
(270) 745-4359

The Department of Housing and Residence Life, in partnership with the student and the university community, provides a premier living/learning experience that promotes student success. We offer 15 residence halls with a variety of living options to accommodate the needs and preferences of our student population. Several of the amenities include the following: cable television, internet connections and wifi capability in each bedroom, and laundry facilities in each hall. Apartment living is also available to juniors, seniors, and graduate students. Leadership is provided in each hall by live-in professional staff members. Additionally, community advisors, resident assistants, and desk assistants work to provide services in the halls that include a 24-hour information/security desk operation. Residence hall rooms are equipped to accommodate two students and each room is furnished with beds, chests of drawers, bookshelves, closet space, desks and chairs.

Housing Application and Fee Payment

A \$75.00 housing application fee is required to file this Contract. This fee is a one-time payment for applicants new to WKU Housing. Returning students continuing in housing for the next academic year through completion of a housing renewal application are not required to pay another fee. The fee does not apply toward the semester housing fee or other University obligations. The application fee is non-refundable.

A resident agrees to pay the full semester housing fee by the due date.

The resident agrees that any deviation from the established schedule of payment or any problem with payment, must be approved by the office of Billings and Receivables before payment is due.

The resident agrees that failure to make payment as prescribed does not relieve the resident of accumulated housing fees while in residence.

The resident understands that nonpayment may result in denial of residence hall accommodations and services, as well as University registration, until the amounts due are paid.

Cancellations and Refund Policy

Cancellation before the beginning of the Academic year or Spring Only Semester:

Written notice of cancellation must be made to the Department of Housing & Residence Life in order to avoid housing charges. Cancellations must be received by the Monday of the first day of classes.

Cancellation After the Beginning of the Academic Year or Spring Only semester:

A resident who does not check into the assigned room by midnight of the first day of classes will be considered a "no show," and be canceled immediately. A late cancellation charge of \$150 will be assessed to students who are no shows.

Residents who have checked into their housing assignment must go through the official withdrawal process to cancel this Contract. Official withdrawal procedures are outlined in the University publication, "Hilltopics for Residence Hall Living." A student who is an unofficial checkout will be assessed a \$150 unofficial checkout charge.

A termination fee and any applicable housing fees (room charge through the official date of withdrawal, or assessment of the required housing fee for non-compliance with the required housing policy) will be assessed to a student's bill. The contract termination fee is 50% of the student's semester housing charge.

Requests for exemption can be submitted online in the Housing Portal. Exemptions are not guaranteed.

A resident's date of official withdrawal from the assigned residence hall room will determine the room charge and, if applicable, the amount of housing fee refund.

An official withdrawal prior to or during the first 6 days of classes (Monday to Monday of the 1st week of the semester, including holidays if applicable) will be pro-rated by nights in room. From the 7th day of class through Sunday of the second week, and thereafter determines the number of weeks assigned, using the following schedule: second week: 50% of semester fee; third week: 75% of semester fee; after the third week, the charge is 100%.

An assigned resident who does not go through the official withdrawal process to cancel this Contract on or before the last day of finals week

of the Fall Semester will be considered an assigned Spring Semester resident and will be charged a Spring Housing fee accordingly.

Room Assignments

Room assignments are made based upon the date of receipt of the Housing Agreement and accompanying housing application fee. Returning residents who renew their housing agreement prior to the established deadline are given "priority status" and are reassigned first. Incoming freshmen and transfer students are assigned next based upon their date of completed housing contract and application fee paid.

Although there are no guarantees, special consideration is given to the indicated preferences. Roommate preferences are made based on availability and mutual requests. It is recommended that residents wishing to room together should submit their Agreements together when possible.

Residence Hall Rooms

Residence hall rooms are equipped to accommodate two students and each room is furnished with beds, chests of drawers, bookshelves, closet space, desks and chairs.

Reservations

Students should submit the completed Residence Hall Housing Agreement with their \$75.00 application fee immediately after being admitted to the University. Students may apply online through the Housing Portal (<https://www.wku.edu/housing/portal/>) with credit/debit card.

ID Center (<https://www.wku.edu/idcenter/>)

Downing Student Union 2125
(270) 745-2417

All full-time and part-time students are issued a personal identification card (WKU ID Card). The ID card contains a photo image, the student's name, and WKU ID number. The ID card entitles the full-time student to admission to campus athletic events, use of recreational facilities in the Student Union at student rates, admission to the Preston Center, check-out privileges at the library, and other general University services. It can also be used as a debit card at all Restaurant Group facilities, the WKU Store, WKU Postal Services, Student Health Services, selected vending machines, laundry machines, and more. The ID card for part-time students provides similar privileges as received by full-time students detailed above with the exception of admission to some recreational activities unless an additional fee is paid. The ID card is not transferable and is valid for the duration of one's college career at WKU. Students are expected to carry their ID card at all times and to present the card upon request by University Officials. The WKU ID Card must be surrendered upon demand if revoked by a University Official. The University is not responsible for any loss or expenses resulting from the loss, theft, or misuse of this card. If the card is lost or stolen, it must be replaced at a cost to the student. Application for replacement of an ID card should be made at the ID Center. The ID card is the property of Western Kentucky University.

Information Technology Services (<https://www.wku.edu/its/>)

Information Technology Services (ITS) is a unit in the Division of Strategy, Operations, and Finance. The goal of ITS is to provide WKU students, faculty, and staff with superior customer service; reliable and timely technical support; state-of-the-art technology tools; technology training;

and convenient access to computing and communications resources. ITS continually places specific emphasis on the use of information technology in student learning, faculty teaching, and staff productivity.

ITS services include: providing instructional delivery and support leveraging a variety of technologies to support traditional and online instruction; delivery of information through a mobile app for key systems and services such as email, course schedules, meal plan management, campus maps, and bus schedules; support of Student Technology Center locations (open labs), providing computers and printing services available to all WKU students, faculty, and staff; and support of departmental labs/classrooms.

In addition, WKU ITS provides a number of user support services including a centralized ITS Service Desk and TopperTech, a complimentary repair service for student computers where students and employees can also checkout technology equipment for academic or WKU-sanctioned purposes. These and other services are described in more detail on the WKU ITS web page (<https://www.wku.edu/its/>).

Intercultural Student Engagement Center (<https://www.wku.edu/isec/>) (ISEC)

Dr. Cres'Sena Thomas, Associate Director
Dero Downing Student Union, Office 2041
Phone: 270-745-5066; Fax 270-745-5273

The Cynthia and George Nichols III Intercultural Student Engagement Center (ISEC) promotes a culturally inclusive campus environment, cultural awareness and competence, inter-group dialogue, engagement and intercultural interaction, and supports lifelong learning about self and others. The office serves as a hands-on recruitment and retention resource for the many cultural, religious/spiritual, and identity groups reflected within the WKU community. The center provides student support services to foster academic success and sponsors culturally based celebratory events. Staff within ISEC carry out programmatic initiatives designed to increase the cultural competency of students, faculty, and staff. Additionally, center staff manages respectful spaces for students to learn about themselves and others through meaningful experiences, dialogues, and opportunities for growth.

Kentucky Museum (<https://www.wku.edu/kentuckymuseum/>)

1444 Kentucky Street
(270) 745-2592

The Kentucky Museum has its origins in the establishment of the Kentucky Building in 1939 as a place for "Kentuckians to know Kentucky." Today, the Kentucky Museum continues this charge while increasing interdisciplinary knowledge of, appreciation, and respect for a collection representative of South Central Kentucky. As a teaching museum, we conduct research, preservation, and interpretation in a variety of fields, with special emphasis on fine, decorative, and folk arts; clothing and textiles; toys; political memorabilia; and other culturally significant items from our community.

Mission Statement

The Kentucky Museum enhances the academic mission of Western Kentucky University and provides quality educational and cultural experiences for our campus and community.

Vision Statement

The Kentucky Museum is a teaching museum with premier cultural collections utilized to complement, support, and challenge the academic experience. We also provide a gathering place for our campus and community to come to know and celebrate who they are as individuals and Kentuckians in the 21st century.

Med Center Health at WKU Health Services (<http://www.wku.edu/healthservices/>)

1681 Normal Drive

Phone: (270) 745-CARE (2273)

Website: <https://medcenterhealth.org/wkuhealthservices>

WKU Health Services is your provider for comprehensive healthcare services for students, faculty and staff, brought to you by Med Center Health (<https://medcenterhealth.org/>), the largest and most comprehensive healthcare provider in Southcentral Kentucky. Located just two miles from WKU's Bowling Green campus, The Medical Center at Bowling Green, Med Center Health's flagship hospital, offers comprehensive emergency, specialty and surgical services.

At WKU Health Services, we are committed to the health and wellbeing of every WKU student, faculty and staff member. We are here to provide care for you through offering a variety of services including:

- Acute non-emergency injury treatment
- Allergy Treatments
- Annual Wellness Visits
- Biometric Screening
- Contraceptive Services
- Immunizations
- Lab work
- Medication Administration
- Mental Health Services
- Occupational Medicine
- Physical Therapy
- Pregnancy Testing
- Primary Care
- STI testing
- Telemedicine
- Women's Health Visits
- X-Ray

Through partnerships with campus-based services, WKU Health Services provides health and wellness resources to the campus community aimed at helping students stay well during their time at WKU and helping faculty, staff and their families with the care they need throughout the year.

Our providers and staff include Board Certified Medical Doctors (Family Medicine and Sports Medicine), Nurse Practitioners, registered medical assistants, x-ray and lab technicians. We are in network with all major insurance plans, including Medicaid and Medicare. We also accept the WKU Student Health Insurance plan (<https://wku.myahpcare.com/>). If there is an out-of-network patient responsibility, the self-pay discount fee schedule can be used.

WKU Health Services allows patients the option to pay in cash for services rendered at our clinic as opposed to billing those services to insurance. Depending on the patient responsibility requirement from your health plan, a copay will be collected at the time of service.

WKU Health Services is open 8 am – 6 pm Monday – Thursday and 8 am – 4:30 pm on Fridays, Central Time. Special alternate hours may apply during holiday and summer breaks. To schedule an appointment to see a healthcare provider, call (270) 745-CARE (2273).

Patients will need their driver's license or other official form of ID and their insurance card (if available) at the time of their appointment. Insurance is not required to be seen by a healthcare provider.

WKU Health Services is located on the south side of the WKU Bowling Green campus, near the Freshman Village with convenient access to the Topper Transit line (Ransdell Hall stop). Free parking is available for patients while they are seeing our providers (license plate number must be provided to front desk personnel).

Military Student Services (<https://www.wku.edu/veterans/>)

military@wku.edu

Gary Ransdell Hall 2067

(270) 745-2180

Western Kentucky University is committed to providing exceptional and affordable options to our military students. The Office of Military Student Services leads initiatives and offers unique programs to ensure the educational success of our total military student population including active duty, guard and reserve members, veterans, and their family members. Visit www.wku.edu/veterans/ (<http://www.wku.edu/veterans/>) to discover services and programs available, a few of which are:

- Free textbook loans to eligible students through the Textbooks For Troops program
- Discounted Tuition Rate for active duty, reserve, and National Guard members, including active-duty officers in the USPHS and NOAA.
- Federal Tuition Assistance help for all service members, from all branches.

Since 1972 WKU has provided educational opportunities on post at Ft. Knox. WKU also offers the only Veterans Upward Bound program in Kentucky, an award-winning Army ROTC, an Air Force ROTC partner school program, and so much more.

Western Kentucky University is committed to ensuring flexibility toward obtaining a degree to service members, as stated in the Higher Education Relief Opportunity for Students (HEROES) Act of 2003. Several WKU policies apply specifically as mentioned below:

- The Military Withdrawal policy permits a service member the ability to withdraw from a course or the entire schedule of classes, and receive a tuition and fee refund.
- A degree term extension is available, if needed.
- Service members may request a grade of incomplete if a relatively small amount of work is not completed, allowing an extension due to deployment.
- The Military Absence Policy for Official Military Duties and Veteran Administration Medical Appointments directs instructors to be

flexible and offer accommodations for assignments missed due to official military duties or VA medical appointments.

WKU also supports and complies with the U.S. Department of Education Readmission policy (https://www.ecfr.gov/cgi-bin/text-idx/?SID=39e00d2cf51750ff02f3872015b89388&mc=true&node=se34.3.668_118&rgn=div8).

Office of Research and Creative Activities (<https://www.wku.edu/research/>) (ORCA)

research@wku.edu
Wetherby Administration Building 209
(270) 745-4652

The mission of the Office of Research & Creative Activity at Western Kentucky University is to provide outstanding support for the research, service, creative, and scholarly endeavors of our faculty, staff, and students. Our staff is dedicated to partnering with the university community to increase external support for these activities, while ensuring compliance with federal, state, and institutional regulations.

Our unit includes the Office of Sponsored Programs and the Office of Research Integrity. The Office of Sponsored Programs (<https://www.wku.edu/sponsoredprograms/>) is a service unit that assists the faculty and staff at WKU in obtaining and administering external funds. The Office of Research Integrity (<https://www.wku.edu/compliance/>) provides guidance in the protection of the rights, welfare, and security of faculty, staff, and students involved in activities throughout the WKU campus system and supporting communities to ensure compliance with federal, state, and local requirements.

We also oversee a variety of programs and initiatives that provide support for research, creative, and other scholarly enterprises at WKU

Office of Scholar Development (<https://www.wku.edu/osd/>) (OSD)

Lindsey Houchin, Assistant Director
osd@wku.edu
Honors College & International Center 1045
(270) 745-5043

The Office of Scholar Development (OSD) mentors students applying for nationally competitive scholarships that fund “academic extras” beyond what’s covered in tuition, such as study abroad, research, professional experience, and more.

From first drafts to final submissions with multiple revisions in between, OSD helps students make more possible regardless of their major or means. By conceptualizing and revising the stories they tell in application essays and interviews, students better understand their strengths, interests, and purpose—and explore multiple possible pathways to that work.

We are located on the first floor of the Dixie and Peter Mahurin Honors College-International Center on Normal Street. Please email OSD at osd@wku.edu for more information or to schedule an appointment.

sarc.connect@wku.edu

Downing Student Union 1074

(270) 745-5004 or TDD (270) 745-3030

Students with disabilities sometimes need assistance to ensure an adequate academic and social environment while attending the University. This assistance is usually provided through the Student Accessibility Resource Center (SARC). SARC coordinates its activities through individual faculty members, other campus offices, and public agencies. Students with disabilities receive accommodations specific to their individual disability and/or impairment. These accommodations may include: note takers, testing accommodations, alternative text formats, priority in academic advising/registering, etc. Particular attention relates to assuring accessibility in classroom, laboratory, housing, distant learning, and online environments. Interpreting and captioning services are available for Deaf and Hard-of-Hearing students. If a student with a disability has concerns or needs before they attend the University, if they need accommodations while participating in university services/activities, or if any concerns arise while they are enrolled on campus, they are encouraged to contact the SARC office. Both consultation and technical assistance are available.

Student Activities (<https://www.wku.edu/sao/>)

Downing Student Union 2059

(270) 745-2459

Western Kentucky University students have a significant role in the internal governance of the University. Elected or appointed representatives of the student body serve with members of the faculty and administration on policy-recommending councils and committees. Student members of internal governance councils and committees are selected by the Student Government Association. For more information about the membership and function of these committees and councils contact the Student Government Association Office, DSU 2045, (270) 745-4354.

Student Life Policies

All university citizens enjoy the rights and liberties assured by the constitutions of the Commonwealth of Kentucky and the United States of America. Likewise, they are subject to the responsibility and obligation to accord respect to the rights of others. Student Life policies are intended to foster student development and responsibility. Guided by these principles, the Department of Student Activities and Division of Enrollment and Student Success maintain the mission of the university by ensuring that students are afforded opportunities for civic engagement with respect to the rights of others. Students' rights, responsibilities, and the Student Code of Conduct (<https://www.wku.edu/studentconduct/student-code-of-conduct.php>) are outlined in this catalog and in the WKU Student Handbook (<https://www.wku.edu/handbook/>). Student organizations, activities, and leadership programs make a great contribution to student life at WKU. All students are encouraged to become involved in organizations whose purposes and activities will contribute to their personal growth and development.

Campus Activities Board (CAB)

The WKU Campus Activities Board (<https://www.wku.edu/cab/>) (CAB) seeks to enrich the educational experience of students at WKU through the support of the overall mission of Western Kentucky University by offering a wide range of cocurricular experiences for students. Through these experiences, the Campus Activities Board strives to bring students together to enhance student involvement and create a campus atmosphere that addresses student needs outside of the classroom. In addition, CAB seeks to provide opportunities for group collaboration with other campus organizations, as well as opportunities for professional growth.

Leadership and Volunteerism

The Leadership and Volunteerism office provides a variety of opportunities to students that allow them to engage in developmental activities. This office engages students in numerous service projects including Midnight on the Hill for St. Jude's Hospital. Alternative Spring Breaks, Red Cross blood drives, and Student United Way.

Dynamic Leadership Institute (DLI)

WKU students are invited to apply for admission to the Institute. The Institute consists of four phases. Each phase is a semester with six workshops or activities that address a variety of leadership topics.

Students are selected to represent a diverse group of ages, interests, and levels of leadership ability. Applications are available at the Leadership & Volunteerism office, DSU 2059.

Volunteer Initiative Program (VIP)

The VIP exists to provide students with information about community service and volunteer opportunities in the Bowling Green area. Students have the opportunity to volunteer their time to local service agencies and get involved in the community. Volunteer opportunities range from one day events to semester long activities. There is something out there for everyone and the experience is priceless. The program is open to all WKU students, faculty, and staff.

Registered Student Organizations

The Office of Student Activities works to provide co-curricular activities for those students who want to become involved at WKU. We have over 300 registered student organizations (<https://www.wku.edu/studentorgs/>), ranging from departmental, campus ministries, general clubs, honor societies, intramural recreation, professional, service, student representative and Greek life (fraternity and sorority).

Student Government Association (SGA)

The Student Government Association (<https://www.wku.edu/sga/>) of Western Kentucky University represents and advocates for the entire WKU student body. Whether campus safety, college affordability, campus sustainability, campus inclusion, or other endeavors, SGA is committed to advancing WKU as the best and most welcoming university it can possibly be on behalf of all Hilltoppers.

Dr. Mary Lloyd Moore, CEC Director
cec@wku.edu
104 Alumni Avenue
(270) 745-4232

The Suzanne Vitale Clinical Education Complex (CEC) houses the Communication Disorders Clinic, the Renshaw Early Childhood Center, the Family Resource Program, and the Kelly Autism Program. The CEC provides applied research opportunities for both graduate and undergraduate students and valuable services to the community at large. This complex is a comprehensive clinical setting for education and health and human services professionals. The CEC builds upon a strong tradition at Western Kentucky University to meet community needs, fill service delivery gaps, provide opportunities for applied research, and enrich both undergraduate and graduate students' educational experiences through an interdisciplinary teaching approach. Following is a short description of the units housed within the CEC:

Communication Disorders Clinic

The Western Kentucky University Communication Disorders Clinic provides assessment and treatment services to individuals with communication delays and disorders and serves as a state of the art training facility for students in the Communication Sciences and Disorders Department (<https://www.wku.edu/communicationdisorders/>).

Student clinicians under the supervision of state licensed and nationally certified speech-language pathologists and/or audiologists provide services. The Suzanne Vitale Clinical Education Complex is a University Partner of the Communication Disorders Clinic.

Vickie and Dan Renshaw Early Childhood Center

The Renshaw Early Childhood Center (RECC) provides early learning and intervention services to children who are neurodiverse and children who are neurotypical, ages 15 months through kindergarten entry, in inclusive group settings. As a part of the early learning program, the RECC provides field experiences and mentoring for university students in early childhood education, special education, communication disorders, nursing and other related fields. The RECC also serves as a center for research and collaboration with university and community partners and stakeholders. For more information, phone (270) 745-2773.

Family Resource Program

The (Family Resource Program) FRP is the nucleus of the CEC and is the first point of contact. The program supports families as a source of information, referral, and service in all CEC areas. Phone (270) 745-4232.

Kelly Autism Program

KAP provides programming and services for individuals ages 7 through adult who have been diagnosed with autism spectrum disorder (ASD) and other disabilities. KAP focuses on developing: social, communication, sensory, executive functioning, transition, community, and academic skills. KAP also provides a six point Circle of Support program for individuals with ASD who are attending WKU. The program offers a single dorm room, study tables, mentoring, counseling, and weekly advisor meetings. Phone (270) 745-4232.

The University Libraries of WKU invites you to discover success with outstanding personnel, facilities, support services, and information resources to foster a dynamic learning and research environment through which our community can effectively explore, access, and use information.

The University Libraries serves as a regional lighthouse by:

Creating Environments

Swing by and check out the new Commons at Helm Library! Multiple collaborative and independent spaces are available for all to use and gather in an environment that harnesses active learning and creates a culture of innovation to power the intellectual. University Libraries offers both physical and electronic collections and support services to meet the needs of each student whether on campus, at home or on-the-go. Helm Library is currently undergoing renovations, expected to re-open in 2021, to transform its facility into an innovative, intellectual hub with a modern, multipurpose, student-centered space.

Connecting People

The library faculty and staff are committed to helping individuals achieve their academic goals. Through individual consultation, classroom instruction, online chatting, and phone conversations, University Libraries professionals connect with all so individuals may become independent thinkers, lifelong learners and global citizens.

Collaborating with All

The Libraries are continuously challenged to balance the resources of the present, while preserving the past, and preparing for the future. Technology, digital resources, and the plethora of information have transformed library services. The Special Collections Library houses a wealth of primary research materials in physical and digital format, most relating to the university and the state of Kentucky. TopSCHOLAR® –the open, scholarly and creative database of WKU – provides access of WKU intellectual assets to researchers from around the world. Our University Libraries also collaborates with institutions across Kentucky and globally to effectively deliver Interlibrary Loan resources.

ADED 515 How Adults Change 3 Hours

Examines the process of change that occurs in adults through learning and development. Models of adult development and adult learning will be explored as it relates to the process of change within individuals, organizations, and communities/society.

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

ADED 520 Facilitating Change Agency in Adults 3 Hours

Aids students in developing skills to facilitate change in adults using adult education methods. The course will focus on identifying the intersection of change models with facilitation models. Practical applications will cover establishing goals, objectives, learning design, learning activities, and outcomes assessment.

Prerequisite(s): ADED 515

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

ADED 530 Program Planning for Adults and Learning Organizations 3 Hours

Guides students through the process of developing and delivering a program for adult learners and organizational change. Students will be exposed to practical aspects of program design, program delivery, assessment, and evaluation. Focus will be on the role program planning has in facilitating change within organizations and the community/society.

Prerequisite(s): ADED 510 (may be taken concurrently)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

ADED 540 History and Philosophy of Change Agency in Adults 3 Hours

Enables students to compare and contrast philosophical perspectives on change agency, through the review of historical change agency figures, leading to one's own philosophy. Philosophy and history of adult education in the United States. Covers history of adult education from the colonial period to today. Includes major philosophies that guide adult education. Ties together the efforts of change agents as they worked to create change in individuals, organizations, and community/society through adult education.

Prerequisite(s): ADED 510 (may be taken concurrently)

Recent Term(s) Offered: None

ADED 590 Practicum in Adult Education 1-3 Hours

Supervised practical experience related to adult education studies. Note: Completion of 18 hrs in MAE Adult Education including all core courses except capstone required.

Prerequisite(s): permission of instructor

Restriction(s): Enrollment is limited to students in Adult Education (047)

Recent Term(s) Offered: spring 2022

ADED 597 Directed Study in Adult Education 3 Hours

Directed study related to best practices in adult education. Requires completion of research or applied project on approved topic. Note: Completion of least 21 hrs in program including all core requirements required.

Prerequisite(s): permission of instructor

Restriction(s): Enrollment is limited to students in Adult Education (047)

Recent Term(s) Offered: fall 2021

ADED 598 Adult Education Seminar 3 Hours

Issues in the field of adult education. Topics will vary with faculty and student interest.

Prerequisite(s): ADED 510

Recent Term(s) Offered: None

ADED 599 Thesis Research and Writing 1-6 Hours (repeatable max of 6 hrs)

Independent research on a topic related to Adult Education.

Prerequisite(s): permission of instructor

Restriction(s): Enrollment is limited to students in Adult Education (047)

Recent Term(s) Offered: None

ADED 600 Maintaining Matriculation 1-6 Hours (repeatable max of 6 hrs)

One to six hours for ADED students needing to maintain matriculation.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: spring 2021; summer 2021; spring 2022; summer 2022

Advertising (AD)

AD 536 Sport Branding: A New Game 3 Hours

Focused on developing and delivering a meaningful brand message to increase sport fan loyalty and engagement. Topics include team-branding, athletes as brands, globalization, and digital technologies.

Prerequisite(s): RSA 521 (may be taken concurrently)

Recent Term(s) Offered: fall 2021; fall 2022

AD 537 Sport Sponsorships: New Revenue Strategies 3 Hours

Provides a strategic framework for understanding sport information management and preparation by focusing on the relationship among sport organizations, spokespeople, and media.

Prerequisite(s): RSA 521 (may be taken concurrently)

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

African-American Studies (AFAM)

AFAM 480G Independent Study in African American Studies 1-3 Hours (repeatable max of 9 hrs)

Designed primarily for advanced students. This course will permit students to pursue selected topics dealing with the life and times of the people of African ancestry in Africa and America.

Prerequisite(s): AFAM 190 or permission of instructor

Recent Term(s) Offered: None

AFAM 490G African American Seminar 3 Hours (repeatable max of 9 hrs)

Designed primarily for advanced students. This seminar will include topics dealing with the African American, present or past.

Prerequisite(s): AFAM 190 or permission of instructor

Recent Term(s) Offered: None

Agricultural Economics (AGEC)

AGEC 463G Agricultural Finance 3 Hours

Farm finance problems including capital requirements, investment decisions, budgeting techniques, etc. Lending agencies and alternative means of acquiring capital.

Prerequisite(s): AGEC 361 or permission of instructor

Recent Term(s) Offered: spring 2021; fall 2022; spring 2023

AGEC 468G World Food Development 3 Hours

Problems and opportunities in feeding an ever-increasing population. Assessment of world food production, poverty, businesses and cultures; ways of increasing production.

Recent Term(s) Offered: spring 2022

AGEC 561 Agricultural Production and Economics 3 Hours

Production and cost functions, programming and decision-making principles and their application to agriculture.

Recent Term(s) Offered: fall 2021; spring 2023

AGEC 671 Advanced Agribusiness 3 Hours

Economic principles, marketing, management, and accounting techniques necessary for a profit-maximizing agribusiness venture. Students will follow steps of the disciplined entrepreneurship process to create an agribusiness venture. Comprehensive strategic planning for new or existing agribusinesses.

Recent Term(s) Offered: spring 2022; spring 2023

AGEC 675 Advanced Topics Agricultural Economics 3 Hours

No course description is available

Recent Term(s) Offered: fall 2021

Agricultural Education (AGED)

AGED 570 Methods of Teaching in Agriculture Education 3 Hours

Experiences related to the teaching of agriculture education, further preparing the prospective teacher in supervised occupational experience programs. Topics covered include FFA activities, classroom management, and general teaching techniques. Departments of Agriculture in other institutions are occasionally visited.

Recent Term(s) Offered: None

AGED 571 Organization and Planning in Agricultural Education 3 Hours

A teacher preparation course designed to prepare pre-service teachers for the student teaching experience and for a full-time teaching position. Unit planning, lesson preparation, and delivery comprise the major portion of this course.

Recent Term(s) Offered: None

AGED 575 Topics in Agriculture Education 1-3 Hours (repeatable max of 6 hrs)

Special topics acquaint students with scientific developments of current interest in agricultural education. Appropriate topics are assigned.

Lecture and assignments vary with credit.

Recent Term(s) Offered: None

AGED 583 Curriculum Development/Agriculture Education 3 Hours

Principles of curriculum development, curriculum alignment, and assessment of content standards.

Recent Term(s) Offered: None

AGED 584 Program Development/Agriculture Education 3 Hours

For new and returning ag-ed teachers. Covers planning, conducting, and following through instructional programs for secondary, post-secondary, and/or adult students.

Recent Term(s) Offered: None

AGED 589 Ind Spec Prob Agriculture Education 1-3 Hours (repeatable max of 6 hrs)

Supervised individual study in agricultural education.

Recent Term(s) Offered: None

AGED 675 Advanced Topics in Agriculture Education 1-3 Hours

No course description is available

Recent Term(s) Offered: fall 2023

Agriculture - General (AGRI)

AGRI 491G Data Analysis and Interpretation 3 Hours

Statistical models and use of samples, variation, statistical measures, distributions, tests of significance, analysis of variance, regression, correlation and chi-square as related to interpretation and use of scientific data.

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

AGRI 493G Sustainable Agriculture 3 Hours

Effect of diminishing resources, environmental pollution, and short-term economics on the sustainability of productive agriculture. Emphasis on managing crops, livestock, and other farm resources in providing an ecological-economical balance in agricultural production. Note: Upper division standing, minimum of 18 hours in agriculture or related areas required.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: spring 2022; spring 2023

AGRI 528 Population Genetics 3 Hours

Application of genetic and statistical concepts to populations of plants and domestic animals.

Prerequisite(s): BIOL 327 and (AGRI 491 or equivalent)

Recent Term(s) Offered: spring 2022

AGRI 590 Experimental Design 3 Hours

Statistical consideration in experimental design; covariance, multiple regression, factorial design, and incomplete block designs.

Prerequisite(s): AGRI 491 or permission of instructor

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

AGRI 597 Independent Special Problems/Agriculture 1-3 Hours (repeatable max of 9 hrs)

Supervised individual study in agriculture.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: spring 2021; spring 2022; fall 2022; summer 2023; fall 2023

AGRI 598 Seminar 1 Hour (repeatable max of 3 hrs)

Problems and research in agriculture. Required of all graduate students.

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; fall 2023

AGRI 599 Thesis Research/Writing 1-6 Hours (repeatable max of 6 hrs)

Thesis research and writing directed by faculty committee.

Recent Term(s) Offered: spring 2021; summer 2021; fall 2021; spring 2022; summer 2022; fall 2022; spring 2023; summer 2023; fall 2023

AGRI 600 Maintaining Matriculation 1-6 Hours (repeatable max of 6 hrs)

Continued enrollment for thesis completion.

Recent Term(s) Offered: spring 2023

AGRI 675 Advanced Topics/Agriculture 1-3 Hours (repeatable max of 10 hrs)

Issues and scientific developments of current interest.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: None

Agronomy (AGRO)

AGRO 420G Forage Crops 2 Hours

Distribution, improvement, morphology, culture, harvesting and utilization of forage crops are presented.

Prerequisite(s): AGRO 110 and AGRO 350 and BIOL 120

Corequisite(s): AGRO 421G

Recent Term(s) Offered: spring 2021

AGRO 421G Forage Crops Laboratory 1 Hour

A laboratory course correlated with AGRO 420G.

Corequisite(s): AGRO 420G

Recent Term(s) Offered: spring 2021

AGRO 457G Soil Form/Class/Map 2 Hours

Soil origin; classification schemes; profile description, mapping and interpretation of soil survey information are discussed, emphasizing Kentucky soils.

Prerequisite(s): AGRO 350

Corequisite(s): AGRO 458G

Recent Term(s) Offered: fall 2023

AGRO 458G Soil Form/Class/Map Lab 1 Hour

A laboratory course correlated with AGRO 457G.

Corequisite(s): AGRO 457G

Recent Term(s) Offered: fall 2023

AGRO 475G Topics Agronomy 1-3 Hours (repeatable max of 6 hrs)

Special topics acquaint advanced undergraduate students with scientific developments of current interest in agriculture. Appropriate topic titles are assigned. Lecture and assignments vary with credit.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: spring 2023

AGRO 509 Weed Science 2 Hours

Identification of prominent weed species; relationship of weeds to crop production problems; physical and chemical control measures.

Prerequisite(s): BIOL 120 and AGRO 110 and (CHEM 105 and CHEM 107) or equivalent

Corequisite(s): AGRO 510

Recent Term(s) Offered: fall 2022; fall 2023

AGRO 510 Weed Science Laboratory 1 Hour

A laboratory course correlated with AGRO 509.

Corequisite(s): AGRO 509

Recent Term(s) Offered: fall 2022; fall 2023

AGRO 521 Pasture Management 3 Hours

Development of pastures, physiological principles related to forage production, pasture management, and preservation and use of conserved forages.

Prerequisite(s): (AGRO 420 and AGRO 421) and (ANSC 448 or permission of instructor)

Recent Term(s) Offered: None

AGRO 522 Field Crops 3 Hours

Distribution, morphology, culture, phenology, harvest and utilization of field crops are presented.

Prerequisite(s): AGRO 110 and AGRO 350 and BIOL 120

Recent Term(s) Offered: fall 2022; fall 2023

AGRO 552 Soil Microbiology 3 Hours

Soil microbial populations and systems and their influence on plant nutrition. Soil organic matter, its decomposition and associated microorganisms; oxidation-reduction process; nitrogen fixation.

Prerequisite(s): AGRO 350 and BIOL 207 and BIOL 208

Recent Term(s) Offered: spring 2021; spring 2023

AGRO 554 Soil Management & Conservation 3 Hours

Economic utilization of land for agricultural recreation and public purposes; interpretation and application of soil conservation; public and industrial uses; practice in designing land-use maps.

Prerequisite(s): AGRO 350

Recent Term(s) Offered: spring 2021; spring 2022

Animal Science (ANSC)

ANSC 437G Physiology/Reproduction 2 Hours

Endocrinology and physiology of reproductive systems; anatomical physiology and biochemical bases of reproduction, artificial insemination, synchronized estrus and related topics are presented.

Prerequisite(s): BIOL 120

Corequisite(s): ANSC 438G

Recent Term(s) Offered: fall 2022

ANSC 438G Physiology/Reproduction Lab 1 Hour

A laboratory course correlated with ANSC 437G. Laboratory, two hours.

Corequisite(s): ANSC 437G

Recent Term(s) Offered: fall 2022

ANSC 446G Animal Breeding 2 Hours

Application of genetic and statistical principles of breeding and improvements of farm animals; the role of selection in changing populations; the effects of different mating systems upon improvement of farm animals are investigated.

Prerequisite(s): ANSC 140 and BIOL 120

Corequisite(s): ANSC 447G

Recent Term(s) Offered: None

ANSC 447G Animal Breeding Lab 1 Hour

A laboratory course correlated with ANSC 446.

Corequisite(s): ANSC 446G

Recent Term(s) Offered: None

ANSC 448G Animal Feeds and Feeding Practices 4 Hours

Livestock feeds and their nutrients; functions of and requirements for nutrients; evaluation of feeds; feeding practices and formulation of rations for all classes of livestock are included.

Prerequisite(s): ANSC 345 or permission of instructor

Recent Term(s) Offered: spring 2022

ANSC 475G Selected Topics 1-3 Hours (repeatable max of 6 hrs)
Special topics acquaint advanced undergraduate students with scientific developments of current interest in agriculture. Appropriate topic titles are assigned. Lecture and assignments vary with credit.

Prerequisite(s): permission of instructor
Recent Term(s) Offered: spring 2022; fall 2022

ANSC 533 Physiology of Lactation 3 Hours

Anatomy of the mammary gland, hormonal control of mammogenesis, initiation and maintenance of milk secretion, factors affecting level and composition of milk, synthesis of milk.

Prerequisite(s): ANSC 344
Recent Term(s) Offered: None

ANSC 545 Ruminant Nutrition 3 Hours

Rumen development and function, products of fermentation, nutrient requirements, absorption and metabolism, symptoms of deficiency and toxicity.

Prerequisite(s): (ANSC 345 and BIOL 446) or equivalent or permission of instructor
Recent Term(s) Offered: None

ANSC 547 Advanced Animal Nutrition 3 Hours

The nutrient requirements of the monogastric animals, structure, metabolism and function of each nutrient class, interrelationship of the nutrient classes, deficiency and toxicity symptoms.

Prerequisite(s): (ANSC 345 and BIOL 446) or equivalent or permission of instructor
Recent Term(s) Offered: None

ANSC 675 Advanced Topics in Animal Science 1-3 Hours

No course description is available
Recent Term(s) Offered: fall 2022; fall 2023

Anthropology (ANTH)

ANTH 432G Field Course in Archaeology 1-9 Hours (repeatable max of 9 hrs)

Includes archaeological survey, site mapping, artifact recovery, recording, and cataloging. Work is usually conducted on prehistoric Indian sites. The number of credit hours will be determined in consultation with instructor.

Prerequisite(s): ANTH 130 or permission of instructor
Recent Term(s) Offered: None

ANTH 434G Graveyard Archeology 3 Hours

Application of archaeological methods in the documentation of historic graveyards, emphasizing legal mandates, formation processes, subsurface prospecting, remote sensing, mapping and headstone recording. Travel to field site required.

Course Fee: \$10
Recent Term(s) Offered: None

ANTH 448G Visual Anthropology 3 Hours

This course examines photography and film as tools and products of cross-cultural research with special emphasis on cultural and political biases presented through visual means.

Recent Term(s) Offered: spring 2023

ANTH 449G Ethnographic Video Production 3 Hours

Video production as a research methodology in anthropology. Practical exercises and collaborative student projects. Students will produce their own short ethnographic videos. Explores practices of representing cultures through video.

Prerequisite(s): ANTH 448G or permission of instructor
Recent Term(s) Offered: None

ANTH 493G Archaeology Stewardship 3 Hours

Field monitoring of local archaeological sites threatened by cultural and natural formation processes. Travel to field sites required. Note: 6 additional credits in anthropology required.

Prerequisite(s): ANTH 130 or permission of instructor
Recent Term(s) Offered: None

ANTH 495G Directed Study 1-4 Hours (repeatable max of 8 hrs)

Available to superior students who wish to conduct individual, intensive reading and research in specific area of anthropology in close cooperation with supervising faculty. Submission of such projects to student sections of regional professional meetings is encouraged. Number of credit hours will be determined in consultation with instructor.

Prerequisite(s): permission of instructor
Recent Term(s) Offered: None

Art (ART)

ART 401G Art of the Italian Renaissance 3 Hours

This course analyzes the architecture, sculpture and paintings of Italian Renaissance with an emphasis on the examination of selected examples. Graduate students will be required to display advanced research skills.
Recent Term(s) Offered: None

ART 405G Art Theory and Criticism 3 Hours

Major theories of art, both historical and contemporary, and various approaches to qualitative judgments about individual works of art. Graduate students will be required to display advanced research skills.
Recent Term(s) Offered: None

ART 411G Foundations of Art Education and Methods II 3 Hours

Provide diverse experiences related to art education theory and practice in elementary schools. Field experiences in public schools outside the regular class sessions are required. Note: Students are responsible for arranging their own transportation to designated or assigned sites.

Prerequisite(s): PSY 510 (may be taken concurrently) and SPED 516 (may be taken concurrently) and (ART 311 with a minimum grade of C or equivalent) or permission of instructor
Recent Term(s) Offered: None

ART 413G Foundations of Art Education and Methods III 3 Hours

Long-term curriculum design, assessment, and classroom management methods, appropriate for visual arts instruction in secondary schools. Field experience is required. Note: Students are responsible for arranging their own transportation to designated or assigned sites.

Prerequisite(s): ART 411G
Recent Term(s) Offered: None

ART 420G Ceramics 3 Hours

A continuation of production in clay form and research in experimental clay and glaze composition.

Prerequisite(s): ART 321
Recent Term(s) Offered: None

ART 421G Ceramics 3 Hours

This course requires advanced individual performance in creative design concepts and in research and recording.

Prerequisite(s): ART 420

Recent Term(s) Offered: None

ART 422G Ceramics 3 Hours

This course is a continuation of ART 421G.

Prerequisite(s): ART 421

Recent Term(s) Offered: None

ART 440G Drawing 3 Hours

Advanced drawing explorations through individual problem solving.

Prerequisite(s): ART 341

Recent Term(s) Offered: None

ART 450G Printmaking 3 Hours

Stresses advanced printmaking techniques and requires students to have strong personal imagery.

Prerequisite(s): ART 351

Recent Term(s) Offered: None

ART 451G Printmaking 3 Hours

Printmaking exploration through research and creative activity.

Prerequisite(s): ART 450

Corequisite(s): ART 452G

Recent Term(s) Offered: None

ART 452G Printmaking 3 Hours

This course consists of advanced research problems in printmaking.

Corequisite(s): ART 451G

Restriction(s): Enrollment is limited to students in Visual Studies (509) , Visual Arts (514) , Art (BFA In Graphic Design) (515) or Art Education (516)

Recent Term(s) Offered: None

ART 460G Painting 3 Hours

Research problems in selected painting materials are provided in this course.

Prerequisite(s): ART 361

Recent Term(s) Offered: None

ART 461G Painting 3 Hours

This course consists of advanced individual research problems in painting.

Prerequisite(s): ART 460

Recent Term(s) Offered: None

ART 462G Painting 3 Hours

This course is a continuation of ART 461G.

Prerequisite(s): ART 461

Recent Term(s) Offered: None

ART 470G Sculpture 3 Hours

Sculptural problems. Introduction to metal casting using sand molds.

Prerequisite(s): ART 371

Recent Term(s) Offered: None

ART 471G Sculpture 3 Hours

Sculptural problems. Introduction to the lost-wax method of casting.

Prerequisite(s): ART 371 and ART 372

Recent Term(s) Offered: None

ART 472G Sculpture 3 Hours

Experience in solving problems met in professional practice.

Prerequisite(s): ART 471

Recent Term(s) Offered: None

ART 480G Weaving 3 Hours

This course consists of creative research in the areas of double-weave, ikat, the use of indigenous fibers and other more complicated techniques.

Prerequisite(s): ART 381

Recent Term(s) Offered: None

ART 481G Weaving 3 Hours

This course provides for the development of special creative problems involving techniques investigated in ART 480.

Prerequisite(s): ART 480

Recent Term(s) Offered: None

ART 482G Weaving 3 Hours

This course involves advanced individual research in weaving.

Prerequisite(s): ART 481

Recent Term(s) Offered: None

ART 490G Special Problems 3-6 Hours

Independent course work done on an individual basis under the guidance of a selected faculty member.

Recent Term(s) Offered: summer 2022

ART 491G Special Studies 3 Hours

Independent course work done on an individual basis under the guidance of a selected faculty member.

Recent Term(s) Offered: None

ART 496G Studio Art Topic 3 Hours (repeatable max of 6 hrs)

Investigates different topics in art through process or technique in a studio practice.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: None

ART 511 Independent Investigation/Art Education 3 Hours

Independent study in art curriculum and methodology, with emphasis on the literature, selected art history, and studio areas.

Recent Term(s) Offered: None

ART 512 Independent Investigation/Art Education 3 Hours

Independent study in art curriculum and methodology (including art history and studio). Emphasizes the use of surveys, observations, and experimental techniques.

Recent Term(s) Offered: None

ART 520 Ceramic Art 3 Hours

Advanced levels of clay forming techniques and clay glaze composition. Research in various phases of the ceramic process.

Recent Term(s) Offered: None

ART 540 Drawing 3 Hours

Independent study utilizing traditional methods of drawing. Students are encouraged to investigate and utilize new directions.

Course Fee: \$65

Recent Term(s) Offered: None

ART 550 Printmaking 3 Hours

Independent study utilizing traditional methods of printmaking. Encourages the exploration of new directions in personal expression.

Recent Term(s) Offered: spring 2022

ART 560 Painting 3 Hours (repeatable max of 9 hrs)

Advanced aspects of painting, with emphasis on experimentation in different styles and on individualized approaches.

Course Fee: \$65

Recent Term(s) Offered: None

ART 570 Sculpture 3 Hours

Independent study and experimentation in sculpture.

Recent Term(s) Offered: None

ART 580 Weaving 3 Hours

Individual study of weaving utilizing traditional and experimental techniques: the production of works that are highly individualistic and are of exhibition quality.

Recent Term(s) Offered: None

ART 590 Workshop in Arts and Humanities Education 3 Hours

(repeatable max of 6 hrs)

Integrated arts and humanities curriculum development in P-12 settings.

Recent Term(s) Offered: fall 2022; fall 2023

ART 591 Investigation/Art History 3 Hours

Topics and approaches for special areas of interest. Emphasis on the traditional periods of art history.

Recent Term(s) Offered: summer 2022

ART 599 Thesis Research/Writing 1-6 Hours (repeatable max of 6 hrs)

Thesis research and writing directed by faculty committee.

Recent Term(s) Offered: None

ART 600 Maintaining Matriculation 1-6 Hours (repeatable max of 6 hrs)

Continued enrollment for thesis completion.

Recent Term(s) Offered: None

Astronomy (ASTR)

ASTR 405G Astronomy for Teachers 3 Hours

Selected topics in astronomy for elementary and secondary teachers.

Recent Term(s) Offered: None

Biology (BIOL)

BIOL 400G Plant Physiology 4 Hours

A study of the general principles by which plants function. Three areas discussed are transport and translocation of water and solutes, metabolism with special emphasis on photosynthesis, and plant growth and development.

Recent Term(s) Offered: None

BIOL 403G Molecular Basis of Cancer 3 Hours

Biological and molecular features of oncogenesis and clinical cancer, focusing on specific molecular events underlying carcinogenesis, metastasis and angiogenesis. Case study learning will be integrated into the course to engage students in understanding the societal implications of cancer.

Recent Term(s) Offered: None

BIOL 404G Electron Microscopy 4 Hours

A course in the fundamentals of electron microscopy including basic theory, techniques for specimen preparation and photography, and operation of the electron microscope. Lecture, two hours; laboratory, four hours.

Course Fee: \$20

Recent Term(s) Offered: fall 2021; fall 2022

BIOL 405G Aquatic Insect Diversity 2 Hours

The taxonomy and biology of the insects commonly encountered in freshwater habitats.

Recent Term(s) Offered: spring 2021

BIOL 407G Virology 3 Hours

Study of bacterial, animal and plant viruses. Emphasis on the molecular aspects of replication, expression, regulation and pathogenesis.

Recent Term(s) Offered: spring 2021; summer 2021; summer 2022

BIOL 411G Cell Biology 3 Hours

A lecture series emphasizing the morphological and chemical make-up of cells, the physical and chemical properties of the cell, and modern techniques for investigation of cellular functions.

Recent Term(s) Offered: spring 2021; summer 2021; spring 2022; summer 2022; spring 2023; summer 2023

BIOL 412G Lab Cell Biology 1 Hour

A laboratory course correlated with BIOL 411G.

Course Fee: \$75

Recent Term(s) Offered: spring 2023

BIOL 446G Biochemistry I 3 Hours

Biochemical compounds and their role in metabolism.

Recent Term(s) Offered: winter 2021; spring 2021; summer 2021; fall 2021; winter 2022; spring 2022; fall 2022; spring 2023; fall 2023

BIOL 447G Lab Biochemistry I 2 Hours

Selected experiments which illustrate biochemical principles. Five hours per week.

Course Fee: \$35

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

BIOL 450G Recombinant Gene Technology 3 Hours

Discovery-based laboratory emphasizing application of basic techniques to solve student-defined problems. Problems in characterization and expression of genetic material are explored. Laboratory, six hours.

Recent Term(s) Offered: None

BIOL 456G Ichthyology 4 Hours

Fishes of the world, their physiology, structure, behavior, and ecology. Emphasis on the collection and identification of freshwater species of Kentucky. Lecture, two hours; laboratory, four hours.

Course Fee: \$60

Recent Term(s) Offered: fall 2023

BIOL 457G Herpetology 4 Hours

An introduction to the classification and biology of reptiles and amphibians.

Course Fee: \$60

Recent Term(s) Offered: spring 2022

BIOL 458G Fisheries Management 4 Hours

A study of the factors affecting fish populations. Topics covered include life history traits, sampling techniques, management practices, and policies regulating the management of fish populations. Off-campus and overnight weekend field trips are required.

Course Fee: \$25

Recent Term(s) Offered: None

BIOL 459G Mammalogy 3 Hours

Taxonomy, life history and ecology of the mammals. Laboratory work includes field studies and collection and study of specimens. Lecture two hours; laboratory two hours.

Recent Term(s) Offered: spring 2021; spring 2023

BIOL 460G Parasitology 4 Hours

The morphology, physiology, life histories, control and economic significance of representative species. Lecture, two hours; laboratory, four hours.

Course Fee: \$20

Recent Term(s) Offered: None

BIOL 464G Endocrinology 3 Hours

Endocrinology is the study of hormones. This course will provide a general survey of endocrinology, with specific emphasis upon the physiology of the endocrine system among different vertebrate groups, including humans.

Recent Term(s) Offered: fall 2021; fall 2023

BIOL 467G Biochemistry II 3 Hours

The reactions of living systems and an introduction to the mechanisms and energetics of metabolism. Lecture.

Recent Term(s) Offered: spring 2023

BIOL 470G Pathogenic Microbiology 4 Hours

A study of the organisms causing disease with emphasis on bacteria. Includes pathogenic bacteria, viruses, rickettsiae, fungi and protozoa. Lecture, two hours; laboratory, four hours.

Recent Term(s) Offered: spring 2022

BIOL 475G Independent Topics/Biology 1-3 Hours (repeatable max of 6 hrs)

Significant problems and developments of current interest in biology.

Recent Term(s) Offered: summer 2021

BIOL 485G Field Biology 1-4 Hours

An intensive field experience on a biological or ecological topic.

Recent Term(s) Offered: None

BIOL 490G Plants as Alternative Therapeutics 3 Hours

An exploration of plants used in traditional systems of medicine with emphasis on their pharmacological implications as evidenced in modern clinical research. The therapeutic actions of phytochemicals, vis-a-vis different human illnesses (cardiovascular, gastrointestinal, respiratory, autoimmune psychosomatic disorders; cancer, AIDS, skin diseases, etc.) will be examined.

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

BIOL 495G Molecular Genetics 3 Hours

A study of the molecular basis of genetics and heredity of prokaryotic and eukaryotic organisms.

Recent Term(s) Offered: fall 2021; summer 2022; fall 2022; summer 2023; fall 2023

BIOL 496G Plant Biotechnology 4 Hours

A course designed to illustrate the current advances in plant biotechnology and their potential application in agriculture, health and environment.

Recent Term(s) Offered: None

BIOL 497G Aquatic Field Ecology 4 Hours

An integrated study of aquatic ecosystem structure and function emphasizing the physical and chemical properties of water and application of biological field methods. This course requires off-campus and overnight travel.

Course Fee: \$20

Recent Term(s) Offered: summer 2022; fall 2022

BIOL 500 Introduction to Graduate Studies and Research in Biology 3 Hours

Introduction to research techniques and experimental design, with an emphasis on on-going research at WKU. Also includes an introduction to research-related resources at WKU.

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; fall 2023

BIOL 501 Biological Perspectives 3-4 Hours

Designed to acquaint graduate students with advances in the biological sciences and practical applications of biological principles. Lecture, three hours; or lecture, three hours, laboratory, two hours.

Recent Term(s) Offered: fall 2023

BIOL 503 Contemporary Research in Biology 1 Hour (repeatable max of 3 hrs)

Participants will present a research article on a topic of their choice to the class. A critical appraisal of the research approach, methods, results, and interpretation of results will be stressed. Requires participation in critical discussions of all presentations.

Recent Term(s) Offered: fall 2021; spring 2022; spring 2023

BIOL 505 Aquatic Insect Ecology 3 Hours

Ecological functions, evolutionary adaptations, and indicators of environmental quality of aquatic insects.

Recent Term(s) Offered: fall 2021; fall 2023

BIOL 515 Advanced Ecology 3 Hours

Essential dynamic features of plant and animal populations. Covers the theoretical and empirical aspects of single populations, or pairs of interacting populations, and of whole communities.

Recent Term(s) Offered: spring 2021; spring 2023

BIOL 516 Investigations/Biology 1-4 Hours (repeatable max of 4 hrs)

Research project completed under faculty supervision. Not applicable to MS thesis option. Note: Permission of research project director required.

Recent Term(s) Offered: spring 2021; summer 2021; fall 2021; spring 2022; summer 2022; fall 2022; spring 2023; fall 2023

BIOL 518 Population Ecology 2 Hours

Investigation of the theories and models used to describe and predict populations. Includes applications in population projection and harvesting, as well as two-species interactions.

Recent Term(s) Offered: spring 2022

BIOL 519 International Wildlife Management and Policy 2 Hours

Exploration of the major wildlife management models used in various countries, emphasizing North America, Europe and Africa. Economic ramifications of these models and international treaty obligations relating to the wildlife trade are investigated.

Recent Term(s) Offered: winter 2022

BIOL 522 Biological Systematics 3 Hours

Study of systematic theory and practice with a focus on current controversies. Taxonomic methods will be evaluated with an emphasis upon the use of taxonomic tools to reconstruct evolutionary relationships.

Recent Term(s) Offered: spring 2022

BIOL 523 Biological Symbioses and Host-Parasite Associations 3 Hours

Exploration of biological symbioses, emphasizing patterns and processes of biological coevolution. Host-parasite systems are explored in detail, with a focus on classic and current coevolutionary and cospeciation systems.

Recent Term(s) Offered: fall 2022

BIOL 524 Evolution and Ecological Genetics 3 Hours

Advanced treatment of natural selection as a mechanism of evolution. Interaction of ecological, behavioral and genetic systems in driving evolutionary change at various levels of organization is emphasized.

Recent Term(s) Offered: spring 2021; spring 2022

BIOL 525 Advanced Insect Biodiversity 3 Hours

This course examines the diversity of one of the most fascinating groups of organisms on the planet- the insects. Their evolution, basic structure, and growth are covered as well as lifestyles, particularly in groups with unusual behaviors or effects on humans.

Restriction(s): Enrollment is limited to students in Biology (056)

Recent Term(s) Offered: summer 2023

BIOL 526 Physiological Ecology 3 Hours

Study of the physiological adaptations of organisms that enhance their survival and/or permit them to exploit extreme environments.

Recent Term(s) Offered: None

BIOL 527 Advanced Vertebrate Functional Morphology 3 Hours

Examine mechanistic designs underlying organismal morphology, physiology driving designs, and behaviors that impact function. Topics include comparative anatomy, adaptation, ecomorphology, ecophysiology, biological application of mechanical engineering principles, and organismal performance.

Recent Term(s) Offered: fall 2021; fall 2023

BIOL 532 Behavioral Ecology 3 Hours

An investigation of animals in reference to their evolution and interactions with others emphasizing behavior related to their survival and reproduction in a natural context.

Recent Term(s) Offered: fall 2021; summer 2022; fall 2023

BIOL 533 Behavioral Ecology Laboratory 2 Hours

A field and laboratory investigation of the methodology to study the actions of animals in reference to their evolution, environment and interactions with other organisms.

Recent Term(s) Offered: None

BIOL 534 Chemical Ecology 3 Hours

The study of chemical ecology emphasizes the concepts and evolution of chemical signals, the methods for identification, the mechanisms by which such signals act, their functions and applications.

Recent Term(s) Offered: summer 2021; spring 2023

BIOL 535 Analytical Biochemistry 3 Hours

An overview of the science of modern analytical and instrumental techniques with emphasis on techniques relevant to measurements in biochemistry and biology.

Equivalent(s): CHEM 535

Recent Term(s) Offered: fall 2021; spring 2023

BIOL 543 Environmental Science Concepts 3 Hours

Explores the inter-relationship among the science and technical disciplines that contribute to our understanding of the environment as a whole. Introduces research methods and core environmental science concepts. Prepares students to examine environmental science questions with an interdisciplinary outlook.

Recent Term(s) Offered: spring 2021; fall 2022

BIOL 545 Animal Communication 3 Hours

An investigation of the principles and mechanisms by which animals produce and receive signals for each sensory modality (sound detection, vision, chemoreception, and electroreception).

Recent Term(s) Offered: winter 2021; winter 2022; winter 2023

BIOL 560 Advanced Cell Biology 3 Hours

Lecture-discussion course designed to understand structure and function of differentiated cells of multicellular organisms. Textbook readings, review articles and current research papers will be incorporated into lectures and discussions.

Recent Term(s) Offered: fall 2021; winter 2022; summer 2022; fall 2023

BIOL 562 Advanced Biochemistry 3 Hours

Survey of biochemical research areas where significant advances have been made in recent years. Textbook readings, review articles and current research papers will be incorporated into lectures and discussions.

Equivalent(s): CHEM 562

Recent Term(s) Offered: None

BIOL 566 Advanced Molecular Genetics 3 Hours

Consideration of the molecular mechanisms for replication, gene expression and regulation of development.

Recent Term(s) Offered: spring 2021

BIOL 568 Advanced Microbiology 3 Hours

Study of microbial metabolic and genetic diversity, phylogeny and evolution, and ecology, including a consideration of research methodologies applicable to microorganisms. Lecture, three hours; laboratory, two hours.

Recent Term(s) Offered: fall 2022

BIOL 569 Professional Work/Career Experience in Biology 1-3 Hours (repeatable max of 3 hrs)

Practical experience in a supervised work situation with a cooperative business, industry, non-governmental, or governmental agency, emphasizing application of advanced knowledge and skills in specified areas of biology.

Recent Term(s) Offered: None

BIOL 570 Advanced Immunology 3 Hours

Cellular, biochemical, and molecular mechanisms of the immune response of multicellular organisms. Emphasis is on current scientific literature in the field.

Recent Term(s) Offered: None

BIOL 577 Advanced Marine Biology 3 Hours

Marine organisms are examined within a framework of basic biological principles and processes that are fundamental to all forms of life in the sea, including evolution, ecology, biodiversity, biogeography, behavior, and physiology.

Recent Term(s) Offered: None

BIOL 579 Mechanistic Toxicology 3 Hours

A course that examines how toxic substances interact with living organisms, while integrating aspects of biochemistry, anatomy and physiology, ecology, and health. Emphasis is placed on the effects of xenobiotics on human systems, particularly the mechanisms of action, detoxification and adverse effects on target organs.

Recent Term(s) Offered: summer 2022; summer 2023

BIOL 582 Biometry 3 Hours

Application of statistical and techniques to problems in biological sciences. Emphasis is placed on hypothesis testing, use of linear models, randomization techniques, and non-parametric methods.

Recent Term(s) Offered: spring 2021; fall 2022; spring 2023

BIOL 583 Advanced Biostatistics 3 Hours

Advanced analysis of biological data, including multivariate methods, multiple model inference, and Monte Carlo methods.

Prerequisite(s): BIOL 582

Recent Term(s) Offered: None

BIOL 598 Graduate Seminar 2 Hours

Oral presentation on selected topics in biology.

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; winter 2023; spring 2023; fall 2023

BIOL 599 Thesis Research/Writing 1-6 Hours (repeatable max of 9 hrs)

Thesis research and writing directed by faculty committee.

Recent Term(s) Offered: spring 2021; summer 2021; fall 2021; spring 2022; summer 2022; fall 2022; spring 2023; summer 2023; fall 2023

BIOL 600 Maintaining Matriculation 1-6 Hours (repeatable max of 6 hrs)

Continued enrollment for thesis completion.

Recent Term(s) Offered: summer 2023

BIOL 601 Internship in College Instruction 1 Hour (repeatable max of 2 hrs)

Designed for prospective teachers of biology. Staff direction in preparing and giving lectures. Includes analyses of presentation and techniques.

Recent Term(s) Offered: None

BIOL 675 Independent Advanced Topics/Biology 1-3 Hours (repeatable max of 6 hrs)

Selected topics in Biology.

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; summer 2022; fall 2022; spring 2023

Brewing and Distilling Arts & Sciences (BDAS)

BDAS 500 The Science of Fermentation in Brewing and Distilling 3 Hours

Introduction to the basic scientific principles that govern the fermentation process, with particular application to brewing and distilling.

Recent Term(s) Offered: spring 2021

BDAS 595 Brewing/Distilling Internship 3-6 Hours (repeatable max of 6 hrs)

On-site experience in a brewery or distillery, conducted under the supervision of the program coordinator and local personnel. Experience could include, but is not limited to, brewing, distilling, marketing, management, or other industry-related work.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: spring 2021

Business Administration (BA)

NOTE: BA courses offered through the Online MBA program may include higher course fees.

BA 500 Management Dynamics 3 Hours

An introduction to organizational analysis and to the understanding and management of behavior in organizations.

Prerequisite(s): COBA Course Eligibility with a score of 5

Course Fee: \$60

Recent Term(s) Offered: None

BA 501 Survey of Economic Theory 3 Hours

An overview of basic concepts in micro and macroeconomics. Topics include price and output decisions, cost concepts, aggregate income, the price level, and related areas.

Prerequisite(s): COBA Course Eligibility with a score of 5

Equivalent(s): ECON 501

Course Fee: \$60

Recent Term(s) Offered: None

BA 502 MBA Foundation Modules 4.5 Hours

Preparatory course covering the eight foundational areas required to take courses in the MBA program. Course is offered in a self-paced, online independent learning format. Note: Approval through MBA office required.

Recent Term(s) Offered: spring 2021; summer 2021

BA 503 Information Systems and Decision Science 3 Hours

A survey of management information systems concepts and decision science theory. Emphasis on using information systems and decision support models to enhance managerial decision making.

Prerequisite(s): COBA Course Eligibility with a score of 5

Course Fee: \$60

Recent Term(s) Offered: None

BA 504 MBA Foundation Modules Pt 1 1.5 Hour

Preparatory course (first of a three part series) of the foundational areas in the MBA program. Course is offered in a self-paced, online independent learning format.

Recent Term(s) Offered: None

BA 505 Survey of Accounting Principles 3 Hours

Concepts and principles governing financial and managerial accounting. Emphasis on issues associated with the preparation and interpretation of information presented in external financial statements. Includes an introduction to management's use of internally generated accounting information.

Prerequisite(s): COBA Course Eligibility with a score of 5

Course Fee: \$60

Recent Term(s) Offered: None

BA 506 MBA Foundation Modules Pt 2 1.5 Hour

Preparatory course (second of a three part series) of the foundational areas in the MBA program. Course is offered in a self-paced, online independent learning format.

Recent Term(s) Offered: None

BA 508 MBA Foundation Modules Pt 3 1.5 Hour

Preparatory course (third of a three part series) of the foundational areas in the MBA program. Course is offered in a self-paced, online independent learning format.

Recent Term(s) Offered: None

BA 510 Advanced Organizational Behavior 3 Hours

Contemporary theory and research on organizational structure and design that has relevance for practical problems of designing and managing organizations.

Course Fee: \$60

Recent Term(s) Offered: winter 2021; spring 2021; summer 2021; fall 2021; winter 2022; spring 2022; summer 2022; fall 2022; winter 2023; spring 2023; summer 2023; fall 2023

BA 511 Applied Micro Economic Theory 3 Hours

Fundamental concepts of firm analysis, public policy, and individual decisions. Critical thinking applied to topics like supply and demand, revenue and costs, pricing, and information and uncertainty.

Equivalent(s): ECON 502

Course Fee: \$60

Recent Term(s) Offered: spring 2021; summer 2021; fall 2021; spring 2022; summer 2022; fall 2022; spring 2023; summer 2023; fall 2023

BA 512 Business Analysis and Research Methods 3 Hours

An applications-oriented course designed to help students envision, design, conduct, interpret, and report statistically oriented analyses applicable to managerial decision making. Topics such as the design of data generation, modeling, regression, process control and evaluation, and survey errors will be covered.

Prerequisite(s): COBA Course Eligibility with a score of 6

Course Fee: \$60

Recent Term(s) Offered: None

BA 513 Contemporary Business Analytics 3 Hours

This course examines contemporary concepts and methods used to analyze business problems and scenarios. Course topics will include the administration of data analytics, and will utilize a variety of analytic techniques and visualization tools to improve the decision process and enhance business value.

Equivalent(s): BDAN 513

Course Fee: \$60

Recent Term(s) Offered: winter 2021; spring 2021; summer 2021; fall 2021; winter 2022; spring 2022; summer 2022; fall 2022; winter 2023; spring 2023; summer 2023; fall 2023

BA 515 Managerial Accounting 3 Hours

A review of the managerial accounting concepts and techniques used by managers in planning, performance evaluation, and decision making. Emphasis on the application of concepts and techniques in the analysis of cases.

Course Fee: \$60

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; summer 2023; fall 2023

BA 517 Advanced Marketing 3 Hours

Analysis and application of marketing principles, policies, and operations. Course focuses on marketing strategy and planning, the identification of marketing problems, the development of solutions, and ethical decision-making.

Course Fee: \$60

Recent Term(s) Offered: spring 2021; summer 2021; fall 2021; spring 2022; summer 2022; fall 2022; spring 2023; summer 2023; fall 2023

BA 519 Advanced Managerial Finance 3 Hours

How corporate entities make investment, financing, and dividend decisions maximizing shareholder wealth. Case studies and critical thinking on topics like corporate governance/ethics, shareholder analysis, and risk and return.

Course Fee: \$60

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; summer 2022; fall 2022; spring 2023; fall 2023

BA 520 Critical Thinking and Business Ethics 3 Hours

A study of contemporary ethical issues facing leaders. Emphasis is placed on examining analyzing issues for sound solutions from a variety of perspectives, some grounded in business, some grounded in the Liberal Arts. Students will examine ideas and cases from the business world and gain practice in the application of a variety of approaches to problem solving. Additionally, the responsibilities of business corporations and executives to shareholders and other constituencies will be explored.

Restriction(s): Enrollment is limited to students in Business Administration (057) or Organizational Leadership (1723)

Course Fee: \$320

Recent Term(s) Offered: None

BA 540 Applied Statistical Methods 3 Hours

Introduction to applied statistics for decision making and research including analysis of variance, process control, experimental design, regression, and forecasting, as well as useful software and data sources.

Prerequisite(s): COBA Course Eligibility with a score of 5

Equivalent(s): ECON 506

Course Fee: \$60

Recent Term(s) Offered: None

BA 542 International Economics 3 Hours

Survey of trade theory and evidence, status and effects of tariffs and other trade restrictions, and balance of payment issues.

Prerequisite(s): COBA Course Eligibility with a score of 6

Course Fee: \$60

Recent Term(s) Offered: None

BA 543 Forecasting 3 Hours

Methods of forecasting changes in the U.S. economy and other economic units. Emphasis on application and evaluation of different techniques.

Prerequisite(s): COBA Course Eligibility with a score of 6 and (BA 540 or ECON 506)

Equivalent(s): ECON 594

Recent Term(s) Offered: None

BA 544 Labor and Human Resources Economics 3 Hours

Study of static and dynamic models of labor demand, supply, and human capital investment.

Prerequisite(s): COBA Course Eligibility with a score of 6

Equivalent(s): ECON 595

Course Fee: \$60

Recent Term(s) Offered: None

BA 545 Survey of Business Sustainability Issues 3 Hours

Survey course exploring the definition of and key issues concerning business sustainability. Provides overview of regulations regarding issues of sustainability as applied to business organizations. Introduces international standards and other global issues of sustainability which affect businesses. Explores compliance approaches, important metrics and best practices businesses use in addressing sustainability issues. Discussion of political, environmental, other pressures surrounding these issues especially as related to current and future standards, regulations, and best business practices. Corporate social responsibility.

Course Fee: \$60

Recent Term(s) Offered: spring 2021; summer 2021; fall 2021; spring 2022

BA 546 Sustainable Business Operations Management 3 Hours

Exploration and development of sustainable operations management. Students will be introduced to operations management with designing, planning, development, organizing and delivery of products and services. Students will be introduced to frameworks and analytical tools to optimize key decisions in designing and managing operational processes. The course will include a value chain perspective for the integration of sustainability measures.

Course Fee: \$60

Recent Term(s) Offered: spring 2021; summer 2021; fall 2021; spring 2022; fall 2023

BA 547 Sustainability, Innovation, and Entrepreneurship 3 Hours

An examination of the impact of sustainability on global forces that are restructuring the world economy and driving opportunities for related new entrepreneurial ventures in that context.

Course Fee: \$60

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022

BA 548 Sustainability Marketing 3 Hours

This course integrates marketing fundamentals with the environmental, social, and economic principles of sustainability. In this course, students analyze current sustainability trends that influence marketing applications and the influences of marketing on sustainability trends.

Course Fee: \$60

Recent Term(s) Offered: spring 2021; summer 2021; fall 2021; spring 2022; fall 2022

BA 551 Investments and Portfolio Management 3 Hours

A comprehensive examination of investment opportunities with emphasis on the risk-return relationships, economic and market forces affecting financial markets, security valuation and analysis, and portfolio formation and management.

Prerequisite(s): COBA Course Eligibility with a score of 6

Restriction(s): Enrollment is limited to students in Business Administration (057)

Course Fee: \$60

Recent Term(s) Offered: summer 2021

BA 552 International Financial Management 3 Hours

The focus of the course is on financial decision making in the international context. Topics covered include environment of international financial management, foreign exchange risk management, foreign investment analysis, financing foreign operations, and international tax management.

Recent Term(s) Offered: None

BA 555 Strategic Leadership 3 Hours

This course is designed to improve understanding of strategic planning, implementation, and performance measurements in contemporary organizations. Students will explore the tools, techniques, benefits and limitations of strategic planning and management in the context of contemporary organizations, the role of organizational leaders as a key player in strategic management, managing stakeholders, assessing the organizational capacities as well as the external environments, and identifying adoption strategies. Emphasis will be place on strategic initiatives, change management, and leading through change in contemporary organizations.

BA 556 Leading Innovation, Creativity and Change 3 Hours

This course is geared towards developing a better understanding of the challenges, techniques, burden, and successes associated with initiating and implementing major changes within organizations. Therefore, the objective of the course is to prepare leaders to meet the challenges of organizational change. The theoretical concepts and practice of leading change in organizational, community, political and social action/social movement contexts are examined. Explicitly links theoretical concepts, models and processes of leadership and change with the intended purpose of change and its resulting outcomes.

Recent Term(s) Offered: None

BA 560 Contemporary Human Resources Management 3 Hours

An advance course focusing on the current critical issues of human resource management. Includes discussions on recruitment and selection techniques, performance appraisals, training and development, compensation, labor relations, occupational safety, and employee rights.

Prerequisite(s): COBA Course Eligibility with a score of 6

Course Fee: \$60

Recent Term(s) Offered: fall 2023

BA 571 Services Marketing 3 Hours

Focuses on the marketing of intangible products by discussing strategic implications for marketing mixes (product, price, place, and promotion) and consumer perceptions and expectations.

Prerequisite(s): COBA Course Eligibility with a score of 6

Course Fee: \$60

Recent Term(s) Offered: None

BA 573 International Business 3 Hours

Institutions, organizations, and procedures of international business. Emphasizes problems and decision-making techniques.

Course Fee: \$320

Recent Term(s) Offered: None

BA 579 Supply Chain Management 3 Hours

Integrates an organization's operations planning and control with suppliers and distributors through sharing information, managerial and technical talents.

Recent Term(s) Offered: summer 2021; fall 2021; summer 2022; fall 2022; summer 2023; fall 2023

BA 580 Contemporary Issues in Business 1-3 Hours (repeatable max of 6 hrs)

Emphasizes issues pertinent to an understanding of today's business environment. Topics embrace the cross-functional, global, and technical aspects of business.

Course Fee: \$60

Recent Term(s) Offered: spring 2023

BA 583 Procurement Management 3 Hours

Examines procurement processes and decision making frameworks. Topics addressed include: inter-dependencies with other corporate functions; purchasing cycles; development of material and technical specifications; supplier selection, relationship management, and evaluation; supplier quality management and improvement activities; capital goods and services purchases; global sourcing; and procurement tools and analytics.

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

BA 584 Supply Chain Analytics 3 Hours

Examines the design, development, and utilization of decision models for the supply chain. Topics addressed include supply chain network design, analytical models, challenges, and data-based solutions. Descriptive, predictive, and prescriptive data analytics techniques will be applied to business cases and decision making situations.

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

BA 590 Strategic Business Concepts and Applications 3 Hours

Concepts and business strategies focusing on viewing the organization as an integrated whole. Use of Integrated Management Exercises (IMEs) involving student teams working on a business simulation or actual business project aimed at challenges and opportunities facing a business.

Course Fee: \$60

Recent Term(s) Offered: spring 2021; summer 2021; fall 2021; spring 2022; summer 2022; fall 2022; spring 2023; summer 2023; fall 2023

BA 592 Special Topics in Business 3 Hours (repeatable max of 9 hrs)

Emphasizes special topics in business.

Prerequisite(s): COBA Course Eligibility with a score of 6

Course Fee: \$60

Recent Term(s) Offered: None

BA 595 Internship for MBA 1-3 Hours (repeatable max of 3 hrs)

Supervised work situation with cooperating business, industry, social or governmental agency, emphasizing the application of advanced knowledge, research, and skills in a specific field of business. Note: Requires the approval of the MBA Advisor

Recent Term(s) Offered: fall 2021; spring 2023

BA 596 GFCB Graduate Certificate Portfolio 0 Hours

This course tracks the student skills attainment summary and artifacts for Gordon Ford College of Business graduate certificate programs.

Recent Term(s) Offered: None

BA 597 MBA Portfolio 0 Hours

This course tracks the student skills attainment summary and artifacts for Gordon Ford College of Business graduate certificate programs.

Recent Term(s) Offered: None

BA 753 Current Topics in Organizational Behavior 3 Hours

This seminar course extends the material introduced in Leadership 710. Students will examine the many principles of human behavior that effective leaders use when leading individuals and groups in organizations. Current research relating to individual differences in abilities and attitudes, attribution, motivation, group dynamics, power and politics, conflict resolution, organizational culture, and organizational structure and design will be examined.

Restriction(s): Enrollment is limited to students in Educational Leadership (0010)

Recent Term(s) Offered: None

BA 754 Budgeting and Financial Decision Making 3 Hours

This course is designed to improve understanding of strategic planning, implementation, and performance measurements in public and nonprofit organizations. Although they have been adopted from a business sector model, strategic planning and management have become the standard practice of public and nonprofit organizations as a critical tool to reinvent, restructure, and transform the traditional ways of doing business.

Students will explore the benefits and limitations of strategic planning and management in the context of public and nonprofit organizations, the role of organizational leaders as a key player in strategic management, managing stakeholders, assessing the organizational capacities as well as the external environments, and identifying the adopting strategies.

Business Data Analytics (BDAN)

BDAN 513 Contemporary Business Analytics 3 Hours

This course examines contemporary concepts and methods used to analyze business problems and scenarios. Course topics will include the administration of data analytics, and will utilize a variety of analytic techniques and visualization tools to improve the decision process and enhance business value.

Equivalent(s): BA 513

Recent Term(s) Offered: winter 2021; spring 2021; summer 2021; fall 2021; spring 2022; summer 2022; fall 2022; winter 2023; spring 2023; summer 2023; fall 2023

BDAN 515 Data Management 3 Hours

This course examines the development, administration, and utilization of large databases and database management systems. Coverage includes: on-premise and cloud-based data warehousing, best practices for Data ETL (extraction, transformation, and loading) to ensure data integrity and quality, and managing the data acquisition, data conditioning, and data storage processes.

Prerequisite(s): BDAN 513 (may be taken concurrently)

Recent Term(s) Offered: summer 2021; fall 2021; spring 2022; summer 2022; fall 2022; spring 2023; summer 2023; fall 2023

BDAN 517 Predictive Analytics 3 Hours

A study of supervised and unsupervised data mining models including the most common data analytics approaches or techniques to address business questions. Topics include data reduction, regression, classification, principal components analysis, cluster analysis, and the usage of CRISP-DM conceptual model. Emphasis is on the understanding of the capability (and limitation) of each model using data real business case studies.

Prerequisite(s): BDAN 513 (may be taken concurrently)

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; fall 2023

BDAN 519 Visualization and Decision Making 3 Hours

A study of data visualization for businesses by adopting the best practices in examining complex, heterogeneous big data sets, including the use of advanced techniques to conduct thorough and insightful analysis. To this end, incorporating solutions to real business problems by including the development of dashboards and metrics for decision making that support the businesses.

Prerequisite(s): BDAN 513 (may be taken concurrently) or BA 513

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; fall 2023

Business Education (BE)

BE 400G Advanced Applications Software for Business Educators 3 Hours

Fundamentals of advanced techniques in computer software utilized by business education teachers.

No course description is available

Recent Term(s) Offered: None

BE 471G Office Internship 3 Hours

Office internship in a business work experience program requiring employment in a business, government, or institutional office environment during the term in which the student is enrolled. This course requires periodic seminars and permission of the employer to declare the work experience as an internship experience.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: None

BE 485G Office Employee Training 3 Hours

Theories of learning applied to the adult learner in training and development situations; developing, managing, staffing training and development programs; training materials creation and evaluation; facilities and media, applications for administrative, professional support, and office systems employees.

Recent Term(s) Offered: None

BE 540 Consumer Financial Problems 3 Hours

Basic elements of money management and the relationship of these elements to family units and corporate citizenship.

Recent Term(s) Offered: None

BE 544 Current Problems in Business Education 3 Hours (repeatable max of 6 hrs)

Current problems and significant research. Also offered as independent study or workshop.

Recent Term(s) Offered: None

BE 545 Principles of Business Education 3 Hours

Principles, practices, problems, and philosophy includes standards, guidance, and curricula.

Recent Term(s) Offered: None

BE 575 Administration and Supervision in Business Education 3 Hours

Roles and functions of administration and supervision at all educational levels. Includes vocational education laws and their relationship to business education.

Recent Term(s) Offered: None

Chemistry (CHEM)

CHEM 412G Introduction to Physical Chemistry 5 Hours

Chemical principles involved in thermodynamics, kinetics, molecular structure, and other topics using biological examples. Specifically for secondary education students and those students not qualifying for the CHEM 450/452 sequence. Lecture, 3 hours; lab, 2 hours. Lab meets 4 + hours per week.

Restriction(s): Students cannot enroll who are in Chemistry (059)

Recent Term(s) Offered: None

CHEM 420G Inorganic Chemistry 3 Hours

Atomic and molecular structure, bonding theory, ionic substances, electron deficient compounds, acid-base theory and coordination chemistry.

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

CHEM 421G Inorganic Chemistry Laboratory 1 Hour

A laboratory course emphasizing the synthesis and characterization of inorganic compounds of main group and transition metals. Laboratory meets once a week for three hours.

Corequisite(s): CHEM 420G

Recent Term(s) Offered: spring 2022

CHEM 425G Polymer Chemistry 4 Hours

The principles of polymer chemistry. Lecture topics include molecular weights, morphology, mechanisms, kinetics, characterization, and uses of polymers by free radical and ionic methods in their characterization by thermal analysis, spectroscopy, viscometry, and chromatography.

Course Fee: \$35

Recent Term(s) Offered: None

CHEM 430G Forensic Chemistry 3 Hours

Methods and instrumentation used in the crime laboratory and in the medical technology laboratory. Topics include drugs, blood enzymes, organic and inorganic analysis, etc.

Course Fee: \$35

Recent Term(s) Offered: spring 2021; spring 2023

CHEM 435G Instrumental Analysis 3 Hours

Modern instrumental methods of analysis including spectroscopic, electroanalytical and chromatographic techniques.

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

CHEM 446G Biochemistry 3 Hours

A study of biochemical compounds and their role in intermediary metabolism. Special topics include biochemical energetics and coenzyme mechanisms.

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; summer 2023; fall 2023

CHEM 447G Lab Biochemistry 2 Hours

A basic laboratory study involving selected experiments which illustrate biochemical principles including separation, identification and chemical properties of carbohydrates, lipids, proteins and enzymes.

Corequisite(s): CHEM 446G

Course Fee: \$35

Recent Term(s) Offered: None

CHEM 450G Physical Chemistry I 3 Hours

A study of theoretical chemistry, including such as gaseous state, solid state, liquid state, thermodynamics, thermochemistry and phase and chemical equilibria.

Recent Term(s) Offered: spring 2021; fall 2022; spring 2023; fall 2023

CHEM 451G Lab Physical Chemistry I 2 Hours

A laboratory to accompany CHEM 450G and includes experiments on state of matter, surface phenomena, macromolecules, thermochemistry, thermodynamics and equilibria. Pre-lab lecture and laboratory meets four and one-half hours per week.

Corequisite(s): CHEM 450G

Course Fee: \$50

Recent Term(s) Offered: None

CHEM 452G Physical Chemistry II 3 Hours

A continuation of CHEM 450G including studies of kinetics, atomic and molecular structure, theory of chemical bonding, electromotive force and selected topics.

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

CHEM 453G Lab Physical Chemistry II 2 Hours

A laboratory to accompany CHEM 452G and includes experiments on chemical kinetics, spectroscopy, molecular structure, electrochemistry and mass spectroscopy. Pre-lab lecture and laboratory meets four and one-half hours per week.

Corequisite(s): CHEM 452G

Course Fee: \$50

Recent Term(s) Offered: None

CHEM 462G Bioinorganic Chemistry 3 Hours

This course is a study of the coordinating properties and reactivity of metal ions in living organisms. Metal ion toxicity and detoxification systems and functions of various metalloenzymes will be discussed.

Recent Term(s) Offered: None

CHEM 467G Biochemistry 3 Hours

A study of the reactions of living systems and an introduction to the mechanisms and energetics of metabolism.

Recent Term(s) Offered: None

CHEM 470G Chemistry/Middle School 2-4 Hours

Chemical theories and principles in the middle school science curricula. (elective credit only)

Recent Term(s) Offered: None

CHEM 475G Selected Topics in Chemistry 1-3 Hours (repeatable max of 6 hrs)

Topics in analytical, biochemical, coal, inorganic, organic, physical and polymer chemistry.

Recent Term(s) Offered: None

CHEM 476G Advanced Laboratory Investigations in Chemistry 2 Hours

A course for advanced students involving assigned laboratory work in the field of inorganic chemistry. Typical procedures and experiments are those involving the synthesis, characterization, and identification of various chemical compounds, using a variety of handling techniques, and the application of various physical methods.

Course Fee: \$50

Recent Term(s) Offered: None

CHEM 490G Materials Chemistry 3 Hours

A study of the three major classes of materials, metals, polymers, and ceramics. Topics discussed will include chemical composition, bonding, common chemical and physical properties, microstructures, and how processing and uses are affected by chemical and physical properties.

Recent Term(s) Offered: None

CHEM 491G Materials Chemistry Laboratory 3 Hours

A laboratory course in materials that includes experiments on liquid flow, solid deformation, thermal properties, electrical conductivity of materials, microscopy, diffraction techniques, processing and testing of shaped articles.

Recent Term(s) Offered: None

CHEM 516 Chemical Literature Review 1-3 Hours

Review of chemical literature on topics of individual interest. Includes reports and proposals for further research.

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; fall 2023

CHEM 520 Advanced Inorganic Chemistry 3 Hours

Various aspects of coordination chemistry.

Recent Term(s) Offered: fall 2022

CHEM 531 Advanced Analytical Chemistry 3 Hours

Survey of selected topics in modern instrumental methods of chemical analysis. Includes instrumental techniques not covered in CHEM 435.

Recent Term(s) Offered: spring 2022

CHEM 535 Analytical Biochemistry 3 Hours

An overview of the science of modern analytical and instrumental techniques with particular emphasis on techniques relevant to measurements in biochemistry and biology.

Prerequisite(s): (CHEM 446G or CHEM 446) or (BIOL 446G or BIOL 446) or permission of instructor

Equivalent(s): BIOL 535

Recent Term(s) Offered: fall 2021; spring 2023

CHEM 540 Organic Reactions 3 Hours

An advanced discussion of organic synthesis, including modern synthetic methods used to make targeted compounds in systematic ways.

Recent Term(s) Offered: fall 2023

CHEM 541 Advanced Organic Chemistry 3 Hours

Modern physical-organic chemistry including bonding, stereochemistry, reaction mechanisms, concerted reactions, photo-chemistry, and free-radical reactions.

Recent Term(s) Offered: spring 2021; spring 2023

CHEM 550 Advanced Physical Chemistry 3 Hours

Covers thermodynamics, kinetics and molecular structure in preparation for graduate study or research.

Recent Term(s) Offered: fall 2022

CHEM 560 Chemical Agents and Explosives 3 Hours

A study of the fundamental principles of chemical agents and explosives. Review of chemical reactions associated with these chemicals including detection methods, effects on targets, modes of delivery, and methods for protecting people.

Recent Term(s) Offered: fall 2021; fall 2023

CHEM 562 Advanced Biochemistry 3 Hours

Survey of biochemical research areas where significant advances have been made in recent years. Textbook readings, review articles and current research papers will be incorporated into lectures and discussions.

Equivalent(s): BIOL 562

Recent Term(s) Offered: fall 2021; fall 2023

CHEM 569 Internship in Chemistry 3 Hours

Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

Recent Term(s) Offered: None

CHEM 570 Lecture Demonstration Techniques 3 Hours

The design and operation of meaningful lecture demonstrations in chemistry.

Recent Term(s) Offered: None

CHEM 572 Detection/Analysis of Chemical Agents and Explosives Lecture 3 Hours

An advanced study of the fundamental principles and applications for detection/analysis of chemical threats.

Prerequisite(s): CHEM 560

Corequisite(s): CHEM 573

Recent Term(s) Offered: None

CHEM 573 Detection/Analysis of Chemical Agents and Explosives Laboratory 1 Hour (repeatable max of 3 hrs)

An applications laboratory for detection/analysis of chemical threats.

Course Fee: \$25

Recent Term(s) Offered: None

CHEM 580 Chemical Skills 3 Hours

Skills in the use of the library, glass working, and the laboratory. May be used to satisfy the research tool requirement.

Recent Term(s) Offered: None

CHEM 588 Research Proposal 2 Hours

This course is to provide a practical graduate-level overview of research design and proposal writing in chemistry. Students will learn to identify problems/needs, review chemical literature, formulate hypotheses, and design research methodology for their thesis projects.

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; fall 2023

CHEM 590 Material Chemistry 3 Hours

A class describes the various materials, including metals, semiconductors and polymers. The class is focusing on understanding the relationships between the arrangement of atoms, ions, or molecules comprising materials, and its bulk structural/physical properties, as well as thermochemical properties, kinetic rates and spectroscopic properties of materials.

Recent Term(s) Offered: fall 2021

CHEM 591 Material Chemistry Laboratory 3 Hours

Laboratory course focusing on the properties of materials and how they relate to the structure of the materials. Materials studies will include metals, polymers, ceramics, composites and energetic materials, and a variety of applications will be discussed including high energy, industrial, and pharmaceutical materials. Techniques including thermal analysis, X-ray diffraction, microscopy, and mechanical testing will be employed.

Recent Term(s) Offered: None

CHEM 595 Scientific Writing in Chemistry 1-6 Hours

A course to build and enhance students' writing skills when preparing lab reports, scientific articles and other professional communications.

Prerequisite(s): CHEM 596 (may be taken concurrently) or permission of instructor

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; fall 2023

CHEM 596 Practicum Research Experience in Chemistry 1-10 Hours

A student will work under the direction of a faculty advisor on a project proposed by the student or a project of mutual scientific interest. This research will lead to a thesis in chemistry.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; fall 2023

CHEM 598 Graduate Seminar 0.5 Hours (repeatable max of 2 hrs)

Required each semester for all MS Chemistry students. Attendance is required of all full-time graduate students.

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; fall 2023

CHEM 599 Thesis Research/Writing 1-6 Hours (repeatable max of 6 hrs)

Thesis research and writing directed by faculty committee.

Course Fee: \$50

Recent Term(s) Offered: spring 2021; summer 2021; fall 2021; spring 2022; summer 2022; fall 2022; spring 2023; summer 2023; fall 2023

CHEM 600 Maintaining Matriculation 1-6 Hours (repeatable max of 6 hrs)

Continued enrollment for thesis completion.

Recent Term(s) Offered: spring 2021

CHEM 799 Doctoral Research/Chemistry 1-6 Hours

No course description is available

Recent Term(s) Offered: None

Civil Engineering (CE)

CE 426G Advanced Construction Materials 3 Hours

Continuation of CE 370. Topics focus on highway construction and include soil stabilization, bituminous materials and mixtures, general highway materials and construction of rigid and flexible pavements.

Prerequisite(s): CE 370 or permission of instructor

Recent Term(s) Offered: None

CE 440G Masonry Design and Construction 3 Hours

Principles in the design and construction of masonry structures in accordance with the American Concrete Institute. Current and historical properties of brick, natural block, natural stone, mortar, grout, and reinforcement. Design and constructability of masonry columns, shear walls, and unreinforced and reinforced masonry structures.

Prerequisite(s): (CE 370 and CE 382) or permission of instructor

Corequisite(s): CE 441G

Recent Term(s) Offered: None

CE 441G Masonry Construction Lab 1 Hour

The laboratory component of CE 440G Masonry Design and Construction. Projects include mortar testing, grout testing, strength testing of masonry block and clay brick, block wall testing, developing plan and specifications for the construction of masonry structures, and inspection techniques of masonry systems.

Corequisite(s): CE 440G

Recent Term(s) Offered: None

CE 444G Bridge Engineering 3 Hours

A practice-based introduction to bridge engineering, exploring the design, behavior, maintenance and rehabilitation of bridges. Bridge loads, reinforced and prestressed concrete slab and T-beam bridges, steel beam bridges, composite beam bridges, bridge evaluations and ratings, and upgrade methodologies are covered based on AASHTO code requirements using the LRFD design methodology. Abutments, piers, joints, bearings, and connections are also included. Nontechnical topics such as public perception of the nation's infrastructure with respect to bridges will be discussed.

Prerequisite(s): CE 384 or CE 482 or permission of instructor

Recent Term(s) Offered: None

CE 462G Hydraulic Engineering Systems 3 Hours

Methods of analysis for hydrostatics, pipe flow, open channel flow including uniform and gradually varied flow, culvert and channel hydraulic design, dimensional analysis and channel modeling for flood mapping.

Prerequisite(s): CE 461 or permission of instructor

Recent Term(s) Offered: None

Communication (COMM)

COMM 461G Organizational Communication 3 Hours

Theoretical examination of rhetorical principles operant in modern organizational communication systems.

Recent Term(s) Offered: None

COMM 501 Qualitative Methods in Communication Research 3 Hours

Study of qualitative research designs and the procedures typically used in communication research. Includes general overview of interviewing and other qualitative research methodologies.

Restriction(s): Enrollment is limited to students in Organizational Communication (0012)

Recent Term(s) Offered: fall 2021; fall 2022

COMM 502 Quantitative Methods in Communication Research 3 Hours

Study of quantitative research designs and the procedures typically used in communication research. Includes general overview of survey, and other quantitative research methodologies along with statistical analysis using computer software.

Restriction(s): Enrollment is limited to students in Organizational Communication (0012)

Recent Term(s) Offered: spring 2022

COMM 510 Strategies for Teaching Communication 0 Hours

Designed to improve the teaching performance of COMM graduate assistants in teaching the basic public speaking courses.

Recent Term(s) Offered: fall 2021

COMM 523 Health Communication 3 Hours

An examination of the role communication plays in the delivery of health care. Focus is on provider-patient relationships, other providers of care, health communication campaigns, health behavior change, and within health care contexts.

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

COMM 526 Family Communication 3 Hours

Survey of research and theory in family communication.

Equivalent(s): COMM 578

Recent Term(s) Offered: None

COMM 528 Communication in the Nonprofit Sector 3 Hours

Survey of organizational communication issues and the ways in which they are uniquely situated in and applied to nonprofit organizations and philanthropy.

Recent Term(s) Offered: spring 2021; spring 2023

COMM 531 Global Leadership Communication 3 Hours

This seminar focuses on the impact of national or ethnic culture on leadership communication behaviors when leading in multi-national and/or multi-ethnic organizations.

Recent Term(s) Offered: None

COMM 547 Organizational Communication Theory 3 Hours

A survey of organizational communication theories, perspectives, methods, and current issues.

Restriction(s): Enrollment is limited to students in Organizational Communication (0012)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

COMM 552 Democracy, Power, & Voice in Organizations 3 Hours

An in-depth look at the theoretical underpinnings and communication research related to participation, democracy, voice, and power in for-profit, non-profit, volunteer, and community organizations.

Recent Term(s) Offered: spring 2021

COMM 553 Health Communication Campaigns 3 Hours

Examines and analyzes the critical role communication plays in planning, implementation, and evaluation of health communication campaign.

Recent Term(s) Offered: summer 2021; summer 2022; spring 2023

COMM 560 Seminar in Organizational Communication 3 Hours (repeatable max of 9 hrs)

Topical studies within the field of organizational communication. Topics include employee communication and conflict management, among others.

Recent Term(s) Offered: None

COMM 561 Multinational Organizational Communication 3 Hours

This course provides an in-depth study of internal and external communication behaviors in business organizations operating in multinational environments.

Recent Term(s) Offered: spring 2023

COMM 562 Special Topics in Intercultural Communication 3 Hours

Provides graduate students an opportunity for an in-depth study of special topics in intercultural communication. One or two topics will be chosen for study during the course. These topics will be selected by the instructor based on special availability of resources, appropriateness for current intercultural conditions, and interest of students.

Recent Term(s) Offered: None

COMM 564 Crisis Communication 3 Hours

Role of communication in crisis prevention, crisis readiness and crisis resolution.

Recent Term(s) Offered: fall 2022

COMM 566 Corporate & Organizational Advocacy 3 Hours

Historical overview of corporate and organizational advocacy in the 20th century focusing on the communication process used in corporate advocacy.

Recent Term(s) Offered: fall 2021

COMM 568 Communication and Organizational Identification 3 Hours

Survey of the phenomena of identification in organizations and how identification is constructed through communication.

Recent Term(s) Offered: spring 2022

COMM 570 Seminar in Human Communication 3 Hours (repeatable max of 9 hrs)

Selected topics in communication theory: small group communication, language behavior, etc.

Recent Term(s) Offered: None

COMM 571 Organizational Communication in the Digital Age 3 Hours

This course considers effective communication with technologies in organizational contexts based on foundational theories and contemporary research. It also covers the social and communicative impact of technologies on organizations and organizational members.

Recent Term(s) Offered: spring 2022

COMM 578 Seminar in Interpersonal Communication 3 Hours

Examination of professional literature and basic research in interpersonal communication.

Recent Term(s) Offered: spring 2022

COMM 581 Applied Organizational Communication 3 Hours

Provides opportunities for students to apply theoretical concepts to various functions of organizational communication in industry and corporate contexts.

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

COMM 586 Process of Group Communication 3 Hours

Practice in the group communication processes that lead toward successful team work in organizational contexts.

Recent Term(s) Offered: None

COMM 590 Intercultural Communication 3 Hours

A survey of intercultural communication theories, approaches, methods, and current issues.

Recent Term(s) Offered: fall 2023

COMM 595 Independent Study in Communication 3 Hours

Permits students to conduct individualized communication research in an area of their interest.

Recent Term(s) Offered: spring 2021; spring 2022; fall 2022; fall 2023

COMM 596 Graduate Internship in Communication 3 Hours

This course offers students a project-based work experience in an organization under faculty direction.

Recent Term(s) Offered: spring 2021; summer 2023

COMM 599 Thesis Research/Writing 1-6 Hours (repeatable max of 6 hrs)

Thesis research and writing directed by faculty committee.

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023

COMM 600 Maintaining Matriculation 1-6 Hours (repeatable max of 6 hrs)

Continued enrollment for thesis completion.

Recent Term(s) Offered: fall 2021

COMM 721 Organizational Communication for Leaders 3 Hours

Examines the communication perspectives, theories, and principles necessary to lead organizations. Considers ways to assess and improve communication processes in various organizational situations.

Restriction(s): Enrollment is limited to students in Educational Leadership (0010)

Recent Term(s) Offered: None

COMM 731 Global Communication for Leaders 3 Hours

This seminar focuses on the impact of national or ethnic culture on leadership communication behaviors when leading in multi-national and/or multi-ethnic organizations.

Restriction(s): Enrollment is limited to students in Educational Leadership (0010)

Recent Term(s) Offered: None

COMM 741 Leadership and Social Trends 3 Hours

Examines literature on current economic, political, technological, and/or social trends as they relate to leadership.

Restriction(s): Enrollment is limited to students in Educational Leadership (0010)

Recent Term(s) Offered: None

COMM 751 Strategic Communication 3 Hours

Considers the way organizational leaders use communication to influence opinions and behavior of various constituencies.

Restriction(s): Enrollment is limited to students in Educational Leadership (0010)

Recent Term(s) Offered: None

Communication Disorders (CD)

CD 486G Language Disorders 3 Hours (repeatable max of 3 hrs)

Identification, diagnosis, and treatment approaches used with language delayed children. Covers current state and federal legislation as related to service delivery models. Evaluation strategies include language sampling and report writing. Treatment approaches based on medical and educational models with emphasis on functional language therapy.

Recent Term(s) Offered: None

Computer Science (CS)

CS 405G Numerical Analysis I 3 Hours

Computer arithmetic, roots of equations, polynomial approximation and interpolation, numerical differentiation and integration. Computer solutions of problems will be required.

Prerequisite(s): (MATH 307 or MATH 310 or MATH 237) and (CS 180 or CS 146) or permission of instructor

Equivalent(s): MATH 405G

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

CS 443G Database Management Systems 3 Hours

Organization and management of large data files, various database paradigms, database design theory, query optimization, physical database design, database security, distributed databases. Note: Credit will not be given for CS 443 or CS 443G once credit has been received for CS 543.

Prerequisite(s): CS 360 or permission of instructor

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

CS 445G Operating Systems II 3 Hours

Advanced study of modern operating system theory and practice. Topics include distributed system structures and coordination, distributed file systems, and protection and security.

Prerequisite(s): CS 425

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

CS 446G Interactive Computer Graphics 3 Hours

Elementary topics in interactive computer graphics. Includes both input and display devices and techniques for 2-D and 3-D transformations, as well as difficulties encountered in these areas. Computing assignments will emphasize interaction, data structures, and applications to various disciplines.

Prerequisite(s): MATH 307

Recent Term(s) Offered: None

CS 450G Computer Networks 3 Hours

An advanced study of the design and implementation of computer networks. Topics include network topologies, switching techniques, routing, end-to-end protocols, quality of service, and other advanced topics, e.g. wireless networks and multimedia networks. Note: Credit will not be given for CS 450 or CS 450G once credit has been received for CS 550.

Prerequisite(s): CS 425 or permission of instructor

Recent Term(s) Offered: None

CS 456G Artificial Intelligence 3 Hours

Problems having no plausible algorithmic solution, their computer representations and solutions which usually involve heuristics.

Prerequisite(s): CS 360

Recent Term(s) Offered: fall 2023

CS 460G Software Engineering II 3 Hours

Examination of critical theoretical problems underlying software engineering, including the rigorous treatment of software metrics, cost-estimating, object-oriented design, real time systems, etc.

Prerequisite(s): CS 360 or equivalent

Recent Term(s) Offered: None

CS 475G Topics/Computer Science 1-3 Hours (repeatable max of 6 hrs)

Significant problems and developments in computer science. Note: Permission of instructor required.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: None

CS 500 Research Methods and Projects 3 Hours

A graduate level overview of problem-solving techniques and skills for computer-based systems including solution design and implementation. Topics include a team project to develop practical skills in documentation, communication, and module interfacing. The course may be used only in fulfilling the research tool requirement and may not be used toward an undergraduate degree in computer science.

Recent Term(s) Offered: spring 2022; fall 2023

CS 530 Automata Theory and Compiler Construction 3 Hours

The basic theoretical concepts of the computer viewed as an automaton. Automated tools for scanning and parsing will be studied to show how regular expressions and BNF languages are used in compiler construction and other computer applications.

Restriction(s): Enrollment is limited to students in Computer Science (117)

Recent Term(s) Offered: spring 2022; fall 2023

CS 535 Cloud Computing 3 Hours

This course will provide insight on the current trends of local and public cloud computing systems. Three distinct design layers will be covered: Infrastructure-as-a-Service (IaaS), Platform-as-a-Service (PaaS), and Software-as-a-Service (SaaS). Topics include, but are not limited to, cloud computing architectures, virtual resource management, green clouds, data management, and user interface.

Recent Term(s) Offered: fall 2021

CS 541 Theory of Computation 3 Hours

An advanced study of the theory of computing, including languages, finite automata, grammars, Turing machines, complexity and computability.

Prerequisite(s): CS 530

Recent Term(s) Offered: None

CS 543 Advanced Database Systems 3 Hours

An advanced study of data and information management. Topics include database application development, XML data management, data storage and indexing, transaction management, parallel and distributed databases, data warehousing and decision support.

Prerequisite(s): CS 443 or equivalent

Recent Term(s) Offered: spring 2021; fall 2021; summer 2023

CS 544 Compiler Theory/Design 3 Hours

Formal properties of programming languages and the techniques used to construct compilers for these languages. Topics include lexical analysis, syntax analysis, symbol table construction, semantic analysis, code generation, and optimization. Students will complete a programming project.

Prerequisite(s): CS 500 and CS 530

Recent Term(s) Offered: None

CS 545 Systems Programming 3 Hours

A study of the system call interface of operating systems. Topics include low level file I/O, signal handling, interprocess communication, distributed communication, and process management. Students will write several systems level programs. The student develops a small operating system.

Prerequisite(s): CS 445

Recent Term(s) Offered: None

CS 549 Analysis of Algorithms 3 Hours

Methods (algorithms) for solving a variety of problems on computers and the relative efficiency of these algorithms.

Recent Term(s) Offered: fall 2021; spring 2023

CS 550 Advanced Topics in Computer Networks 3 Hours (repeatable max of 6 hrs)

Advanced topics in computer networks. Selected topics may include embedded systems, mobile computing, or other current development in computer networks. Note: Students will not get credit for CS 450G once credit is received for CS 550.

Prerequisite(s): CS 450G or equivalent

Recent Term(s) Offered: None

CS 555 Data Science 3 Hours

An introduction to concepts and methods in the emerging field of data science. Algorithms and tools to support problem-focused data-analytic thinking.

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

CS 560 Software Engineering and Project Management 3 Hours

Survey of modern software development techniques, including traditional and agile approaches. Topics include requirement definition, process modeling, design methods, human factor issues, and an introduction to software project management. Student will be required to model a project using Unified Modeling Language.

Prerequisite(s): CS 360

Recent Term(s) Offered: spring 2021; fall 2022

CS 562 Parallel and Distributed Computing 3 Hours

An introduction to parallel and distributed computing. The development, implementation, and analysis of parallel algorithms will be studied.

Recent Term(s) Offered: fall 2023

CS 565 Data Mining Techniques and Tools 3 Hours

The theory and application of data mining, roots of data mining, preprocessing techniques for raw data, classification algorithms and techniques, clustering algorithms and techniques, association rule mining algorithms and techniques.

Prerequisite(s): CS 443G or equivalent

Recent Term(s) Offered: spring 2021; fall 2022

CS 568 Computer Vision 3 Hours

A study of the techniques and applications of computer vision. Topics include pattern recognition, filtering, texture, segmentation, recognition, 3D vision and case studies. Important algorithms will be implemented by students.

Prerequisite(s): CS 500

Recent Term(s) Offered: spring 2023

CS 570 Security in Computing 3 Hours

Essential techniques in cryptography and computer security. Privacy issues in a broad range of computing contexts. Topics include program security, trusted operating systems, database/data mining security, and network security.

Prerequisite(s): CS 445G or CS 450G or equivalent

Recent Term(s) Offered: spring 2022

CS 595 Advanced Topics/Computer Science 1-3 Hours (repeatable max of 6 hrs)

Significant problems and current developments in computer science.

Note: 9 hours of CS required.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: None

CS 599 Thesis Research/Writing 1-6 Hours (repeatable max of 6 hrs)

Thesis research and writing directed by faculty committee.

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; fall 2023

CS 600 Maintain Matriculation 1-6 Hours (repeatable max of 6 hrs)

Continued enrollment for thesis completion.

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; summer 2023; fall 2023

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

DPT 724 Pathophysiology 4 Hours

Fundamentals of physiology and pathology related to diseases causing abnormal movement patterns or capabilities. Processes and diseases most frequently encountered in physical therapy practice emphasized.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

DPT 726 Orthopaedic Foundations 3 Hours

Principles of orthopaedic physical therapy including biomechanics, applied anatomy, and osteokinematic and arthrokinematic concepts. Musculoskeletal system investigation from histological, structural, and functional perspectives.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

DPT 727 Health Promotion and Wellness in Physical Therapy 2 Hours

This course will create a forum to prepare students for clinical competencies regarding health promotion/wellness as it relates to physical therapy.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

DPT 728 Clinical Exercise Physiology 3 Hours

Overview of the physiologic responses of the human body to exercise and training in normal and patient populations.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

DPT 729 Pharmacology in Physical Therapy 2 Hours

Actions and effects of pharmaceutical agents commonly encountered in physical therapy clinical practice.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; summer 2021; summer 2022

DPT 735 Pain Neuroscience for Physical Therapy 1 Hour

The neuroscience of pain and its application in physical therapist practice.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2023

DPT 736 Neuroanatomy 3 Hours

Anatomy of the central and peripheral nervous systems, emphasizing structure and functional relationships in normal and pathological states.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

DPT 738 Motor Control 2 Hours

This course will prepare students to understand and apply motor control principles as it relates to physical therapy.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; spring 2022; summer 2023

DPT 740 Physical Modalities 3 Hours

The clinical application of soft tissue techniques, thermal agents, intermittent compression, continuous motion, electrical stimulation, and mechanical traction.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: fall 2021; fall 2022; summer 2023

DPT 742 Diagnostic Testing and Imaging 2 Hours

Presentation of diagnostic tests and interpretation of results as it applies to physical therapy evaluation, intervention, planning and treatment.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

DPT 745 Integumentary System 2 Hours

Clinical practice of wound care including assessment tools, dressings, and treatment approaches.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

DPT 746 Orthopaedic Assessment 4 Hours

Evaluation and assessment of upper and lower extremity orthopaedic dysfunctions.

Prerequisite(s): DPT 726

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

DPT 747 Physical Therapy Management for Select Populations 2 Hours

Exploration of clinical practice related to specialty areas of physical therapy including pelvic health and other conditions related to gender-specific pathologies.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

DPT 748 Prosthetics and Orthotics 2 Hours

Design, fabrication and fitting, and management of individuals requiring prosthetic and orthotic devices.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

DPT 749 Neurological Assessment 1 Hour

Physical therapy examination, evaluation, and assessment of individuals with neurologically-based movement disorders.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: summer 2021; summer 2022; spring 2023

DPT 751 Supervised Clinical Education I 4 Hours

This full-time first clinical education experience provides students the opportunity to actively engage in experiential learning and develop introductory clinical competence. Students are responsible for transportation to and from off-campus experiences.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: summer 2021; fall 2021; fall 2022; fall 2023

DPT 752 Supervised Clinical Education II 5 Hours

This full-time second clinical education experience provides students additional opportunities for experiential learning and further development of clinical competence. Students are responsible for transportation to and from off-campus experiences.

Prerequisite(s): DPT 751

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: summer 2021; summer 2022; fall 2022; summer 2023

DPT 753 Supervised Clinical Education III 7 Hours

The third full-time clinical education experience provides students opportunities for refinement of their professional behaviors and examination skills, and development of intervention techniques. Students are responsible for transportation to and from off-campus experiences.

Prerequisite(s): DPT 752

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: fall 2021; fall 2022; spring 2023; fall 2023

DPT 754 Supervised Clinical Education IV 9 Hours

The fourth full-time clinical education experience provides students the opportunity to further develop skills and display clinical competence as an autonomous physical therapist. Students are responsible for transportation to and from off-campus experiences.

Prerequisite(s): DPT 753

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023; summer 2023

DPT 760 Professional Issues 2 Hours

Professional issues pertinent to physical therapy, including state and national associations, state and federal laws, standards of practice, and code of ethics.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

DPT 761 Physical Therapy Management and Administration I 1 Hour

Foundational concepts of business principles for doctor of physical therapy students with an emphasis on leadership, administration, management, and professionalism.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

General principles of organization and administration that impact the ethical and legal aspects of physical therapy practice.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

DPT 770 Orthopaedic Rehabilitation 4 Hours

Manual therapy, exercise techniques, intervention, and progressions for individuals with orthopaedic pathologies and dysfunctions.

Prerequisite(s): DPT 746

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

DPT 771 Neurological Rehabilitation 4 Hours

Emphasis on hands-on skill development, clinical reasoning, and critical analysis for treating individuals with neurologically-based movement disorders.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

DPT 772 Cardiopulmonary Rehabilitation 3 Hours

Evaluation and treatment of patients with cardiopulmonary disease and dysfunction, emphasizing the response of cardiac, circulatory and pulmonary systems to exercise.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

DPT 774 Spine Assessment and Intervention 4 Hours

Spine assessment and treatment, including mobilizations, special tests, and exercise progressions, in patients with spine dysfunction.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

DPT 775 Screening for Referral 3 Hours

A systems-based approach to differential screening and diagnosis to determine if further medical referral is necessary.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

DPT 778 Geriatric Physical Therapy 1 Hour

This course will explore the physical and psycho-behavioral aspects of aging. Students will review typical physiologic response to aging and the effects of these changes on the function of older clients being treated in various physical therapy settings. A problem-solving approach to management of elder patients with varied degree of medical complexity in multiple settings will be emphasized.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; fall 2021; fall 2022; fall 2023

DPT 779 Pediatric Physical Therapy 3 Hours

Examination of the factors affecting normal and pathologic development in infants and children to age 21. Additionally, treatment techniques appropriate to these populations will be covered.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

DPT 781 Research in Physical Therapy I 3 Hours

An introduction to clinical research in physical therapy, dealing with research design and methodology, as well as the development of a research project topic.

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

DPT 782 Research in Physical Therapy II 2 Hours

Further development of the research topic, critical review of clinically relevant research literature, development of IRB application, and establishing the project timeline.

Prerequisite(s): DPT 781

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

DPT 783 Research in Physical Therapy III 3 Hours

Use of SPSS for physical therapy related data analysis, including descriptive statistics, statistical inference, analysis of differences, and analysis of relationships.

Prerequisite(s): DPT 782

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

DPT 784 Research in Physical Therapy IV 1 Hour

Continuation of the Research track in Physical Therapy. Emphasis placed on data collection and application of applied research statistics.

Prerequisite(s): DPT 783

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023; fall 2023

DPT 785 Research in Physical Therapy V 1 Hour

Continuation of the Research track in Physical Therapy, with emphasis on research project completion and preliminary presentation to research advisor.

Prerequisite(s): DPT 784

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Recent Term(s) Offered: spring 2021; fall 2021; fall 2022; fall 2023

DPT 790 Physical Therapy Seminar 1 Hour

Completion of research project with dissemination of results to faculty and clinicians. Completion of summative examinations to evaluate mastery of content areas.

Prerequisite(s): DPT 785

Restriction(s): Enrollment is limited to students in Physical Therapy (0013)

Geoscience (GEOS)

GEOS 500 Geoscience Research and Literacy 3 Hours

Development of geoscience research skills with emphasis on posing of research problems, documentation, organization, and presentation.

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

GEOS 501 Seminar in Geoscience 3 Hours

Topical seminar examining current issues and trends of the discipline and related fields, recent research, and the role of science, communication, and technology in society.

Recent Term(s) Offered: None

GEOS 502 Geoscience Research Methods 3 Hours

This course will introduce basic Geoscience methods techniques, provide exposure to lab and field environments, and focus on methods development and synthesizing data for dissemination. The main components will include (1) generating appropriate questions that can be answered with methodical data collection, (2) project planning to focus research efforts, (3) methods and techniques of data collection, (4) processing and analysis of data, and (5) synthesizing and communicating methods and datasets. Field trips and application-based exercises may be required.

Prerequisite(s): GEOS 500 (may be taken concurrently)

Recent Term(s) Offered: spring 2022; spring 2023

GEOS 505 Biogeography 3 Hours

The evolutionary, geographical, ecological, pedological, and edaphic factors involved in the naturalization, acclimatization, and distribution of plant and animal life. Note: Introductory course in geography and/or biology required.

Recent Term(s) Offered: None

GEOS 506 Seminar in Environmental Science and Sustainability 1-3 Hours

Guided seminar-style course focused on major environmental and sustainability issues from an applied, multidisciplinary perspective. Course includes seminars by expert professionals and scientists in their respective fields providing experiential context for the issues being discussed.

Recent Term(s) Offered: None

GEOS 507 Geographic Concepts and Skills for Teachers 3 Hours

Designed for experienced social studies, earth science, and geoscience teachers. Provides up-to-date geographic content, information, and related geographic skills with geography core content for the P-12 classroom.

Equivalent(s): EDU 507

Recent Term(s) Offered: summer 2022

GEOS 510 Selected Topics in Geoscience 1-3 Hours (repeatable max of 6 hrs)

Special topics in applied or basic geoscience topics.

Recent Term(s) Offered: fall 2021; spring 2022; summer 2022; fall 2022; spring 2023; fall 2023

GEOS 515 Remote Sensing Applications 3 Hours

Applications of remote sensing, analysis of current systems in use globally, and use of data for research and policy. Associated laboratory work and research project includes remote sensing techniques.

Course Fee: \$50

Recent Term(s) Offered: spring 2022

GEOS 517 Spatial Databases 3 Hours

Advanced topics in GIS database planning, design and implementation and administration. Covers a variety of GIS data models and their design and use in spatial database engines (SDG) used with database management systems software.

Course Fee: \$50

Recent Term(s) Offered: None

GEOS 520 Geoscience Statistical Methods 3 Hours

This course introduces a variety of statistical methods appropriate for the analysis of spatial and temporal data sets commonly used in geosciences.

Course Fee: \$50

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

GEOS 521 Seminar in Geomorphology 3 Hours

Systematic study of the processes that shape and modify Earth's landforms and landscapes in a variety of spatial and temporal scales. Coupling between climatic, biologic, tectonic, and human influences on landscape changes are examined.

Recent Term(s) Offered: fall 2021; spring 2023

GEOS 522 Seminar in Physical Climatology 3 Hours

Addresses the complexity of climatic processes at multiple spatial and temporal scales, and from selected theoretical and practical perspectives.

Prerequisite(s): (METR 324 and MATH 237) or equivalent

Recent Term(s) Offered: None

GEOS 523 Geoprocessing & GIS Applications 3 Hours

Applications of GIS and spatial methods to urban and regional analysis. Students develop analytical capabilities using a variety of GIS operations and spatial methods in urban and regional planning, transportation, location analysis, and business geographics.

Course Fee: \$50

Recent Term(s) Offered: fall 2021; fall 2022

GEOS 525 Seminar in Political Geography 3 Hours

This course analyzes the world's geopolitical relationships in a seminar environment. Project-based course structure addresses statehood, society, independence movements, supra-nationalism, nationalism, economy.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: None

GEOS 526 Applied Meteorology and Climatology 3 Hours

This course offers a practical insight into the influence of meteorology and climatology on everyday life. Environmental problems caused by changes in the atmosphere are also examined.

Recent Term(s) Offered: None

GEOS 530 Seminar in Cultural Geography 4 Hours

Seminar-field experience. Covers cultural origins and dispersals, environmental perception and behavior, and resulting consequence upon the geographic landscape.

Recent Term(s) Offered: None

GEOS 531 Seminar in Dynamic Met I 3 Hours

Introduction to large-scale dynamics of the Earth's troposphere focusing on fundamental topics, the basic governing equations of motion in the atmosphere, and dry thermodynamics.

Prerequisite(s): (METR 324 with a minimum grade of C or equivalent) and (MATH 237 with a minimum grade of C or equivalent)

Recent Term(s) Offered: None

GEOS 533 Seminar in Synoptic Meteorology 3 Hours

Seminar addresses the analysis and prediction of large-scale weather systems, such as extratropical cyclones and their associated fronts and jet streams, with an emphasis on a supervised research project.

Prerequisite(s): equivalent and (MATH 237 or equivalent)

Recent Term(s) Offered: summer 2021

GEOS 535 Seminar in Dynamic Meteorology II 3 Hours

Phenomena related to large-scale tropospheric dynamics. Topics include moist and dry thermodynamics, applications of balanced flow, boundary layer processes, and vorticity.

Prerequisite(s): GEOS 531 or equivalent

Recent Term(s) Offered: None

GEOS 537 Seminar in Mesoscale Meteorology 3 Hours

Use of mesoscale analysis techniques in the prediction of convective precipitation systems, including severe thunderstorms, tornadoes, and hurricanes.

Prerequisite(s): GEOS 533 or equivalent

Recent Term(s) Offered: summer 2021

GEOS 538 Seminar in Physical Meteorology 3 Hours

Microscale analytic techniques related to radiative transfer in the atmosphere, cloud and precipitation processes, and dry and moist thermodynamics.

Prerequisite(s): GEOS 531 or equivalent

Recent Term(s) Offered: None

GEOS 539 Seminar in Atmospheric Modeling 3 Hours

An introduction to numerical weather and climate modeling techniques and models, with focus on modeling fundamentals, including dynamics, physical parameterizations, grids and resolutions, model structures and components. Includes hands-on experience with designing numerical experiments, configuring and running model simulations, post-processing model outputs, and visualization.

Prerequisite(s): CS 245 and METR 324

Recent Term(s) Offered: None

GEOS 543 Environmental Science Problem Solving 3 Hours

Provides students a fundamental understanding of the inter-relationship between the science and technical disciplines that contribute to key concepts in environmental science, along with their methodologies and approaches to knowledge production. Students are exposed to the unique challenges facing environmental scientists, both from a practitioner and researcher perspective. Examines the relationship between environmental science and public policy, both historically and in the present day and encourages critical analysis and evaluation of potential approaches to environmental problem solving, with an emphasis on systems thinking.

Recent Term(s) Offered: fall 2021; fall 2023

GEOS 544 Practical Environmental Ethics 3 Hours

Examination of ethical theory as it relates to environmental issues such as resource allocation, population growth, and technology. Ethical theory is evaluated in terms of its practical contributions to effective environmental understanding, decision-making, and everyday life.

Recent Term(s) Offered: None

GEOS 545 Aqueous Geochemistry 3 Hours

An introduction to geochemical processes of surface and ground water including concentrations of ions and organic compounds, chemical equilibria, and analytical techniques. Carbonate and clay minerals will be studied in detail.

Recent Term(s) Offered: None

GEOS 550 Advanced Studies in Economic Geography 3 Hours

An examination of the major theories in economic geography.

Prerequisite(s): GEOG 350 and permission of instructor

Recent Term(s) Offered: None

GEOS 555 Global Climate Change 3 Hours

Explores the science behind climate change, including how models, observations, and proxies are used to understand and predict past and future climate, international perspectives on global climate change, and mitigation strategies put forth by the Intergovernmental Panel on Climate Change.

Recent Term(s) Offered: fall 2022

GEOS 559 Hydrological Fluid Dynamics 3 Hours

Focus on how fluids respond to the application of forces and their impact on the movement of natural waters within the context of the hydrologic cycle. Note: Field trips required.

Recent Term(s) Offered: None

GEOS 560 Environmental Geology 3 Hours

The interrelationships of geologic processes, earth materials, and human activities. Assessment of geologic factors with respect to site selection, energy production, land use, waste disposal, planning, water resources, engineering practices, and the recognition and control of geologic hazards. Class exercises stress the application of geologic knowledge to specific environmental situations.

Recent Term(s) Offered: fall 2022

GEOS 561 Hydrogeology 3 Hours

Origin, occurrence, and movement of ground water; water wells and aquifer evaluations; exploratory investigations; quality of ground water supplies; legal aspects.

Recent Term(s) Offered: spring 2023

GEOS 563 Geology of Fossil Fuels 3 Hours

Formation of coal, petroleum, and natural gas including depositional setting, source materials, and processes of thermal maturation. Stratigraphic and structural relations, modes of occurrence, exploration techniques, and resource evaluation are emphasized. Field trip required.

Recent Term(s) Offered: None

GEOS 565 Geophysics 3 Hours

The fundamentals of general and exploration geophysics. Topics include the origin of the earth and solar system, the earth's interior, geochronology, gravity and isostasy, seismology, the earth's heat, geomagnetism, upper atmosphere, continents and ocean basins, ridges and island arcs, and plate tectonics. The theory and applications of exploration geophysics are also covered, especially gravity, magnetic, and seismic methods.

Equivalent(s): PHYS 465G

Recent Term(s) Offered: None

GEOS 566 Karst Geoscience 3 Hours

Focus on the geological, geomorphological, and hydrological processes of karst landscapes, including human-environment interactions over time, with emphasis on the characterization, distribution, and function of various karst systems. Note: Field trips and field-based exercises are required.

Recent Term(s) Offered: None

GEOS 570 Tectonics 3 Hours

A survey of recent and past global tectonic activities and environments, including mantle plumes and processes, rifted continental margins, oceanic ridges, subduction and transform zones, mountain building and landforms, tectonic geomorphology, and interplay between climate and tectonics. Tectonic implications of environmental changes, natural hazards, and natural resources are discussed.

Recent Term(s) Offered: None

GEOS 571 Applied Natural Resource Management 3 Hours

Seminar approach to understanding natural resource management in the United States and internationally through analysis of past and present environmental problems and implemented alternative solutions.

Recent Term(s) Offered: None

GEOS 575 GIS Analysis and Modeling 3 Hours

Develops expertise with a broad range of spatial analysis functions applied with a cartographic modeling framework.

Recent Term(s) Offered: None

GEOS 576 GIS Programming 3 Hours

Planning and implementing GIS within an organization. Designing and developing GIS applications to support spatial decision making.

Recent Term(s) Offered: spring 2021

GEOS 577 Special Topics in Geographic Information Systems 3 Hours

Applications of Geographic Information Systems (GIS) technologies to applied research in urban and regional planning, geology, environmental modeling, transportation, locational analysis, criminology, public health, and internet GIS.

Recent Term(s) Offered: None

GEOS 580 Seminar in Sustainable Cities 3 Hours

This seminar explores the consequences of urban development and the essentials of sustainable urbanism. Topics include environmental and human costs of urbanization, landscape change, mobility, and urban responses to climate change.

Recent Term(s) Offered: fall 2021; fall 2023

GEOS 584 Applied Environmental Planning 3 Hours

Analysis and application of advanced topics and results of recent research in environmental and general land use planning. The course includes a broad examination of mitigation, remediation, and land use planning challenges from an applied perspective, particularly as they relate to problem-solving scenarios in sustainable development.

Recent Term(s) Offered: spring 2021; fall 2022

GEOS 587 Environmental Law, Regulations, and Policy 3 Hours

This is an introductory course on environmental management and law. Environmental Law is comprised of a vast body of legislation and common law, and management and law dominate all aspects of society. It is important to understand that law isn't designed to determine what is 'right or moral,' but rather to enforce what is expedient for society's optimal functioning. This course will include a thorough examination of major legislative, administrative, and judicial management approaches to addressing current environmental conditions related, but not limited to, natural resource consumption and air, water, and hazardous pollutants, in the United States and abroad.

Recent Term(s) Offered: None

GEOS 590 Experimental Design and Data Analysis 3 Hours

Statistical consideration in experimental design including covariance, multiple regression, factorial design, incomplete block designs, etc.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: None

GEOS 595 Geoscience Practicum 1-6 Hours (repeatable max of 6 hrs)

Supervised geoscience teaching, applied research, and/or internship experience in a research center, lab, cooperating government or private agency, business, or community.

Recent Term(s) Offered: spring 2021; fall 2021; fall 2022; spring 2023; fall 2023

GEOS 599 Thesis Writing and Research 1-6 Hours (repeatable max of 6 hrs)

Thesis research and writing directed by faculty advisor and committee.

Prerequisite(s): GEOS 500 with a minimum grade of B and GEOS 502 with a minimum grade of B

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; fall 2023

GEOS 600 Maintain Matriculation 1-6 Hours (repeatable max of 6 hrs)
Continued enrollment for thesis completion.
Recent Term(s) Offered: spring 2021; summer 2021; fall 2021; spring 2022; summer 2022; fall 2022; spring 2023; summer 2023; fall 2023

German (GERM)

GERM 430G Advanced German Composition and Conversation 3 Hours

Intensive practice in written and spoken German, enabling the student to write letters, reports, essays, and descriptions and to discuss literary, cultural, and political topics.
Recent Term(s) Offered: None

Gerontology (GERO)

GERO 501 Perspectives in Aging 3 Hours

Overview of the fundamental theories, issues and concepts in gerontology. Includes individual and societal aging; and disciplinary perspectives of adaptations and changes to aging.

Recent Term(s) Offered: spring 2021; spring 2022

GERO 503 Policy Foundations of Aging Services 3 Hours

Provides students with knowledge of the policy process and the politics of aging. Focuses on aging policy development and analysis by offering insight into relevant aging issues.

Recent Term(s) Offered: None

GERO 505 Development and Change of Aging Programs 3 Hours

Prepares students to develop gerontology programs and services for diverse aging populations. Provides students with the knowledge and skills necessary to develop and/or administer services in the field of aging.

Recent Term(s) Offered: None

GERO 510 Current Issues in Aging 3 Hours (repeatable max of 6 hrs)

Addresses selected topics in aging presented at an advanced level considered key for gerontology professionals.

Recent Term(s) Offered: None

GERO 581 Global Aging 3 Hours

Provides an understanding of international population aging and explores the problems and solutions encountered in different sociocultural contexts for dealing with challenges and opportunities of aging.

Recent Term(s) Offered: None

GERO 590 Independent Study in Aging Studies 1-3 Hours (repeatable max of 3 hrs)

Supervised individual study and/or field-based experience in a topic or area of Gerontology of particular interest to the student.

Recent Term(s) Offered: None

Gifted and Talented Education (GTE)

GTE 536 Nature and Needs of Gifted, Creative, and Talented Students 3 Hours

Terminology, theories, issues and general approaches in educating gifted, creative, and talented young people.

Recent Term(s) Offered: winter 2021; fall 2021; winter 2022; fall 2022; winter 2023; fall 2023

GTE 537 Curriculum, Strategies, and Materials for Gifted Students 3 Hours

The curriculum and the learning environment in meeting the unique and advanced needs of gifted students. Strategies particularly suitable for the gifted.

Recent Term(s) Offered: spring 2021; spring 2022; fall 2022; spring 2023; fall 2023

GTE 538 Practicum for Teachers of Gifted Students 3 Hours

Supervised experiences to integrate the knowledge and skills needed to plan, implement, and evaluate effective learning experiences for gifted, creative, and talented students.

Prerequisite(s): GTE 536 and GTE 537 and PSY 432G

Recent Term(s) Offered: spring 2021; summer 2021; summer 2022; summer 2023

GTE 539 Assessment and Identification of Gifted and Talented Children 3 Hours

Methods and techniques for assessing and identifying children who are gifted and talented.

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

GTE 540 Developing Creativity and Leadership in Gifted Youth 3 Hours

Theoretical and practical aspects of Creativity and Leadership as related to identification and programming for gifted children and youth. Best practices in helping children and youth develop creativity and leadership.

Prerequisite(s): GTE 536

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

GTE 636 Issues in Gifted Education and Talent Development 3 Hours (repeatable max of 6 hrs)

Issues, current problems, and trends in gifted education and talent development. Emphasis on current research and literature.

Recent Term(s) Offered: spring 2021; summer 2021; summer 2022; summer 2023

GTE 637 Seminar in Gifted Education and Talent Development 3 Hours (repeatable max of 6 hrs)

Current issues and practices in gifted education. Topics will vary.

Recent Term(s) Offered: summer 2021; fall 2022; fall 2023

Health Care Administration (HCA)

HCA 401G Fundamentals of Health Care Financial Management 3 Hours

Basic principles of financial management for health care organizations. Financial ratios applicable to health providers and insurance companies; issues in the healthcare revenue cycle and value chain; recognizing sources of risk in reimbursement; and addressing risk in financial plans.
Recent Term(s) Offered: summer 2023

HCA 520 Statistical Application in Health Care 1 Hour (repeatable max of 3 hrs)

This course covers basic statistical applications in SPSS and MS Excel. Familiarity with personal computers is assumed.

Corequisite(s): PH 520

Recent Term(s) Offered: None

HCA 530 Independent Investigation in Health Care Administration 1-6 Hours (repeatable max of 6 hrs)

Research problems or projects in the area of health care administration.
Recent Term(s) Offered: None

HCA 540 Health Care Organization and Management 3 Hours

Organization and management principles, theories and practices in the health care environment. The U.S. health care system, the role of the administrator, facilities operations and evaluation, and health administration research.

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; fall 2023

LITE 545 Educational Technology Production 3 Hours

Product design and production techniques for education and training. Utilization of various software and hardware configurations to produce electronic prototypes.

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

LITE 547 Integration of Educational Technology 3 Hours

Application of principles of instructional design to the integration of technology into education and training programs.

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

LITE 550 Emerging Technology in Education 3 Hours

Survey of new and significant technology developments and integration strategies in education; research on applications and their effectiveness on P-12 pupil learning; application of new technologies to design, produce, and assess P-12 learning.

Recent Term(s) Offered: winter 2021; winter 2022; winter 2023

LITE 590 Practicum in Libraries, Informatics, and Technology in Education 1-3 Hours (repeatable max of 3 hrs)

Field based experience in an appropriate setting under a certified library media specialist or a qualified technology coordinator.

Prerequisite(s): (LITE 501 or LME 501) and (LITE 512 or LME 512) and (LITE 535 or LME 535) and (LITE 537 or LME 537)

Recent Term(s) Offered: spring 2021; summer 2021; fall 2021; spring 2022; summer 2022; fall 2022; spring 2023; summer 2023; fall 2023

LITE 737 Educational Technology Leadership 3 Hours

Emphasis on educational technology leadership, professional development, and instructional management. Topics include equitable access, technology plans, meeting needs of diverse learners with technology, and technology integration strategies.

Recent Term(s) Offered: fall 2021

Library Media Education (LME)

LME 407G Literature/Young Adults 3 Hours

Selection and evaluation of materials, reading guidance, and programming for young people, adolescence through young adult.

Recent Term(s) Offered: None

LME 409G Selected Topics 1-3 Hours (repeatable max of 6 hrs)

Problematic study of a selected topic under the direction of a faculty member. A formal research paper or annotated bibliography is required. Note: Permission of instructor required.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: None

LME 410G Storytelling 3 Hours

Storytelling literature, story selection and sources. Practice in oral communication.

Recent Term(s) Offered: None

LME 411G Creative Media Experiences for Children 3 Hours

Methods and procedures for developing creativity in children. The design and evaluation of materials and activities in a variety of media formats for school and library settings. Includes program development.

Restriction(s): Students with a semester level of Junior or Post-Baccalaureate-Non Degree may **not** enroll.

Recent Term(s) Offered: None

LME 445G Introduction Educational Technology 3 Hours

Instruction and laboratory experiences in the basic theory and application of educational technology to the design, production, evaluation, and utilization of various communication media formats.

Equivalent(s): SEC 445G

Recent Term(s) Offered: None

LME 448G Technology Applications in Education 3 Hours

Uses of technology in education for instruction and instructional management. Emphasis on evaluation and utilization of appropriate software and hardware.

Recent Term(s) Offered: None

LME 475G Workshop 1-3 Hours

Workshop classes of variable content focused on library media practice and integration of educational technology.

Recent Term(s) Offered: None

LME 502 Collection Management 3 Hours

Principles of collection management to meet the needs of the school library media program. Evaluation, selection and acquisition of print, non-print and electronic resources. Examination and development of collection policies and procedures, including acceptable use policies and copyright.

Recent Term(s) Offered: None

LME 509 Investigations in Educational Technology 1-3 Hours

(repeatable max of 6 hrs)

The completion of a formal research study in educational technology or the creation of an educational technology prototype under the supervision of a faculty member.

Recent Term(s) Offered: None

LME 519 Special Topics in Educational Technology 3 Hours

(repeatable max of 6 hrs)

Special topics in the field of educational technology.

Recent Term(s) Offered: spring 2021; fall 2021

LME 589 Field Experience in Library Media Education 3 Hours

Field experience in an appropriate setting under supervision of a certified library media specialist for LME students seeking initial Kentucky teaching certification in school library media at the graduate level. Note: Admission to professional education required.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: None

LME 591 Advanced Practicum in Library Media Education 1 Hour

Field-based experience in an appropriate setting under a certified library media specialist. Note: Admission to professional education required.

Prerequisite(s): LITE 501 and LITE 512 and LITE 537 and permission of instructor

Restriction(s): Enrollment is limited to students in Library Media Ed - Rank I (0429) or Library Media Education (083)

Recent Term(s) Offered: None

LME 592 Internship in Library Media Education 3 Hours

Field based experience in an appropriate setting under supervision of a certified library media specialist. For students seeking initial Kentucky teaching certification at the graduate level. Note: Completion of 24 hours of coursework and admission to professional education required.

Prerequisite(s): LITE 501 and LITE 512 and LITE 535 and LITE 537 and permission of instructor

Restriction(s): Enrollment is limited to students in Library Media Education (083)

Recent Term(s) Offered: None

LME 599 Thesis Research/Writing 1-6 Hours (repeatable max of 6 hrs)

Thesis research and writing directed by faculty committee.

Recent Term(s) Offered: None

LME 600 Maintain Matriculation 1-6 Hours (repeatable max of 6 hrs)

Continued enrollment for thesis completion.

Recent Term(s) Offered: None

Literacy (LTCY)

LTCY 500 Fundamentals of Reading and Related Language Arts 3 Hours

A survey of models of the reading process, research on oral and written language development, and significant approaches to reading instruction. Provides instruction for fundamental understanding of the theoretical rationale of the reading and related language arts processes. Note: Course is not appropriate for certified teachers and does not count toward the MAE in Literacy Education.

Restriction(s): Enrollment is limited to students in Literacy/Post-Secndry Settings (0462)

Recent Term(s) Offered: fall 2022

LTCY 501 Reading and Writing for Learning 3 Hours

Instruction in the ways reading and writing are interrelated processes, facilitate learning from print, and woven together to better prepare students for the critical reading, critical thinking, and writing expectations of college and career. Note: Course is not appropriate for certified teachers and does not count toward the MAE in Literacy Education.

Restriction(s): Enrollment is limited to students in Literacy/Post-Secndry Settings (0462)

Recent Term(s) Offered: spring 2023

LTCY 502 Differentiating Literacy Instruction 3 Hours

Exploration of differentiated literacy instruction focusing on modification of instructional content, process, assessment, and student product to meet the needs of all learners. Note: Course is not appropriate for certified teachers and does not count toward the MAE in Literacy Education.

Restriction(s): Enrollment is limited to students in Literacy/Post-Secndry Settings (0462)

Recent Term(s) Offered: fall 2023

LTCY 503 Assessment and Evaluation of Reading and Writing 3 Hours

An introduction to assessment and evaluation of readers and writers. Includes experience in reviewing, matching, and administering assessments. Using data to inform instruction, including formative and summative assessments. Note: Course is not appropriate for certified teachers and does not count toward the MAE in Literacy Education.

Restriction(s): Enrollment is limited to students in Literacy/Post-Secndry Settings (0462)

Recent Term(s) Offered: None

LTCY 504 Strategy-Based Reading and Writing Intervention 3 Hours

Job-embedded (field work) to design and implement instructional techniques for use with individuals or groups experiencing difficulty with literacy skills. Emphasis on tutorial and small group applications. Note: Course is not appropriate for certified teachers and does not count toward the MAE in Literacy Education.

Restriction(s): Enrollment is limited to students in Literacy/Post-Secndry Settings (0462)

Recent Term(s) Offered: fall 2023

LTCY 505 Job-Embedded Literacy Methods 3 Hours

Job-embedded integration of literacy methods and practices within a community or technical college or other instructor approved educational setting outside P-12 designed to prepare students to provide sound reading assessment and instruction for literacy learners. Note: Course must be completed in the last semester before completion of the Literacy in Post-Secondary Settings certificate. Students are responsible for own transportation to designated sites.

Restriction(s): Enrollment is limited to students in Literacy/Post-Secndry Settings (0462)

Recent Term(s) Offered: None

LTCY 510 Methods of Teaching Literacy to Adolescents 3 Hours

Theoretical foundation and current best practices for literacy instruction. Emphasis on literacy lesson and unit planning. Field experiences are required; students are responsible for own transportation.

Restriction(s): Enrollment is limited to students in Special Ed Initial Cert (0456), Middle Grades Ed: Initial Cert (0458), IECE, Birth-Age 5, Initial Cer (0460) or Teacher Educ: Initial Cert (0495)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

LTCY 515 Socio-Cognitive Theories of Comprehension 3 Hours

A study of cognitive, linguistic, and sociocultural factors that affect comprehension, including native language, how comprehension works, and how people make sense of print cues and visual cues by understanding the comprehension process from various theoretical stance..

Recent Term(s) Offered: None

LTCY 518 Literacy Learning and Technology 3 Hours

Survey of use of technology to promote the development of reading, writing, and teaching and learning via electronic formats. Topics include integration of technology into literacy instruction that supports diverse literacy learners and designing appropriate reading and language arts technology-based projects for literacy learners.

Restriction(s): Enrollment is limited to students in Literacy Education (044)

Recent Term(s) Offered: None

LTCY 519 Literacy Development and Instruction 3 Hours

Investigation into the development of reading and writing in young children, instructional strategies for emergent and developing literacy including practices related to phonemic awareness, phonics, comprehension, vocabulary, fluency, invented spelling, writing traits, process and development.

Recent Term(s) Offered: summer 2021; fall 2021; summer 2022; fall 2022; spring 2023; summer 2023; fall 2023

LTCY 520 Clinical Diagnosis of Reading Variability 3 Hours

The nature and causes of reading disabilities and investigation of general and specific principles and approaches to diagnosis. Actual case studies using both group and individual tests in diagnosis.

Prerequisite(s): LTCY 519 or permission of instructor

Restriction(s): Enrollment is limited to students in Literacy Education (044)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

LTCY 521 Reading Intervention 3 Hours

Instructional techniques for use with individuals or groups involved in remedial reading instruction; materials and procedures; clinical experiences with remedial students.

Prerequisite(s): LTCY 520

Restriction(s): Enrollment is limited to students in Literacy Education (044)

Recent Term(s) Offered: spring 2022; spring 2023

LTCY 522 Investigations in Reading 1-3 Hours (repeatable max of 3 hrs)

Individual investigation of the research and descriptive literature in the field of reading.

Prerequisite(s): LTCY 528

Restriction(s): Enrollment is limited to students in Literacy Education (044)

Recent Term(s) Offered: None

LTCY 523 Assessment and Intervention of Reading and Writing 3 Hours

Emphasizes practical methods of reading and writing appraisal, diagnostic procedures, and materials essential for developing teaching strategies in reading instruction for P-12 learners.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

LTCY 524 Content Area and Disciplinary Literacy 3 Hours

Reading and study skills strategies and techniques to increase student achievement in content-area classes. Discussion of disciplinary literacy in various fields will also be addressed.

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

LTCY 527 Diversity and Equity in Literacy Education 3 Hours

Introduction to social factors, cultural factors, and aspects of language that affect teaching and learning of literacy, particularly in reading, writing, and the language arts; application of multicultural perspectives and culturally responsive instruction to curriculum development and classroom literacy practices.

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

LTCY 528 Literacy Research Methods and Evaluation 3 Hours

Investigation and critical analysis of literacy research and theory, and completion of literacy related-research project.

Prerequisite(s): LTCY 519

Restriction(s): Enrollment is limited to students in Literacy Education (044)

Recent Term(s) Offered: None

LTCY 530 Literacy Development for Multilingual Learners 3 Hours

In the context of first and second language development across the lifespan, this course focuses on the acquisition of literacy by young children, examines best practices in the teaching of literacy in both elementary and secondary settings, and offers a deep investigation into the relationship between language and literacy acquisition.

Prerequisite(s): LTCY 519 (may be taken concurrently) and LTCY 523 (may be taken concurrently) and LTCY 527 (may be taken concurrently) and LTCY 524 (may be taken concurrently)

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

LTCY 532 Literacy Leadership and Coaching 3 Hours

A course intended for advanced literacy professionals to learn best practices for providing professional learning opportunities in the work place, developing professional learning communities, leading in school-wide literacy development, and developing the skills of peers and experienced colleagues in the field of literacy.

Prerequisite(s): LTCY 519 (may be taken concurrently) and LTCY 523 (may be taken concurrently) and LTCY 524 (may be taken concurrently) and LTCY 527 (may be taken concurrently)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

LTCY 599 Thesis Research and Writing 3-6 Hours (repeatable max of 6 hrs)

Thesis research and writing directed by faculty committee.

Recent Term(s) Offered: None

LTCY 600 Maintain Matriculation 1 Hour (repeatable max of 6 hrs)

Continued enrollment for thesis completion.

Recent Term(s) Offered: None

LTCY 624 Seminar in Literacy Issues and Trends 3 Hours (repeatable max of 9 hrs)

Study of literacy research focusing on issues and trends within the discipline of literacy education. No more than 6 hours may be counted toward the MAE-Literacy Education program.

Prerequisite(s): LTCY 519 or permission of instructor

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

LTCY 695 Practicum for Literacy Professionals 3 Hours (repeatable max of 6 hrs)

In-depth practice in the literacy coaching of colleagues in the education profession.

Prerequisite(s): LTCY 521

Recent Term(s) Offered: spring 2022; spring 2023

Management (MGT)

MGT 570 Business Government Law 3 Hours

Development, implementation, and impact of major public policies toward business. Includes antitrust, consumer protection, conservation and environmental control, etc.

Recent Term(s) Offered: None

Marketing (MKT)

MKT 529 Independent Study in Marketing 1-3 Hours

Supervised independent study of a topic or problem culminating in a scholarly paper or problem solving report.

Recent Term(s) Offered: None

Mathematics (MATH)

MATH 403G Geometry for Elementary and Middle School Teachers 3 Hours

Both formal and informal methods are used to explain the basic concepts of Euclidean geometry. Emphasis is given to the investigative approach, organizational skills, and problem solving.

Restriction(s): Students cannot enroll who are in Secondary Ed Teacher Leader (0435) or Mathematics (085)

Recent Term(s) Offered: None

MATH 405G Numerical Analysis I 3 Hours

Computer arithmetic, roots of equations, polynomial approximation and interpolation, numerical differentiation and integration. Computer solutions of problems will be required.

Prerequisite(s): (MATH 307 or MATH 310 or MATH 237) and (CS 180 or CS 146) or permission of instructor

Equivalent(s): CS 405G

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

MATH 406G Numerical Analysis II 3 Hours

The solution of linear systems by direct and iterative methods, matrix inversion, the calculation of eigenvalues and eigenvectors of matrices. Initial and boundary value problems in ordinary differential equations. Computer solution of problems will be required.

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

MATH 409G History of Mathematics 3 Hours

History of mathematics from ancient times through the development of calculus with emphasis on famous problems. Provides knowledge and appreciation useful in the classroom. Term papers will be required. Note: 6 hours of undergraduate mathematics required.

Prerequisite(s): permission of instructor

Restriction(s): Students cannot enroll who are in Mathematics (085)

Recent Term(s) Offered: None

MATH 411G Problem Solving for Elementary and Middle School Teachers 3 Hours

Integrates concepts developed in algebra, geometry, logic, statistics, probability, and elementary number theory. Students are encouraged to use problem-solving strategies, models, and technologies, and to create problems of their own.

Restriction(s): Students cannot enroll who are in Secondary Ed Teacher Leader (0435) or Mathematics (085)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

MATH 413G Algebra and Technology for Middle Grades Teachers 3 Hours

The use of graphing calculators and computer software to explore algebraic ideas including patterns, functions, equations, inequalities, linear programming, curve fitting, and practical applications of algebra and technology.

Restriction(s): Students cannot enroll who are in Secondary Ed Teacher Leader (0435) or Mathematics (085)

Recent Term(s) Offered: None

MATH 415G Algebra and Number Theory 3 Hours

Survey of modern algebra and number theory. Includes number systems, divisibility, congruences, groups and their application to number theory.

Recent Term(s) Offered: spring 2023

MATH 417G Algebraic Systems 3 Hours

The theory of finite groups and related algebraic systems. Lagrange's Theorem, Sylow Theorems, and the structure of finite groups are studied. Applications of group theory to the study of algebraic problems and symmetry.

Recent Term(s) Offered: spring 2022; spring 2023

MATH 421G Problem Solving for Secondary Teachers 3 Hours

Utilizes various techniques and technology to solve mathematical problems. Integrates concepts from algebra, geometry, trigonometry, probability, statistics, number theory, discrete mathematics, linear algebra, and calculus.

Restriction(s): Students cannot enroll who are in Mathematics (085)

Recent Term(s) Offered: None

MATH 423G Geometry II 3 Hours

An axiomatic development of plane hyperbolic geometry which presupposes a development of absolute geometry.

Recent Term(s) Offered: None

MATH 431G Intermediate Analysis I 3 Hours

Topics in analysis chosen from inverse and implicit function theorems, differentiation, integration, infinite series, series of functions, and introductory functional analysis.

Recent Term(s) Offered: fall 2022; fall 2023

MATH 435G Partial Differential Equations 3 Hours

Equations of first and second order; elliptic, hyperbolic and parabolic equations of mathematical physics using separation of variables and Fourier series.

Recent Term(s) Offered: spring 2021; fall 2021

MATH 439G Topology I 3 Hours

Introduction to topology including topics selected from: topological spaces, mappings, homeomorphisms, metric spaces, surfaces, knots, manifolds, separation properties, compactness and connectedness.

Recent Term(s) Offered: fall 2021; fall 2022

MATH 450G Complex Variables 3 Hours

Complex number plane, analytic functions of a complex variable, integration, power series, calculus of residues, conformal representation, applications of analytic function theory.

Recent Term(s) Offered: spring 2021; spring 2023

MATH 470G Introduction to Operations Research 3 Hours

Principles and techniques of operations research including linear programming, integer programming, quality theory, sensitivity analysis, and dynamic programming.

Recent Term(s) Offered: None

MATH 482G Probability & Statistics II 3 Hours

Multivariate probability distributions; sampling distributions, statistical inference; point and interval estimation, properties of estimators; hypothesis testing; regression and correlation; analysis of variance; non-parametric methods.

Recent Term(s) Offered: spring 2021

MATH 500 Readings in Mathematics 1-3 Hours (repeatable max of 6 hrs)

Students read and present papers that have appeared in (or have been accepted by) mathematical journals. Topics covered are determined by areas of interest. Note: Undergraduate major in mathematics required.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

MATH 501 Introduction to Probability and Statistics I 3 Hours

Interpreting, analyzing, and simulating univariate and bivariate data; probability and sampling distributions; regression and chi-squared procedures from traditional and randomization approaches.

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

MATH 502 Introduction to Probability and Statistics II 3 Hours

Review of linear algebra, Markov chains, decision theory, linear programming and game theory.

Recent Term(s) Offered: None

MATH 503 Introduction to Analysis 3 Hours

Theoretical examination of selected topics in real analysis including sequences, series, limits, continuity, derivatives, and integration.

Restriction(s): Enrollment is limited to students in Mathematics (049)

Recent Term(s) Offered: fall 2021; fall 2022; spring 2023; fall 2023

MATH 504 Application of Technology to Problems in Mathematics 3 Hours

Problem solving via non-routine problems from various branches of mathematics, including, but not limited to number theory, discrete math, linear algebra, calculus, probability, and statistics.

Restriction(s): Enrollment is limited to students in Mathematics (049)

Recent Term(s) Offered: summer 2021; summer 2022

MATH 506 Mathematical Applications for Middle Grades Teachers 3 Hours

Advanced study in logic, discrete mathematics, functions, and modeling, as appropriate for middle grades mathematics teachers.

Prerequisite(s): permission of instructor

Restriction(s): Students cannot enroll who are in Mathematics (049) or Mathematics (085)

Recent Term(s) Offered: None

MATH 507 Number Systems for Elementary and Middle Grades Teachers 3 Hours

Conceptual development of numeration systems and structures, set and number theory, and sequences.

Recent Term(s) Offered: summer 2021; summer 2023

MATH 508 Rational Number Concepts for Elementary and Middle Grades Teachers 3 Hours

Conceptual development of rational number representations, ratios, and proportional reasoning.

Restriction(s): Students cannot enroll who are in Secondary Ed Teacher Leader (0435) or Mathematics (085)

Recent Term(s) Offered: summer 2022

MATH 510 Intermediate Statistics 3 Hours

Extended coverage of experimental design and data collection, statistical inference including confidence intervals, estimation, tests of significance, comparison of population parameters, and multiple regression.

Prerequisite(s): MATH 501

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

MATH 511 Algebra from an Advanced Perspective 3 Hours

Topics in algebra from an advanced perspective including analysis of functions and polynomials, number theory, and fields.

Restriction(s): Enrollment is limited to students in Mathematics (049)

Recent Term(s) Offered: fall 2021; fall 2022; summer 2023; fall 2023

MATH 512 Geometry from an Advanced Perspective 3 Hours

Topics in geometry from an advanced perspective including a theoretical examination of transformations in real and complex plane; distance congruence, and similarity in a variety of contexts; connections and applications between geometry, trigonometry, and calculus.

Prerequisite(s): MATH 511 or permission of instructor

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

MATH 514 Mathematical Modeling and Applications 3 Hours

Uses mathematical modeling to describe and explore real world problems using algebraic, geometric, and statistical approaches.

Restriction(s): Enrollment is limited to students in Mathematics (049)

Recent Term(s) Offered: spring 2021; spring 2022; summer 2023

MATH 515 Introduction to Number Theory 3 Hours

An introduction to number theory, including, but not limited to, divisibility, congruences, quadratic reciprocity, theory of primes, Fermat's Theorem, Euler's Theorem, application problems

Restriction(s): Enrollment is limited to students in Mathematics (049)

Recent Term(s) Offered: spring 2023

MATH 517 Topics from Algebra 3 Hours

Theory of rings, fields, and vector spaces. Topics include: polynomial rings, principal ideal domains, unique factorization domains, field extensions, Galois theory.

Recent Term(s) Offered: None

MATH 529 Applied Probability 3 Hours

Axiomatic development of the theory of probability. Introduction to Markov chains, random variables, distributions, transformations. Limit theorems and various modes of convergence.

Recent Term(s) Offered: None

MATH 531 Advanced Differential Equations 3 Hours

Power series solutions, existence and uniqueness theorems, stability and Liapunov's method, regular singular points, perturbations of periodic solutions.

Recent Term(s) Offered: fall 2021

MATH 532 Real Analysis 3 Hours

Function spaces, additive set functions, outer measure; measurable functions, integration.

Recent Term(s) Offered: spring 2022

MATH 535 Advanced Applied Mathematics- I 3 Hours

Eigenvalue and boundary value problems, orthogonal expressions in function spaces, classic polynomials, Sturm-Liouville theory, Fourier and Laplace transforms.

Recent Term(s) Offered: fall 2023

MATH 536 Advanced Applied Mathematics- II 3 Hours

Integral equations, calculus of variations, maximization of linear functionals, maximum gradient method.

Prerequisite(s): MATH 535

Recent Term(s) Offered: None

MATH 539 Topology II 3 Hours

Homotopy, homology theory.

Recent Term(s) Offered: None

MATH 540 Stochastic Processes 3 Hours

Theory and application of stochastic processes; random walks; Markov chains; Poisson processes; birth and death processes; queues; renewal and branching processes; computer simulations.

Recent Term(s) Offered: None

MATH 541 Graph Theory 3 Hours

Introduction to the basic concepts of graph theory. Topics include Eulerian circuits, Hamiltonian cycles, coloring problems and planar graphs. Note: Undergraduate major in mathematics required.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: spring 2021; spring 2023

MATH 542 Advanced Topics in Discrete Mathematics 3 Hours

Combinatorics, ordered sets and lattice theory, modeling with difference equations, discrete calculus, dynamic equations on time scales.

Recent Term(s) Offered: None

MATH 550 Complex Analysis 3 Hours

Analytic continuation, conformal mapping, Riemann surfaces, and univalent functions.

Recent Term(s) Offered: None

MATH 570 Topics in Operations Research 3 Hours

Specific area(s) of operations research.

Recent Term(s) Offered: None

MATH 585 Advanced Mathematical Thinking I 3 Hours

Students will explore and identify connections between research in mathematics education and the mathematics content, from an advanced perspective, they are teaching in their courses.

Prerequisite(s): (MATH 501 and MATH 503 and MATH 511 and MATH 512 and MATH 515 (may be taken concurrently))

Restriction(s): Enrollment is limited to students in Mathematics (049)

Recent Term(s) Offered: summer 2023

MATH 590 Special Topics in Mathematics 3 Hours (repeatable max of 6 hrs)

No course description is available.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: spring 2021; fall 2021; fall 2022; fall 2023

MATH 595 Advanced Mathematical Thinking II 3 Hours

Students will conduct their own research project regarding secondary students' mathematical thinking, applying what was learned in MATH 585 (Adv Mathematical Thinking I).

Prerequisite(s): MATH 585

Restriction(s): Enrollment is limited to students in Mathematics (049)

Recent Term(s) Offered: fall 2023

MATH 598 Graduate Seminar: Communicating Mathematics and Technical Writing 3 Hours

This course will familiarize graduate students in mathematics with the many different areas of mathematics and active research topics in the field as well as give them an opportunity to practice effective oral presentation skills. Students will also learn mathematical typesetting with LaTeX.

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023; fall 2023

MATH 599 Thesis/Research 1-6 Hours (repeatable max of 6 hrs)

Thesis research and writing directed by faculty committee.

Recent Term(s) Offered: spring 2021; summer 2021; fall 2021; spring 2022; fall 2022; spring 2023; fall 2023

MATH 600 Maintaining Matriculation 1-6 Hours (repeatable max of 6 hrs)

Continued enrollment for thesis completion.

Recent Term(s) Offered: fall 2022

Middle Grades Education (MGE)

MGE 534 Seminar in Mathematics Education 3 Hours

Covers newer concepts in curriculum and methods of instruction, current research and problems in mathematics education.

Prerequisite(s): permission of instructor

Equivalent(s): SEC 534

Recent Term(s) Offered: None

MGE 545 Investigations in Classroom Teaching 1-3 Hours (repeatable max of 3 hrs)

Opportunity for middle school teachers to engage in concentrated study of specific problems and/or development of specific skills related to effective classroom instruction.

Recent Term(s) Offered: None

MGE 570 Workshop - Workshop in Middle School Education 1-3 Hours (repeatable max of 6 hrs)

Activity-centered on a relevant area of study.

Recent Term(s) Offered: None

MGE 571 Middle Grades Curriculum 3 Hours

Examination of programs designed for the young adolescent. Functions, organizations, planning, and evaluation of the curriculum. Includes special curricular areas.

Recent Term(s) Offered: None

Modern Languages (MLNG)

MLNG 410G Second Language Acquisition 3 Hours

Introduction to principal theories of the acquisition of a second or foreign language. Explores how language learning styles and strategies relate to language acquisition and implications for the classroom.

Recent Term(s) Offered: None

MLNG 420G Multimedia Technologies in Teaching Foreign Languages 3 Hours

Pedagogical and hands-on training for in-service teachers. Note: For students pursuing teacher certification in French, German, Spanish or other language.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: None

MLNG 474G Teaching Foreign Language 3 Hours

Develops skills, procedures and strategies for teaching foreign language in middle and secondary schools. Field experiences in public schools and/or appropriate settings away from campus are required. Note: Students are responsible for arranging their own transportation to designated or assigned sites.

Corequisite(s): SEC 453

Recent Term(s) Offered: None

MLNG 480G Topics in Modern Language Cultures and Pedagogy 1-3 Hours (repeatable max of 6 hrs)

Topics in modern language cultures and societies, including literature and the arts, social issues, and current events, as well as aspects of language pedagogy. Students enroll in course sections for the language of their major.

Recent Term(s) Offered: None

Music (MUS)

MUS 500 Theory Seminar 3 Hours

Study and application of analytical techniques as they apply to the formal structure of music.

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

MUS 509 Music Curriculum in the Elementary and Middle Schools 3 Hours

Includes advanced study of contemporary elementary music education trends, methodologies, instructional techniques, and materials. Expands contemporary instructional methods.

Recent Term(s) Offered: spring 2022; spring 2023

NURS 629 Pharmacology for the Master Entry Professional Nurse 2 Hours

Explores advanced principles of pharmacology, drug prototypes used to treat alterations in health for women, infants, children and high acuity patients, and the nurse's role in administering drugs to patients. Incorporate current and emerging genetic evidence and technologies in providing care to individuals, families, and communities.

Restriction(s): Enrollment is limited to students in Nursing (149)

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2022; spring 2023; fall 2023

NURS 630 Advanced Epidemiology 3 Hours

Integrates epidemiologic principles for decision-making in Healthcare for improved patient and population outcomes. It is intended for DNP and other Healthcare leaders.

Prerequisite(s): (NURS 700 and NURS 620) or permission of instructor

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

NURS 650 Emergency/Urgent Care I 2 Hours

This course is the first of two didactic courses intended to prepare the NP for beginning practice in emergency department/urgent care settings. Focus is on recognition and management strategies of health deviations, including acute and chronic exacerbation/maintenance of conditions from the lifespan perspective. The patient population is individuals and families who seek care in emergency/urgent care settings. Care is addressed from an interdisciplinary framework and includes legal/ethical factors.

Recent Term(s) Offered: None

NURS 651 Emergency/Urgent Care Clinical I 2 Hours

This course is the first of two clinical courses intended to prepare the NP for beginning practice in the emergency department/urgent care settings. Focus on the application of skills and competencies related to the didactic and theory taught in NURS 650.

Prerequisite(s): NURS 650 (may be taken concurrently) or permission of instructor

Corequisite(s): NURS 650

Recent Term(s) Offered: None

NURS 652 Emergency/Urgent Care II 2 Hours

This course is the second of two didactic courses intended to prepare the NP for beginning practice in emergency department/urgent care settings. Focus on recognition and management strategies of health deviations, including acute and chronic exacerbation/maintenance of conditions from the lifespan perspective. The patient population is individuals and families who seek care in emergency/urgent care settings. Care is addressed from an interdisciplinary framework and includes legal/ethical factors.

Prerequisite(s): (NURS 651 and NURS 650) or permission of instructor

Recent Term(s) Offered: None

NURS 653 Emergency/Urgent Care Clinical II 2 Hours

This course is the second of two clinical courses intended to prepare the NP for beginning practice in the emergency department/urgent care setting. Focus on the application of skills and competencies related to the didactic and theory taught in NURS 652.

Prerequisite(s): (NURS 650 and NURS 651 and NURS 652 (may be taken concurrently)) or permission of instructor

Corequisite(s): NURS 652

Recent Term(s) Offered: None

NURS 662 Assessment and Evaluation in Nursing Education 2 Hours

Assessment and evaluation strategies in nursing education are explored with an emphasis on the test plan design based upon the National Council of Licensing Examination (NCLEX), developing, analyzing, and revising classroom tests and competency validation of clinical nursing skills. Components and processes of program evaluation focuses on the nursing program, curriculum, environment, and university outcomes. Develops the National League for Nursing (NLN) Competencies for Nurse Educators, Competency 3: Use assessment and evaluation strategies and Competency 6: Pursue continuous quality improvement in the nurse educator role.

Recent Term(s) Offered: None

NURS 700 Healthcare Leadership and Organizational Theory 3 Hours

Synthesizes leadership theory and organizational models within the context of the health care industry. Models of human resource management, change management, strategic planning, program development and implementation will be explored with an emphasis on the DNP's role in complex health care organizations.

Restriction(s): Enrollment is limited to students in Nursing Practice (0011)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

NURS 701 Leadership in Health Policy 3 Hours

Critical analysis of current issues in health policy. Develops nursing leadership role to influence health policy and improve the healthcare delivery system and patient outcomes.

Restriction(s): Enrollment is limited to students in Nursing Practice (0011)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

NURS 712 Evidenced-Based Practice 3 Hours

Provides students with the knowledge and tools to critique, synthesize and differentiate evidence related to health problems of specific populations. Students will explore evidence-based practices that have been used to address health problems in their areas of interest.

Prerequisite(s): (NURS 504 or equivalent) and (NURS 510 or equivalent) and (NURS 620 or equivalent) and NURS 700 or permission of instructor

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

NURS 714 Economic and Financial Influences in Healthcare Systems 3 Hours

Application and critical appraisal of economic and financial theories in appreciating market dynamics, utilities, incentive structures, and driving and restraining forces in healthcare changes.

Prerequisite(s): NURS 620

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

NURS 740 Technology in Healthcare 3 Hours

Focuses on technology as applied to nursing and healthcare. Theory and experiential learning (computer systems, technology) are necessary for utilizing technology and a clinical component is included.

Prerequisite(s): NURS 700 or permission of instructor

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

NURS 750 Program Development and Evaluation in Healthcare 3 Hours

Analysis and application of theory related to the evaluation of programs and evidenced-based interventions designed to improve the healthcare of populations in a variety of healthcare settings. Working independently or in a team, the DNP student will assess the quality and cost effectiveness of programs in selected healthcare organizations.

Prerequisite(s): NURS 712

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

NURS 755 Quality Improvement in Healthcare 3 Hours

Provides theoretical foundations for application of quality improvement tools and methods to improve process/systems, knowledge to lead quality improvement/patient safety initiatives in healthcare systems.

Prerequisite(s): NURS 712 or permission of instructor

Recent Term(s) Offered: spring 2021; spring 2022; summer 2022; spring 2023; summer 2023

NURS 765 Institutional Review Board Process in Nursing 1 Hour

Overview of the institutional review board (IRB) process with development of an IRB for the capstone project.

Prerequisite(s): NURS 750 and NURS 755

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

NURS 780 Clinical Practicum 3,6 Hours (repeatable max of 6 hrs)

Students will synthesize, integrate, and translate newly acquired knowledge and skills to implement and evaluate a capstone project. Clinical experiences are individually designed within the context of the healthcare system and/or patient population focus of the student's interest. Student must complete a total of six credit hours.

Prerequisite(s): NURS 750 and NURS 755 and NURS 765

Recent Term(s) Offered: spring 2021; summer 2021; fall 2021; spring 2022; fall 2022; spring 2023; fall 2023

NURS 800 Maintaining Matriculation 1-3 Hours (repeatable max of 3 hrs)

This course is for Doctor of Nursing Practice (DNP) students who have completed 6 hours of NURS 780 and have not completed their project and/or technical report in the DNP program.

Prerequisite(s): NURS 780

Restriction(s): Enrollment is limited to students in Nursing Practice (0011)

Recent Term(s) Offered: spring 2021; summer 2021; fall 2022; spring 2023; fall 2023

Philosophy (PHIL)

PHIL 401G Readings in Philosophy 3 Hours (repeatable max of 6 hrs)

An intensive study of selected philosophic classics or readings in a selected area of philosophy.

Recent Term(s) Offered: None

PHIL 415G Advanced Logic 3 Hours

Advanced topics in First Order Logic, through Quantification Theory with Identity, and topics in the Philosophy of Logics. The course will emphasize Computer Assisted Instruction (CAI) and will use the campus VAX network.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: None

PHIL 426G Philosophy and Old Age 3 Hours

Examination of philosophical themes bearing on old age, such as: meaning, memory, selfhood, autonomy, im/immortality, euthanasia, filial obligation, intergenerational justice, authority, dignity, virtue/vice, beauty.

Recent Term(s) Offered: None

PHIL 427G Philosophy of Law 3 Hours

A study of theories on the nature and origin of law, basic legal concepts (obligation, right, equality, liberty, justice), legal moralism, church and state, civil disobedience, and other topics.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: None

PHIL 499G Independent Research in Philosophy 3 Hours (repeatable max of 12 hrs)

Directed study and research in one area of philosophy. The research will culminate in an acceptable thesis.

Recent Term(s) Offered: None

Physics (PHYS)

PHYS 404G Laboratory Optics 1 Hour

The conclusions and concepts of optics and techniques of experimental optics.

Corequisite(s): PHYS 441G

Recent Term(s) Offered: None

PHYS 409G Laboratory Exper Physics/Research Tech 1 Hour

Laboratory techniques in experimental research, includes drawing and fabrication of apparatus, technical photography, and statistical treatment of data. Note: 2 years of college physics required.

Recent Term(s) Offered: None

PHYS 410G Physics for Teachers 3 Hours

A broad study, including laboratory experiences, of the areas of physics relevant to science teaching in grades K-12. For pre-service for in-service teachers who have a minimal physics background. Instruction will be differentiated according to student needs. Applicable toward a major or minor in physics only for those students obtaining teacher certification.

Recent Term(s) Offered: None

PHYS 431G Radiation Biophysics 4 Hours

The properties of the various forms of radiation and their interactions with, and effects on, living matter. Laboratory offers training in monitoring ionizing radiations and techniques of radioactive isotopes.

Prerequisite(s): PHYS 201 and PHYS 202 or (PHYS 231 and PHYS 232)

Recent Term(s) Offered: None

PHYS 440G Electromagnetism I 3 Hours

Introduction to the study of classical electromagnetic fields, including electrostatics.

Recent Term(s) Offered: None

PHYS 441G Optics 3 Hours

Geometrical and physical optics including wave propagation, refraction, dispersion, diffraction, and polarization. Note: One year of college physics and one year of calculus required.

Corequisite(s): PHYS 404G

Recent Term(s) Offered: None

PHYS 445G Electromagnetism II 3 Hours

Study of classical electrodynamics with emphasis on Maxwell's equations, electromagnetic waves, dispersion and radiation.

Recent Term(s) Offered: None

PHYS 450G Classical Mechanics II 3 Hours

A continuation of PHYS 350. Includes motion in central potentials, dynamics of systems of particles, rigid body motion.

Recent Term(s) Offered: None

PHYS 465G Geophysics 3 Hours

The fundamentals of general and exploration geophysics. Topics include the origin of the earth and solar system, the earth's interior, geochronology, gravity and isostasy, seismology, the earth's heat, geomagnetism, upper atmosphere, continents and ocean basins, ridges and island arcs, and plate tectonics. The theory and applications of exploration geophysics are also covered, especially gravity, magnetic, and seismic methods.

Equivalent(s): GEOS 565

Recent Term(s) Offered: None

PHYS 475G Topics/Physics 1-3 Hours (repeatable max of 6 hrs)

Directed study under the supervision of a faculty member.

Recent Term(s) Offered: None

PHYS 480G Quantum Mechanics 3 Hours

Fundamental principles of quantum mechanics including the hydrogen and helium atoms, the harmonic oscillator, and the Schrodinger wave equation.

Prerequisite(s): PHYS 320 and PHYS 350 and PHYS 450

Recent Term(s) Offered: None

PHYS 501 Classical Dev in Physics 3 Hours

Physics for junior high and high school teachers covers the discovery of physical laws, the origin of forces, motion, energy, momentum, conservation, principles, wave phenomena, and electromagnetics.

Recent Term(s) Offered: None

PHYS 502 Modern Develop/Physics 3 Hours

Physics for junior high and high school teachers. Covers atomic structure, the nucleus, elementary particles, probability and uncertainty, and special relativity. Emphasizes the impact of twentieth century discoveries on the foundations of physical law.

Recent Term(s) Offered: None

PHYS 503 Physics Demonstration 3 Hours

Designed to acquaint the junior high and high school teacher with laboratory equipment and demonstrations for use in secondary education.

Recent Term(s) Offered: None

PHYS 505 Investigations/Physics 3 Hours

Topics of individual interest relating to the teaching of physics.

Recent Term(s) Offered: None

PHYS 506 Overview of Homeland Security 1 Hour

Special requirements: Instructor permission required if not enrolled into graduate program in Homeland Security Sciences. A weekly seminar course available as an in-class group discussion, a real-time webcast, or a downloadable PEG file from the departmental website. Seminar speakers from Department of Homeland Security, businesses, and other recognized national and international experts, will provide an overview of the Homeland Security area. To be taken during the first semester of matriculation.

Recent Term(s) Offered: fall 2021; spring 2022

PHYS 510 Methods in Math Physics 3 Hours

No course description is available

Recent Term(s) Offered: None

PHYS 511 Quantitative Modeling for Physics Instruction I: Mechanics 3 Hours

An in-depth study of topics in physics typically taught at the high school level. Emphasizes both the content of physics as well as the process of effectively communicating the content to secondary students. Topics include kinematics, Newton's laws of motion, energy, momentum and other topics in mechanics. Note: One year of math-based physics at the college level required.

Recent Term(s) Offered: None

PHYS 512 Quantitative Modeling for Physics Instruction II: Electromagnetism 3 Hours

An in-depth study of topics in physics typically taught at the high school level. Emphasizes both the content of physics as well as the process of effectively communicating the content to secondary students. Topics include electric and magnetic fields, and circuits. Note: One year of math-based physics at the college level required.

Recent Term(s) Offered: None

PHYS 516 Classroom Physics Teaching: Theory and Practice 3 Hours
Designed to assist new physics instructors in teaching physics. Includes constructing and using laboratory equipment, implementing research-based curriculum, and assessments in physics. Note: Must be instructor in a physical science course as verified by a letter from the school principal or equivalent.

Prerequisite(s): PHYS 511 or PHYS 512

Recent Term(s) Offered: None

PHYS 518 Classroom Applications of Physics and Science Education Research 3 Hours (repeatable max of 6 hrs)

Help instructors to make practical connections between discipline-based science education research in physics and other areas with their own classroom teach. Students will read original research, document examples in classroom, and evaluate and modify curricular materials. Note: Must be instructor in a physical science course as verified by a letter from the school principal or equivalent.

Prerequisite(s): PHYS 511 or PHYS 512

Recent Term(s) Offered: None

PHYS 519 Physical Science Education Research Methods 3 Hours

Equips physics and physical science instructors to design and carry out practical educational research projects with the goal of improving instruction. Covers research methodologies in physics and other discipline-based science education research (DBSER), designing and carrying out research projects with the goal of informing classroom instruction.

Prerequisite(s): PHYS 518

Recent Term(s) Offered: None

PHYS 520 Atomic and Molecular 3 Hours

No course description is available

Recent Term(s) Offered: None

PHYS 530 Statistical Physics 3 Hours

No course description is available

Recent Term(s) Offered: None

PHYS 540 Electromagnetic Theory 3 Hours

No course description is available

Recent Term(s) Offered: None

PHYS 550 Classical Mechanics 3 Hours

No course description is available

Recent Term(s) Offered: None

PHYS 560 Introduction to Physics Applications in Homeland Security 3 Hours

A preparatory course in Homeland Security Science for students with limited physics background. An overview of physics applicable to Homeland Security Sciences. Topics include atomic and nuclear physics, optics and analytical techniques.

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

PHYS 565 Optical Detection Methods of Biological and Chemical Agents 3 Hours

Explore the application of optical detection technologies to detect and characterize chemical and biological agents. Optical methods such as laser induced breakdown spectroscopy (LIBS), light detection and ranging (LIDAR), coherent anti-stokes Raman spectroscopy, photoacoustic, and photothermal imaging. Apply theoretical principles to real-world examples.

Prerequisite(s): PHYS 560 or permission of instructor

Recent Term(s) Offered: fall 2021; fall 2023

PHYS 570 Nuclear / Radiological Detection and Remediation 3 Hours

An advanced study of the fundamental principles of nuclear physics and their applications for detection and remediation of nuclear and radiological threats.

Prerequisite(s): PHYS 560

Corequisite(s): PHYS 571

Recent Term(s) Offered: None

PHYS 571 Nuclear / Radiological Detection and Remediation Laboratory 1 Hour

Students perform laboratory experiments in applications of nuclear physics for detection and remediation of nuclear and radiological threats. Students will gain experience in computerized data acquisition and data analysis using modern techniques and equipment.

Prerequisite(s): PHYS 560

Corequisite(s): PHYS 570

Recent Term(s) Offered: None

PHYS 580 Quantum Theory 3 Hours

No course description is available

Recent Term(s) Offered: None

PHYS 590 Physical Principles of CBE Detection and Remediation 3 Hours

The course explores physical principles behind chemical agent, biological agent and explosives detection and remediation, and examines current detection techniques and systems deployed.

Prerequisite(s): PHYS 570 or equivalent

Corequisite(s): PHYS 591

Recent Term(s) Offered: spring 2022

PHYS 591 Physics CBE Detection and Remediation Laboratory 1 Hour

Explores physical principles behind chemical agent, biological agent and explosives detection and remediation. Examines current detection techniques and systems deployed.

Prerequisite(s): PHYS 570 or equivalent

Corequisite(s): PHYS 590

Recent Term(s) Offered: spring 2022

PHYS 598 Graduate Seminar 0.5 Hours

No course description is available

Recent Term(s) Offered: spring 2021; fall 2021; spring 2022; fall 2023

PHYS 599 Thesis Research / Writing 1-6 Hours (repeatable max of 6 hrs)

Thesis research/writing.

Prerequisite(s): PHYS 570 or CHEM 572 or BIOL 552

Recent Term(s) Offered: spring 2021; summer 2021; spring 2022; spring 2023

PHYS 600 Maintain Matriculation 1-6 Hours (repeatable max of 6 hrs)

Continued enrollment for thesis completion.

Recent Term(s) Offered: summer 2021; summer 2022; fall 2022; spring 2023

PHYS 660 Theory of Solids 3 Hours

No course description is available

Recent Term(s) Offered: None

PHYS 670 Theoretical Nuclear Physics 3 Hours

No course description is available

Recent Term(s) Offered: None

PHYS 675 Advanced Topics in Physics 1-3 Hours

No course description is available

Recent Term(s) Offered: fall 2023

PHYS 799 Doctoral Research/Physics 1-10 Hours

Research undertaken to complete requirements for the doctoral program.

Note: Admission to candidacy in collaborative doctoral program required.

Recent Term(s) Offered: None

Political Science (PS)

PS 500 Workshops in Public Administration 1.5 Hour (repeatable max of 6 hrs)

Emphasizes important and changing topics relevant to people working in the public, not-for-profit and private sectors. The course will make use of practitioners in a variety of settings (local, state, federal) to bring important information to students who can apply what they have learned in their own job settings. Course topics will vary by semester and will include grant writing, strategic planning, lobbying, and others.

Recent Term(s) Offered: spring 2022

PS 501 Research Methods in Public Administration 3 Hours

(repeatable max of 6 hrs)

Analysis and description of the logic and procedures necessary for valid political inquiry.

Recent Term(s) Offered: spring 2021; fall 2021; fall 2023

PS 510 Problems in National Government 3 Hours

Research, reports, and discussion of selected aspects of national government.

Recent Term(s) Offered: None

PS 511 Seminar in State and Local US Government 3 Hours

Selected problems of state governments and their sub-units.

Recent Term(s) Offered: fall 2023

PS 512 Kentucky Government and Politics 3 Hours

This course will trace the role and influence of various political and social institutions in the state's political development and their implications for the current political and governmental situation.

Recent Term(s) Offered: spring 2022

PS 520 Elements of Public Administration 3 Hours

Introductory survey of governmental administration; emphasizes relationships between political issues and the practice of administration in all areas of the public sector.

Recent Term(s) Offered: winter 2021; winter 2022; winter 2023

PS 524 Administrative Law 3 Hours

A study of the development of and trends in administrative law with emphasis on the problems caused by the exercise of quasi legislative and quasi judicial powers by administrative agencies.

Recent Term(s) Offered: None

PS 526 Local Government Administration 3 Hours

Provides a foundation and understanding of local government administration for students and future practitioners in public administration.

Recent Term(s) Offered: spring 2021; spring 2023

PS 528 Civic Engagement and E-Governance 3 Hours

Provides a foundation and understanding of civic engagement and e-governance for students and future practitioners in public administration.

Recent Term(s) Offered: None

PS 530 Public Sector Organizations 3 Hours

Analysis of behavior and problems of public organizations in democratic environments. Links societal values to administrative structure and behavior.

Recent Term(s) Offered: fall 2022

PS 538 Public Service Ethics 3 Hours

Examines the ethical side of public decision making and the values or ends the American political system is designed to promote and protect.

Recent Term(s) Offered: fall 2022

PS 541 Human Resources Management in Public Administration 3 Hours

A systematic survey of public personnel administration in the U.S. Discusses the development of modern personnel systems in the public sector and emphasizes contemporary trends at the state and local level as well as the national level of government.

Recent Term(s) Offered: spring 2022

PS 542 Public & Nonprofit Budgeting 3 Hours

A study of the financial administration process of government with emphasis on local government. Subjects covered range from budgeting to risk management.

Recent Term(s) Offered: spring 2021; spring 2023

PS 543 Politics/Administration/Rural Communities 3 Hours

A study of political and administrative institutions, processes, and issues associated with local governments in rural communities.

Recent Term(s) Offered: None

PS 549 Special Problems in Public Administration 3 Hours

Seminar approach to contemporary problems in public organizations reflecting political/managerial developments; topics reflect both student and professional needs.

Recent Term(s) Offered: spring 2021; spring 2023

PS 550 Cultural Competencies for Public Administrators 3 Hours

Provides a specific set of skills so that practitioners in public administration can communicate and interact productively with a diverse and changing workforce and citizenry; course will focus specifically on developing an understanding of different cultures and provide needed skills to administer policy and deliver services for the communities practitioners serve.

Recent Term(s) Offered: summer 2021; fall 2021; fall 2023

PS 554 Cross-Sector Collaboration & Conflict 3 Hours

Course explores the importance of intersectoral relationships (between the public, nonprofit, and for-profit sectors) to good public governance.

Recent Term(s) Offered: summer 2021; summer 2022; summer 2023

PS 560 Public Policy Theory 3 Hours

Theoretical approaches to the analysis of public policy, policy-making, and policy implementation and to such topics as health and welfare, poverty, education, and urban affairs.

Recent Term(s) Offered: fall 2021; fall 2023

PS 562 Public Policy Implementation & Evaluation 3 Hours

Seminar examining the various approaches and techniques for evaluating public programs.

Recent Term(s) Offered: spring 2022

PS 564 Nonprofits & Public Policy 3 Hours

Exploration of the connections between nonprofit organizations and public policy; course examines ways nonprofits make policy, are affected by policy, influence policy, and are subject to policy.

Recent Term(s) Offered: fall 2022

PS 566 Environmental Politics & Public Policy 3 Hours

Course explores the politics surrounding the creation, implementation, and evaluation of environmental policy.

Recent Term(s) Offered: None

PS 580 Independent Directed Study 3 Hours (repeatable max of 6 hrs)

Faculty guidance of student research in one or more selected fields of political science.

Recent Term(s) Offered: None

PS 590 Capstone in Public Administration 3 Hours

This course serves as the culminating event for the Master of Public Administration degree. Incorporating the comprehensive exam, creation of an e-portfolio, and completion of an applied research/internship project, the capstone experience gives students the opportunity to relate the many different elements of the MPA program to one another and to reinforce the practical applications of the different concepts and perspectives learned.

Prerequisite(s): (PS 501 (may be taken concurrently) with a minimum grade of D and PS 530 (may be taken concurrently) with a minimum grade of D and PS 538 (may be taken concurrently) with a minimum grade of D and PS 541 (may be taken concurrently) with a minimum grade of D and PS 542 (may be taken concurrently) with a minimum grade of D) and (PS 560 (may be taken concurrently) with a minimum grade of D or PS 562 (may be taken concurrently) with a minimum grade of D)

Restriction(s): Enrollment is limited to students in Public Administration (051)

Recent Term(s) Offered: spring 2022; spring 2023

PS 595 Washington Internship and Seminar 3 Hours

An individualized internship and/or seminar experience in Washington, D.C. tailored to the student's area of interest. Placement is determined by the department academic advisor in collaboration with Washington professionals..

Recent Term(s) Offered: None

PS 597 Professional Seminar in Public Administration 3 Hours

Principles and techniques in the practice of public administration. Case studies and contact with field professionals will be emphasized.

Recent Term(s) Offered: spring 2021; summer 2021; fall 2021

PS 598 Internship in Public Administration 3 Hours

Work experience in a public sector or non-profit agency combined with faculty direction.

Recent Term(s) Offered: fall 2021

Psychological Sciences (PSYS)

PSYS 423G Psychology of Adult Life and Aging 3 Hours

Psychological processes in adulthood and aging. Emphasis on contemporary theories, methodological issues, and interactions of psychological, biological, social, and environmental factors in adulthood and aging.

Recent Term(s) Offered: fall 2021; summer 2022; winter 2023; fall 2023

PSYS 424G Topics in Developmental Psychology 3 Hours (repeatable max of 6 hrs)

A consideration of special topics to acquaint students with theoretical and research issues of particular interest in developmental psychology.

Recent Term(s) Offered: None

PSYS 431G Psychology of Language 3 Hours

Overview of scientific study of human language abilities, with primary emphasis on individual psychological mechanisms. Note: A research methods course required.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: None

PSYS 440G Abnormal Psychology 3 Hours

Introduction to abnormal psychology emphasizing forms of abnormal behavior, etiology, developmental factors, interpretations, behavioral manifestations and treatment programs.

Prerequisite(s): (PSY 100 or PSYS 100) or permission of instructor

Equivalent(s): PSY 440G

Recent Term(s) Offered: None

PSYS 450G Psychology of Personality 3 Hours

Overview of the major theoretical approaches to the study of personality, including historical as well as contemporary theorists, avenues of analysis, and concepts.

Prerequisite(s): PSY 100 or PSYS 100

Recent Term(s) Offered: None

PSYS 453G Psychology of Women 3 Hours

Scientific study of the behavior and mental processes of girls and women. Topics include gender differences and similarities, inclusion of females in psychological research, psychological development of girls and women, sexuality, and mental health issues.

Recent Term(s) Offered: fall 2021

PSYS 465G Psychopharmacology 3 Hours

Examination of psychoactive drugs and their effects upon the brain and neural mechanisms responsible for mind and behavior.

Prerequisite(s): permission of instructor

Recent Term(s) Offered: fall 2021; fall 2023

PSYS 473G Training in Business and Industry 3 Hours

Theories, research and methods of training needs analysis, program design, implementation, and evaluation.

Prerequisite(s): (PSYS 370 or MGT 311) or permission of instructor

Recent Term(s) Offered: None

PSYS 510 Advanced Research Methods in Psychology 3 Hours

Examination of methodological concepts and issues in the conduct of psychological research.

Restriction(s): Enrollment is limited to students in Psychology (0469)

Recent Term(s) Offered: spring 2022; spring 2023

PSYS 512 Analysis of Variance 3 Hours

Examines the theory behind and application of between- and within-subjects designs, mixed designs, and other data analytic techniques with an emphasis on analysis of variance.

Restriction(s): Enrollment is limited to students in Psychology (0469)

Recent Term(s) Offered: spring 2021; spring 2022; spring 2023

PSYS 513 Correlation and Regression Analysis 3 Hours

Advanced analysis techniques appropriate to psychological research. Emphasizes regression analysis, partial correlation, moderated multiple regression, and analysis of covariance.

Restriction(s): Enrollment is limited to students in Psychology (0469)

Recent Term(s) Offered: fall 2021; fall 2022; fall 2023

PSYS 518 Statistics and Psychometric Theory 3 Hours

Introduction to psychometric theory. Emphasis on statistical techniques and construction of psychological measurement instruments.

Restriction(s): Enrollment is limited to students in Psychology (0469)

Recent Term(s) Offered: spring 2021; fall 2021; fall 2022; fall 2023

PSYS 520 Individual Differences and Human Diversity 3 Hours

Research and theory in aspects of human diversity, including intelligence, motivation, personality, achievement, and aptitudes. Both individual and group differences are addressed, and sources of diversity are explored.

Recent Term(s) Offered: None

PSYS 521 Advanced Child Developmental Psychology 3 Hours

Particular emphasis on a critical review of current research in child development.

Recent Term(s) Offered: fall 2023

PSYS 530 Conditioning and Learning 3 Hours

Advanced discussion and critical analysis of theoretical approaches to associative learning with particular emphasis on experimental studies of Pavlovian and instrumental conditioning, motivation, and affect.

Restriction(s): Enrollment is limited to students in Psychology (0469)

Recent Term(s) Offered: spring 2022

PSYS 533 Advanced Topics in Cognition 3 Hours

Advanced overview of human cognition. Covers theory and research on the topics of learning, memory, attention, judgment and decision making, and problem-solving.

Restriction(s): Enrollment is limited to students in Psychology (0469)

Recent Term(s) Offered: fall 2021; fall 2023

PSYS 552 Advanced Social Psychology 3 Hours

Behavior of the individual in relation to social contexts. Topics include group dynamics, attitude formation and change, social influence processes, socialization, and language use in communication.

Restriction(s): Enrollment is limited to students in Psychology (0469) or Psychology (092)
