

# PHILOSOPHY, BACHELOR OF ARTS (745)

## Program Coordinator

Michael J. Seidler, michael.seidler@wku.edu

Philosophy, thought Socrates, begins with the recognition that an unexamined life is not worth living. Accordingly, those who study philosophy question how to understand ourselves and our relationships to other persons, to society, to nature, to the universe, and, for some, to God.

Philosophy develops our ability to challenge the obvious, trains us to analyze and synthesize ideas, and shows us both how to defend and how to criticize normative claims about actions, policies, and ways of life. By carefully examining and discussing both traditional and contemporary works, it cultivates habits of honest reflection, careful reasoning, and clear thinking.
