## Program Coordinator

Andrew J. Rosa, [andrew.rosa@wku.edu](mailto:andrew.rosa@wku.edu), (270) 745-3841

The History program offers two degree pathways: The History major requires a minimum of 33 credit hours and the completion of a second major or minor. The extended History major requires a minimum of 48 unduplicated credit hours. No second major or minor is required for students completing the extended major.

The History program equips students with the skills to collect, analyze, and summarize data and the ability to apply those skills to construct arguments and use evidence to support them. Students develop strong skills in research, analysis, creative problem solving, and written and oral communication. These skills, along with the strong critical thinking skills that students of history hone, prepare students for a range of careers. Many History majors pursue careers in education (at all levels), library sciences, management, law, administration, business, and sales. History graduates are well suited for work in local, state, and federal government; banking; journalism; and politics. Many businesses seek job candidates with a strong background in the liberal arts because of their critical thinking, analytic, and writing abilities. History is interdisciplinary by design. The program accepts up to 6 credit hours from related disciplines.
