

BIOLOGY, BACHELOR OF SCIENCE (617)

Program Coordinator

Michael E. Smith, michael.smith1@wku.edu, (270) 745-2405

The major in biology (617) gives students an opportunity to take basic biology courses and couple the major with a second major or minor. In addition to coursework, students may work with faculty on research projects to gain experience for the workforce.

Students who wish to be certified to teach high school biology must complete both the major in Biology (reference number 617) with a Teacher Education concentration (TCHR) and the major in Science and Mathematics Education (reference number 774), offered in the School of Teacher Education. Interested students should contact the SKyTeach Office, Kelly Thompson Hall 1011A, 270-745-3900.

Program Requirements (36 hours)

This option for a major in biology requires a minimum of 36 semester hours in biology with 18 hours at the 300 or higher level plus the requirements of a minor area or a second major. The major-minor / second major combination must be at least 54 total hours with 48 unduplicated hours.

A baccalaureate degree requires a minimum of 120 unduplicated semester hours. More information can be found at www.wku.edu/registrar/degree_certification.php. (https://www.wku.edu/registrar/degree_certification.php)

Students who began WKU in the Fall 2014 and thereafter should review the Colonnade requirements located at: <https://www.wku.edu/colonnade/colonnaderequirements.php>. (<https://www.wku.edu/colonnade/colonnaderequirements.php>)
